Heidenplatz Thomas Bernhard 2010-08-01 Thomas Bernhard is

widely considered to be one of the most important German playwrights in the post-war era. Highly acclaimed, he has written over twenty plays and novels and gained a reputation as one of Austria's most controversial authors. Bernhard wrote *Heldenplatz* in 1988 as a response to the fiftieth anniversary of the Anschluss (annexation) of Austria by Hitler's Germany. Highly controversial in Austria, the play concerns a Jewish professor who returns to Vienna after the Second World War and discovers that his fellow Austrians are as anti-semitic as ever. 'Heldenplatz' is the square in Vienna where the Austrian-born Hitler made his first speech after the Anschluss. In *Heldenplatz*, Bernhard's final play, he explores the shared isolation of people who have lost their bearings, along with most of their illusions.

Marcovaldo Italo Calvino 2012-10-26 A charming portrait of one man's dreams and schemes, by "the greatest Italian writer of the twentieth century" (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece "conveys the sensuous, tangible qualities of life" (The New York Times).

Men and Bears AA.VV. 2020-01-23 The time of Carnival represents a "wild" time at the end of winter and pointing to the beginning of a new season. It is characterized by the irruption of border figures, animal masks, characters which recall the world of the dead and which bring within themselves the germ of a vital force, of the energy that produces the reawakening of nature and announces the growth and fertility of the new crops. This wild domain shows

itself under the shapes of a contiguity between human and animal: the costumes, the masks, refer to a world in which the characteristics of the human and those of the animal are fused and intertwined. Among these figures, in particular, emerge those of the Wild Man, the human being who takes on animal-like attributes and aspects, and of the Bear, the animal that, more than all the others, gets as close as possible to the human and seems to reflect a deformed image of it. Such symbolic images come from far off times and places to tell a story that belongs to our common origins. The bear assumes attributes and functions alike in very different cultural contexts, such as the Sámi of Finland or North-American hunter-gatherers, and represents a boundary between the world of nature and the human world, between the domain of animals and the difficult construction of humanity: a process continued for centuries, perhaps millennia, and which cannot still be said complete.

Dante Erich Auerbach 2007-01-16 Erich Auerbach's Dante: Poet of the Secular World is an inspiring introduction to one of world's greatest poets as well as a brilliantly argued and still provocative essay in the history of ideas. Here Auerbach, thought by many to be the greatest of twentieth-century scholar-critics, makes the seemingly paradoxical claim that it is in the poetry of Dante,

supreme among religious poets, and above all in the stanzas of his Divine Comedy, that the secular world of the modern novel first took imaginative form. Auerbach's study of Dante, a precursor and necessary complement to Mimesis, his magisterial overview of realism in Western literature, illuminates both the overall structure and the individual detail of Dante's work, showing it to be an extraordinary synthesis of the sensuous and the conceptual, the particular and the universal, that redefined notions of human character and fate and opened the way into modernity. CONTENTS I. Historical Introduction; The Idea of Man in Literature II. Dante's Early Poetry III. The Subject of the "Comedy" IV. The Structure of the "Comedy" V. The Presentation VI. The Survival and Transformation of Dante's Vision of Reality Notes Index Europe and Empire Massimo Cacciari 2016-01-04 The European Union and the single currency have given Europe more stability than it has known in the past thousand years, yet Europe seems to be in perpetual crisis about its global role. The many European empires are now reduced to a multiplicity of ethnicities, traditions, and civilizations. Europe will never be One, but to survive as a union it will have to become a federation of "islands" both distinct and connected. Though drawing on philosophers of Europe's past, Cacciari calls not to resist Europe's sunset but to embrace it. Europe will have to open up to the possibility that in few generations new exiles and an unpredictable cultural hybridism will again change all we know about the European legacy. Though scarcely alive in today's politics, the political unity of Europe is still a necessity, however impossible it seems to achieve.

Byatt 2007-12-18 An unforgettable collection of fairy tales for grownups—from the Booker Prize-winning author of *Possession*. • “A delight.... provoking and alarming, richly yet tautly rendered.... [She] has the sheer narrative skill to raise the hairs on the back of your neck and make your pulse race.” —The New York Times Book Review Like Hans Christian Andersen and the Brothers Grimm, Isak Dinesen and Angela Carter, A. S. Byatt knows that fairy tales are for adults. And in this ravishing collection she breathes new life into the form. *Little Black Book of Stories* offers shivers along with magical thrills. Leaves rustle underfoot in a dark wood: two middle-aged women, childhood friends reunited by chance, venture into a dark forest where once, many years before, they saw—or thought they saw—something unspeakable. Another woman, recently bereaved, finds herself slowly but surely turning into stone. A coolly rational ob-gyn has his world pushed off-axis by a waiflike art student with her own ideas about the uses of the body. Spellbinding, witty, lovely, terrifying, the *Little Black Book of Stories* is Byatt at the height of her craft.

Reeds in the Wind Grazia Deledda 1999 The rugged landscape of Baronia on Sardinia sets the scene for this novel of crime, guilt and retribution. This novel presents the story of the Pintor sisters - from a family of noble landowners now in decline - their nephew Giacinto, and their servant Efix, who is trying to make up for a mysterious sin committed many years before. Around, below, and inside them the raging Mediterranean storms, the jagged mountains, the murmuring forests, and the gushing springs form a Greek chorus of witness to the tragic drama of this unforgiving land. Deledda tells her story with her characteristic love of the natural landscape and fascination with the folk culture of the island, with details about the famous religious festivals held in mountain encampments and the lore of the "dark beings who populate the Sardinian night, the fairies who live in rocks and caves, and the sprites with seven red caps who bother sleep." Introduction by the Sardinian ethnographer, Dolores Turchi.

The Story of Tönle Mario Rigoni Stern 1998 Mario Rigoni Stern was born in 1921 in Asiago, in the mountains of northeastern Italy. Throughout his literary career, he has remained deeply attached to the region of his birth, its peasant customs, its dialect, its seasonal cycles and shifting historical fortunes. Tonle Bintern's story takes place in the mountains of the Veneto region, which once bordered the Austro-Hungarian Empire and where smuggling was a means of subsistence for the peasant population. Having run afoul of a patrol of revenue agents, Tonle must seek refuge beyond the frontier in Central Europe, where year after year he lives by doing odd jobs and working, among other things, as an itinerant print peddler, a horse trainer in Hungary, and a gardener in a Prague castle. But every winter he returns secretly to his

home and family, until finally a pardon is granted. By now his children are grown and he has little to do but tend his sheep. Meanwhile, the times are changing, social values are disintegrating under the impact of modernization, and Europe moves ever closer to disaster. During the devastation of the First World War, the occupation and ultimate destruction of his village, and his own internment in an Austrian camp, it is Tonle's loyalty to his roots and his stubborn devotion to his task as a shepherd that persist and make him a quiet symbol of heroism and human endurance.

Fragmentation and Redemption Caroline Walker Bynum 1991 Arguing that historians must write in a comic mode, aware of history's artifice, risks, and incompleteness, Caroline Walker Bynum here examines diverse medieval texts to show how women were able to appropriate dominant social symbols in ways that allowed for the emergence of their own creative voices. By arguing for the positive importance attributed to the body, these essays give a new interpretation of gender in medieval texts and of the role of asceticism and mysticism in Christianity.

Kamishibai Man Allen Say 2005-10-24 The Kamishibai man used to ride his bicycle into town where he would tell stories to the children and sell them candy, but gradually, fewer and fewer children came running at the sound of his clappers. They were all watching their new televisions instead. Finally, only one boy remained, and he had no money for candy. Years later, the Kamishibai man and his wife made another batch of candy, and he pedaled into town to tell one more story—his own. When he comes out of the reverie of his memories, he looks around to see he is surrounded by familiar faces—the children he used to entertain have returned, all grown up and more eager than ever to listen to his delightful tales. Using two very different yet remarkable styles of art, Allen Say tells a tale within a tale, transporting readers seamlessly to the Japan of his memories.

The Philosophy of Derrida Mark Dooley 2014-12-18 For more

than forty years Jacques Derrida has attempted to unsettle and disturb the presumptions underlying many of our most fundamental philosophical, political, and ethical conventions. In *The Philosophy of Derrida*, Mark Dooley examines Derrida's large body of work to provide an overview of his core philosophical ideas and a balanced appraisal of their lasting impact. One of the author's primary aims is to make accessible Derrida's writings by discussing them in a vernacular that renders them less opaque and nebulous. Derrida's unusual writing style, which mixes literary and philosophical vocabularies, is shown to have hindered their interpretation and translation. Dooley situates Derrida squarely in the tradition of historicist, hermeneutic and linguistic thought, and Derrida's objectives and those of "deconstruction" are rendered considerably more convincing. While Derrida's works are ostensibly diverse, Dooley reveals an underlying cohesion to his writings. From his early work on Husserl, Hegel and de Saussure, to his most recent writings on justice, hospitality and cosmopolitanism, Derrida is shown to have been grappling with the vexed question of national, cultural and personal identity and asking to what extent the notion of a "pure" identity has any real efficacy. Viewed from this perspective Derrida appears less as a wanton iconoclast, for whom deconstruction equals destruction, but as a sincere and sensitive writer who encourages us to shed light on our historical constructions so as to reveal that there is much about ourselves that we do not know.

New Understandings of Teacher's Work Christopher Day 2011-03-02 Within educational research that seeks to understand the quality and effectiveness of teachers and school, the role emotions play in educational change and school improvement has become a subject of increasing importance. In this book, scholars from around the world explore the connections between teaching, teacher education, teacher emotions, educational change and school leadership. (For this text, "teacher" encompasses pre-service teachers, in-service teachers and headteachers, or principals). *New Understandings of Teacher's Work: Emotions and Educational Change* is divided into four themes: educational change; teachers and teaching; teacher education; and emotions in leadership. The chapters address the key basic and substantive issues relative to the central emotional themes of the following: teachers' lives and careers in teaching; the role emotions play in teachers' work; lives and leadership roles in the context of educational reform; the working conditions; the context-specific dynamics of reform work; school/teacher cultures; individual biographies that affect teachers' emotional well-being; and the implications for the management and leadership of educational change, and for development, of teacher education.

Economy of the Unlost Anne Carson 2009-04-11 The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the

modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. *Economy of the Unlost* begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences--Simonides' fundamental faith in the power of the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.

Clash of Civilizations Over an Elevator in Piazza Vittorio Amara Lakhous 2008-09-30 The immigrant tenants of a building in Rome offer skewed accounts of a murder in this prize-winning satire by the Algerian-born Italian author (Publishers Weekly). Piazza Vittorio is home to a polyglot community of immigrants who have come to Rome from all over the world. But when a tenant is

murdered in the building's elevator, the delicate balance is thrown into disarray. As each of the victim's neighbors is questioned by the police, readers are offered an all-access pass into the most colorful neighborhood in contemporary Rome. With language as colorful as the neighborhood it describes, each character takes his or her turn "giving evidence." Their various stories reveal much about the drama of racial identity and the anxieties of a life spent on society's margins, but also bring to life the hilarious imbroglis of this melting pot Italian culture. "Their frequently wild testimony teases out intriguing psychological and social insight alongside a playful whodunit plot." —Publishers Weekly

Achilleid Publius Papinius Statius 2005 Statius' *Achilleid* is perhaps the most remarkable of all Latin epic poems. Its project - to tell the whole life of Achilles - was cut short by the poet's untimely death. Yet the completed first book and the earliest part of the second have a charm and freshness matched only in some of Ovid's most lively and engaging work. The poem tells how the sea-nymph Thetis, in a vain attempt to save her son from his destined end in the Trojan war, hid him on the island of Scyros, disguised as a girl. There he fell in love with the beautiful

Deidamia, but at the same time, with the idea of glory in war. His feminine disguise was eventually penetrated by Ulysses and Diomedes, who tricked him into exposure of his truly warlike aspirations. In relating this story Statius explores the nature of gender and the limits of the epic genre, while playfully and wittily positioning himself in the epic - and wider - poetic tradition. These themes are explored in a new introduction by Robert Cowan, which surveys the latest research on the poem. Its assessment, very much in the modern critical manner, contrasts with and complements the traditional textual and philological commentary by O.A.W. Dilke. The combination of these two distinct approaches will assist undergraduates and postgraduates in reading the text, and, at the same time, it will provide a valuable resource for the more advanced scholar.

Monteverdi and the End of the Renaissance Gary Tomlinson 1990-07-09 Combining a close study of Monteverdi's secular works with recent research on late Renaissance history, Gary Tomlinson places the composer's creative career in its broad cultural context and illuminates the state of Italian music, poetry, and ideology in the sixteenth and seventeenth centuries.

The Swallows of Monte Cassino Frederika Randall 2013-10-14 The Strega Prize-winning author of *The Girl with a Leica* delivers a novel that hinges on one of the bloodiest World War II battles and those who fought it. In this highly original novel, Janeczek retells the four-month-long Battle of Monte Cassino from the point of view of the Maori, Gurkha, Polish, North African, small-town American and other Allied foot soldiers who fought and died under German fire near that 6th century Benedictine abbey. Twined through the battle is another story, a memory of the drowned and the saved in Janeczek's own family in wartime Eastern Europe, where Jews who did not go to Nazi death camps went to Soviet gulag camps, and sometimes survived, and even went on to fight at Monte Cassino. A powerful reflection on all the ways that rights can be taken from us. "Helena Janeczek's novel is this: a tattoo etched on the skin,

and not painlessly. A vast design that brings together threads from all the various lives that converged in that legendary battle. The beauty of her tale lies in its structure, the way opposites converge:

the chaos of battle and the silence of the defeated, ordinariness and the heroism of the powerless, carefully guarded memory and impetuous youth, the past perpetually intertwined with the present.” —Roberto Saviano, author of Gomorrah
