2020-05-07 As the 'father' of the English literary canon, one of a very few writers to appear in every 'great books' syllabus, Chaucer is seen as an author whose works are fundamentally timeless: an author who, like Shakespeare, exemplifies the almost magical power of poetry to appeal to each generation of readers. Every age remakes its own Chaucer, developing new understandings of how his poetry intersects with contemporary ways of seeing the world, and the place of the subject who lives in it. This Handbook comprises a series of essays by established scholars and emerging voices that address Chaucer's poetry in the context of several disciplines, including late medieval philosophy and science, Mediterranean Studies, comparative literature, vernacular theology, and popular devotion. The volume paints the field in broad strokes and sections include Biography and Circumstances of Daily Life; Chaucer in the European Frame; Philosophy and Science in the Universities; Christian Doctrine and Religious Heterodoxy; and the Chaucerian Afterlife. Taken as a whole, The Oxford Handbook of Chaucer offers a snapshot of the current state of the field, and a bold suggestion of the trajectories along which Chaucer studies are likely to develop in the future.

**Latin for Local History** Eileen A. Gooder 2014-01-14  
Latin for Local History provides a self-teaching guide for those historians who wish to tackle the language in which the majority of pre-eighteenth century historical records have been written. It is unique in dealing only with Latin found in historical records of the medieval period. Practice material and exercises are provided in the form of documents most commonly encountered by the historian in their research - deeds, charters, court rolls, accounts, bishops' registers and so on.

by Unipub. Volume 3 completes the 5th edition with 8,833 entries (vol. 1: Science and technology, 1989, 5,995 entries; vol.2: Social and historical sciences, philosophy and religion, 1990, 7,166 entries). While the majority of items are reference books, Walford is a guide to reference material and therefore includes periodical articles, microforms, online, and CD-ROM sources. A special effort has been made to make sure the output of small and specialist presses is not neglected. Annotation copyrighted by Book News, Inc., Portland, OR  
**Introduction to Medieval History** Paolo Delogu 2002-09-26  
An introduction to the sources, methods and theories most used by historians, this book explores the origins of the idea of the 'middle ages' and its development in Renaissance and modern European historical discourse, the problem of periodisation and the principal themes of modern historiography.

guide to literature sources on history making within the personal and public domains, with specific reference to history museums and collections. It begins with an essay in which history making in museums - through collections, exhibitions and interpretative work - is considered in relation to social trends and popular interest. The essay charts some of the dominant characteristics of museum provision. The central section of the book is a detailed bibliography concluding with reviews of those works which are particularly recommended.

*Writing Historical Fiction* Celia Brayfield 2013-12-05  
*Writing Historical Fiction: A Writers' & Artists' Companion* is an invaluable companion for a writer working in this challenging and popular literary genre, whether your period is Ancient Rome or World War II. PART 1 includes reflections on the genre and provides a short history of historical fiction. PART 2 contains guest contributions from Margaret Atwood, Ian Beck, Madison Smartt Bell, Ronan Bennett, Vanora Bennett, Tracy Chevalier, Lindsay Clarke, Elizabeth Cook, Anne Doughty, Sarah Dunant, Michel Faber, Margaret George, Philippa Gregory, Katharine McMahon, Valerio Massimo Manfredi, Hilary Mantel, Alan Massie, Ian Mortimer, Kate Mosse, Charles Palliser, Orhan Pamuk, Edward Rutherfurd, Manda Scott, Adam Thorpe, Stella Tillyard, Rose Tremain, Alison Weir and Louisa Young. PART 3 offers practical exercises and advice on such topics as research, plots and characters, mastering authentic but accessible dialogue and navigating the world of agents and publishers.

**History** Peter Claus 2014-01-14 Why should history students care about theory? What relevance does it have to the "proper" role of the historian? Historiography and historical theory are often perceived as complex subjects, which many history students find frustrating and difficult. Philosophical approaches, postmodernism, anthropology, feminism or Marxism can seem arcane and abstract and students often struggle to apply these ideas in practice. Starting from the premise that historical theory and historiography are fascinating and exciting topics to study, Claus and Marriott guide the student through the various historical theories and approaches in a balanced, comprehensive and engaging way. Packed with intriguing anecdotes from all periods of history and supported by primary extracts from original historical writings, *History: An Introduction to Theory, Method and Practice* is the student-friendly text which demystifies the subject with clarity and verve. Key features - Written in a clear and witty way. Presents a balanced view of the subject, rather than the polemical view of one historian. Comprehensive - covers the whole range of topics taught on historiography and historical theory courses in suitable depth. Full of examples from different historical approaches - from social, cultural and political history to gender, economic and world history Covers a wide chronological breadth of examples from the ancient and medieval worlds to the twentieth century. Shows how students can engage with the theories covered in each chapter and apply them to their own studies via the "In Practice" feature at the end of each chapter. Includes "Discussion Documents"

Although aimed primarily at the beginner, this book opens up to researchers of all levels the wealth of material from the PCC held in the Public Record Office. Coverage begins in the 19th century and works backwards, enabling readers to develop expertise before tackling more complex topics. Topics dealt with include: how and where to find wills; using the indexes available; finding an administration; using the Probate Act books to supplement information; and how to decipher PCC script. Fully illustrated with examples of original wills, probate inventories and death duty records, the book also demonstrates a family tree based on wills.

**Communicative Approaches for Ancient Languages** Mair E. Lloyd 2021-04-08 This book is the first in its field. It showcases current and emerging communicative practices in the teaching and learning of ancient languages (Latin and Greek) across contemporary education in the US, the UK, South America and continental Europe. In all these parts of the globe, communicative approaches are increasingly being accepted as showing benefits for learners in school, university and college classrooms, as well as at specialist conferences which allow for total immersion in an ancient language. These approaches are characterised by interaction with others using the ancient language. They may include various means and modalities such as face-to-face conversations and written communication. The ultimate aim is to optimise the facility to read such languages with comprehension and engagement. The examples showcased in this volume provide readers with a vital survey of the most current

**Latin For Local History An Introduction Longman Paperback Pdf Pdf upload Mia a Williamson**

issues in communicative language teaching, helping them to explore and consider adoption of a wider range of pedagogical practices, and encouraging them to develop tools to promote engagement and retention of a wider variety of students than currently find ancient languages accessible. Both new and experienced teachers and learners can build on the experiences and ideas in this volume to explore the value of these approaches in their own classrooms.

**Annual Bibliography of British and Irish History** 1978

*The Wills of Our Ancestors* Stuart A. Raymond 2013-01-19 What are wills, and how can they be used for family and local history research? How can you interpret them and get as much insight from them as possible? They are key documents for exploring the lives of our ancestors, their circumstances, and the world they knew. This practical handbook is the essential guide to understanding them. Wills expert Stuart Raymond traces the history and purpose of probate records and guides readers through the many pitfalls and possibilities these fascinating documents present. He describes the process of probate, gives a detailed account of the content of the various different types of record, and advises readers on how they can be used to throw light into the past. They offer factual evidence that no genealogist or local historian can afford to ignore. In a series of concise, fact-filled chapters he explains how wills came into being, who made them and how they were made, how the probate system operates, how wills and inventories can be found, and how much can be learned from them. In addition to covering probate records in England and Wales, he includes the Channel Islands, Ireland, the Isle of Man and Scotland. This introduction is aimed primarily at family historians who are interested in the wills of particular individuals who are seeking proof of descent and local historians who are interested in the wealth of local historical information that can be gathered from them.
