The Periodic Table

1996-10-01 Primo Levi The Periodic Table is largely a memoir of the years before and after Primo Levi's transportation from his native Italy to Auschwitz as an anti-Facist partisan and a Jew. It recounts, in clear, precise, unflinching beautiful prose, the story of the Piedmontese Jewish community from which Levi came, of his years as a student and young chemist at the inception of the Second World War, and of his investigations into the nature of the material world. As such, it provides crucial links and backgrounds, both personal and intellectual, in the tremendous project of remembrance that is Levi's gift to posterity. But far from being a prologue to his experience of the Holocaust, Levi's masterpiece represents his most impassioned response to the events that engulfed him. The Periodic Table celebrates the pleasures of love and friendship and the search for meaning, and stands as a monument to those things in us that are capable of resisting and enduring in the face of tyranny.

Let Them Eat Chaos

2017-01-03 Kate Tempest Kate Tempest's powerful narrative poem--set to music on her album of the same title, shortlisted for the Mercury Music Prize--illuminates the lives of a single city street, creating an electric, humming human symphony. Let Them Eat Chaos, Kate Tempest's long poem written for live performance and heard on the album release of the same name, is both a powerful sermon and a moving play for voices. Seven neighbors inhabit the same London street, but are all unknown to each other. The clock freezes in the small hours, and one by one we see directly into their lives: lives that are damaged, disenfranchised, lonely, broken, addicted, and all, apparently, without hope. Then a great storm breaks over London, and brings them out into the night to face each other, giving them one last chance to connect. Tempest argues that our alienation from one another has bred a terrible indifference to our own fate, but she counters this with a plea to challenge the forces of greed which have conspired to divide us, and mend the broken home of our own planet while we still have time. Let Them Eat Chaos is a cri de cœur, a call to action, and a powerful poetic statement.

International Record Review

2001

The Life of the Buddha

1992 Bhikkhu Nyanamoli Among the numerous lives of the Buddha, this volume may well claim a place of its own. Composed entirely from texts of the Pali Canon, the oldest authentic record, it portrays an image of the Buddha which is vivid, warm, and moving. Chapters on the Buddha's personality and doctrine are especially illuminating, and the translation is marked by lucidity and dignity throughout.

Giovanni Braschi e il Partito popolare nel forlivese

1975 Gabriella Medri Tronconi

Viderunt omnes and Sederunt

1999-08-26 Perotin (Perotinus) Perotin (Latin Perotinus) was a most gifted composer of the Notre Dame school, which, during the late twelfth and early thirteenth centuries, was the first school to produce polyphony of international acclaim. Four of the works included in this collection are organa. A Perotin organum consists of a liturgical chant melody and text, which forms the tenor or cantus firmus. Its rhythm is altered. In approximately the same vocal range, the composer added one, two or three other voices, the duplum, triplum and quadruplum, all of them in one of the six rhythmic patterns known as modi. Seven of the works included in this collection are motets. These originated through the tradition of troping, which consisted of the addition of a text to a melismatic piece of music. In motets, it was the duplum of an organum or clausula which was troped. When this happened the duplum was called motetus, and this name was adapted for the entire composition.

Mio nonno era un mago e mia madre era comunista

2018-11-29T00:00:00+01:00 Valeria Santoleri Ortona a Mare. In una casa dove è sempre estate, divisa con il marito, il contadino-mago e con la sorella zoppa, una signora dal volto sorridente cosperso di lentiggini allegre coltivava fessie. In quella casa c'era stata anche lei, Luce. Fanno lunghe passeggiate Luce e la nonna, al porto, quando c'è il pesce per cena, e al camposanto, dove studiano le fotografie dei morti e le differenze fra i marmi. Si chiama Luce, va da sé che viva con le ombre. Le ombre rimarranno con lei per sempre, anche quando Luce cresce, la madre comunista si ammala e alla nonna viene diagnosticato l'Alzheimer. Sono al suo fianco quando parte per Lione nel vano tentativo di curare la madre, in un ospedale tagliato fuori dal mondo dal fiume Rodano, circondata da spettri in vestaglia. Sono con lei quando la bara rosso lacca della madre viene esposta nella piccola cappella del camposanto. Ma si ritorna sempre a casa e così farà anche Luce. Durante una visita nel paese affacciato sul mare, si ritroverà di fronte al giardino della nonna. Lei non c'è più e ci metterà un po' a superare il cancello, immobilizzata dalla sensazione che un esercito di fantasmi in schieramento d'attacco stia per sopraffarla. «Sursum corda, Luce mia!» Bacio e abbraccio. «Semper, nonna! Ti voglio bene.» Abbraccio fortissimo.

The Opera Singer's Career Guide

2010-08-12 Pearl Yeadon McGinnis Any singer longing to have a career in opera, particularly in Europe, should be familiar with the European system of classifying voices known as Fach. The Opera Singer's Career Guide: Understanding the European Fach System presents valuable information to help readers learn, understand, and use the Fach system to their professional advantage. More than just soprano, alto, tenor, or bass, students and professionals alike should know the 25 different Fach categories fully defined here, along with the examples of roles, audition arias, and European opera houses and agents provided. Based on careful research and personal experience, singer and teacher Pearl Yeadon McGinnis describes the features, characteristics, and benefits of the Fach system, including voice

categorization and classification and using Fach to train the young voice. She provides practical information on maintaining a career in opera, such as the different types, procedures, and pitfalls of opera auditions; types of opera contracts and contract negotiations; and the value of networking. She explains the different styles of European opera houses and gives an example of life in a state level German opera house, including the various performance spaces, the makeup and responsibilities of an ensemble, and the jobs and functions of opera house personnel. A glossary and several appendixes supply tools for auditioning, such as newly classified roles for Children, Lyric, and Beginner singers; roles for the established Fach categories; lists of opera agents and houses in the German speaking countries; and suggested audition arias by Fach. In addition, practical details are offered about establishing and maintaining residency in Europe, obtaining permission to live and work in Europe, and helpful hints about customs and travel.

Presenting a thesis title requires a method where you demonstrate and explain your planned research to a group of evaluators. This is a typical practice in many schools where committees are established to assess and criticize research titles before they are approved to proceed with the real research. The defense usually consists of a question-and-answer session aimed at showing the relevance of the research you have picked and deciding if you, as a student, are really competent of accomplishing it.

Alice was perpetually intrigued by the ancient mansion perched at the end of the street. Stories of its reclusive owner, who never ventured out of his isolated abode, had always piqued her curiosity. Whispers circulated about his identity, ranging from a loner to a intellectual or even a lunatic, depending on the source. Alice yearned to unravel the truth behind these tales and uncover the secrets concealed within the barred door on the second floor. Driven by an irresistible urge to delve into the mansions mysteries, Alice embarked on a reckless escapade. With a heart pounding with a mix of excitement, she furtively ventured into the mansions grounds, her senses heightened as she approached the restricted door on the second floor. Standing before the threshold, her hand trembling slightly as she reached for the doorknob, Alice braced herself for the revelations that awaited her beyond. With a deep breath, she turned the knob, the door creaking open to unveil a sight that would forever alter her perception of the world.
