[Hannah Coulter](#) Wendell Berry 2005-10-10 Hannah Coulter is Wendell Berry's seventh novel and his first to employ the voice of a woman character in its telling. Hannah, the now-elderly narrator, recounts the love she has for the land and for her community. She remembers each of her two husbands, and all places and community connections threatened by twentieth-century technologies. At risk is the whole culture of family farming, hope redeemed when her wayward and once lost grandson, Virgil, returns to his rural home place to work the farm.

Letters to a Young Farmer Martha Hodgkins 2017-03-07 An agricultural revolution is sweeping the land. Appreciation for high-quality food, often locally grown, an awareness of the fragility of our farmlands, and a new generation of young people interested in farming, animals, and respect for the earth have come together to create a new agrarian community. To this group of farmers, chefs, activists, and visionaries, Letters to a Young Farmer is addressed. Three dozen esteemed leaders of the changes that made this revolution possible speak to the highs and lows of farming life in vivid and personal letters specially written for this collaboration. Barbara Kingsolver speaks to the tribe of farmers—some born to it, many self-selected—with love, admiration, and regret. Dan Barber traces the rediscovery of lost grains and foodways. Michael Pollan bridges the chasm between agriculture and nature. Bill McKibben connects the early human quest for beer to the modern challenge of farming in a rapidly changing climate. Letters to a Young Farmer is a vital road map of how we eat and farm, and why now, more than ever before, we need farmers.

[Wendell Berry and Higher Education](#) Jack R. Baker 2017-06-13 Prominent author and cultural critic Wendell Berry is well known for his contributions to agrarianism and environmentalism, but his commentary on education has received comparatively little attention. Berry has been eloquently unmasking America's cultural obsession with restless mobility for decades, arguing that it causes damage to both the land and the character of our communities. Education, he maintains, plays a central role in this obsession, inculcating in students' minds the American dream of moving up and moving on. Drawing on Berry's essays, fiction, and poetry, Jack R. Baker and Jeffrey Bilbro illuminate the influential thinker's vision for higher education in this pathbreaking study. Each chapter begins with an examination of one of Berry's fictional narratives and then goes on to consider how the passage inspires new ways of thinking about the university's mission. Throughout, Baker and Bilbro argue that instead of training students to live in their careers, universities should educate students to inhabit and serve their places. The authors also offer practical suggestions for how students, teachers, and administrators might begin implementing these ideas. Baker and Bilbro conclude that institutions guided by Berry's vision might cultivate citizens who can begin the work of healing their communities -- graduates who have been educated for responsible membership in a family, a community, or a polity.

Roots to the Earth Wendell Berry 2016-08-22 In 1995, Wendell Berry's *Roots to the Earth* was published in portfolio form by West Meadow Press. The wood etchings of celebrated artist and wood engraver, Wesley Bates, were printed from the original wood blocks on handmade Japanese paper. In 2014, this work was reprinted at Larkspur Press, along with additional poems. It is now with great pleasure that Counterpoint reproduces this collaborative work for trade publication, as well as expanding it with the inclusion of a short story, "The Branch Way of Doing," and additional engravings by Bates. In his introduction to the 2014 collection, Bates wrote: "As our society moves toward urbanization, the majority of the population views agriculture from an increasingly detached position. . . In his poetry [Berry] reveals tenderness and love as well as anger and uncertainty. . . The wood engravings in this collection are intended to be companion pieces to. . . the way he expresses what it is to be a farmer."

A Country of Marriage Wendell Berry 2013-03-26 First published in 1971, *The Country of*

Marriage is Wendell Berry's fifth volume of poetry. What he calls "an expansive metaphor" is "a farmer's relationship to his land as the basic and central relation of humanity to creation."

"Similarly, marriage is the basic and central community tie; it begins and stands for the relation we have to family and to the larger circles of human association. And these relationships are in turn basic to, and may stand for, our relationship to God and to the sustaining mysteries and powers of creation." Each of the thirty-five poems in this collection is concerned with this metaphor. The long sequence that is itself entitled "The Country of Marriage," perhaps the finest single work in the book, is a grave, moving, and beautifully wrought love poem. But the shorter lyrics have an equal grace and beauty—writing that contains the exhilarating lucidity of the mountain spring water. And there are most notably, several more poems about the "Mad Farmer," who advises us here to 'every day do something that won't compute.' Berry has here perfected a work that is immediately accessible but that becomes, as we read it again, always more satisfying, reverberant with manifold meanings.

Jayber Crow Wendell Berry 2000 Jayber Crow finds purpose in his life as he works as a barber in a small community.

[Wendell Berry and Higher Education](#) Jack R. Baker 2017-06-13 Why the university should focus on community: "An enlightening interpretation of Wendell Berry's philosophy for the pursuit of a holistic higher education." —Publishers Weekly Prominent author and cultural critic Wendell Berry is well known for his contributions to agrarianism and environmentalism, but his commentary on education has received comparatively little attention. Yet Berry has been eloquently unmasking America's cultural obsession with restless mobility for decades, arguing that it causes damage to both the land and the character of our communities. The education system, he maintains, plays a central role in this obsession, inculcating in students' minds the American dream of moving up and moving on. Drawing on Berry's essays, fiction, and poetry, Jack R. Baker and Jeffrey Bilbro illuminate the influential thinker's vision for higher education in this path-breaking study. Each chapter begins with an examination of one of Berry's fictional narratives and then goes on to consider how the passage inspires new ways of thinking about the university's mission. Throughout, Baker and Bilbro argue that instead of training students to live in their careers, universities should educate students to inhabit and serve their places. The authors also offer practical suggestions for how students, teachers, and administrators might begin implementing these ideas. Baker and Bilbro conclude that institutions guided by Berry's vision might cultivate citizens who can begin the work of healing their communities—graduates who have been educated for responsible membership in a family, a community, or a polity.

The Unsettling of America Wendell Berry 1996-03-01 A critical inquiry into the ways Americans have exploited and continue to exploit the land that sustains them, tracing attitudes toward and methods of farming from the eighteenth century to the present

[Watch With Me](#) Wendell Berry 2018-01-01 This volume of six linked stories and the novella from which the book derives its title is set in Port William from 1908 to the Second World War. Here Wendell Berry introduces two of his more indelible and poignant characters, Ptolemy Proudfoot and his wife Miss Minnie, remarkable for the comic and affectionate range that—with the mastery of this consummate storyteller working at the height of his powers—here approaches the Shakespearean. Tol Proudfoot is huge, outsized, in the tradition of the mythic. The three-hundred-pound farmer, personally imposing and unkempt, is also the most graceful of presences, reserved and gallant toward his tiny wife, the ninety-pound schoolteacher. Their contrasts are humorous, of course, and recall the tall tales of rural Americana. In the novella *Watch with Me*, we are given a story of such depth, breadth, and importance it earns being listed as one of the most important short stories written in the American language during the twentieth century. "Wendell Berry writes with a good husbandman's care and economy . . . His stories are

filled with gentle humor.” —The New York Times Book Review “Berry is the master of earthy country living seen through the eyes of laconic farmers . . . He makes his stories shine with meaning and warmth.” —The Christian Science Monitor “A small treasure of a book . . . part of a long line that descends from Chaucer to Katherine Mansfield to William Trevor.” —Chicago Tribune

A Place on Earth Wendell Berry 2010-05-07 Part ribald farce, part lyrical contemplation, Wendell Berry's novel is the story of a place-Port William, Kentucky-the farm lands and forests that surround it, and the river that runs nearby The rhythms of this novel are the rhythms of the land. ...

Remembering Wendell Berry 2009-03-01 A poetic novel of despair, hope, and the redemptive power of work deepens an award-winning author's grand Port Williams literary project. After losing his hand in an accident, Andy Catlett confronts an agronomist whose surreal vision can see only industrial farming. This vision is powerfully contrasted with that of modest Amish farmers content to live outside the pressures brought by capitalist postindustrial progress, and by working the land to keep away the three great evils of boredom, vice, and need. As Andy's perspective filters through his anger over his loss and the harsh city of San Francisco surrounding him, he begins to remember: the people and places that wait 2,000 miles away in his Kentucky home, the comfort he knew as a farmer, and his symbiotic relationship to the soil. Andy laments the modern shift away from the love of the land, even as he begins to accept his own changed relationship to the world. Wendell Berry's continued fascination with the power of memory continues in this treasured novel set in 1976. “[Berry's] poems, novels and essays . . . are probably the most sustained contemporary articulation of America's agrarian, Jeffersonian ideal.” —Publishers Weekly “Wendell Berry is one of those rare individuals who speaks to us always of responsibility, of the individual cultivation of an active and aware participation in the arts of life.” —The Bloomsbury Review

The Grumbler's Guide to Giving Thanks Dustin Crowe 2020-10-06 Trade Grumbling for Gratitude—Experience God like Never Before The apostle Paul instructed the Philippians to be anxious in nothing and thankful in everything. And when he said everything—he meant everything. We can all agree that this is easier said than done. Disappointments and discontent may cause you to slip into dissatisfaction, and grumbling becomes a state of mind—gratitude seems impossible to find. However, what if this is the precise reason you lack the joy of a God-filled life? Instead of a reaction to when things are going well, what if gratitude is actually necessary to knowing the hope of our gracious God? This is exactly what Pastor Dustin Crowe identifies in *The Grumbler's Guide to Giving Thanks*. Dustin examines the biblical foundations of thankfulness and traces how it can reshape every-day Christian living. When we express gratitude in all things, we not only praise our Creator, we also get to know Him better. With *The Grumbler's Guide*, you'll learn how to practice thanksgiving in both simple and extraordinary ways, even when you're tempted to dwell on the negative. You'll find your outlook on life realigned to see the hand of God in everything, strengthening your trust in Him. And in doing so, you'll find greater, more joy-filled reasons to continue expressing thanks to our good and generous God.

Wendell Berry and the Cultivation of Life J. Matthew Bonzo 2008-12 Gives readers a concise introduction to the cultural and spiritual themes in the writings of Wendell Berry.

Resist Much, Obey Little James Hepworth 1996 A selection of 35 scientific contributions to the workshop, which was held in conjunction with the international conference Healthy Buildings '95. They cover major issues related to the quality of indoor hospital air with perspectives from North America, Scandinavia, Italy, and Russia; ventilation requirements, focusing on designing and maintaining systems and on providing clean air to such critical areas as infectious disease wards and surgical theaters; chemical and biological air pollution; airborne allergens and the problems they cause health-care personnel; technical aspects and strategies for managing air quality; and conclusions and recommendations. Annotation copyrighted by Book News, Inc., Portland, OR

Consilience E. O. Wilson 2014-11-26 "A dazzling journey across the sciences and humanities in search of deep laws to unite them." --The Wall Street Journal One of our greatest living scientists--and the winner of two Pulitzer Prizes for *On Human Nature* and *The Ants*--gives us a work of visionary importance that may be the crowning achievement of his career. In *Consilience* (a word that originally meant "jumping together"), Edward O. Wilson renews the Enlightenment's search for a unified theory of knowledge in disciplines that range from physics to biology, the social sciences and the humanities. Using the natural sciences as his model, Wilson forges dramatic links between fields. He explores the chemistry of the mind and the genetic bases of culture. He postulates the biological principles underlying works of art from cave-drawings to *Lolita*. Presenting the latest findings in prose of wonderful clarity and oratorical eloquence, and synthesizing it into a dazzling whole, *Consilience* is science in the path-clearing traditions of Newton, Einstein, and Richard Feynman.

This Day Wendell Berry 2013 For nearly thirty-five years, Wendell Berry has been at work on a series of poems occasioned by his solitary Sunday walks around his farm in Kentucky. From riverfront and meadows, to grass fields and woodlots, every inch of this hillside farm lives in these poems, as do the poet's constant companions in memory and occasion, family and animals, who have with Berry created his Home Place with love and gratitude. There are poems of spiritual longing and political extremity, memorials and celebrations, elegies and lyrics that include some of the most beautiful domestic poems in American literature, alongside the occasional rants of the Mad Farmer, pushed to the edge yet again by his compatriots and elected officials. With the publication of this new complete edition, it is becoming increasingly clear that *The Sabbath Poems* have become the very heart of Berry's entire work. And these magnificent poems, taken as a whole, have become one of the greatest contributions ever made to American poetry.

The Selected Poems of Wendell Berry Wendell Berry 2010-08 This rich volume reflects the development of Berry's poetic sensibility. "the Selected Poems of Wendell Berry makes available cartloads and heaps of clear and fluent work from Berry's fourteen books of poetry and four decades of writing, closely documenting the inner and the visible lives Berry sees and feels in agriculture and in nature."

The Deceptions Jill Bialosky 2022-09-06 Finalist for the Gotham Book Prize An explosive tale of art and myth, desire and betrayal, from New York Times bestselling author Jill Bialosky Something terrible has happened and I don't know what to do. An unnamed narrator's life is unraveling. Her only child has left home, and her twenty-year marriage is strained. Anticipation about her soon-to-be-released book of poetry looms. She seeks answers to the paradoxes of love, desire, and parenthood among the Greek and Roman gods at the Metropolitan Museum of Art. As she passes her days teaching at a boys' prep school, spending her off-hours sequestered in the museum's austere galleries, she is haunted by memories of a yearlong friendship with a colleague, a fellow poet struggling with his craft. As secret betrayals and deceptions come to light and rage threatens to overwhelm her, the pantheon of gods assume remarkably vivid lives of their own, forcing her to choose between reality and myth in an effort to free herself from the patriarchal constraints of the past and embrace a new vision for her future. *The Deceptions* is a page-turning and seductively told exploration of female sexuality and ambition as well as a human drama that dares to test the stories we tell ourselves. It is also a brilliant investigation of a life caught between the dueling magnetic poles of privacy and its appropriation in art and literature. Celebrated poet, memoirist, and novelist Jill Bialosky has reached new and daring heights in her boldest work yet.

A World Lost Wendell Berry 2010-08 Brilliantly detailed characters and subtle social observations distinguish Berry's unassuming but powerful fifth novel. The T.S. Eliot Award-winning poet, essayist and novelist writes with the authority of a man steeped in the culture of a time an...

The Wild Birds Wendell Berry 2019-05-14 “Berry is a superb writer. His sense of what makes characters tick is extraordinary . . . Short stories don't get any better than these.” —People As part of Counterpoint's celebration of beloved American author Wendell Berry comes this reissue of his 1986 classic, *The Wild Birds: Six Stories of the Port William Membership*. Those stories include “Thicker Than Liquor”, “Where Did They Go?”, “It Wasn't Me”, “The Boundary”, “That Distant Land”, and the titular “The Wild Birds.” Spanning more than three decades, from 1930 to 1967, these wonderful stories follow Wheeler Catlett, and reintroduce readers to the beloved

Remembering By Wendell Berry Pdf Pdf upload Betty q Paterson

people who live in Berry's fictional town of Port William, Kentucky.

Andy Catlett Wendell Berry 2010-09 Andy Catlett is the latest installment in Wendell Berrys Port William series, a distinct set of stories that Berry has been telling now for 50 years. Set during the Christmas of 1943, nine-year-old Andy Catlett sets off to visit his grandparents i... **The Way of Ignorance** Wendell Berry 2010-05 The continuing war in Iraq, Hurricane Katrina, the political sniping engendered by the Supreme Court nominations, Terry Schiavo - contemporary American society is characterized by divisive anger, profound loss, and danger. Wendell Berry, one of the country's foremost cultural critics, addresses the menace, responding with hope and intelligence in a series of essays that tackle the major questions of the day. Whose freedom are we considering when we speak of the "free market" or "free enterprise?" What is really involved in our National Security? What is the price of ownership without affection? Berry answers in prose that shuns abstraction for clarity, coherence, and passion, giving us essays that may be the finest of his long career.

The Peace of Wild Things Wendell Berry 2018-02-22 If you stop and look around you, you'll start to see. Tall marigolds darkening. A spring wind blowing. The woods awake with sound. On the wooden porch, your love smiling. Dew-wet red berries in a cup. On the hills, the beginnings of green, clover and grass to be pasture. The fowls singing and then settling for the night. Bright, silent, thousands of stars. You come into the peace of simple things. From the author of the 'compelling' and 'luminous' essays of *The World-Ending Fire* comes a slim volume of poems. Tender and intimate, these are consoling songs of hope and of healing; short, simple meditations on love, death, friendship, memory and belonging. They celebrate and elevate what is sensuous about life, and invite us to pause and appreciate what is good in life, to stop and savour our fleeting moments of earthly enjoyment. And, when fear for the future keeps us awake at night, to come into the peace of wild things.

Remembering Laughter Wallace Stegner 1937

Remembering Wendell Berry 2008-05-28 Wendell Berry's continued fascination with the power of memory continues in this treasured novel set in 1976. Andy Catlett, a farmer whose hand was lost in an accident only eight months prior, wanders the streets of San Francisco. As his perspective filters through his anger over his loss and the harsh city that surrounds him, Andy begins to remember: the people and places that wait 2,000 miles away in his Kentucky home, the comfort he knew as a farmer, and his symbiotic relationship to the soil. Andy laments the modern shift away from the love of the land, even as he begins to accept his own changed relationship to the world.

The Shape of My Heart Richard Ray 2022-04-26 How well do we know our vocational purpose? How do our life circumstances cause us to reconsider our vocational purpose? How can we know if we are living the life to which God is calling us? This book tells the story of author Richard Ray as he searches for answers to these questions while making a pilgrimage to the shrine of St. James on the Camino de Santiago. Human beings have sought meaning for their lives through transcendent experiences for thousands of years. The pilgrimage is one such transcendent experience. A practice that has a place in all of the world's great religions, the act of pilgrimage, is many things to many pilgrims--retreat, extended prayer, penance for sins, an opening to spiritual or religious conversion. This book provides readers with an opportunity to learn more about pilgrims and pilgrimage, including historical, religious, cultural, artistic, and economic perspectives--all through the journey of an experienced pilgrim. Readers will, perhaps, begin to frame their worldview through the lens of pilgrimage and to conceive of their lives as purposeful journeys to God.

Localism in the Mass Age Mark T. Mitchell 2018-04-02 In the United States the conventional left/right distinction has become increasingly irrelevant, if not harmful. The reigning political, cultural, and economic visions of both the Democrats and the Republicans have reached obvious dead ends. Liberalism, with its hostility to any limits, is collapsing. So-called Conservatism has abandoned all pretense of conserving anything at all. Both dominant parties seem fundamentally incapable of offering coherent solutions for the problems that beset us. In light of this intellectual, cultural, and political stalemate, there is a need for a new vision. *Localism in the Mass Age: A Front Porch Republic Manifesto* assembles thirty-one essays by a variety of scholars and practitioners--associated with Front Porch Republic--seeking to articulate a new vision for a better future. The writers are convinced that human apprehension of the true, the good, and the beautiful is best realized within a dense web of meaningful family, neighborhood, and community relationships. These writers seek to advance human flourishing through the promotion of political decentralism, economic localism, and cultural regionalism. In short, Front Porch Republic is dedicated to renewing American culture by fostering the ideals necessary for strong communities.

The Memory of Old Jack Wendell Berry 2010-05 In a rural Kentucky river town, "Old Jack" Beechum, a retired farmer, sees his life again through the shades of one burnished day in September 1952. Bringing the earthiness of America's past to mind, *The Memory of Old Jack* conveys the truth and integrity of the land and the people who live from it. Through the eyes of one man can be seen the values Americans strive to recapture as we arrive at the next century.

Remembering Wendell Berry 1988 Embittered by the loss of his hand in an accident and his growing alienation from his wife and children, Andy Catlett flees to San Francisco where his midnight walk through the city and accompanying memories initiate his emotional recovery

Plugged In Patti M. Valkenburg 2017-04-25 An illuminating study of the complex relationship between children and media in the digital age Now, as never before, young people are surrounded by media—thanks to the sophistication and portability of the technology that puts it literally in the palms of their hands. Drawing on data and empirical research that cross many fields and continents, authors Valkenburg and Piotrowski examine the role of media in the lives of children from birth through adolescence, addressing the complex issues of how media affect the young and what adults can do to encourage responsible use in an age of selfies, Twitter, Facebook, and Instagram. This important study looks at both the sunny and the dark side of media use by today's youth, including why and how their preferences change throughout childhood, whether digital gaming is harmful or helpful, the effects of placing tablets and smartphones in the hands of toddlers, the susceptibility of young people to online advertising, the legitimacy of parental concerns about media multitasking, and more.

Telling the Stories Right Jack Baker 2018-03-26 Wendell Berry thinks of himself as a storyteller. It's somewhat ironic then that he is better known as an essayist, a poet, and an advocate for small farmers. The essays in this collection consider the many facets of Berry's life and work, but they focus on his efforts as a novelist and story writer. Indeed, Berry had already published three novels before his seminal work of cultural criticism, *The Unsettling of America*, established him as an ardent defender of local communities and sustainable agriculture. And over the past fifty years, he has published eight novels and more than forty-eight short stories set in the imagined community of Port William. His exquisite rendering of this small Kentucky town challenges us to see the beauty of our own places and communities and to tend their health, threatened though it inevitably is. The twelve contributors to this collection approach Berry's fiction from a variety of perspectives--literary studies, journalism, theology, history, songwriting--to shed light on its remarkable ability to make a good life imaginable and compelling. The first collection devoted to Berry's fiction, this volume insists that any consideration of Berry's work must begin with his stories.

Fidelity Wendell Berry 2018-08-14 Reissued as part of Counterpoint's celebration of beloved American author Wendell Berry, the five stories in *Fidelity* return readers to Berry's fictional town of Port William, Kentucky, and the familiar characters who form a tight-knit community within. "Berry richly evokes Port William's farmlands and hamlets, and his characters are fiercely individual, yet mutually protective in everything they do. . . . His sentences are exquisitely constructed, suggesting the cyclic rhythms of his agrarian world." —The New York Times Book Review "Each of these elegant stories spans the twentieth century and reveals the profound interconnectedness of the farmers and their families to one another, to their past and to the landscape they inhabit." —The San Francisco Chronicle "Visionary . . . rooted in a deep concern for nature and the land, . . . [these stories are] tough, relentless and clear. In a roundabout way they are confrontational because they ask basic questions about men and women, violence, work and loyalty." —Hans Ostrom, *The Morning News Tribune*

Women Writers and Old Age in Great Britain, 1750-1850 Devoney Looser 2008-08-01 This groundbreaking study explores the later lives and late-life writings of more than two dozen

British women authors active during the long eighteenth century. Drawing on biographical materials, literary texts, and reception histories, Devoney Looser finds that far from fading into moribund old age, female literary greats such as Anna Letitia Barbauld, Frances Burney, Maria Edgeworth, Catharine Macaulay, Hester Lynch Piozzi, and Jane Porter toiled for decades after they achieved acclaim -- despite seemingly concerted attempts by literary gatekeepers to marginalize their later contributions. Though these remarkable women wrote and published well into old age, Looser sees in their late careers the necessity of choosing among several different paths. These included receding into the background as authors of "classics," adapting to grandmotherly standards of behavior, attempting to reshape masculinized conceptions of aged wisdom, or trying to create entirely new categories for older women writers. In assessing how these writers affected and were affected by the culture in which they lived, and in examining their varied reactions to the prospect of aging, Looser constructs careful portraits of each of her Subjects and explains why many turned toward retrospection in their later works. In illuminating the powerful and often poorly recognized legacy of the British women writers who spurred a marketplace revolution in their earlier years only to find unanticipated barriers to acceptance in later life, Looser opens up new scholarly territory in the burgeoning field of feminist age studies.

Three Short Novels Wendell Berry 2002 This collection restores to print three old favorites, newly revised by the author and never before gathered in one volume. "Three Short Novels" will be followed shortly by "The Collected Stories," which will complete the Port William cycle in its definitive, uniform edition.

That Distant Land Wendell Berry 2009-05-01 Originally published in 2005, *That Distant Land* brings together twenty-three stories from the Port William Membership. Arranged in their fictional chronology, the book is not an anthology so much as it is a coherent temporal mapping of this landscape over time, revealing Berry's mastery of decades of the life lived alongside this clutch of interrelated characters bound by affection and followed over generations. This volume combines the stories found in *The Wild Birds* (1985), *Fidelity* (1992), and *Watch with Me* (1994), together with a map and a charting of the complex and interlocking genealogies.

The Long-Legged House Wendell Berry 2012-04-12 First published in 1969 and out of print for more than twenty-five years, *The Long-Legged House* was Wendell Berry's first collection of essays, the inaugural work introducing many of the central issues that have occupied him over the course of his career. Three essays at the heart of this volume—"The Rise," "The Long-Legged House," and "A Native Hill"—are essays of homecoming and memoir, as the writer finds his home place, his native ground, his place on earth. As he later wrote, "What I stand for is what I stand on," and here we see him beginning the acts of rediscovery and resettling.

Our Only World Wendell Berry 2015-02-01 "Stern but compassionate, author Wendell Berry raises broader issues that environmentalists rarely focus on . . . In one sense Berry is the voice of a rural agrarian tradition that stretches from rural Kentucky back to the origins of human civilization. But his insights are universal because *Our Only World* is filled with beautiful, compassionate writing and careful, profound thinking."—Associated Press The planet's

environmental problems respect no national boundaries. From soil erosion and population displacement to climate change and failed energy policies, American governing classes are paid by corporations to pretend that debate is the only democratic necessity and that solutions are capable of withstanding endless delay. Late Capitalism goes about its business of finishing off the planet. And we citizens are left with a shell of what was once proudly described as The American Dream. In this collection of eleven essays, Berry confronts head-on the necessity of clear thinking and direct action. Never one to ignore the present challenge, he understands that only clearly stated questions support the understanding their answers require. For more than fifty years we've had no better spokesman and no more eloquent advocate for the planet, for our families, and for the future of our children and ourselves.

Nathan Coulter Wendell Berry 2009-03-01 *Nathan Coulter*, Wendell Berry's first book, was published in 1960 when he was twenty-seven. In his first novel, the author presents his readers with their first introduction to what would become Berry's life's work, chronicling through fiction a place where the inhabitants of Port William form what is more than community, but rather a "membership" in interrelatedness, a spiritual community, united by duty and bonds of affection for one another and for the land upon which they make their livelihood. When young Nathan loses his grandfather, Berry guides readers through the process of Nathan's grief, endearing the reader to the simple humanity through which Nathan views the world. Echoing Berry's own strongly held beliefs, Nathan tells us that his grandfather's life "couldn't be divided from the days he'd spent at work in his fields." Berry has long been compared to Faulkner for his ability to erect entire communities in his fiction, and his heart and soul have always lived in Port William, Kentucky. In this eloquent novel about duty, community, and a sweeping love of the land, Berry gives readers a classic book that takes them to that storied place.

Defending Jacob William Landay 2013 Andy Barber has been an ADA in his suburban Massachusetts county for more than 20 years. He is respected in his community and happy at home with his wife, Laurie, and son, Jacob. But after a shocking crime shatters their New England town, Andy is blindsided by what happens next: His 14-year-old son is charged with the murder of a fellow student.

Remembering the Future Christopher J. Keller 2009-01-01 *Remembering the Future* is a collection of poems, essays, and interviews that ask readers to see their world with double-vision-to imagine the redemptive consequences of engaging the world with a fastidious awareness of both the biblical tradition and the cultural moment. *Remembering the Future* is gathered from the first years of *The Other Journal*, an online quarterly positioned at the intersection of theology and culture. *The Other Journal* examines theology with fresh eyes, probing faith with passion, authenticity, and creativity; and this anthology represents the highlights of that endeavor, including content from some of the most important voices in the field of theology today. *Remembering the Future* offers readers an engaging, thought-provoking picture of what sound theological thinking can and must offer today's Christians giving witness to Christ in our contemporary cultural landscape.
