CLOCK TOWERS OF INDIA

Dr. Yatindra Pal Singh

2021-01-13 Clock towers,

commonly known as

'Ghantaghar', are very popular

structures available in many

cities of India. Apart from

telling the time, they tell the

history of the place. They are

architectural master pieces,

built in different styles of

architecture depending upon

who constructed them.

Unfortunately, not much

information about these clock

towers is available and they

have not been chronicled. Even

the public is not aware about

the existence of clock towers in

their city. Therefore, it's no

surprise that these clock

towers are standing uncared

for, many in dilapidated state.

There is urgent need to

preserve these heritage

structures and initiate steps to

renovate and bring them to

their old glory. The author has

included 99 clock towers,

existing in 57 cities spread

over 15 States and 3 Union

Territories of India, in this

book. The book introduces the

cities, mentioning interesting

facts about their history and

traces the details of

construction of the clock

towers. The author has also

outlined a plan of action for

making the maintenance of

clock towers self sustaining.

The book is of interest to the

tourists, students of history,

architecture and engineering

and the municipalities of

various cities having clock

towers.
