The Scarlet Stockings Spy Trinka Hakes Noble 2011-08-18 Philadelphia 1777 is no place for the faint of heart. The rumble of war with the British grows louder each day, and spies for and against the Patriots are everywhere. No one is above suspicion.

Still, everyday life must go on and young Maddy Rose must help her mother, especially since her father's death at the Battle of Princeton and now with her beloved brother Jonathan off with Washington's army. But when childhood games become life-and-death actions, Maddy Rose is drawn ever deeper into events that will explode beyond her imagining. As young America stands on the very brink of its fight for freedom, it becomes clear that even the smallest of citizens can play the largest of parts, and that the role of a patriot has nothing to do with age and everything to do with heart. In *The Scarlet Stockings Spy*, Trinka Hakes Noble melds a suspenseful tale of devotion, sacrifice, and patriotism with the stark realities of our country's birth. Noted picture book author and illustrator Trinka Hakes Noble has pursued the study of children's book writing and illustrating in New York City at Parsons School of Design, the New School University, Caldecott medalist Uri Shulevitz's Greenwich Village Workshop, and New York University. She has authored and illustrated numerous books including the popular Jimmy's Boa series, which has been translated into six languages. Trinka lives in Bernardsville, New Jersey. *The Scarlet Stockings Spy* is her first book with Sleeping Bear Press. Because Robert Papp's childhood drawings of his favorite superheroes were such a pleasure, it was only natural that he would wind up an illustrator. Nowadays, his award-winning artwork appears on book covers and in magazines instead of on the refrigerator. He has produced hundreds of cover illustrations for major publishers across the United States. Robert lives in historic Bucks County, Pennsylvania.

The Curious Incident of the Dog in the Night-Time Mark Haddon 2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Nineteen Eighty-Four George Orwell 2021-01-28 *Nineteen Eighty-Four* (1949) was George Orwell's final novel and was completed in difficult conditions shortly before his early death. It is one of the most influential and widely-read novels of the post-war period.

Screwtape Letters Study Guide 421 2008-02-04 What if hell were organized as a fiendish bureaucracy with managers and field agents? Meet Screwtape, upper management and uncle to Wormwood. Hell shares no love, but it is full of advice on the weaknesses of humanity, and it is extremely practical. Through Screwtape's letters of advice to Wormwood, Lewis wittily and sometimes painfully reveals our too-human weaknesses. Excellent choice for church Bible studies. Setting: 1930s/WWII, England & Hades

Wuthering Heights Emily Bronte *Wuthering Heights* is the name of Mr. Heathcliff's dwelling. "Wuthering" being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs

one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date 1500 and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here "the house" pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

become the most famous detective duo in popular fiction. The book's title derives from a speech given by Holmes, a consulting detective, to his friend and chronicler Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet" "There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it."

With his long, white, nervous fingers he adjusted the delicate needle, and rolled backhis left shirt-cuff. For some little time his eyes rested thoughtfullyupon the sinewy forearm and wrist all dotted and scarred withinnumerable puncture-marks. Finally he thrust the sharp point home, pressed down the tiny piston, and sank back into the velvet-linedarm-chair with a long sigh of satisfaction.Three times a day for many months I had witnessed this performance, butcustom had not reconciled my mind to it. On the contrary, from day today I had become more irritable at the sight, and my conscience swellednightly within me at the thought that I had lacked the courage toprotest. Again and again I had registered a vow that I should delivermy soul upon the subject, but there was that in the cool, nonchalantair of my companion which made him the last man with whom one wouldcare to take anything approaching to a liberty. His great powers, hismasterly manner, and the experience which I had had of his manyextraordinary qualities, all made me diffident and backward in crossinghim.Yet upon that afternoon, whether it was the Beaune which I had takenwith my lunch, or the additional exasperation produced by the extremedeliberation of his manner, I suddenly felt that I could hold out nolonger."Which is it to-day?" I asked, --"morphine or cocaine?"He raised his eyes languidly from the old black-letter volume which hehad opened. "It is cocaine," he said, --"a seven-per-cent. solution.Would you care to try it?" "No, indeed," I answered, brusquely. "My constitution has not got overthe Afghan campaign yet. I cannot afford to throw any extra strainupon it."He smiled at my vehemence. "Perhaps you are right, Watson," he said."I suppose that its influence is physically a bad one. I find it, however, so transcendently stimulating and clarifying to the mind thatits secondary action is a matter of small moment.""But consider!" I said, earnestly. "Count the cost! Your brain may, as you say, be roused and excited, but it is a pathological and morbidprocess, which involves increased tissue-change and may at last leave apermanent weakness. You know, too, what a black reaction comes uponyou. Surely the game is hardly worth the candle. Why should you, fora mere passing pleasure, risk the loss of those great powers with whichyou have been endowed? Remember that I speak not only as one comrade toanother, but as a medical man to one for whose constitution he is tosome extent answerable."

The Ambitious Guest Nathaniel Hawthorne 2018-07-04 *The Ambitious Guest (+Biographie et Bibliographie)* (Matte Cover Finish): One September night a family had gathered round their hearth, and piled it high with the driftwood of mountain streams, the dry cones of the pine, and the splintered ruins of great trees that had come crashing down the precipice. Up the chimney roared the fire, and brightened the room with its broad blaze. The faces of the father and mother had a sober gladness; the children laughed; the eldest daughter was the image of Happiness at seventeen; and the aged grandmother who sat knitting in the warmest place, was the image of Happiness grown old.
