Responsible Restructuring 2011-08-18 Wayne Cascio Using real - life illustrations of successful, responsible restructurings at companies such as Charles Schwab, Cisco, Motorola, and Intel, this book provides alternatives to downsizing....

Responsible Restructuring 2002-10-02 Wayne F Cascio Firms that restructure through downsizing are not more profitable than those that don't, and often end up hurting themselves in the long run. Responsible Restructuring draws on the results of an eighteen-year study of S&P 500 firms to prove that it makes good business sense to restructure responsibly-to avoid downsizing and instead regard employees as assets to be developed rather than costs to be cut. Wayne Cascio explodes thirteen common myths about downsizing, detailing its negative impact on profitability, productivity, quality, and on the morale, commitment, and even health of survivors. He uses real-life examples to illustrate successful approaches to responsible restructuring used by companies such as Charles Schwab, Compaq, Cisco, Motorola, Reflexite, and Southwest Airlines. And he offers specific, step-by-step advice on what to do-and what not to do-when developing and implementing a restructuring strategy that, unlike layoffs, leaves the organization stronger and better able to face the challenges ahead.

Christian Coaching, Second Edition 2014-02-27 Gary Collins Do you long to make a difference in the lives of others? Every day, companies, churches, families, and individuals turn to coaches for help in navigating life's transitions. A widely used and respected resource for leaders, pastors, and counselors, Christian Coaching will equip you with the tools to help people overcome obstacles and turn their potential into reality. Now updated and expanded, this groundbreaking guide presents a unique biblically based coaching model, designed to help you: Develop and refine your active listening skills Connect with people on a meaningful level Clarify a vision and defining steps to put it into practice Guide someone through obstacles and life transitions Coach people in a variety of career, marriage, family, and church situations Empower people to establish healthy boundaries with friends, family, and work And much more Now with interactive forms and questionnaires for you and your clients, this comprehensive guide may be the most helpful and entertaining book on coaching you'll read. "Dr. Gary Collins takes all the vital elements of coaching and brings them together into one valuable resource. This book is essential for anyone—not just Christians—who wants to make a difference in the lives of others." —Ken Blanchard, coauthor of The One Minute Manager and Lead Like Jesus

Consultants News 1999

Library Journal 1999

The Library Journal 1999 Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

Grape-a-hol 2012 Michael Frederick Spratt The world is awash with wine - nearly 30 billion liters are produced every year. But how much is truly fine wine? Vastly less than what is claimed to be. By coining the term "Grape-a-hol" and defining it as "an alcoholic beverage made from fermented grape juice and passed off as a substitute for fine wine," this book exposes the questionable practices of big business and the regulatory myopia of governments that are subverting artisan wine making, altering consumer tastes, and sabotaging the future of fine wine. Industry insiders themselves, the authors draw on their intimate knowledge of both the U.S. and New Zealand wine industries to reveal how the line between fine wine and bulk wine has become dangerously blurred. But it is not too late. Grape-a-hol is a rallying cry to everyone who believes it is only art - not economics - that can create truly fine wine. MICHAEL F. SPRATT, Ph.D. is a founder and owner of Destiny Bay Vineyards. Michael currently serves as President of the Waiheke Winegrowers Association, is a Director of New Zealand Winegrowers, and a founding member of The Specialist Winegrowers of New Zealand. Prior to launching Destiny Bay in 2000, he was a partner in mergers & acquisitions consulting for PricewaterhouseCoopers in their San Francisco office. In addition to his 20 year career as an international management consultant, he spent nearly a decade in production and business management in the micro-electronics industry in Silicon Valley. Michael holds a Ph.D. in Psychology from the University of California at Berkeley. He has written a number of articles on wine industry issues in New Zealand. MARK L. FELDMAN, Ph.D. is the CEO of Destiny Bay Wine Imports. Mark has been instrumental in the marketing and branding of Destiny Bay Vineyards since its founding in 2000. His experience as the U.S. importer and distributor of New Zealand's highest rated artisan wine has made his presentations on luxury branding a featured attraction at private tasting events. He also is a former CEO of Space-Time Insight, a founding partner of Start Up Farms International, a Senior Vice President of Strategy at Virsa Systems and a Senior Vice President at SAP Labs. Earlier in his career he was a partner and global practice leader for mergers & acquisitions consulting at PricewaterhouseCoopers. Mark holds a Ph.D. in Communications from Northwestern University and is a frequently quoted speaker who has addressed audiences throughout the world on industry-transforming events. Grape-a-hol is the second book written by Spratt and Feldman. Their first, Five Frogs on a Log: A CEO's Guide to Accelerating the Transition in Mergers, Acquisitions, and Gut-Wrenching Change, remains a business favorite in five languages.

Joan Garry's Guide to Nonprofit Leadership 2017-02-28 Joan Garry Nonprofit leadership is messy Nonprofits leaders are optimistic by nature. They believe with time, energy, smarts, strategy and sheer will, they can change the world. But as staff or board leader, you know nonprofits present unique challenges. Too many cooks, not enough money, an abundance of passion. It's enough to make you feel overwhelmed and alone. The people you help need you to be successful. But there are so many obstacles: a micromanaging board that doesn't understand its true role; insufficient fundraising and donors who make unreasonable demands; unclear and inconsistent messaging and marketing; a leader who's a star in her sector but a difficult boss... And yet, many nonprofits do thrive. Joan Garry's Guide to Nonprofit Leadership will show you how to do just that. Funny, honest, intensely actionable, and based on her decades of experience, this is the book Joan Garry wishes she had when she led GLAAD out of a financial crisis in 1997. Joan will teach you how to: Build a powerhouse board Create an impressive and sustainable fundraising program Become seen as a 'workplace of choice' Be a compelling public face of your nonprofit This book will renew your passion for your mission and organization, and help you make a bigger difference in the world.

Responsible Restructuring 2002-09-09 Wayne F Cascio Firms that restructure through downsizing are not more profitable than those that don't, and often end up hurting themselves in the long run. Responsible Restructuring draws on the results of an eighteen-year study of S&P 500 firms to prove that it makes good business sense to restructure responsibly-to avoid downsizing and instead regard employees as assets to be developed rather than costs to be cut. Wayne Cascio explodes thirteen common myths about downsizing, detailing its negative impact on profitability, productivity, quality, and on the morale, commitment, and even health of survivors. He uses real-life examples to illustrate successful approaches to responsible restructuring used by companies such as Charles Schwab, Compaq, Cisco, Motorola, Reflexite, and Southwest Airlines. And he offers specific, step-by-step advice on what to do-and what not to do-when developing and implementing a restructuring strategy that, unlike layoffs, leaves the organization stronger and better able to face the challenges ahead.

Reading the Victory Ode 2012-08-09 Peter Agócs A collection of papers by international experts on one of the most paradoxical and influential poetic genres of classical antiquity.

The Art of Being Human 2018-08-07 Michael Wesch Anthropology is the study of all humans in all times in all places. But it is so much more than that. "Anthropology requires strength, valor, and courage," Nancy Scheper-Hughes noted. "Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a "heroic" profession." What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the "first draft edition" from 2017 and includes 7 new chapters.

Out Of Control 2009-04-30 Kevin Kelly Out of Control chronicles the dawn of a new era in which the machines and systems that drive our economy are so complex and autonomous as to be indistinguishable from living things.

Bitter Brew 2012-11-06 William Knoedelseder "Bitter Brew deftly chronicles the contentious succession of kings in a uniquely American dynasty. You'll never crack open a six again without thinking of this book." —John Sayles, Director of Eight Men Out and author of A Moment in the Sun The creators of Budweiser and Michelob beers, the Anheuser-Busch company is one of the wealthiest, most colorful and enduring family dynasties in the history of American commerce. In Bitter Brew, critically acclaimed journalist William Knoedelseder tells the riveting, often scandalous saga of the rise and fall of the dysfunctional Busch family—an epic tale of prosperity, profligacy, hubris, and the dark consequences of success that spans three centuries, from the open salvos of the Civil War to the present day.

Balanced Scorecard Step-by-Step 2002-10-15 Paul R. Niven This book explains how an organization can measure and manage performance with the Balanced Scorecard methodology. It provides extensive background on performance management and the Balanced Scorecard, and focuses on guiding a team through the step-by-step development and ongoing implementation of a Balanced Scorecard system. Corporations, public sector agencies, and not for profit organizations have all reaped success from the Balanced Scorecard. This book supplies detailed implementation advice that is readily applied to any and all of these organization types. Additionally, it will benefit organizations at any stage of Balanced Scorecard development. Regardless of whether you are just contemplating a Balanced Scorecard, require assistance in linking their current Scorecard to management processes, or need a review of their past measurement efforts, Balanced Scorecard Step by Step provides detailed advice and proven solutions.

Making Sense of Change Management 2015-03-03 Esther Cameron The definitive, bestselling text in the field of change management, Making Sense of Change Management provides a thorough overview of the subject for both students and professionals. Along with explaining the theory of change management, it comprehensively covers the models, tools, and techniques of successful change management so organizations can adapt to tough market conditions and succeed by changing their strategies, structures, boundaries, mindsets, leadership behaviours and of course their expectations of the people who work within them. This completely revised and updated 4th edition of Making Sense of Change Management includes more international examples and case studies, emerging new thinking and practice in the area of cultural change and a new chapter on the interrelationship with project management (PM) and change management. It also covers complexity models, agile approaches, and stakeholder management along with cultural sensitivity and what to do when cultures collide. Making Sense of Change Management remains essential reading for anyone who is currently part of, or leading, a change initiative. Online supporting resources include lecture slides, making this an ideal textbook for MBA or graduate students focusing on leading or managing change.

Blindsight 2006-10-03 Peter Watts Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, Blindsight Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The 15 Invaluable Laws of Growth 2012-10-02 John C. Maxwell In this inspiring guide to successful leadership, New York Times bestselling author John C. Maxwell shares his tried and true principles for maximum personal growth. Are there tried and true principles that are always certain to help a person grow? John Maxwell says the answer is yes. He has been passionate about personal development for over fifty years, and for the first time, he teaches everything he has gleaned about what it takes to reach our potential. In the way that only he can communicate, John teaches . . . The Law of the Mirror: You Must See Value in Yourself to Add Value to Yourself The Law of Awareness: You Must Know Yourself to Grow Yourself The Law of Modeling: It's Hard to Improve When You Have No One But Yourself to Follow The Law of the Rubber Band: Growth Stops When You Lose the Tension Between Where You are and Where You Could Be The Law of Contribution: Developing Yourself Enables You to Develop Others This third book in John Maxwell's Laws series (following the 2-million seller The 21 Irrefutable Laws of Leadership and The 17 Indisputable Laws of Teamwork) will help you become a lifelong learner whose potential keeps increasing and never gets "used up."

Blockchain Chicken Farm 2020-10-13 Xiaowei Wang A New York Times Book Review Editors' Choice "A brilliant and empathetic guide to the far corners of global capitalism." —Jenny Odell, author of How to Do Nothing From FSGo A Logic: stories about rural China, food, and tech that reveal new truths about the globalized world In Blockchain Chicken Farm, the technologist and writer Xiaowei Wang explores the political and social entanglements of technology in rural China. Their discoveries

Five Frogs On A Log A Ceos Field Guide To Accelerating The Transition In Mergers Acquisitions And Gut Wrenching Change Pdf upload Dona I Williamson

force them to challenge the standard idea that rural culture and people are backward, conservative, and intolerant. Instead, they find that rural China has not only adapted to rapid globalization but has actually innovated the technology we all use today. From pork farmers using AI to produce the perfect pig, to disruptive luxury counterfeiters and the political intersections of e-commerce villages, Wang unravels the ties between globalization, technology, agriculture, and commerce in unprecedented fashion. Accompanied by humorous "Sinofuturist" recipes that frame meals as they transform under new technology, Blockchain Chicken Farm is an original and probing look into innovation, connectivity, and collaboration in the digitized rural world. FSG Originals × Logic dissects the way technology functions in everyday lives. The titans of Silicon Valley, for all their utopian imaginations, never really had our best interests at heart: recent threats to democracy, truth, privacy, and safety, as a result of tech's reckless pursuit of progress, have shown as much. We present an alternate story, one that delights in capturing technology in all its contradictions and innovation, across borders and socioeconomic divisions, from history through the future, beyond platitudes and PR hype, and past doom and gloom. Our collaboration features four brief but provocative forays into the tech industry's many worlds, and aspires to incite fresh conversations about technology focused on nuanced and accessible explorations of the emerging tolys that reorganize and redefine life today.

Steps to Safety Culture Excellence 2013-01-10 Terry L. Mathis Provides a clear road map to instilling a culture of safety excellence in any organization Did you know that accidental injury is among the top ten leading causes of death in every age group? With this book as your guide, you'll learn how to help your organization develop, implement, and sustain Safety Culture Excellence, vital for the protection of and improvement in the quality of life for everyone who works there. STEPS to Safety Culture Excellence is based on the authors' firsthand experience working with international organizations in every major industry that have successfully developed and implemented ongoing cultures of safety excellence. Whether your organization is a small regional firm or a large multinational corporation, you'll find that the STEPS process enables you to instill Safety Culture Excellence within your organization. STEPS (Strategic Targets for Excellent Performance in Safety) demystifies the process of developing Safety Culture Excellence by breaking it down into small logical, internally led tasks. You'll be guided through a sequence of STEPS that makes it possible to: Create a culture of excellence that is reinforced and empowered at every level Develop the capability within the culture to identify, prioritize, and solve safety problems and challenges Maintain and continuously improve the performance of your organization's safety culture Although this book is dedicated to safety, the tested and proven STEPS process can be used to promote excellence in any aspect of organizational performance. By optimizing the safety culture in your organization, you will give the people you work with the skills and knowledge to not only minimize the risk of an on-the-job accident, but also to lead safe, healthy lives outside of work.

The 4-Hour Work Week 2007 Timothy Ferriss Offers techniques and strategies for increasing income while cutting work time in half, and includes advice for leading a more fulfilling life.

Delivering Happiness 2010-06-07 Tony Hsieh Pay brand-new employees \$2,000 to quit Make customer service the responsibility of the entire company-not just a department Focus on company culture as the #1 priority Apply research from the science of happiness to running a business Help employees grow-both personally and professionally Seek to change the world Oh, and make money too . . . Sound crazy? It's all standard operating procedure at Zappos, the online retailer that's doing over \$1 billion in gross merchandise sales annually. After debuting as the highest-ranking newcomer in Fortune magazine's annual "Best Companies to Work For" list in 2009, Zappos was acquired by Amazon in a deal valued at over \$1.2 billion on the day of closing. In Delivering Happiness, Zappos CEO Tony Hsieh shares the different lessons he has learned in business and life, from starting a worm farm to running a pizza business, through LinkExchange, Zappos, and more. Fast-paced and down-to-earth, Delivering Happiness shows how a very different kind of corporate culture is a powerful model for achieving success-and how by concentrating on the happiness of those around you, you can dramatically increase your own. #1 New York Timesand Wall Street Journal bestseller

The Ecology of Commerce 1994-06-03 Paul Hawken Outlines a series of economic strategies for business that will reverse global environmental and social degradation.

Class 1992 Paul Fussell This book describes the living-room artifacts, clothing styles, and intellectual proclivities of American classes from top to bottom.

Fierce Conversations (Revised and Updated) 2004-01-06 Susan Scott Fully revised and updated—the national bestselling communication skills guide that will help you achieve personal and professional success one conversation at a time. The master teacher of positive change through powerful communication, Susan Scott wants you to succeed. To do that, she explains, you must transform everyday conversations at work and at home with effective ways to get your message across—and get what you want. In this guide, which includes a workbook and The Seven Principles of Fierce Conversations, Scott teaches you how to: • Overcome barriers to meaningful communication • Expand and enrich relationships with colleagues, friends, and family • Increase clarity and improve understanding • Handle strong emotions—on both sides of the table • Connect with colleagues, customers and family at a deep level Includes a Foreword by Ken Blanchard, the bestselling co-author of The One Minute Manager

Companion to Women's and Gender Studies 2020-03-26 Nancy A. Naples A comprehensive overview of the interdisciplinary field of Women's and Gender Studies, featuring original contributions from leading experts from around the world The Companion to Women's and Gender Studies is a comprehensive resource for students and scholars alike, exploring the central concepts, theories, themes, debates, and events in this dynamic field. Contributions from leading scholars and researchers cover a wide range of topics while providing diverse international, postcolonial, intersectional, and interdisciplinary insights. In-depth yet accessible chapters discuss the social construction and reproduction of gender and inequalities in various cultural, social-economic, and political contexts. Thematically-organized chapters explore the development of Women's and Gender Studies as an academic discipline, changes in the field, research directions, and significant scholarship in specific, interrelated disciplines such as science, health, psychology, and economics. Original essays offer fresh perspectives on the mechanisms by which gender intersects with other systems of power and privilege, the relation of androcentric approaches to science and gender bias in research, how feminist activists use media to challenge misrepresentations and inequalities, disparity between men and women in the labor market, how social movements continue to change Women's and Gender Studies, and more. Filling a significant gap in contemporary literature in the field, this volume: Features a broad interdisciplinary and international range of essays Engages with both individual and collective approaches to agency and resistance Addresses topics of intense current interest and debate such as transgender movements, gender-based violence, and gender discrimination policy Includes an overview of shifts in naming, theoretical approaches, and central topics in contemporary Women's and Gender Studies Companion to Women's and Gender Studies is an ideal text for instructors teaching courses in gender, sexuality, and feminist studies, or related disciplines such as psychology, history, education, political science, sociology, and cultural studies, as well as practitioners and policy makers working on issues related to gender and sexuality.

Weapons of Math Destruction 2016 Cathy O'Neil "A former Wall Street quantitative analyst sounds an alarm on mathematical modeling, a pervasive new force in society that threatens to undermine democracy and widen inequality."--Novelist.

Split by Sun 2018-11-29 Tom Faunce A FUTURE EARTH IN WHICH EVERY ROAD AND BUILDING UTILISES NANOTECHNOLOGY TO MAKE CLEAN FUEL, FOOD AND FERTILISER JUST FROM WATER, SUN AND AIR. When agent Jean Moulin investigates the mysterious connections between a murdered woman in Hampstead and assassination attempts on the President of the Whole Earth Council, he's led back to the origins of the Global Synthetic Photosynthesis Project in Namibia as well as the forces that wish to destroy it and its visionary eco-gendered founder. Split by Sun is a witty and poetic novel that explores whether humanity is meant to globally deploy a solar energy technology to progress enforceable rights of ecosystems, electronic citizen voting on laws, the marriage of corporations to public goods, community-scale industry, the abolition of war and nuclear weapons, the facilitation of universal basic income, healthcare and education and the replacement of religion with widespread experience of unitive consciousness.

The World Is Flat [Further Updated and Expanded; Release 3.0] 2007-08-07 Thomas L. Friedman Explores globalization, its opportunities for individual empowerment, its achievements at lifting millions out of poverty, and its drawbacks—environmental, social, and political.

The Toyota Way 2003-12-22 Jeffrey K. Liker How to speed up business processes, improve quality, and cut costs in any industry In factories around the world, Toyota consistently makes the highest-quality cars with the fewest defects of any competing manufacturer, while using fewer man-hours, less on-hand inventory, and half the floor space of its competitors. The Toyota Way is the first book for a general audience that explains the management principles and business philosophy behind Toyota's worldwide reputation for quality and reliability. Complete with profiles of organizations that have successfully adopted Toyota's principles, this book shows managers in every industry how to improve business processes by: Eliminating wasted time and resources Building quality into workplace systems Finding low-cost but reliable alternatives to expensive new technology Producing in small quantities Turning every employee into a qualitycontrol inspector

Technological Slavery (Large Print 16pt) 2011-02 Theodore J. Kaczynski Theodore Kaczynski saw violent collapse as the only way to bring down the techno-industrial system, and in more than a decade of mail bomb terror he killed three people and injured 23 others. One does not need to support the actions that landed Kaczynski in supermax prison to see the value of his essays disabusing the notion of heroic technology while revealing the manner in which it is destroying the planet. For the first time, readers will have an uncensored personal account of his anti-technology philosophy, including a corrected version of the notorious "Unabomber Manifesto." Kaczynski, s critique of anarcho-primitivism, and essays regarding "the Coming Revolution."

Hollywood Drive 2013-07-18 Eve Light Honthaner "Hollywood Drive: What is Takes to Break in, Hang in & Make it in the Entertainment Industry is the essential guide to starting and succeeding at a career in film and TV. Written by a Hollywood insider, Eve Honthaner's invaluable advice will give those attempting to enter and become successful in the entertainment industry the edge they need to stand out among the intense competition." "Hollywood Drive goes beyond what it takes to get you foot in the door by offering you the tools, attitude, philosophy and road map you'll need to give yourself a good fighting chance at success - whether you're looking for your very first job or for a strategy to move your career to the next level. This book will allow you to proceed with your eyes wide open, knowing exactly what to expect."

Hire With Your Head 2012-06-12 Lou Adler Hire with Your Head Updated with new case studies and more coverage of the impact and importance of the Internet in the hiring process, this indispensable guide has shown tens of thousands of managers and human resources professionals how to find the perfect candidate for any position. Lou Adler's Performance-based Hiring is more powerful than ever! "We have chosen Performance-based Hiring because it's a comprehensive process, it's behaviorally grounded, managers and recruiters find it easy to use, and it works." -Marshall Utterson, Director Staffing, AIG Enterprise Services, LLC "Everyone's looking for the perfect means to make effective hiring decisions. A trained interviewer armed with the right tools is the best solution. Performance-based Hiring is a proven methodology to get these results." -John Ganley, Vice President and Chief Talent Officer, Quest Software "Any staffing director that doesn't send all of their people through Performance-based Hiring training is missing out on top talent, plain and simple. This should be the standard throughout the industry." -Dan Hilbert, Recruiting Manager, Valero Energy Corporation "Performance-based Hiring has been the most successful recruitment tool that we have added to our organization over the past few years. In fact, these tools have not only produced amazing outcomes-in terms of selecting the best fit in an extremely tight labor market-but with a level of success among our operations customers that I have rarely seen with other HR products." -Trudy Knoepke-Campbell, Director, Workforce Planning, HealthEast(r) Care System

Voice Attractiveness 2020-10-10 Benjamin Weiss This book addresses various aspects of acoustic–phonetic analysis, including voice quality and fundamental frequency, and the effects of speech fluency and non-native accents, by examining read speech, public speech, and conversations. Voice is a sexually dimorphic trait that can convey important biological and social information about the speaker, and empirical findings suggest that voice characteristics and preferences play an important role in both intra- and intersexual selection, such as competition and mating, and social evaluation. Discussing evaluation criteria like physical attractiveness, pleasantness, likability, and even persuasiveness and charisma, the book bridges the gap between social and biological views on voice attractiveness. It presents conceptual, methodological and empirical work applying methods such as passive listening tests, psychoacoustic rating experiments, and crowd-sourced and interactive scenarios and highlights the diversity not only of the methods used when studying voice attractiveness, but also of the domains investigated, such as politicians' speech, experimental speed dating, speech synthesis, vocal pathology, and voice preferences in human interactions as well as in human–computer and human–robot interactions. By doing so, it identifies widespread and complementary approaches and establishes common ground for further research.

Employing Generation Why? 2002 Eric Chester

Tech Tonics 2013-09-26 David Shaywitz Book Overview1. Entrepreneurs and Startups2. Doctors, Nurses, and Health Professionals3. Pharma, Biotech, Device Companies4. Patients and Consumers5. Employers, Insurers, Regulators6. Gadgets, Apps, Technology7. Behavior, Design, and Translation8. Big Data, Measurement, and Metrics9. VCs and Other Investors10. Innovation—Health matters."When you have your health, you have everything," wrote memoirist Augusten Burroughs. "When you do not have your health, nothing else matters at all."Health can also be very expensive, and reducing costs isn't easy, since as Stanford health policy expert Victor Fuchs famously observed, "Every dollar of waste is income to some individual or organization."One key challenge healthcare faces today is figuring out how to maintain health and deliver better care for patients while somehow keeping in check the overall costs associated with these activities.The good news is that there is now the massive potential for healthcare transformation. Data-driven analysis has called into question many traditional healthcare assumptions, and permits us to view the challenges in a fresh light. For instance, there seems to be little correlation between healthcare cost and quality—and great care can be delivered at lower cost if we can improve the alignment of incentives among patients, payers, and providers.Key drivers of healthcare change are the intense economic pressure of healthcare costs, the impact—to be determined—associated with the implementation of the Affordable Care Act, and the advent of inexpensive and widely accessible technologies; together these have created a platform for industry transformation the likes of which has not been seen since the dawn of modern surgery.And it's about

time. Technology has been used to optimize and redefine virtually every key industry except healthcare. Manufacturing has gone from human assembly lines to robotics; banking has gone from tellers to home banking; travel has gone from agents with brochures to Travelocity; and yet the practice of medicine, in many ways, hasn't changed in decades.Many of today's most passionate entrepreneurs are trying to bring the dazzle and real promise of technology innovation to the challenges of healthcare, resulting in an explosion of companies focused on everything from wearable sensors and weight-loss apps to big data analytics and GPS-tagged hospital equipment—the “internet of things.” These emerging tools and promising technologies—which collectively comprise “digital health”—offer a promising path forward, and entrepreneurs and innovators are forging forward seeking to make a real difference in a field which we all need but which is sorely in need of its own tender loving care if it is to flourish in tomorrow's world.As Hippocrates once said, “Healing is a matter of time, but it is sometimes also a matter of opportunity.” And technology—if judiciously applied—may be just the tonic to help reinvigorate the health of our healthcare industry.The key challenge faced by would-be disruptive technologists is not only recognizing potentially useful analogs from other industries, but also understanding the ways in which health remains fundamentally different.Amid the clamor to disrupt healthcare, we should also take care to preserve and augment what may be right about medicine—the doctor/patient relationship for example, or the drive of inquisitive physicians, especially within academic centers, to continuously push and challenge the limits of what is known and what is possible.In Tech Tonics—a distillation of our writing and thinking over the last several years—we introduce the reader to the fascinating digital health space, including a ground-level view of the landscape, the structural challenges, the players, and the progress.

Exile and Pride 2015-07-15 Eli Clare First published in 1999, the groundbreaking Exile and Pride is essential to the history and future of disability politics. Eli Clare's revelatory writing about his experiences as a white disabled genderqueer activist/writer established him as one of the leading writers on the intersections of queerness and disability and permanently changed the landscape of disability politics and queer liberation. With a poet's devotion to truth and an activist's demand for justice, Clare deftly unspools the multiple histories from which our ever-evolving sense of self unfolds. His essays weave together memoir, history, and political thinking to explore meanings and experiences of home: home as place, community, bodies, identity, and activism. Here readers will find an intersectional framework for understanding how we actually live with the daily hydraulics of oppression, power, and resistance. At the root of Clare's exploration of environmental destruction and capitalism, sexuality and institutional violence, gender and the body politic, is a call for social justice movements that are truly accessible to everyone. With heart and hammer, Exile and Pride pries open a window onto a world where our whole selves, in all their complexity, can be realized, loved, and embraced.

Forensic Accounting and Fraud Investigation for Non-Experts 2011-01-19 Howard Silverstone A must-have reference for every business professional, Forensic Accounting and Fraud Investigation for Non-Experts, Second Edition is a necessary tool for those interested in understanding how financial fraud occurs and what to do when you find or suspect it within your organization. With comprehensive coverage, it provides insightful advice on where an organization is most susceptible to fraud.

*The Best five frogs on a log a ceos:*Amidst the levitating isles of Skyborne Archipelago, where wind whisperers communed with the zephyrs, a novice aeronaut named Zephyr embarked on a quest to tame the elusive Zephyrywrm—a mythical creature said to ride the winds at the edge of the world.

example five frogs on a log a ceos.The book “Analyzing Casual Conversation” by Suzanne Eggins and Diana Slade, originally issued in 1997, develops a organized model for the analysis and depiction of casual conversation in English. The authors contend that despite its sometimes aimless look and apparently unstructured substance, casual conversation is a very structured activity and performs a critical part in the social building of reality. The book works through genuine examples of casual conversations involving participants varying in age, gender, ethnicity, and socio-economic class12. Drawing on insights from sociology, linguistics, and critical semiotics, the book equips readers with the examinative skills to depict the strata of structure and critical interpretive structures to explain the ‘social work’ that goes on through chat.

example five frogs on a log a ceos.Joyful laughter floated on the breeze, and every rainbow ended in a pot of chocolate chip cookies, lived a group of magical creatures known as the Giggle Sprites. These mischievous sprites spent their days spreading joy and giggles to all the children who believed in the magic hidden within the everyday wonders of their world.|Giggles floated on the breeze, and every rainbow ended in a pot of tasty cookies, lived a group of magical creatures known as the Giggle Sprites. These mischievous sprites spent their days spreading joy and giggles to all the children who believed in the magic hidden within the everyday wonders of their world.

The Rise and Fall of a Pop Star

She had a goal. She wanted to be a pop star. She wanted to entertain, to groove, to entertain, to amuse. She wanted to be famous, to be cherished, to be worshipped. She desired to have it all, fame, wealth, honor. She labored hard, she trained, she tried out, she astonished. She got a contract, a record deal, a representative, a creator. She made an CD, a hit, a sensation. She became a celebrity, a famous person, a sensation. She had it all, admirers, money, accolades. She was on cloud nine, she was experiencing her goal. But she also had a shadowy aspect. She had a secret, a issue, a dependency. She started to spiral out of control, to make mistakes, to stir up trouble. She faced criticism, fallout, litigations. She forfeited her followers, her fortune, her accolades. She tumbled down, she became a laughingstock, a tragedy. She lost it all, her notoriety, her fortune, her glory. She was the climb and downfall of a singer.

Learn five frogs on a log a ceos-**The Life and Legacy of Nelson Mandela**

Nelson Mandela stands as one of the most transformative leaders of the 20th century. His life journey began on July 18, 1918, in the tranquil village of Mvezo, South Africa. Born into the Thembu royal family, he was bestowed with the name Rolihlahla, meaning “troublemaker” in Xhosa. Mandelas upbringing unfolded amidst a backdrop of racial injustice, where he witnessed firsthand the unjust treatment inflicted upon the Black majority by the ruling white minority government. Driven by a deep sense of fairness, he dedicated his life to the struggle for emancipation and justice, joining the African National Congress (ANC), a political organization dedicated to dismantling apartheid, the system of racial separation that plagued South Africa. Emerging as a compelling lawyer, activist, and leader, Mandela faced numerous arrests and imprisonments for his unwavering resistance and defiance. For 27 years, he endured the harsh conditions and isolation of Robben Island, a notorious prison island, where his vision never wavered. His unwavering commitment to liberation continued to inspire and mobilize his people and the world at large. In 1990, he walked out of prison, free at last, and in 1994, he made history as South Africas first democratically elected Black president. Mandelas leadership ushered in a period of reconciliation, transforming South Africa into a nation of justice. His global impact extended far beyond South Africas borders, as he became a beacon of peace, recognized for his unwavering dedication to these ideals. In 1993, he was awarded the Nobel Peace Prize, alongside numerous other accolades and honors. On December 5, 2013, at the age of 95, Mandela passed away, leaving behind a legacy of resilience, insight, and empathy. Revered as the father of the nation and one of historys greatest heroes, Mandelas legacy continues to inspire generations to come.

Nightmare that Never Ends

Sam awoke with a scream, his body drenched in moisture. The same terrifying nightmare had once again plagued his sleep, the one where he was pursued by a menacing figure wielding a blade. He glanced at the clock; it was 3:15 am. He tried to soothe his thundering heart, attempting to convince himself that it was merely a dream. Yet, deep down, he knew it was far more than that. He knew the mysterious figure was existent, and it was moving relentlessly towards him. He had seen it before, in the terrifying news reports, in the detailed police sketches, in the stricken faces of the victims. It was the infamous serial killer that had been terrorizing the city for what seemed like an eternity. And Sam was next.

The examination contains 100 questions, all composed in the multiple-choice format. Candidates are given three hours to answer to all 100 examination questions.

Learn five frogs on a log a ceos-The Peabody Picture Vocabulary Test 4th Edition (PPVT-4) is a widely recognized vocabulary evaluation that has been in practice for close to 50 years. Developed by Lloyd M. Dunn and Douglas M. Dunn, the assessment is crafted to measure vocabulary comprehension for American English. It is swift and easy to administer, preserving valuable time so that attention can be set on applying effective approaches.

The PPVT-4 evaluation material covers a wide range of receptive vocabulary ranks, spanning from pre-kindergarten through adult age. The test questions broadly include words that represent 20 subject fields (e.g., actions, vegetables, tools), parts of speech (nouns, verbs, attributes), and home and school vocabulary.

The assessment gives two equal forms which hold different vocabulary terms, guaranteeing that the individual has not "memorized" the assessment. One form can be utilized ahead of intervention to assess test-takers' vocabulary knowledge and the alternative form can be employed for re-assessment to measure and document improvement. The PPVT-4 also contains a distinctive Growth Scale Value (GSV) which is sensitive to small changes over time.
