Seedfolks 2013-07-30 Paul Fleischman ALA Best Book for Young Adults • School Library Journal Best Book • Publishers Weekly Best Book • IRA/CBC Children's Choice • NCTE Notable Children's Book in the Language Arts A Vietnamese girl plants six lima beans in a Cleveland vacant lot. Looking down on the immigrant-filled neighborhood, a Romanian woman watches suspiciously. A school janitor gets involved, then a Guatemalan family. Then muscle-bound Curtis, trying to win back Lateesha. Pregnant Maricela. Amir from India. A sense of community sprouts and spreads. Newbery-winning author Paul Fleischman uses thirteen speakers to bring to life a community garden's founding and first year. The book's short length, diverse cast, and suitability for adults as well as children have led it to be used in countless one-book reads in schools and in cities across the country. Seedfolks has been drawn upon to teach tolerance, read in ESL classes,

promoted by urban gardeners, and performed in schools and on stages from South Africa to Broadway. The book's many tributaries—from the author's immigrant grandfather to his adoption of two brothers from Mexico—are detailed in his forthcoming memoir, *No Map, Great Trip: A Young Writer's Road to Page One*. "The size of this slim volume belies the profound message of hope it contains." —Christian Science Monitor

Creative Curriculum 1988-01-01 Teaching Strategies The Creative Curriculum comes alive! This videotape-winner of the 1989 Silver Apple Award at the National Educational Film and Video Festival demonstrates how teachers set the stage for learning by creating a dynamic well-organized environment. It shows children involved in seven of the interest areas in the The Creative Curriculum and explains how they learn in each area. Everyone conducts in-service training workshops for staff and parents or who teaches early childhood education courses will find the video an indispensable tool for explaining appropriate practice.

My Family's Soybean Farm 2022-09-13 Katie Olthoff Meet Alexander and Charlie - the farm boy and his helpful dog who narrate the busy life of a modern, working soybean farm in this fun and informative picture book about a family growing one of the top crops of American agriculture The busy days and many jobs of a farm family, the life cycle of a soybean plant, and its life as a crop getting to market are all detailed in My Family's Soybean Farm, a picture book on what it takes to grow soybeans, and how the crop becomes the many products we use every day. Each spread walks readers through the many steps of planting and growing the crop throughout the seasons, with extensive text features placed beside the story offering range of additional information for readers,

from STEM concepts to illustrations of farm equipment, diagrams, and more. The family's working together is highlighted throughout, across traditional roles and with modern-day tech: Alexander watches as Mom drives the tractor in a modern cab complete with GPS technology, and later, he and Dad check the crop both with age-old techniques like walking the fields ("crop scouting") and by using the latest drone technology, too. Detailed drawings show the life cycle of the soybean crop, as well as diagrams on larger concepts, like how soybeans are alternated with corn for soil preservation. Illustrations and information about literally every farm vehicle and other vehicles involved in growing soybeans and getting them to market are also here - including tractor and planter, sprayer, wagons and grain bins, processors, and finally, even barges and trains to get the crops to markets both domestic and around the world. Spreads also show how soybeans are used in a range of products, from Charlie's bowl of dog food, to foods like soy sauce, feed for farm animals, and more. About the publisher: Feeding Minds Press is a project of the American Farm Bureau Foundation for Agriculture whose mission is to build awareness and understanding of agriculture through education. We focus on helping young readers understand where their food comes from, who grows it, and how it gets to them and believe in cultivating curiosity about food and farming and how agriculture plays a role in our daily lives. All books from Feeding Minds Press have accompanying lessons, activities, and videos to further learning available on their website, www.feedingmindspress.com.

Probability and Statistics 2004
Michael J. Evans Unlike traditional introductory math/stat textbooks, Probability and Statistics: The Science of Uncertainty brings a modern flavor based on incorporating the computer to the course and an integrated approach to inference. From the start the book integrates simulations into its theoretical coverage, and emphasizes the use of computer-powered computation throughout.* Math and science majors with just one year of calculus can use this text and experience a refreshing blend of applications and theory that goes beyond merely mastering the technicalities. They'll get a thorough grounding in probability theory, and go beyond that to the theory of statistical inference and its applications. An integrated approach to inference is presented that includes the frequency approach as well as Bayesian methodology. Bayesian inference is developed as a logical extension of likelihood methods. A separate chapter is devoted to the important topic of model checking and this is applied in the context of the standard applied statistical techniques. Examples of data analyses using real-world data are presented throughout the text. A final chapter introduces a number of the most important stochastic process models using elementary methods. *Note: An appendix in the book contains Minitab code for more involved computations. The code can be used by students as templates for their own calculations.

If a software package like Minitab is used with the course then no programming is required by the students.

The work "Analyzing Casual Conversation" by Suzanne Eggins and Diana Slade, originally released in 1997, creates a systematic model for the examination and description of casual conversation in English. The writers assert that despite its sometimes aimless look and ostensibly unstructured material, casual conversation is a very structured undertaking and has a critical function in the social building of reality. The book works through real examples of casual conversations involving participants diverging in age, gender, ethnicity, and socio-economic class¹². Deriving on insights from sociology, linguistics, and critical semiotics, the book equips readers with the examinative skills to describe the levels of structure and critical interpretive models to explain the 'social work' that happens on through chat.

Eva had always been fascinated by the realm of magic, but she never anticipated that she would uncover her own witchcraft. She had spent her childhood in an ordinary family, living in an unremarkable town, devoid of any signs of the supernatural. However, on her sixteenth birthday, her life took an unexpected turn. A intriguing package arrived, sent by her grandmother, who had departed years ago. Within the package lay an ancient leather-bound book, its cover adorned with the inscription, "The Book of Shadows". As Eva opened the book, a surge of power coursed through her veins. She realized that the book held the arcane knowledge of her family's magical lineage, and that she was the last descendant of a long line of powerful witches. But she also discovered that she was not alone. There were others like her, individuals who possessed similar abilities, and some of them sought to wield their magic for malevolent purposes. Eva faced a pivotal decision: embrace her destiny as a witch and delve into the world of sorcery, or reject her newfound powers and continue living her life as she had always known it. Regardless of her choice, she knew that her life would forever be changed beyond recognition from that moment forward.

The publication "Analyzing Casual Conversation" by Suzanne Eggins and Diana Slade, originally issued in 1997, creates a systematic model for the study and portrayal of casual conversation in English. The authors contend that despite its sometimes aimless appearance and seemingly unstructured content, casual conversation is a highly structured undertaking and has a vital role in the social construction of reality. The book proceeds through real examples of casual conversations involving participants differing in age, gender, ethnicity, and socio-economic class¹². Pulling on insights from sociology, linguistics, and critical semiotics, the work furnishes readers with the analytical skills to describe the layers of structure and critical interpretive frameworks to clarify the 'social work' that happens on through chat.

First Love that Never Fades

Anna could never erase from memory her first love, Leo. Their paths had crossed when they were both 16, at a magical summer camp. They were utterly smitten, spending every day exchanging lighthearted banter, exchanging heartfelt thoughts, and experiencing the thrill of first love. Their bond was unbreakable, and they vowed to keep in touch, to wait for each other, and to love each other forever. But life, as it often does, had different plans in store for them. They lost track of each other, they moved on with their lives, and they eventually married other people. Years passed, and the whirlwind of life took them in different directions. But fate, it seems, had not forgotten their undeniable connection. At a chance encounter, at a long-awaited reunion, their paths crossed once again. The moment they laid eyes on each other, the spark of their connection rekindled. The same undeniable attraction that had drawn them together years ago was still potent. They felt the same thrill that had fueled their teenage romance, but they also felt the weight of time. Their emotions swirled for the unwavering devotion they had shared, but their minds grappled with the complexity of their current lives. They were caught in a tug-of-war, torn between the alluring memories of their first love and the comfort and familiarity of their present. They stood at a defining moment, forced to make a heartbreaking choice. Would they choose the magnetic pull of their first love, risking the unpredictability that lay ahead, or would they hold onto the stability of their current lives, forever wondering what could have been? Only time would tell if their unwavering connection would find a way to prevail.

He was weary of his living. He was dull, depressed, and unsatisfied. He had a employment he detested, a manager he despised, and a partner he didn't cherish. He had no zeal, no goal, no value. He felt like he was misusing his hours, his possibility, his being. He wished to change, he wanted to flee, he wanted to survive. He chose to resign from his employment, to end things with his girlfriend, to sell his belongings, and to buy a single ticket to the other side of the earth. He didn't understand where he was going, he didn't understand what he was carrying out, he didn't realize what he was looking for. He only knew that he had to go, that he had to discover, that he had to find out. He set out on a voyage of a thousand kilometers, a trip of thrill, of obstacle, of knowledge, of growth, of transformation.
