All That Survives Jack Hunt 2019-08-29 Four months after an EMP brought the power grid down, Landon Gray and Beth 'Bluebird' Sullivan scrambling to survive. With no power, no internet, no phones, no transportation, and over a thousand miles from his home in Castine, Maine, they set off on a perilous journey using the Appalachian Trail. But as chaos forces the worst of society into their path, they must fight to survive.

Evade the Ruthless Jack Hunt 2021-07-19 The end of a powerless world

will be deadly. On the cusp of a nation seeing the power grid restored since an EMP sent it into darkness seven months ago, Colby and Alicia are riding out the final days of chaos at his Grandfathers cabin in Upper Klamath Lakes, Oregon. When they discover a boy believed to be dead, the two of them find themselves at the center of a conspiracy of silence that holds answers about the blackout. As the ruthless close in and society continues to collapse, Colby enters a post-apocalyptic battleground where he vows to keep the boy safe as they seek to unravel the mystery of those who want to keep him silent. Meanwhile, in

Humboldt, the newfound peace the Riker family gained through the battle of Eureka is once again disrupted. Now a fight between the Stricklands and the Rikers is inevitable, and not everyone will survive. From International Bestselling author Jack Hunt comes the final chapter in the epic end of the world saga. A Powerless World is an EMP thriller series about two ordinary families fighting for survival in a world gone dark.

Edge of Collapse Kyla Stone 2020-10-31 In the dead of winter, a super EMP destroys the nation's power grid. No electricity. No cars or phones. Worst of all: No heat. The country is plunged into instant chaos. But for twenty-six-year-old Hannah Sheridan, it's the best day of her life. For the last five years, she's been held captive by a sadistic psychopath--until the EMP releases the lock of her prison. Hannah emerges from her underground cell into a hostile winter landscape with no way to call for help, no vehicle that will drive, armed with nothing but the clothes on her back and her own determination to survive. Liam Coleman, cynical loner and former soldier, is headed nowhere fast. He believed he was prepared for any disaster--until the EMP took everything he'd ever cared about in a matter of seconds. When he runs across a desperate woman who will die without his help, he's forced to make a choice. Two hundred frozen, perilous miles stand between them and their destination in rural Michigan. But the lack of power, desperate people, and the treacherous elements aren't the only threats. Hannah's captor isn't about to let her go. He will hunt her to the ends of the earth and beyond, destroying anything and anyone who gets in his way. For she has something he wants--she's nine months pregnant with his child. *Edge of Collapse* is a gripping post-apocalyptic EMP thriller perfect for fans of Ryan Schow, Grace Hamilton, Harley Tate, Jack Hunt, and Boyd Craven.

The Final Day William R. Forstchen 2017-01-03 A major release in the New York Times bestselling *One Second After* series, set in an alternate America rebuilding after an electromagnetic pulse, this is William R. Forstchen's *The Final Day*. Since the detonation of nuclear weapons above the United States more than two years ago, the small town of Black Mountain, North Carolina has suffered famine, civil war, and countless deaths. Now, after defeating a new, tyrannical federal government, John Matherson and his community intend to restore their world to what it was before the EMP apocalypse. For the most part, they are succeeding. This period of relative stability doesn't last long. A new, aggressive government announces that it's taking over and ceding large portions of the country to China and Mexico. The Constitution is no longer in effect, and what's left of the U.S. Army has been deployed to suppress rebellion in the remaining states. John fears he and his town will be targets.

General Bob Scales, John's old commanding officer and closest friend from prewar days, is sent to bring John into line. Will John and his people accept the new, autocratic regime? Or will revolution rip the fledgling nation apart at the seams? Months before publication, William R. Forstchen's novel *One Second After* was cited on the floor of Congress as a book all Americans should read. This third book in the series immerses readers once more in the story of our nation's struggle to rebuild itself after an electromagnetic pulse wipes out all electricity and plunges the country into darkness, starvation, and death. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Surviving the Fall Mike Kraus 2019-01-05 The Critically Acclaimed *Surviving the Fall* Series, Now in One Complete Edition! *Surviving the Fall* is an epic survival/thriller post-apocalyptic series that asks the "what if" question that lurks in the back of everyone's mind. When a devastating attack cripples and destroys every Internet-connected device in the country, Rick Waters is stranded a thousand miles from his wife, Dianne, and their children. To get back home he'll have to draw on every survival instinct he has as he's pulled into a web of lies and conspiracy that threaten not just his survival but that of the entire world. *Surviving the Fall* is a thrilling post-apocalyptic episodic series that focuses on Rick and Dianne Waters and how they each deal with the apocalypse. Stranded across the country away from his family, Rick must travel from California to Virginia to reunite with his wife and children, all while struggling to comprehend and deal with the horrors along the way. At home with her three children when she experiences the beginning of the end in a dramatic and deadly fashion, Dianne Waters has experience as a prepper and survivalist, but not even years of training and preparation have readied her for the darkness that comes with the end of the world. Now she must draw upon those skills to protect her loved ones and fight back against those who come against her and her family. This complete edition of *Surviving the Fall* features all twelve books in the series, each one full of action, suspense and drama as Rick and Dianne struggle to survive the end of days.

Chaos Gains Harley Tate 2017-09-20 If the world fell apart, could you trust

a stranger with your life? Colt clawed his way back from the brink of death, but his injuries are the least of his worries. A rogue militia controls the nearby college, with plans to take over the entire town. It's a handful of ordinary people against an organized force. Staying alive won't be easy. When faced with the unthinkable, could you stand your ground? Colt and Dani turn Melody's whole world upside down. Instead of following orders and staying quiet, she's helping strangers and lying to the men in charge. One misstep and she's no longer an innocent civilian; she's a hostage. If Colt and his friends can't rescue her in time, she'll have to summon the strength to save herself. The end of the world brings out the best and worst in all of us. Dani never expected to find friends while running for her life. With the militia closing in, everyone has a part to play. It's a dangerous game of cat and mouse where the stakes are constantly changing. Who will survive and who will pay the ultimate price? The EMP is only the beginning. *Chaos Gains* is book five in the *After the EMP* series, a post-apocalyptic thriller series following ordinary people trying to survive after a geomagnetic storm destroys the nation's power grid.

Getting Home Ryan Westfield 2018-05-22 What would you do to get back home? Max and Mandy are stranded miles from camp. Their vehicle has been burned, along with most of their gear. The road ahead means danger and the unknown. Dan and Olivia are holed up in a suburban home. She's gravely injured, and Dan waits anxiously for the soldiers to return. Will he alone be able to defend the house? Georgia and the rest realize that Max and Mandy might not be returning. After the last attack, they know they have to step up their defenses. But will their efforts be enough to keep them alive? *Defending Camp* is book 7 of *The EMP*, a post-apocalyptic survival thriller series. It deals with real people fighting for their survival every inch of the way.

Staying Alive Ryan Westfield 2017-10-24 How long would you last? It's been two weeks since the EMP. Getting out was just the beginning. Staying alive is proving harder than anyone could have imagined. Max knows people will come from the cities. He knows they'll be ready to fight, to do whatever it takes to ensure their own survival. Will he be able to lead the others in the defense of the farmhouse, even when he's still recovering from his injuries? Georgia is in charge of hunting for food. But each trip into the woods brings her closer to danger. She's already seen signs of others out there. It's just a matter of time before she runs into people who will do anything to get her gun and her gear. How dangerous do things have to get before she stops trying to provide for her kids? John is Max's estranged brother. He had a good life in the city. He'd always made fun of Max for worrying about being prepared. Now, his upscale apartment has become a prison cell. He's wishing he was more like his brother. Does he want to have what it takes to try to get out of the city? *Staying Alive* is book 2 of *The EMP*, a post-apocalyptic survival thriller series. It deals with real people fighting for their survival every inch of the way.

Ashes Ilsa J. Bick 2011-09-01 An electromagnetic pulse flashes across the sky, destroying every electronic device, wiping out every computerized system, and killing billions. When it happens, Alex was hiking in the woods to say good-bye to her dead parents and her personal demons. Now desperate to find out what happened after the pulse crushes her to the ground, Alex meets up with Tom—a young soldier—and Ellie, a girl whose grandfather was killed by the EMP. For this improvised family and the others who are spared, it's now a question of who can be trusted and who is no longer human. Author Ilsa J. Bick crafts a terrifying and thrilling novel about a world that could be ours at any moment, where those left standing must learn what it means not just to survive, but to live amidst the devastation.

Days of Panic Jack Hunt 2018-01-17 Jesse Michaels, bike messenger, Damon Miles, just out of prison, Maggie Gray, call center technician, and Elliot, who has been living on the streets, all find themselves in Times Square on New Year's Eve but instead of a celebration, all the power goes out and the city descends into chaos. The only way these four people will survive the aftermath of an EMP is if they work together to get out of New York City.

Arv-3 (the After Light Saga) Cameo Renae 2018-08-29 The beginning of the end. The Apocalypse. A nuclear fallout wiped out every living thing on the planet, except for a few thousand of us who took shelter in underground bunkers across the globe. Now, after thirteen long years, we were finally able to return to the topside to begin to rebuild. We thought we were alone. We were never more wrong. Before the fallout, scientists had worked on creating an anti-radiation vaccine (ARV). The first two attempts failed, but despite the incomplete tests and results, the government approved and distributed the third serum to the masses in an effort to aid those who had no shelter. It worked, keeping those who

remained on the topside alive, but it also altered and mutated them. This new and infectious threat had completely outnumbered us. Now, we not only had to rebuild our planet. We would have to fight for it. My name is Abigail Park. I'm seventeen, and this is my story.

Surviving Chaos Ryan Westfield 2018-01-28 How much could you take? Society continues to unravel. Supplies are low, and the survivors are more desperate than ever. Max is on his own, without food or water. A day's journey has turned into four days and four nights. If he can't find the gas they desperately need, what will happen to his friends back at camp? Georgia and Mandy wait for Max to return. Without food, they struggle daily. At any moment, the enemy could appear. Weakened by her injury, will Georgia be able to lead the defense of the camp? Will the others have enough strength to follow? John and Cynthia are trying to track down Max. With Dale's help, they've made it to the compound. But when they mention Max's name, tensions quickly rise. Will they be able to get out of what they've gotten themselves into? *Surviving Chaos* is book 4 of *The EMP*, a post-apocalyptic survival thriller series. It deals with real people fighting for their survival every inch of the way.

Bunker Bradley Garrett 2021-08-03 Since prehistory, bunkers have been built as protection from cataclysmic social and environmental forces, and as places of power and transformation. Today, the bunker has become the extreme expression of our greatest fears- from pandemics to climate change and nuclear war. And once you look, it doesn't take long to start seeing bunkers everywhere. In *Bunker*, acclaimed urban explorer and cultural geographer Bradley Garrett explores the global and rapidly growing movement of 'prepping' for social and environmental collapse, or 'Doomsday'. From the 'dread merchants' hustling safe spaces in the American mid-West to eco-fortresses in Thailand, from geoscrapers to armoured mobile bunkers, *Bunker* is a brilliant, original and never less than deeply disturbing story from the frontlines of the way we live now, an illuminating reflection on our age of disquiet and dread that brings it into new, sharp focus. The bunker, Garrett shows, is all around us, in malls, airports, gated communities, the vehicles we drive. Most of all, he shows, it's in our minds.

Pushing On Ryan Westfield 2017-12-09 What would you do to survive? Weeks after the EMP, society is collapsing. Food is scarce and violence prevails. Surviving has never been harder. Max's group is heading west, trying to find a home away from the chaos. They'll need more supplies for their trip, so they go scavenging in a seemingly-abandoned town. But is Albion really as safe as it seems? Chad thought he had it together. He'd been pulling his own weight. But the stress is getting to him. Does he have the strength to resist a path back to his old habits? One wrong move and he could put everyone's life in danger. Holed up in the farmhouse, John and Cynthia try to figure out their next move. The militia is closing in. Each passing minute means more danger. But where else can they go? *Pushing On* is book 3 of *The EMP*, a post-apocalyptic survival thriller series. It deals with real people fighting for their survival every inch of the way.

Getting Out Ryan Westfield 2017-09-11 Do you have what it takes to survive? The EMP hits. The lights go out and silence roars. Society is on the brink of violent chaos. The only way to survive is to get out, away from the cities and into the wilderness. Max is an office worker with some gear and a plan. He's one of the first to realize the unspoken dangers. A few years ago, he inherited an old farmhouse. His plan is to get to it as fast as possible and bunker down. He thinks he's ready, but he quickly discovers that there's more to surviving than just having the right gear. Mandy is a waitress with the day off work. What seems like a normal power outage quickly turns terrifying. Her peaceful town is no longer the home she once knew. She's offered a way out, but can she put her trust in a perfect stranger? Georgia is a single mother who just wants to keep his two teenage kids safe. She drives a pickup and loves hunting. She has skills that could keep her family alive, but is she ready to make life or death decisions in the blink of an eye? Do Max, Mandy, and Georgia have what it takes to overcome the unexpected? After all, even the best-laid plans can come up short. *Getting Out* is book 1 of *The EMP*, a post-apocalyptic survival thriller series. It deals with real people fighting for their survival every inch of the way.

Defending Camp Ryan Westfield 2018-04-06 How hard could you fight? Max's recent radio communications weigh heavily on him. He has to decide if he's going to venture out from the camp into the outside world. Learning what's happening outside the hunting grounds could prove invaluable. But a dangerous journey into the unknown could be his last. Georgia has finally recovered from her injuries. She quickly takes charge. She knows it's not long before the next fight. They need to do everything they can to get ready. But what if the next threat arrives too

early? Art doesn't recognize the man he's become. He's a soldier on the wrong side of it all. He does what he's told. But is there anything he won't do? He knows the consequences for disobeying direct orders. Will his conscience catch up with him? *Defending Camp* is book 6 of *The EMP*, a post-apocalyptic survival thriller series. It deals with real people fighting for their survival every inch of the way.

For Honor Nick Randall 2018-07-03 *The EMP Grid Down Trilogy* continues in *For Honor*, the thrilling and exciting sequel to *For Family* that continues the adventures of Roy, Josie, and Alex Foster. Days after escaping the prison camp with Ben and struggling to stay alive in an abandoned town filled with hostile forces, Josie has finally become reunited with Roy and Alex. But despite being brought back together and given sanctuary in the fortified house of Roy's former war buddy, Jon, things are becoming worse for the Foster family: more enemy forces are closing in and staking their claim to the area, and to top things off, Alex is running critically low on the insulin that she needs to stay alive. With finding more insulin becoming their top priority, Roy and Josie find themselves with no choice but to join forces with Jon and Ben to launch a harrowingly dangerous scavenging mission into town to try and find a resupply. And with the clock ticking fast, Roy and Josie begin to wonder: are Jon and Ben really as trustworthy as they claim, or do either of them have something else planned up their sleeves? Meanwhile, still vowing revenge on Roy for the death of his brother, Ojo and his remaining gang members continue their hunt for the Fosters through the countryside, with no intent of showing any mercy when they find them. *For Honor* is Book #2 in the *EMP Grid Down Trilogy*, the action-packed saga of the Foster family as they struggle to survive and protect one another in the aftermath of a devastating EMP attack.

Solar Storm Rob Lopez 2018-04-12 The biggest solar flare since the 1859 Carrington Event is about to bring the world to its knees. When a huge plasma ejection from the sun hits the Earth's atmosphere, the resulting EMP pulse fries electricity grids and disables fragile electronics.

Transmission wires melt, transformers explode and modern vehicles cease working. In less than a minute, the world is taken back two centuries. Lauren Nolan is attending a seminar in New York when the blackout hits and the transportation system grinds to a halt. Trapped in the panic that envelops the metropolis, Ellen worries for her children, five hundred miles away in North Carolina. Unable to get word to them, she faces a harrowing journey on her own. Sergeant Rick Nolan is overseas on a covert ops mission against terrorists. When the solar storm wipes out his communications and his air cover, he and his team find themselves on the same level as the enemy that surrounds them. Caught in a desperate fight for survival, Rick thinks about his family. How is he going to make it back alive? Trapped in their hometown of Charlotte, the two Nolan children witness society's terrifying collapse as water pumps fail, food runs short and the law ceases to exist. Frightened and bewildered, they wonder if they'll ever see their parents again. *Solar Storm* is Book 1 of an *EMP*, post-apocalyptic series about family survival and the challenges entailed. Contains moderate language and graphic action scenes.

Pre-Incident Indicators of Terrorist Incidents Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Life as We Knew it Susan Beth Pfeffer 2008 I guess I always felt even if the world came to an end, McDonald's still would be open. High school sophomore Miranda's disbelief turns to fear in a split second when an asteroid knocks the moon closer to Earth, like "one marble hits another." The result is catastrophic. How can her family prepare for the future when worldwide tsunamis are wiping out the coasts, earthquakes are rocking the continents, and volcanic ash is blocking out the sun? As August turns dark and wintery in northeastern Pennsylvania, Miranda, her two brothers, and their mother retreat to the unexpected safe haven of their sunroom, where they subsist on stockpiled food and limited water in the warmth of a wood-burning stove. Told in a year's worth of journal entries, this heart-pounding story chronicles Miranda's struggle to hold on to the most important resource of all—hope—in an increasingly desperate and unfamiliar world. An extraordinary series debut Susan Beth Pfeffer has written several companion novels to Life As We Knew It, including The Dead and the Gone, This World We Live In, and The Shade of the Moon. **Texas Strong** Bobby Akart 2018-04-07 Texas Free! The Lone Star Series continues with Texas Strong, book four in Author Bobby Akart's latest post-apocalyptic thriller fiction series. Nuclear armageddon struck the United States and Texas received a glancing blow. The Armstrong family is reunited and now they must turn their attention to the threats which exist all around them. Through prudent planning, Texas protected its power grid from the impact of the devastating electromagnetic pulse attack, but was it enough? The new nation is but an island surrounded by chaos and devastation. Food is running out for its nearly thirty million citizens while millions of refugees press against the borderfencing erected to keep them out. The pressure is on and an unexpected catalyst is about to create havoc for all Texans, including the Armstrong Ranch. The Lone Star Series is a thought-provoking, gut-wrenching look into a post-apocalyptic country devastated by nuclear destruction. Would you be ready to make the tough decisions to protect your family and survive? **AUTHOR'S NOTE REGARDING PG-13 RATING** The Lone Star Series does not contain strong language. It is intended to entertain and inform audiences of all ages, including teen and young adults. Although some scenes depict the realistic threat our nation faces from an EMP attack and nuclear destruction, and the societal collapse which will result in the aftermath, it does not contain graphic scenes typical of other books in the post-apocalyptic genre. I believe more of our young people need to lead a preparedness lifestyle. Studies show that our millennials do not have any of the basic survival skills. By writing this series free of vulgarities and gratuitous sexual innuendo, I've intended it to be suitable for everyone. Thanks. **BOOKS IN THE LONE STAR SERIES AXIS OF EVIL** - Available now.

One Second After William R. Forstchen 2011-04-26 Book 1 in the "John Matherson" trilogy.

The Last One Alexandra Oliva 2017-08-15 Wilderness survival is the name of the game as the line blurs between reality TV and reality itself in this fast-paced novel of suspense in the vein of *Yellowjackets*. "Taut, tense, and at times almost unbearably real."—Ruth Ware, author of *One by One* She wanted an adventure. She never imagined it would go this far. It begins with a reality TV show. Twelve contestants are sent into the woods to face challenges that will test the limits of their endurance. While they are out there, something terrible happens—but how widespread is the destruction, and has it occurred naturally or is it man-made? Cut off from society, the contestants know nothing of it. When one of them—a young woman the show's producers call Zoo—stumbles across the devastation, she can imagine only that it is part of the game. Alone and disoriented, Zoo is heavy with doubt regarding the life—and husband—she left behind, but she refuses to quit. Staggering countless miles across unfamiliar territory, Zoo must summon all her survival skills—and learn new ones as she goes. But as her emotional and physical reserves dwindle, she grasps that the real world might have been altered in terrifying ways—and her ability to parse the charade will be either her triumph or her undoing. Sophisticated and provocative, **The Last One** is a novel that forces us to confront the role that media plays in our perception of what is real: how readily we cast our judgments, how easily we are manipulated. Praise for **The Last One** "[Alexandra] Oliva brilliantly scrutinizes the recorded (and

heavily revised) narratives we believe, and the last one hundred pages will have the reader constantly guessing just what Zoo is capable of doing to find her way back home."—Washington Post "A high-concept, high-octane affair . . . The conceit is undoubtedly clever and . . . well executed, but what makes **The Last One** such a page-turner is Zoo herself: practical, tough-minded and appealing."—The Guardian "Oliva takes this (possibly) post-apocalyptic setting, grafts on a knowledgeable skewering of the inner workings of reality television and gives us a gripping story of survival. . . . This is the genius of Oliva's storytelling. . . . [She] makes a stunning debut with this page turner, and becomes a writer to watch."—Seattle Times "Oliva delivers a pulse-pounding psychological tale of survival. . . . [She] masterfully manipulates her characters and the setting, creating a mash-up of popular TV genres: *Survivor* meets *The Walking Dead*."—Bookpage

Days of Survival James Hunt 2020-12-08 The EMP was just the beginning. Destruction and chaos have devastated the nation. The unknown enemy who detonated the EMP continues to wreak havoc in communities across the country. Ben Riker, a prepper surviving with his friends and family in the North Carolina mountains, is closer to unmasking the enemy and understanding their plans. But Ben will discover the enemy is more tenacious than he anticipated as they seek retribution against Ben and his family.

Scatter, Adapt, and Remember Annalee Newitz 2013-05-14 In its 4.5 billion-year history, life on Earth has been almost erased at least half a dozen times: shattered by asteroid impacts, entombed in ice, smothered by methane, and torn apart by unfathomably powerful megavolcanoes. And we know that another global disaster is eventually headed our way. Can we survive it? How? As a species, *Homo sapiens* is at a crossroads. Study of our planet's turbulent past suggests that we are overdue for a catastrophic disaster, whether caused by nature or by human interference. It's a frightening prospect, as each of the Earth's past major disasters—from meteor strikes to bombardment by cosmic radiation—resulted in a mass extinction, where more than 75 percent of the planet's species died out. But in **Scatter, Adapt, and Remember**, Annalee Newitz, science journalist and editor of the science Web site io9.com explains that although global disaster is all but inevitable, our chances of long-term species survival are better than ever. Life on Earth has come close to annihilation—humans have, more than once, narrowly avoided extinction just during the last million years—but every single time a few creatures survived, evolving to adapt to the harshest of conditions. This brilliantly speculative work of popular science focuses on humanity's long history of dodging the bullet, as well as on new threats that we may face in years to come. Most important, it explores how scientific breakthroughs today will help us avoid disasters tomorrow. From simulating tsunamis to studying central Turkey's ancient underground cities; from cultivating cyanobacteria for "living cities" to designing space elevators to make space colonies cost-effective; from using math to stop pandemics to studying the remarkable survival strategies of gray whales, scientists and researchers the world over are discovering the keys to long-term resilience and learning how humans can choose life over death. Newitz's remarkable and fascinating journey through the science of mass extinctions is a powerful argument about human ingenuity and our ability to change. In a world populated by doomsday preppers and media commentators obsessively forecasting our demise, **Scatter, Adapt, and Remember** is a compelling voice of hope. It leads us away from apocalyptic thinking into a future where we live to build a better world—on this planet and perhaps on others. Readers of this book will be equipped scientifically, intellectually, and emotionally to face whatever the future holds.

State of Panic - a Post-apocalyptic Emp Survival Thriller Jack Hunt 2016-08-11 After a U.S anti-missile system in Europe malfunctions and fires upon Germany, a deadly retaliation follows in the United States with a series of coordinated attacks. Millions are killed, the electrical grid is obliterated, and the country falls into darkness. As remaining survivors are thrust into a state of panic, officers from a wilderness correctional camp in Idaho and a group of delinquents must fight to stay alive while trying to save family and community from murderous neo-Nazi skinheads.
