*Criminal Justice Ethics* Cyndi Banks 2018-12-31 Criminal Justice Ethics examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory, exploring ethical dilemmas, and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals. Bestselling author Cyndi Banks draws readers into a unique discussion of ethical issues by first exploring moral dilemmas faced by professionals in the criminal justice system and then examining the major theoretical foundations of ethics. This distinct and unique organization allows readers to understand real-life ethical issues before grappling with philosophical approaches to the resolution of these issues.

*Ethics* Jacques P. Thiroux 2004 Jacques P. Thiroux first published ETHICS: THEORY AND PRACTICE in 1977 in order to educate readers about ethical theory and to have them apply what they learn to specific problems (e.g., taking human life; lying, cheating, stealing, and breaking promises; establishing ethical practices in business; honoring ethical obligations in medicine; and so on). Together with case studies written by the author, ETHICS: THEORY AND PRACTICE continues to provide students with a solid foundation in understanding classic and contemporary moral problems. New to Ethics: Theory and Practice, Eighth Edition! New sections on stem cell research, advanced health care, and the Enron scandal Revised sections on terrorism in the wake of September 11, 2001 Added material on care ethics and John Rawls's theory of justice Companion Website(TM) FREE, online resource for students for further enrichment in ethics studies ABC NEWS(TM) Videos: FREE videos for instructional use on contemporary ethical issues (forthcoming)

**Ethics** Barbara MacKinnon 2008-02-01 Closely examine the major areas of ethical theory as well as a broad range of contemporary moral debates using MacKinnon's acclaimed ETHICS: THEORY AND CONTEMPORARY ISSUES, Sixth Edition. Recognized for its breadth of coverage, this book provides a superbly balanced introduction that effectively integrates ethical theory with today's most relevant moral issues. Illuminating overviews and a selection of readings from both traditional and contemporary sources make even complex philosophical concepts reader friendly. Comprehensive, clear-sighted introductions to general and specific areas of ethical debate cover major ethical theories, including feminist ethics and ethical relativism, before delving into issues ranging from euthanasia and sexual morality to war and professional ethics. New readings from prominent ethicists help increase this edition's coverage of contemporary dilemmas with widespread impact, including torture and the Abu Ghraib prison scandal, "partial birth" abortion, cloning, same-sex marriage, and Wikipedia and Google. The book's new CengageNOW™ online learning system builds upon the book's highly effective presentation with Personalized

Study Plans that match multimedia learning tools to your specific learning style and needs. New integrated Ethics Learning Modules use flash-animated ethics simulations to help you practice what you've learned. Trust ETHICS: THEORY AND CONTEMPORARY ISSUES, Sixth Edition, to integrate theory and contemporary moral issues like no other text.

**Social and Personal Ethics** William H. Shaw 1996 provides students with a sound introduction to contemporary ethics. It combines well-established classical readings with new, previously unreleased essays by modern philosophers. Contains an opening section on ethical theory.

*Ethics and the Conduct of Business* John R. Boatright 2013-08-28 Ethical Issues in Developing Business Policies Ethics and the Conduct of Business is a comprehensive and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life examples and case studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life business practice. Note: The focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies about employees, customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching and Learning Experience Personalize Learning - MyThinkingLabelivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - A substantial amount of legal material is contained within Ethics and the Conduct of Business. Not only because the law addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - This book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course. *Social and Personal Ethics* William H. Shaw 2014 SOCIAL AND PERSONAL ETHICS provides students with a sound introduction to ethical theory and contemporary moral issues through engaging readings on today's most hotly debated topics. Among other topics, coverage includes environmental ethics and animal rights, the limits of personal liberty, war and the struggle against terrorism, marriage and sexual morality, the death penalty, gun control, and abortion

and euthanasia. The volume begins with two introductory essays written for beginning students by the editor, William H. Shaw, on the nature of morality and competing normative theories. These are followed by five other essays on ethical theory by classical and contemporary authors. The book's next 12 sections explore a wide-range of real-world ethical issues. In all, the book is composed of 53 articles (11 of which are new to this edition). To ensure that the text is as accessible as it is relevant, Shaw has edited every article with an eye toward readability, provided introductions and study questions before the essays, as well as review and discussion questions after them, and highlighted key passages to help students focus on important points and concepts.

**Contemporary Issues in Bioethics** Tom L. Beauchamp 1994 Offers a lucid overview of the central issues in bioethics today, including reproductive technologies, right-to-die, AIDS, eugenics, and human genetics. Presenting differing viewpoints from world-renowned scholars, this thought-provoking book provides an excellent framework for analyzing key issues.

**The Moral of the Story: An Introduction to Ethics** Nina Rosenstand 2017-02-14 Now in its eighth edition, *The Moral of the Story* continues to bring understanding to difficult concepts in moral philosophy through storytelling and story analysis. From discussions on Aristotle's virtues and vices to the moral complexities of the Game of Thrones series, Rosenstand's work is lively and relatable, providing examples from contemporary film, fiction narratives, and even popular comic strips. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master, recall, and apply key concepts while providing automatically-graded assessments. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here: <http://www.mheducation.com/highered/platforms/connect/training-support-students.html>

**The Elements of Moral Philosophy 7e** James Rachels 2012-03-16 Firmly established as the standard text for undergraduate courses in ethics, James Rachels and Stuart Rachels' *The Elements of Moral Philosophy* introduces readers to major moral concepts and theories through eloquent explanations and compelling, thought-provoking discussions.

*Fundamentals of Ethics* Russ Shafer-Landau 2023-08 "This book is divided into three parts—one on the Good Life, another on Doing the Right Thing, and the last on the Status of Morality. You can read these parts in any order. Many will want to begin at the end, for instance, with a discussion of whether morality is a human invention, or is in some way objective. Some will prefer to start in the middle, asking about the supreme principle of morality (and whether there is any such thing). And others may want to begin at the beginning, by thinking about human well-being and the quality of life. Each part can be understood independently of the others, though there are of course many points of connection across the three main branches of moral philosophy. No matter where you begin, there are footnotes in most chapters that provide cross-references to relevant discussions elsewhere in the book. When beginning a new area of study, you're bound to encounter some unfamiliar jargon. I've tried to keep this to a minimum, and I suppose that you can be thankful that we're doing ethics here, rather than physics or anatomy. I define each technical term when I first use it, and have also put together a glossary, which appears at the end of the book. Each specialized term that appears in boldface has an entry there. You may be interested enough in what you read here that you'll want to continue your studies in moral philosophy. There is a natural place to begin—the companion volume to this book, *The Ethical Life*, described later in this preface. I have also compiled a list of Suggestions for Further Reading for each chapter or pair of chapters. This list appears at the end of the book, just before the glossary. I have selected the readings with an eye to what might be accessible and interesting to those just beginning their study of moral philosophy"—

*The Bloomsbury Companion to Political Philosophy* Andrew Fiala 2015-02-26 *The Bloomsbury Companion to Political Philosophy* is the definitive guide to contemporary political philosophy. The book covers all the most pressing and important themes and categories in the field - areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research. Fourteen specially commissioned essays from an international team of experts, including Eduardo Mendieta and Gillian Brock, reveal where important work continues to be done in the area and, most valuably, the exciting new directions the field is taking. The Companion explores a range of issues from the nature and history of political philosophy, sovereignty, distributive justice, democratic theory, feminist theory, to toleration, human rights, immigration, cosmopolitanism, peace, war, and the challenge of Eurocentrism in political philosophy. Featuring a series of indispensable research tools, including an A to Z of key terms and concepts, a chronology, a detailed list of resources, and a fully annotated bibliography, this is the essential reference tool for anyone researching or working in political philosophy.

**Ethics: A Pluralistic Approach to Moral Theory** Lawrence M. Hinman 2012-01-01 **ETHICS: A PLURALISTIC APPROACH TO MORAL THEORY, FIFTH EDITION** provides a comprehensive yet clear introduction to the main traditions in ethical thought, including virtue ethics, utilitarianism, and deontology. Additionally, the book presents a conceptual framework of ethical pluralism to help students understand the relationship among various theories. Lawrence Hinman, one of today's most respected and accomplished educators in ethics and philosophy education, presents a text that gives students plentiful opportunities to explore ethical theory and their own responses to them, using fascinating features such as the Ethical Inventory sections that appear at the beginning and the end of the text. End-of-chapter discussion questions, and the use of current issues and movies help students retain what they've learned and truly comprehend the subject matter. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Ethics** Barbara MacKinnon 2010 Learn about ethical theory and how these theories apply to contemporary moral debates using MacKinnon's acclaimed **ETHICS: THEORY AND CONTEMPORARY ISSUES, Concise, International Edition**. This book expertly balances ethical theory with today's most relevant moral issues, including torture, "partial birth" abortion, cloning, same-sex marriage, and Wikipedia and Google.

*Contemporary Issues in Bioethics* Tom L. Beauchamp 2003 This anthology represents all of the most important points of view on the most pressing topics in bioethics. Containing current essays and actual medical and legal cases written by outstanding scholars from around the globe, this book provides readers with diverse range of standpoints, including those of medical researchers and practitioners, legal exerts, and philosophers.

*Ethical Issues in Modern Medicine* Bonnie Steinbock 2003 This comprehensive anthology represents the key issues and problems in the field of medical ethics through the most up-to-date readings and case studies available. Each of the book's six parts is prefaced with helpful introductions that raise important questions and skillfully contextualize the positions and main points of the articles that follow.

**Research Ethics** Ana Smith Iltis 2006-01-16 *Medicine in the twenty-first century is increasingly reliant on research to guarantee the safety and efficacy of medical interventions. As a result, the need to understand the ethical issues that research generates is becoming essential. This volume introduces the principal areas of concern in research on human subjects, offering a framework for understanding research ethics, and the relationship between ethics and compliance. Research Ethics brings together leading scholars in bioethics and the topics covered include the unique concerns that arise in specific areas of research such as gene therapy and stem cell research. Individual chapters also address the ethical issues that occur when conducting research with specific populations such as infants or adolescents, and the volume looks at important emerging questions in human subjects research, namely financial conflicts of interest and the interpretation of scientific data.*

**Principles of Biomedical Ethics** James F. Childress 1983

**Contemporary Issues in Bioethics** Tom L. Beauchamp 2014 **CONTEMPORARY ISSUES IN BIOETHICS** provides balanced coverage and detailed analysis of key topics in bioethics, including human reproduction; euthanasia and assisted suicide; genetics and genetic testing; the right to health care; organ donation and transplantation; human and animal research; as well as policy and planning for public health threats. With a diverse range of classic and contemporary essays and landmark court cases written by influential scholars and judges, this anthology will help you understand bioethics from a variety of perspectives. Available with InfoTrac Student Collections <http://goengage.com/infotrac>.

**Religion and Morality** William J. Wainwright 2017-03-02 *Religion and Morality* addresses central issues arising from religion's relation to morality. Part I offers a sympathetic but critical appraisal of the claim that features of morality provide evidence for the truth of religious belief. Part II examines divine command theories, objections to them, and positive arguments in their support. Part III explores tensions between human morality, as ordinarily understood, and religious requirements by discussing such issues as the conflict between Buddhist and Christian pacifism and requirements of justice, whether 'virtue'

without a love of God is really a vice, whether the God of the Abrahamic religions could require us to do something that seems clearly immoral, and the ambiguous relations between religious mysticism and moral behavior. Covering a broad range of topics, this book draws on both historical and contemporary literature, and explores afresh central issues of morality and religion offering new insights for students, academics and the general reader interested in philosophy and religion.

**Ethics: Theory and Contemporary Issues, Concise Edition** Barbara MacKinnon 2015-01-01 **ETHICS: THEORY AND CONTEMPORARY ISSUES, 8E CONCISE** presents the major areas of ethical theory through an engaging collection of contemporary moral debates. First, readers are introduced to such ethical subjects as religion and global ethics, utilitarianism and deontology, natural law ethics, virtue ethics, non-Western paradigms, feminist ethics, and care ethics. Then, these and other ethical concepts provide the framework for in-depth discussions on moral dilemmas such as euthanasia, sexual morality, economic justice, animal ethics, war, violence, and globalization. Plus, this edition brings the debate up-to-date with detailed discussions of timely moral topics such as same-sex marriage, structural racism, factory farming, pacifism, and global distributive justice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Ethics** Barbara MacKinnon 2017-01-01

**Introduction to Philosophy** Beau Branson 2021-07 Where did the universe come from? Is life a result of chance, or design? If God is loving and all-powerful, why does evil still exist? Is religious belief just a byproduct of undirected evolutionary processes? Or did God make sure humans would evolve in such a way as to believe? Are philosophers closed-minded about religion? And why is so much of philosophy of religion about God-but not about gods? Introduction to Philosophy: Philosophy of Religion introduces students to some of the major traditional arguments for and against the existence of God. It also includes discussions of some less well-known, but thought-provoking arguments for the existence of God, and one of the most important new challenges to religious belief from the Cognitive Science of Religion. An introductory chapter traces the deep interconnections between philosophy and religion throughout Western history, and a final chapter considers what place there is for non-Western and non-monotheistic religions within contemporary philosophy of religion. Whatever your religious beliefs-or lack of beliefs-we think you will find many of the arguments in this book fascinating to think about, and useful starting points for deeper philosophical discussions.

**Contemporary Issues in Bioethics** Anna C. Mastroianni 2013-01-01 **CONTEMPORARY ISSUES IN BIOETHICS, 8E, International Edition** provides balanced coverage and detailed analysis of key topics in bioethics, including human reproduction; euthanasia and assisted suicide; genetics and genetic testing; the right to health care; organ donation and transplantation; human and animal research; as well as policy and planning for public health threats. With a diverse range of classic and contemporary essays and landmark court cases written by influential scholars and judges, this anthology will help you understand bioethics from a variety of perspectives.

*Contemporary Nursing* Barbara Cherry (Nurse) 2011 *Contemporary Nursing, Issues, Trends, & Management, 6th Edition* prepares you for the rapidly evolving world of health care with a comprehensive yet focused survey of nursing topics affecting practice, as well as the issues facing today's nurse managers and tomorrow's nurse leaders. Newly revised and updated, Barbara Cherry and Susan Jacob provide the most practical and balanced preparation for the issues, trends, and management topics you will encounter in practice. Content mapped to the AACN BSN Essentials emphasizes intraprofessional teams, cultural humility and sensitivity, cultural competence, and the CLAS standards. Vignettes at the beginning of each chapter put nursing history and practice into perspective, followed by Questions to Consider While Reading This Chapter that help you reflect on the Vignettes and prepare you for the material to follow. Case studies throughout the text challenge you to apply key concepts to real-world practice. Coverage of leadership and management in nursing prepares you to function effectively in management roles. Career management strategies include advice for making the transition from student to practitioner and tips on how to pass the NCLEX-RN® examination. Key terms, learning outcomes, and chapter overviews help you study more efficiently and effectively. Helpful websites and online resources provide ways to further explore each chapter topic. Coverage of nursing education brings you up to date on a wide range of topics, from the emergence of interactive learning strategies and e-learning technology, to the effects of the nursing shortage and our aging nursing population. Updated information on paying for health care in America, the Patient Protection and Affordable Care Act, and statistics on health insurance coverage in the United States helps you understand the history and reasons behind healthcare financing reform, the costs of healthcare, and current types of managed care plans. A new section on health information technology familiarizes you with how Electronic Health Records (EHRs), point-of-care technologies, and consumer health information could potentially impact the future of health care. Updated chapter on health policy and politics explores the effect of governmental roles, structures, and actions on health care policy and how you can get involved in political advocacy at the local, state, and federal level to help shape the U.S. health care system. The latest emergency preparedness and response guidelines from the Federal Emergency Management Agency (FEMA), the Centers for Disease Control (CDC), and the World Health Organization (WHO) prepare you for responding to natural and man-made disasters. **Stories of the Vikings** Mary MacGregor 2018-03-01 On a summer day nearly twelve hundred years ago, three ships with bright red sails drew near to one of the little ports of the Dorset coast in the south of England. The townsfolk saw the ships, and paying no heed to the bright sails, said carelessly one to another, 'The merchantmen will be in port to-day.' And the harbour-master gathered together a few of his men and hastened to the quay. For he, too, had seen the ships, and, as in duty bound, he went to meet them, to demand from the captains the port taxes which were lawfully due to the king. But townsfolk and harbour-master alike had made a grievous mistake that summer day. For, as they soon discovered to their cost, and as the red sails might have forewarned them, the three ships were no peaceful merchantmen...

**A Theory of Bioethics** David DeGrazia 2021-08-26 Offers a compelling theory of bioethics, covering medical assistance-in-dying, the right to health care, abortion, animal research, and the definition of death.

*Ethics of Armed Conflict* John W. Lango 2014-01-29 Just war theory exists to stop armies and countries from using armed force without good cause. But how can we judge whether a war is just? In this original book, John W. Lango takes some distinctive approaches to the ethics of armed conflict. DT A revisionist approach that involves generalising traditional just war principles, so that they are applicable by all sorts of responsible agents to all forms of armed conflict DT A cosmopolitan approach that features the Security Council DT A preventive approach that emphasises alternatives to armed force, including negotiation, nonviolent action and peacekeeping missions DT A human rights approach that encompasses not only armed humanitarian intervention but also armed invasion, armed revolution and all other forms of armed conflict Lango shows how these can be applied to all forms of armed conflict, however large or small: from interstate wars to UN peacekeeping missions, and from civil wars counter-insurgency and counter-terrorism operations.

**Ethical Issues in Business** Thomas Donaldson 1983

**Secular Cosmopolitanism, Hospitality, and Religious Pluralism** Andrew Fiala 2016-10-04 This book explores the idea of religious pluralism while defending the norms of secular cosmopolitanism, which include liberty, tolerance, civility, and hospitality. The secular cosmopolitan ideal requires us to be more tolerant and more hospitable toward religious believers and non-believers from diverse traditions in our religiously pluralistic world. Some have argued that the world's religions can be united around a common core. This book argues that it is both impossible and inadvisable either to reduce religion to one thing or to deny religion. Instead, the book affirms non reductive pluralism and seeks to understand how we should live in a pluralistic world. Building on work in the sociology of religion and philosophy of religion, the book examines the grown of religious diversity (and the spread of nonreligion) in the contemporary world. It argues that religious toleration, hospitality, and compassion must be extended in a global direction. Secular cosmopolitanism recognizes that each person has a right to his or her deepest beliefs and that the diversity of the world's religious and non-religious traditions cannot be reduced or eliminated.

**Exploring Ethics** Steven M. Cahn 2013-11 In this remarkably accessible, concise, and engaging introduction to moral philosophy, Steven M. Cahn brings together a rich, balanced, and wide-ranging collection of fifty readings on ethical theory and contemporary moral issues. He has carefully edited all the articles to ensure that they will be exceptionally clear and understandable to undergraduate students. The selections are organized into three parts—Challenges to Morality, Moral Theories, and Moral Problems—providing instructors with flexibility in designing and teaching a variety of ethics courses. Each reading is followed by study questions. The third edition of *Exploring Ethics* provides more coverage of contemporary problems, featuring new selections on euthanasia, capital punishment, animal rights, affirmative action, academic ethics, the trolley problem, and the meaning of life. A Companion Website at [www.oup.com/us/cahn](http://www.oup.com/us/cahn) offers a password-protected Instructor's Manual—containing a test bank, key terms with definitions, reading summaries, and

PowerPoint lectures—and self-quizzes, vocabulary flashcards, and useful links for students.

**Doing Ethics: Moral Reasoning and Contemporary Issues** Vaughn, Lewis 2015-09-24 Doing Ethics emphasizes that moral decision making is an active process - something one does. The Fourth Edition provides students with the theoretical and logical tools that a morally mature person must bring to that process, and offers a wealth of readings and case studies for them to consider and discuss. Streamlined prose, real-world relevance, and practical pedagogy - all at an affordable price - make Doing Ethics the leading applied ethics text.

**Morality and Moral Controversies** John Arthur 2009 For courses in Ethics, Applied Ethics, Social and Political Ethics, and Ethics and Moral Issues. This comprehensive anthology includes classic and contemporary readings in moral theory and the most current applied ethics debates emphasizing international concerns. Includes court cases in philosophical readings, an ethical theory overview; shows relevance of traditional and contemporary writers.

**The Right Thing to Do** James Rachels 1989 Anthology of readings in moral philosophy.

**Law and Ethics in the Business Environment** Terry Halbert 2014-02-01 Blending theory with real-life applications, the 8th Edition of LAW AND ETHICS IN THE BUSINESS ENVIRONMENT presents up-to-the-minute issues in business ethics, along with the latest in case law for an exciting and thought-provoking text.

Rather than shying away from controversial topics, the text encourages lively classroom debate on everything from privacy and workers' rights to diversity and stereotyping. Its insightful cases, end-of-chapter questions, historical quotes, and chapter projects sharpen your critical thinking skills, while a wealth of interactive assignments like role plays, mock trials, roundtables, and negotiations prepare you for the ethical and legal dilemmas of the business world.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Ethical Issues in Modern Medicine: Contemporary Readings in Bioethics** Bonnie Steinbock 2012-03-29

**Business Ethics in Theory and Practice** Patricia Werhane 2013-04-17 This book originated in a symposium on business ethics that took place in the Faculty of Commerce at the University of Canterbury in September of 1997. Professor Werhane, who was a visiting Erskine Fellow, provided the keynote address, and many of the papers in this collection were originally presented at this symposium. We are grateful to Kluwer Publishers for the opportunity to publish these essays in their series on International Business Ethics. We want to thank the Olsson Center for Applied Ethics at the Darden School, University of Virginia, and the Erskine Trust and the Department of Management at the University of Canterbury for their support of Professor Werhane's fellowship, research for this text, and funding for its production. We especially want to thank Lisa Spiro, who copy-edited and prepared the manuscript for publication. INTRODUCTION AND OVERVIEW This book originated in a symposium on business ethics that took place in the faculty of commerce, at the University of Canterbury, in September 1997. Professor Werhane, who was a visiting Erskine Fellow, provided the keynote address. Contributions to the proceedings were. inter-disciplinary, spanning theory and practice. Subsequent contributions were obtained from within New Zealand and from Asia. The book starts off on rather a pessimistic note: the new managerialism (the kind of thing Scott Adams jokes about in the world-famous Dilbert cartoons) is economically suspect and psychologically damaging.

**ACA Ethical Standards Casebook** Barbara Herlihy 2014-11-04 "This practical guide is ideal both for teaching future members of the profession about their ethical responsibilities and for reinforcing ethical competence among current professionals. We strongly recommend this book." Jeffrey E. Barnett, PsyD, ABPP W. Brad Johnson, PhD Loyola University Maryland United States Naval Academy Coauthors, Ethics Desk Reference for Counselors, 2nd Edition "Herlihy and Corey's text boosts the reader's ethical understanding leaps and bounds above mere reading of the ACA Code of Ethics. With multifaceted case study

examples and an integrated approach to tackling ethical dilemmas, this book is a must-read for students, counselors, counselor educators, and supervisors." Shannon Hodges, PhD Michael Knight Niagara University Graduate Student, Niagara University ACA Ethics Revision Task Force Member The seventh edition of this top-selling text provides a comprehensive resource for understanding the 2014 ACA Code of Ethics and applying its principles to daily practice. Each individual standard of the Code is presented with an explanatory case vignette, and a Study and Discussion Guide is provided at the beginning of each major section of the Code to stimulate thought and discussion. Common ethical concerns, with instructive case studies, are then explored in individual chapters.

Topics addressed include client rights and informed consent, social justice and counseling across cultures, confidentiality, counselor competence, working with minor clients, managing boundaries, client harm to self or others, counselor training and supervision, research and publication, and the intersection of ethics and law. Chapters new to this edition examine managing value conflicts and the issues surrounding new technology, social media, and online counseling. The Casebook also contains an Inventory of Attitudes and Beliefs About Ethical Issues to assist counselors in developing a personal ethical stance. \*Requests for digital versions from the ACA can be found on wiley.com. \*To request print copies, please visit the ACA website here. \*Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

**Ethics: Theory and Contemporary Issues** Barbara MacKinnon 2014-01-01 Introduce your students to the major perspectives in ethical theory and a broad range of contemporary moral debates using MacKinnon/Fiala's ETHICS: THEORY AND CONTEMPORARY ISSUES, Eighth Edition. Illuminating overviews and a selection of readings from traditional and contemporary sources make even complex philosophical concepts reader-friendly. Comprehensive, clear-sighted introductions to general and specific areas of ethical debate cover influential ethical theories, including religion and global ethics, utilitarianism and deontology, natural law ethics, virtue ethics, and feminist and care ethics. Contemporary moral issues discussed include euthanasia, sexual morality, economic justice, animal ethics, war, violence, and globalization. A broader range of voices and philosophical traditions in this edition includes continental and non-Western philosophers, with new readings from prominent ethicists such as Kwame Anthony Appiah, Angela Y. Davis, Mohandas Gandhi, and Richard Rorty. Increased coverage of contemporary dilemmas highlights issues of widespread interest, such as same-sex marriage, structural racism, factory farming, pacifism, and global distributive justice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Business Ethics For Dummies** Norman E. Bowie 2011-02-09 The tools you need to deal with ethical dilemmas in business In today's world, it's increasingly important for all businesses and government agencies to implement ethical conduct in the workplace. Therefore, business ethics has become required coursework for most students in undergraduate and postgraduate business programs. Mapping to a business ethics course, Business Ethics For Dummies examines ethical theory and discusses the moral issues facing corporate America. It covers topics such as conflicts of interest, trade secrets and insider trading, product safety and product liability, hiring, drug testing, sexual harassment, diversity, and much more. The basics of ethics and making ethical decisions How-tos on incorporating business ethics in the workplace A discussion of moral issues facing corporate America Packed with easy-to-understand explanations and examples, Business Ethics For Dummies is a helpful resource for students, professors, business owners, managers, and CEOs who seek a clear understanding of the importance of ethics.

**Ethics for the Information Age** Michael Jay Quinn 2006 Widely praised for its balanced treatment of computer ethics, Ethics for the Information Age offers a modern presentation of the moral controversies surrounding information technology. Topics such as privacy and intellectual property are explored through multiple ethical theories, encouraging readers to think critically about these issues and to make their own ethical decisions.
