The Use of Jewish Traditions in the Book of Revelation Lisa Foggo 2000

Reading Revelation in Context

Zondervan, 2019-09-10 Reading

Revelation in Context brings together short, accessible essays that compare and contrast the visions and apocalyptic imagery of the book of Revelation with various texts from Second Temple Jewish literature. Going beyond an introduction that merely surveys historical events and theological themes, Reading Revelation in Context examines individual passages in Second Temple

Jewish literature in order to illuminate the context of Revelation's theology and the meaning and potency of John's visions. Following the narrative progression of Revelation, each chapter (1) pairs a major unit of the Apocalypse with one or more sections of a thematically related Jewish text, (2) introduces and explores the historical and theological nuances of the comparator text, and (3) shows how the ideas in the comparator text illuminate those expressed in Revelation. In addition to the focused comparison provided in the

essays, the book contains other student-friendly features that will help them engage broader discussions, including an introductory chapter that familiarizes students with the world and texts of Second Temple Judaism, a glossary of important terms, and a brief appendix suggesting what tools students might use to undertake their own comparative studies. At the end of each chapter there a list of other thematically relevant Second Temple Jewish texts recommended for additional study and a focused bibliography pointing students to critical editions and higher-level discussions in scholarly literature. Reading Revelation in Context brings together an international team of over 20 New Testament experts including Jamie Davies, David A.

deSilva, Michael J. Gorman, Dana M. Harris, Ronald Herms, Edith M. Humphrey, Jonathan A. Moo, Elizabeth E. Shively, Cynthia Long Westfall, Archie T. Wright, and more. *Children of Abraham* Reuven Firestone 2001 This groundbreaking book, developed with a grant from the Harriet and Robert Heilbrunn Institute for Interreligious Understanding of the American Jewish Committee, is a stepping stone to dialogue. Descended from a common ancestor, Jews and Muslims share a special relationship and practice religions that exhibit remarkable moral and theological resemblance. But most Muslims know little about Judaism. In his volume, Rabbi Firestone presents Judaism with a Muslim sensibility in mind, and thus establishes unprecedented intimacy

between Jewish and Muslim consciousness and worldviews. His work is the first of its kind to offer a comprehensive introduction to Judaism with a special emphasis on issues of particular concern to Muslims. A publication of the Harriet and Robert Heilbrunn Institute for International Interreligious Understanding of the American Jewish Committee.

Humor, Resistance, and Jewish Cultural Persistence in the Book of Revelation Sarah Emanuel 2020-01-09

Positions Revelation within an ancient Jewish context and demonstrates how the author used humor to resist Roman power.

Revelations Elaine Pagels 2012-03-06
A startling exploration of the history of the most controversial book of the Bible, by the bestselling

author of Beyond Belief. Through the bestselling books of Elaine Pagels, thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels. As one of the world's foremost religion scholars, she has been a pioneer in interpreting these books and illuminating their place in the early history of Christianity. Her new book, however, tackles a text that is firmly, dramatically within the New Testament canon: The Book of Revelation, the surreal apocalyptic vision of the end of the world . . . or is it? In this startling and timely book, Pagels returns The Book of Revelation to its historical origin, written as its author John of Patmos took aim at the Roman Empire after what is now known as "the Jewish War," in 66 CE. Militant Jews

in Jerusalem, fired with religious fervor, waged an all-out war against Rome's occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple.

Pagels persuasively interprets Revelation as a scathing attack on the decadence of Rome. Soon after, however, a new sect known as "Christians" seized on John's text as a weapon against heresy and infidels of all kinds-Jews, even Christians who dissented from their increasingly rigid doctrines and hierarchies. In a time when global religious violence surges, Revelations explores how often those in power throughout history have sought to force "God's enemies" to submit or be killed. It is sure to appeal to Pagels's committed readers and bring her a whole new audience who want to

understand the roots of dissent, violence, and division in the world's religions, and to appreciate the lasting appeal of this extraordinary text.

Jewish Temple Imagery in the Book of Revelation Robert A. Briggs 1999
Provides an enthusiastic Christian perspective on imagery of the Jewish Temple in the Book of Revelation and its significance to the apocalyptic teachings in the Book of Revelation. The author traces various Temple themes through the Old Testament, demonstrates how they were used in Revelation, and explores the concept of the Temple in a number of noncanonical Jewish writings, assessing the degree to which sources other than the Old Testament influenced the Apocalypse's Temple symbolism. Annotation copyrighted by

Judaism Michael A. Fishbane 1987
Reinterpreting Revelation and Tradition John Pawlikowski 2000 An extraordinary exploration into the mutual validity of the Jewish and Christian covenants. The contributors gathered here address such topics as shared texts, the rabbinical response to emerging Christianity, and apocalyptic and mystical texts.
Hebrew Insights from Revelation Pinchas Shir 2021-11-11 The book of Revelation is a first-century Jewish document that recognizes Jesus as ultimate Emperor of worldwide Empire. For many centuries, the interpretation of Revelation was almost solely in the hands of those unfamiliar with Jewish language, context or culture. Therefore, the cultural and linguistic disconnect

was substantial. This book begins to remedy this situation by returning the Book of Revelation into its original Jewish and Hebraic contexts, without ignoring it's Greco-Roman setting as well. Are you ready to be inspired by looking at Revelation as you never looked at it before? If so, go ahead get the book and come with us on the journey of discovery into the world of Jewish Background of the Book of Revelation.

Parables of War John W. Marshall 2001-11-19 What makes the Book of Revelation so hard to understand? How does the Book of Revelation fit into Judaism and the beginning of Christianity? John W. Marshall proposes a radical reinterpretation of the Book of Revelation of John, viewing it as a document of the Jewish diaspora during

the Judean War. He contends that categorizing
Jews, Their Religious Beliefs and Practices Alan Unterman 1981 In this revised and fully updated introduction to Jewish beliefs and practices the author demonstrates that Judaism is a living religion which retains the vitality apparent in the Biblical corpus, but which has gone on to develop institutions, modes of behaviour and patterns of thought which together constitute the singularity of Jewish expression. The study as a whole portrays, for the non-Jew and the uniformed Jew, a vivid insight into the great legal, mystical, theological, ethical and ritual traditions which have preserved the identity of the exiled and often outcast Jew, and enabled him to carry the message of the

series, the significance of the Biblical references in the books, and what they can tell us about apocalyptic Christian fiction in general

The Basic Beliefs of Judaism Lawrence

J. Epstein 2013-08-22 The Basic Beliefs of Judaism gives an updated overview of the belief system on which the Jewish faith is based.

Author Lawrence Epstein takes a contemporary point of view, looking at how the basic beliefs of Judaism fit into the lives of modern Jews.

Anti-Judaism: The Western Tradition

David Nirenberg 2013-02-04

“Exhilarating . . . a scholarly tour de force. The story Nirenberg has to tell is not over.”—Adam Kirsch,

Tablet This incisive history upends the complacency that confines anti-Judaism to the ideological extremes

in the Western tradition. With deep learning and elegance, David Nirenberg shows how foundational anti-Judaism is to the history of the West. Questions of how we are Jewish and, more critically, how and why we are not have been churning within the Western imagination throughout its history. Ancient Egyptians, Greeks, and Romans; Christians and Muslims of every period; even the secularists of modernity have used Judaism in constructing their visions of the world. The thrust of this tradition construes Judaism as an opposition, a danger often from within, to be criticized, attacked, and eliminated. The intersections of these ideas with the world of power—the Roman destruction of the Second Temple, the Spanish Inquisition, the German Holocaust—are well known. The ways of

thought underlying these tragedies can be found at the very foundation of Western history.

Opening the Sealed Book Joseph Blenkinsopp 2006-11-07 Of all the texts in the Hebrew and Christian scriptures, perhaps no book has a more colorful history of interpretation than Isaiah. A comprehensive history of this interpretation between the prophet Malachi and the first days of Christianity, Joseph Blenkinsopp's *Opening the Sealed Book* traces three different prophetic traditions in Isaiah -- the "man of God," the critic of social structures, and the apocalyptic seer. Blenkinsopp explores the place of Isaiah in Jewish sectarianism, at Qumran, and among early Christians, touching on a number of its themes, including

exile, "the remnant of Israel," martyrdom, and "the servant of the Lord." Encompassing several disciplines -- hermeneutics, the Dead Sea Scrolls, Second Temple studies, Christian origins -- *Opening the Sealed Book* will appeal to Jewish and Christian scholars as well as readers fascinated by the intricate and influential prophetic visions of Isaiah.

Revelation and Authority Benjamin D. Sommer 2015-01-01 Winner of the 2016 Goldstein-Goren Award for the best book in Jewish Thought At once a study of biblical theology and modern Jewish thought, this volume describes a "participatory theory of revelation" as it addresses the ways biblical authors and contemporary theologians alike understand the process of revelation and hence the

authority of the law. Benjamin Sommer maintains that the Pentateuch's authors intend not only to convey God's will but to express Israel's interpretation of and response to that divine will. Thus Sommer's close readings of biblical texts bolster liberal theologies of modern Judaism, especially those of Abraham Joshua Heschel and Franz Rosenzweig. This bold view of revelation puts a premium on human agency and attests to the grandeur of a God who accomplishes a providential task through the free will of the human subjects under divine authority. Yet, even though the Pentateuch's authors hold diverse views of revelation, all of them regard the binding authority of the law as sacrosanct. Sommer's book demonstrates why a law-observant religious Jew can be open to

discoveries about the Bible that seem nontraditional or even antireligious. **Radical Judaism** Arthur Green 2010-03-30 How do we articulate a religious vision that embraces evolution and human authorship of Scripture? Drawing on the Jewish mystical traditions of Kabbalah and Hasidism, path-breaking Jewish scholar Arthur Green argues that a neomystical perspective can help us to reframe these realities, so they may yet be viewed as dwelling places of the sacred. In doing so, he rethinks such concepts as God, the origins and meaning of existence, human nature, and revelation to construct a new Judaism for the twenty-first century.

The Book of Revelation Through Hebrew Eyes Vol 2 John Klein 2009-06 This is the second book in a three-volume

series that will cover the entire book of Revelation in awe-inspiring detail, expounding and expanding on familiar verses in God's word that have been misunderstood and misconstrued for many years. In this volume, the authors explore the first half of Revelation from the perspective they established so clearly in Volume i - that of a Hebrew God speaking through a Hebrew believer to an audience that was intimately familiar with the Hebrew language, culture, customs, and concepts that form both the literal and the metaphorical foundation for vast portions of Revelation.

Crossing Boundaries in Early Judaism and Christianity Kimberley Stratton 2016-10-11 This volume is a memorial volume in honor of Alan F. Segal, featuring essays by renowned scholars

of late ancient and Hellenistic Judaism, early Christianity, Gnosticism and Rabbinic Judaism.

Maimonides 2002

Jewish Aspects in Avant-Garde Mark H. Gelber 2017-07-24 This volume deals with the significance of the avant-garde(s) for modern Jewish culture and the impact of the Jewish tradition on the artistic production of the avant-garde, be they reinterpretations of literary, artistic, philosophical or theological texts/traditions, or novel theoretical openings linked to elements from Judaism or Jewish culture, thought, or history.

Secrets of Revelation Jacques Doukhan 2002 Jacques B. Doukhan, an Adventist scholar of Jewish heritage, mines the Old Testament to uncover new meaning in the battle of Armageddon and the

millennium. He ties the symbolism of the book to the sanctuary service of ancient Israel, showing how the seven sections of the book correspond to the seven feasts of Judaism. He argues that the prophecies of Revelation foretell the eventual discrediting of secularism (Egypt), the resurgence of conservative religion (Babylon), and a final coalition of the two movements in the climactic events before the second coming of Christ to defeat sin and save His people.

God of Sense and Traditions of Non-Sense Sigve Tonstad 2016-01-19 One hundred taxis lined up on Church Street in Oslo on November 26, 1942, deployed in order to round up the city's Jews and send them to Auschwitz. This reality anchors God of Sense and Traditions of Non-Sense:

it is theology from a Holocaust perspective. The brash Elihu excoriating Job for his insistence that he is owed an explanation for the calamities that have befallen him. This is the book's opening salvo. Job speaking of a God of sense, Elihu and Job's three friends inaugurating a tradition of non-sense: this is the existential and theological predicament. The problem of finite suffering in this life addressed in the theological tradition with the prospect of infinite, endless suffering, in this book described as a key element in Traditions of Non-Sense. Back to the millions of Jews, among them 188 women and 42 children from Oslo, deported, gassed, and cremated--in God of Sense this is not seen as a problem that defeats belief, but as

the reality that demands a religious and theological account of human existence.

The Secret Revelation of John Karen L. King 2009-02-28 Lost in antiquity, rediscovered in 1896, and only recently accessible for study, *The Secret Revelation of John* offers a firsthand look into the diversity of Christianity before the establishment of canon and creed. Karen L. King offers an illuminating reading of this ancient text--a narrative of the creation of the universe and humanity and a guide to justice and salvation, said to be Christ's revelation to his disciple John. Freeing the Revelation from the category of "Gnosticism" to which such accounts were relegated, King shows how the Biblical text could be read by early Christians in radical and revisionary ways. By

placing the Revelation in its social and intellectual milieu, she revises our understanding of early Christianity and, more generally, religious thought in the ancient Mediterranean world. Her work helps the modern reader through many intriguing--but confusing--ideas in the text: for example, that the creator god of Genesis, a self-described jealous and exclusive god, is not the true Deity but a kind of fallen angel; or, in an overt critique of patriarchy unique in ancient literature, the declaration that the subordination of woman to man was an ignorant act in direct violation of the "holy height." In King's analysis, the Revelation becomes not strange but a comprehensible religious vision--and a window on the religious culture of

the Roman Empire. A translation of the complete Secret Revelation of John is included.

The Significance of Sinai George Brooke 2008-11-30 The essays in this volume disclose how Sinai, its location, the scriptural narratives about it, and the content of the revelation received there, are variously read by Deuteronomy, the Dead Sea Scrolls, Paul, Josephus, rabbinic literature, art and philosophy.

Revelation Jacob Neusner 2004-04-15 Here is a superb resource for all who wish to deepen their understanding of Judaism and Christianity and the relationship between these two great traditions. The authors compare and contrast the paramount theological categories of Judaism and Christianity, specifically Torah,

God, and Israel for Judaism, and Bible, God, and church for Christianity. 'Revelation' is the first of three volumes in support of this effort. It consists of a conversation between the Torah and its authoritative representation in the Talmud of Babylonia (a complete and exhaustive statement of God's will for Judaism) and the Christian Bible (Hebrew Scriptures and New Testament), including the interpretation of scripture within the primitive church as the foundation of Christian authority. Within this conversation the authors do not sidestep profound disagreement in favor of proposing obscure theological difference. Each believes in his tradition and its affirmations, and each seeks to grasp the rationality of the views of the

other.

Judaism Michael Fishbane 1987-12-23
An authoritative look at Judaism's historical sweep and distinctive religious dimensions, showing how it developed out of the Hebrew Bible and has diversified throughout history and throughout the world.

Torah in the Mouth Martin S. Jaffee 2001-04-19
The classical Rabbinic tradition (legal, discursive, and exegetical) claims to be Oral Torah, transmitted by word of mouth in an unbroken chain deriving its authority ultimately from divine revelation to Moses at Sinai. Since the third century C.E., however, this tradition has been embodied in written texts. Through judicious deployment and analysis of the evidence, Martin Jaffee is able to show that the Rabbinic tradition, as we have it,

developed through a mutual interpretation of oral and written modes.

The Concept of Revelation in Judaism, Christianity and Islam Georges Tamer 2020-05-05
The idea that God reveals himself to human beings is central in Judaism, Christianity and Islam, but differs in regard of content and conceptualization. The first volume of the new series Key Concepts in Interreligious Discourses points out similarities and differences of "revelation". KCID aims to establish an archeology of religious knowledge in order to create a new conceptual platform of mutual understanding among religious communities.

Quest for Past and Future Emil L. Fackenheim 1968

Voegelin's Israel and Revelation
David Lee Morse 2000

The Closed Book Rebecca Scharbach Wollenberg 2023-04-18 A groundbreaking reinterpretation of early Judaism, during the millennium before the study of the Bible took center stage Early Judaism is often described as the religion of the book par excellence—a movement built around the study of the Bible and steeped in a culture of sacred bookishness that evolved from an unrelenting focus on a canonical text. But in *The Closed Book*, Rebecca Scharbach Wollenberg argues that Jews didn't truly embrace the biblical text until nearly a thousand years after the Bible was first canonized. She tells the story of the intervening centuries during which even rabbis seldom opened a Bible and many rabbinic authorities remained deeply ambivalent about the biblical

text as a source of sacred knowledge. Wollenberg shows that, in place of the biblical text, early Jewish thinkers embraced a form of biblical revelation that has now largely disappeared from practice. Somewhere between the fixed transcripts of the biblical Written Torah and the fluid traditions of the rabbinic Oral Torah, a third category of revelation was imagined by these rabbinic thinkers. In this "third Torah," memorized spoken formulas of the biblical tradition came to be envisioned as a distinct version of the biblical revelation. And it was believed that this living tradition of recitation passed down by human mouths, unbound by the limitations of written text, provided a fuller and more authentic witness to the scriptural revelation at Sinai. In

this way, early rabbinic authorities were able to leverage the idea of biblical revelation while quarantining the biblical text itself from communal life. The result is a revealing reinterpretation of “the people of the book” before they became people of the book.

The Bodies of God and the World of Ancient Israel Benjamin D. Sommer 2009-06-29 Sommer utilizes a lost ancient Near Eastern perception of divinity according to which a god has more than one body and fluid, unbounded selves. Though the dominant strains of biblical religion rejected it, a monotheistic version of this theological intuition is found in some biblical texts. Later Jewish and Christian thinkers inherited this ancient way of thinking; ideas such as the sefirot in Kabbalah and the

trinity in Christianity represent a late version of this theology. This book forces us to rethink the distinction between monotheism and polytheism, as this notion of divine fluidity is found in both polytheistic cultures (Babylonia, Assyria, Canaan) and monotheistic ones (biblical religion, Jewish mysticism, Christianity), whereas it is absent in some polytheistic cultures (classical Greece). The Bodies of God and the World of Ancient Israel has important repercussions not only for biblical scholarship and comparative religion but for Jewish-Christian dialogue. **Ages of Man** Lucien Gubbay 1985 **Lost in Translation** John Klein 2007 Revised 2016 Edition: Despite the sensational nature of its subject, Lost in Translation: Rediscovering

the Hebrew Roots of our Faith is written in simple, clear, rational language that relies 100 percent on the Bible as the ultimate authority. The book's authors clear away centuries of confusion surrounding subjects that are seldom addressed in modern sermons and Bible studies. Using the ancient Hebrew language and culture, the authors clarify many of the Bible's so-called "mysteries" and help the reader rediscover many of the foundational truths that have been "lost in translation." Topics include: - Who is the Bride of Messiah? - Is there a difference between covenant and testament? - Israel: Who are they really? - What is the difference between devils, demons, and nephilim? Join us on an exciting adventure to rediscover the treasures still buried within the

pages of The Book that reveal the pathway to the heart of God. "A must-read for the church! Providing foundational insights which lead to a greater understanding of God's master plan, this book will open your eyes to scriptural distortions due to the centuries of Greek influence on the church." - Corey Berti, Senior Pastor, Silver Valley Worship Center, ID "I've been a believer for 12 years, and I've read numerous scriptures that didn't make sense. The authors do a tremendous job of explaining the importance of understanding our Hebrew roots which provide context and clarity to the overall theme of God's message. It's like watching TV in black and white and then suddenly seeing it in color. The truth hasn't changed, but it's meaning becomes more vivid." - Jason

Jews and Gentiles in the Early Jesus

Movement A. Bibliowicz 2013-04-23

This volume offers new insights on Jewish-Gentile relations and the evolution of belief in the early Jesus movement, suggesting that the New Testament reflects the early stages of a Gentile challenge to the authority and legitimacy of the descendants of Jesus' disciples and first followers as the exclusive guardians and interpreters of his legacy.
