How to Be Irish 2009-02-04 Sean Kelly Luck has nothing to do with it! Of course you want to be Irish. Look what it did for Daniel Day-Lewis, Sinead, Maeve Binchy, Roddy Doyle, JFK, Seamus Heaney, Angela's Ashes, and all those Riverdancers. But until now, the secrets of how to be Irish have been hidden in a Celtic Twilight of blather and blarney. Now this easy-to-read (with plenty o' pictures) handbook dares to tell you: How to have an Irish name How to talk, look, and act Irish How to vote Irish How to have thin skin, a terrible temper, and the gift of gab Whether you're proudly Irish, anti-Irish, fallen-away Irish, or would-be Irish--that is to say, if you're a living, breathing human being--How to Be Irish is for you. Learn (to your surprise) who's really Irish and who's only passing! Discover (to your astonishment) your own underground Irish roots! And brace yourself, Bridget, for the shocking (if brief) history of Irish-American sex! From the Trade Paperback edition.

How to Be Irish 2011-10-31 David Slattery From the quintessential Irish Mammy to love for all things GAA, the Irish have a particularities - and peculiarities - that make us different from our neighbours. Social anthropologist David Slattery takes us through the rules of being Irish with deadpan humour, from how to approach an Irish wedding or funeral to the Irish attitude to health, business, politics, death, Christmas and being cool. For his research, David canvassed undercover for a major political party during the recent election campaign, attended opportune weddings and funerals, and interviewed doctors, psychiatrists, and a bunch of builders: "I have begged, spied, knocked down my house, got a job, dressed in drag and drank in many pubs - all in the interest of science." A unique popular anthropology book about being Irish, not only will this book prove instructive to the tourist or foreigner who wants to blend in without a fuss, but the Irish will find it interesting as a mirror to how we are.

How the Irish Saved Civilization 2010-04-28 Thomas Cahill The perfect St. Patrick's Day gift, and a book in the best tradition of popular history -- the untold story of Ireland's role in maintaining Western culture while the Dark Ages settled on Europe. Every year millions of Americans celebrate St. Patrick's Day, but they may not be aware of how great an influence St. Patrick was on the subsequent history of civilization. Not only did he bring Christianity to Ireland, he instilled a sense of literacy and learning that would create the conditions that allowed Ireland to become "the isle of saints and scholars" -- and thus preserve Western culture while Europe was being overrun by barbarians. In this entertaining and compelling narrative, Thomas Cahill tells the story of how Europe evolved from the classical age of Rome to the medieval era. Without Ireland, the transition could not have taken place. Not only did Irish monks and scribes maintain the very record of Western civilization -- copying manuscripts of Greek and Latin writers, both pagan and Christian, while libraries and learning on the continent were forever lost -- they brought their uniquely Irish world-view to the task. As Cahill delightfully illustrates, so much of the liveliness we associate with medieval culture has its roots in Ireland. When the seeds of culture were replanted on the European continent, it was from Ireland that they were germinated. In the tradition of Barbara Tuchman's *A Distant Mirror*, *How The Irish Saved Civilization* reconstructs an era that few know about but which is central to understanding our past and our cultural heritage. But it conveys its knowledge with a winking wit that aptly captures the sensibility of the unsung Irish who relaunched civilization. **BONUS MATERIAL:** This ebook edition includes an excerpt from Thomas Cahill's *Heretics and Heroes*.

How the Irish Became White 2012-11-12 Noel Ignatiev '...from time to time a study comes along that truly can be called 'path breaking,' 'seminal,' 'essential,' a 'must read.' How the Irish Became White is such a study.' John Brace, W.E.B. Du Bois Department of Afro-American Studies, University of Massachusetts, Amherst The Irish came to America in the eighteenth century, fleeing a homeland under foreign occupation and a caste system that regarded them as the lowest form of humanity. In the new country - a land of opportunity - they found a very different form of social hierarchy, one that was based on the color of a person's skin. Noel Ignatiev's 1995 book - the first published work of one of America's leading and most controversial historians - tells the story of how the oppressed became the oppressors; how the new Irish immigrants achieved acceptance among an initially hostile population only by proving that they could be more brutal in their oppression of African Americans than the nativists. This is the story of How the Irish Became White.

When the Luck of the Irish Ran Out 2010-11-09 David J. Lynch Few countries have been as dramatically transformed in recent years as Ireland. Once a culturally repressed land shadowed by terrorism and on the brink of economic collapse, Ireland finally emerged in the late 1990s as the fastest-growing country in Europe, with the typical citizen enjoying a higher standard of living than the average Brit. Just a few years after celebrating their newly-won status among the world's richest societies, the Irish are now saddled with a wounded, shrinking economy, soaring unemployment, and ruined public finances. After so many centuries of impoverishment, how did the Irish finally get rich, and how did they then fritter away so much so quickly? Veteran journalist David J. Lynch offers an insightful, character-driven narrative of how the Irish boom came to be and how it went bust. He opens our eyes to a nation's downfall through the lived experience of individual citizens: the people responsible for the current crisis as well as the ordinary men and women enduring it.

The Irish Way 2012-03-01 James R. Barrett A lively, street-level history of turn-of-the-century urban life explores the Americanizing influence of the Irish on successive waves of migrants to the American city. In the newest volume in the award-winning Penguin History of American Life series, James R. Barrett chronicles how a new urban American identity was forged in the streets, saloons, churches, and workplaces of the American city. This process of "Americanization from the bottom up" was deeply shaped by the Irish. From Lower Manhattan to the South Side of Chicago to Boston's North End, newer waves of immigrants and African Americans found it nearly impossible to avoid the Irish. While historians have emphasized the role of settlement houses and other mainstream institutions in Americanizing immigrants, Barrett makes the original case that the culture absorbed by newcomers upon reaching American shores had a distinctly Hibernian cast. By 1900, there were more people of Irish descent in New York City than in Dublin; more in the United States than in all of Ireland. But in the late nineteenth century, the sources of immigration began to shift, to southern and eastern Europe and beyond. Whether these newcomers wanted to save their souls, get a drink, find a job, or just take a stroll in the neighborhood, they had to deal with entrenched Irish Americans. Barrett reveals how the Irish vacillated between a progressive and idealistic impulse toward their fellow immigrants and a parochial defensiveness stemming from the hostility earlier generations had faced upon their own arrival in America. They imparted racist attitudes toward African Americans; they established ethnic "deadlines" across city neighborhoods; they drove other immigrants from docks, factories, and labor unions. Yet the social teachings of the Catholic Church, a sense of solidarity with the oppressed, and dark memories of poverty and violence in both Ireland and America ushered in a wave of progressive political activism that eventually embraced other immigrants. Drawing on contemporary sociological

studies and diaries, newspaper accounts, and Irish American literature, *The Irish Way* illustrates how the interactions between the Irish and later immigrants on the streets, on the vaudeville stage, in Catholic churches, and in workplaces helped forge a multiethnic American identity that has a profound legacy in our cities today.

*So You Think You're Irish* 1996 Margaret Kelleher See how much green you really have in you. This challenging multiple-choice quiz book covers every aspect of the Emerald Isle and the Irish family life, from the Blarney Stone to James Joyce. Great Irish trivia title!

*The Columbia Guide to Irish American History* 2005-09-14 Timothy J. Meagher Once seen as threats to mainstream society, Irish Americans have become an integral part of the American story. More than 40 million Americans claim Irish descent, and the culture and traditions of Ireland and Irish Americans have left an indelible mark on U.S. society. Timothy J. Meagher fuses an overview of Irish American history with an analysis of historians' debates, an annotated bibliography, a chronology of critical events, and a glossary discussing crucial individuals, organizations, and dates. He addresses a range of key issues in Irish American history from the first Irish settlements in the seventeenth century through the famine years in the nineteenth century to the volatility of 1960s America and beyond. The result is a definitive guide to understanding the complexities and paradoxes that have defined the Irish American experience. Throughout the work, Meagher invokes comparisons to Irish experiences in Canada, Britain, and Australia to challenge common perceptions of Irish American history. He examines the shifting patterns of Irish migration, discusses the role of the Catholic church in the Irish immigrant experience, and considers the Irish American influence in U.S. politics and modern urban popular culture. Meagher pays special attention to Irish American families and the roles of men and women, the emergence of the Irish as a "governing class" in American politics, the paradox of their combination of fervent American patriotism and passionate Irish nationalism, and their complex and sometimes tragic relations with African and Asian Americans.

*The Irish Americans* 2010-02-15 Jay P. Dolan Follows the Irish from their first arrival in the American colonies through the bleak days of the potato famine, the decades of ethnic prejudice and nativist discrimination, the rise of Irish political power, and on to the historic moment when John F. Kennedy was elected to the highest office in the land.

*We Don't Know Ourselves: A Personal History of Modern Ireland* 2022-03-15 Fintan O'Toole "[L]ike reading a great tragicomic Irish novel." —James Wood, *The New Yorker* "Masterful . . . astonishing." —Cullen Murphy, *The Atlantic* "A landmark history . . . Leavened by the brilliance of O'Toole's insights and wit." —Claire Messud, *Harper's* Winner • 2021 An Post Irish Book Award — Nonfiction Book of the Year • from the judges: "The most remarkable Irish nonfiction book I've read in the last 10 years"; "[A] book for the ages." A celebrated Irish writer's magisterial, brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world. Fintan O'Toole was born in the year the revolution began. It was 1958, and the Irish government—in despair, because all the young people were leaving—opened the country to foreign investment and popular culture. So began a decades-long, ongoing experiment with Irish national identity. In *We Don't Know Ourselves*, O'Toole, one of the Anglophone world's most consummate stylists, weaves his own experiences into Irish social, cultural, and economic change, showing how Ireland, in just one lifetime, has gone from a reactionary "backwater" to an almost totally open society—perhaps the most astonishing national transformation in modern history. Born to a working-class family in the Dublin suburbs, O'Toole served as an altar boy and attended a Christian Brothers school, much as his forebears did. He was enthralled by American Westerns suddenly appearing on Irish television, which were not that far from his own experience, given that Ireland's main export was beef and it was still not unknown for herds of cattle to clatter down Dublin's streets. Yet the Westerns were a sign of what was to

come. O'Toole narrates the once unthinkable collapse of the all-powerful Catholic Church, brought down by scandal and by the activism of ordinary Irish, women in particular. He relates the horrific violence of the Troubles in Northern Ireland, which led most Irish to reject violent nationalism. In O'Toole's telling, America became a lodestar, from John F. Kennedy's 1963 visit, when the soon-to-be martyred American president was welcomed as a native son, to the emergence of the Irish technology sector in the late 1990s, driven by American corporations, which set Ireland on the path toward particular disaster during the 2008 financial crisis. A remarkably compassionate yet exacting observer, O'Toole in coruscating prose captures the peculiar Irish habit of "deliberate unknowing," which allowed myths of national greatness to persist even as the foundations were crumbling. Forty years in the making, *We Don't Know Ourselves* is a landmark work, a memoir and a national history that ultimately reveals how the two modes are entwined for all of us.

*The Irish Gaelic Tattoo Handbook* 2017-05 Audrey Nickel Learn how to honour the Celtic language of Ireland in your tattoo or craft design – and avoid embarrassing mistakes – with a glossary of over 400 authentic Irish-language words, phrases, and sayings. The book also includes illustrations of real-life tattoo mistakes, a history of the Irish language, and advice on spelling, fonts, symbols, and more.

*Irish Nationality* 2015-10-18 Alice Stopford Green When Mrs. Green's "Irish Nationality" was published, a writer in a Dublin paper began his review of it with the words: "By God, this is a book!" That sentence suggests, a little violently, the Irish opinion of Mrs. Green's place as a historian. No lover of the cold (or, if you like the word better, the inanimate) facts of history ever broke out into an exclamation like that in book-review. It was obviously written by one who regarded Mrs. Green, not as a bloodless chronicler of events but as the champion and vindicator of a nation. If anyone doubts that Ireland needed a champion in the historical even more than in the political sphere, he will do well to read Mrs. Green's own short essay, "The Way of History in Ireland." It is an exposure, at once impassioned and wittily contemptuous, of the way in which the historians, instead of setting themselves to open up new fields of knowledge in Irish history, have successively contented themselves with muddying the pedigree of the Irish people. "History does not repeat itself," said either Wilde or Mr. Max Beerbohm; "historians repeat each other." And the witticism is seriously true of most of the Irish history that has been written. One after another, the historians have leaped through the gap of tradition, like a rout of sheep, and pastured on the old fables that represent the seven-hundred-years duel between England and Ireland as a duel between civilization, on the one hand, and barbarism on the other. This was scarcely questioned in collegiate circles. One accepted it as one accepted the superiority of Abraham Lincoln to Sitting Bull, of Queen Victoria to the Queen of the Baganda. To contend that the quarrel between England and Ireland, so far from being a quarrel between civilization and barbarism, was a quarrel between one civilization and another, would have been regarded as a paradox of which only an irresponsible Irishman would be capable. More than that, it would have been to challenge the whole world of political and social ideas in which the historians of Ireland had hitherto lived and moved and had their being. It would even have been to question the ethics of Imperialism. For Irish history has been written for the most part, not in the service of truth but in the service of Empire. In Ireland, as Mrs. Green says, "history has a peculiar doom. It is enslaved in the chains of the Moral Tale—the good man (English) who prospered, and the bad man (Irish) who came to a shocking end." If an Irishman ventured to cast doubt on the political tract that resulted—whether on its ideas or its instances—he was dismissed in a scholarly and judicial manner as a politician, a biased and querulous person, and any references to massacres and murders perpetrated by Elizabethan civilizers were discountenanced as peculiarly unpleasant examples of "the Irish whine." In this way the Irish people were slowly being drained of that self-respect which comes of being conscious heirs to a fine tradition. More and more

of them were coming to say, in tones of self-pity and resignation: "Ah, where would we be without England?" Irish history before the arrival of Strongbow "came to be looked on as merely a murky prelude to the civilizing work of England—a preface, savage, transitory, and of no permanent interest, to be rapidly passed over till we come to the English pages of the book." Clearly a nation which accepted such an account of its ancestry as this without question would be on the road to spiritual slavery.... -"Ireland a Nation" [1920]

Complete Irish 2010 Diarmuid Ó Sé This product is most effective when used in conjunction with the corresponding audio support. - You can purchase the book and double CD as a pack (ISBN: 9781444102352) - The double CD is also sold separately (ISBN: 9781444102451) (copy and paste the ISBN number into the search bar to find these products) Are you looking for a complete course in Irish which takes you effortlessly from beginner to confident speaker? Whether you are starting from scratch, or are just out of practice, Complete Irish will guarantee success! Now fully updated to make your language learning experience fun and interactive. You can still rely on the benefits of a top language teacher and our years of teaching experience, but now with added learning features within the course and online. The course is structured in thematic units and the emphasis is placed on communication, so that you effortlessly progress from introducing yourself and dealing with everyday situations, to using the phone and talking about work. By the end of this course, you will be at Level B2 of the Common European Framework for Languages: Can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party. Learn effortlessly with a new easy-to-read page design and interactive features: NOT GOT MUCH TIME? One, five and ten-minute introductions to key principles to get you started. AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success, based on the author's many years of experience. GRAMMAR TIPS Easy-to-follow building blocks to give you a clear understanding. USEFUL VOCABULARY Easy to find and learn, to build a solid foundation for speaking. DIALOGUES Read and listen to everyday dialogues to help you speak and understand fast. PRONUNCIATION Don't sound like a tourist! Perfect your pronunciation before you go. TEST YOURSELF Tests in the book and online to keep track of your progress. EXTEND YOUR KNOWLEDGE Extra online articles at: [www.teachyourself.com](http://www.teachyourself.com) to give you a richer understanding of the culture and history of Irish. TRY THIS Innovative exercises illustrate what you've learnt and how to use it. The course is available as a book (9781444105902), as a pack comprising the book and double CD (9781444102352) and as a double CD (9781444102451).

Enter the Irish-American 2002-05-09 Edward Wakin The Irish position "is one of shame and poverty. 'My master is a great tyrant,' said a Negro lately. 'He treats me as badly as if I was a common Irishman.'" -an Irishman writing home, 1851. "I am sorry to find that England is right about the lower class of Irish. They are brutal, base, cruel, cowards, and as insolent as base...my own theory is that St. Patrick's campaign against the snakes is a Papish delusion. They perished of biting the Irish people." -a prominent New Yorker, 1863. "If you lived in this place, you would ask for whisky instead of milk." - an Irishwoman in a New York tenement, 1868. "Thousands of my countrymen at this time fill with dignity and invulnerable fidelity, various situations of trust and emolument in the land of their adoption." -a traveling Irish author, 1864. "Scratch a convict or a pauper, and the chances are that you tickle the skin of an Irish Catholic." -the Chicago Post, 1868. "Of all the tricks which the Irish nation have played on the slow-witted Saxon, the most outrageous is the palming off on him of the imaginary Irishman of romance." -George Bernard Shaw, 1896. "Anyhow 'tis a good thing to be an Irishman because people think that all an Irishman does is laugh without a reason an' fight without an objik. But ye an' I, Hinnissy, know these things ar-re on'y our divarsions. It's a good thing to have people size ye up wrong, whin they're got ye'er measure ye're in danger." -Finley Peter Dunne, 1919.

A Genealogist's Guide to Discovering Your Irish

Ancestors 2001 Dwight A. Radford Family genealogists will find easy step-by-step suggestions for determining an Irish ancestor's place of origin, and advice for researching Irish records in America and on the Emerald Isle itself. Readers will find a wealth of information, such as: \* the basic strategies of Irish research \* working with home sources \* accessing, making sense of and working with Irish records inside and outside of Ireland \* making the most of Internet resources \* using cemetery records, church records, estate records, military records and more! Dwight A. Radford and Kyle J. Betit are widely respected in the field of genealogy as Irish researchers. For the past six years, they have built their reputation through articles in their highly acclaimed journal, the Irish at Home and Abroad, as well as in other genealogical publications. They speak internationally on the subject of Irish research and live in Salt Lake City, Utah.

The Irish monthly magazine [afterw.] The Irish monthly 1883

The Irish Homestead 1912

If the Irish Ran the World 1997 Donald H. Akenson What would have happened if the Irish had conquered and controlled a vast empire? Would they have been more humane rulers than the English? Using the Caribbean island of Montserrat as a case study of "Irish" imperialism, Donald Akenson addresses these questions and provides a detailed history of the island during its first century as a European colony.

Buy the Best of Ireland 2004 Mary Jean Jecklin This guide to shopping in Ireland is organized by product-- pottery and china, crystal, jewelry, linens, food and drink, ect. Other more general information covers Value Added Tax, currency, terminology and slang.

Irish Quaker Hybrid Identities 2019-09-02 Maria Kennedy Kennedy's work investigates the hybrid identities of Irish Quakers within a context of sectarianism. Such diverse identities produce organisational tensions. Kennedy argues that Irish Quakers have developed a distinctive approach to complex identity management prioritising 'relational unity' and modelling inclusive identities.

Irish Contemporary Landscapes in Literature and the Arts 2011-12-06 M. Mianowski Looking at representations of the Irish landscape in contemporary literature and the arts, this volume discusses the economic, political and environmental issues associated with it, questioning the myths behind Ireland's landscape, from the first Greek descriptions to present day post Celtic-Tiger architecture.

The 'Irish' Family 2014-10-24 Linda Connolly When situated in the wider European context, 'the Irish family' has undergone a process of profound transformation and rapid change in very recent decades. Recent data cites a significant increase in one parent households and a high non-marital birth rate for instance alongside the emergence of cohabitation, divorce, same sex families and reconstituted families. At the same time, the majority of children in Ireland still live in a two-parent family based on marriage and the divorce rate in Ireland is comparatively lower than other European countries. 21st century family life is, in reality, characterised by continuity and change in the Irish context. This book seeks to understand, interpret and theorise family life in Ireland by providing a detailed analysis of historical change, demographic trends, fertility and reproduction, marriage, separation and divorce, sexualities, children and young people, class, gender, motherhood, intergenerational relations, grandparents, ethnicity, globalisation, technology and family practices. A comprehensive analysis of key developments and trends over the course of the twentieth and twenty-first centuries is provided.

To the Faculty Lounge - 2011-10-28 Sean Kelly One year. Three Campuses. And 56 years of amazing history. From

the Faculty Lounge charts the history of London Central High School through the eyes of the faculty and staff in Cold War-era birth until its closure in June 2007. Class quiet. Books open and prepare to head back through the decades and memories. It's time to go back to school.

The Irish Law Times and Solicitors' Journal 1881

The Truth About the Irish 2000-03-16 Terry Eagleton Presents a humorous look at the myths, idiosyncracies, and culture of the Irish people.

Social Work and Irish People in Britain 2004-06-23 Paul Michael Garrett Dominant social work and social care discourses on 'race' and ethnicity often fail to incorporate an Irish dimension. This book challenges this omission and provides new insights into how social work has engaged with Irish children and their families, historically and to the present day. The book provides the first detailed exploration social work with Irish children and families in Britain; examines archival materials to illuminate historical patterns of engagement; provides an account of how social services departments in England and Wales are currently responding to the needs of Irish children and families; incorporates the views of Irish social workers and acts as a timely intervention in the debate on social work's 'modernisation' agenda. The book will be valuable to social workers, social work educators and students. Its key themes will also fascinate those interested in 'race' and ethnicity in Britain in the early 21st century.

The Irish Reports 1922

Seeking Our Irish Kinfolk 2020-08-31 Edward J. Hedican

F\*ck You, I'm Irish 2015-03-31 Rashers Tierney "Those interested in Ireland and its history and people will find interesting reading here, sometimes humorous, sometimes serious, always informative."—Foreword Reviews AN IN-YOUR-FACE COLLECTION OF TRIVIA THAT'S SURE TO INSPIRE CHEST-THUMPING PRIDE IN EVERYONE OF IRISH DESCENT From battling oppression and famine in Ireland to overcoming poverty and discrimination in America, we Irish gained our fightin' moniker by standing up for our rights and earning the respect we deserve. Now, the amazing feats, astounding people and incredible facts in this fascinating book of Irish trivia will make you proudly say, "F\*ck you, I'm Irish" because we're...  
•SMART (from ancient monks to James Joyce) •TOUGH (from boxing champs to Liam Neeson) •SEXY (from redheaded lasses to Colin Farrell) •TALENTED (from step-dancing troupes to Bono) •INVENTIVE (from tech companies to the Model T) •FUN (from raucous wakes to St. Patrick's Day) and sometimes. . . •BANJAXED (thanks to great whiskey and Guinness)

American Indians, the Irish, and Government Schooling 2007 Michael C. Coleman For centuries American Indians and the Irish experienced assaults by powerful, expanding states, along with massive land loss and population collapse. In the early nineteenth century the U.S. government, acting through the Bureau of Indian Affairs (BIA), began a systematic campaign to assimilate Indians.

Rethinking the Irish in the American South 2013-04-20 Bryan Albin Giemza A fresh look at a multifaceted minority culture

The Irish Ecclesiastical Record 1899

New Perspectives on Irish English 2012 Bettina Migge This volume brings together current research by international scholars on the varieties of English spoken in Ireland. The papers apply contemporary theoretical and methodological approaches and frameworks to a range of topics. A number of papers explore the distribution of linguistic features in Irish English, including the evolution of linguistic structures in Irish English and linguistic change in progress, employing broadly quantitative sociolinguistic approaches. Pragmatic features of Irish English are explored through corpus linguistics-based analysis. The construction of linguistic corpora using written and recorded material form the focus of other papers,

extending and analyzing the growing range of corpus material available to researchers of varieties of English, including diaspora varieties. Issues of language and identity in contemporary Ireland are explored in several contributions using both qualitative and quantitative methods. The volume will be of interest to linguists generally, and to scholars with an interest in varieties of English.

An Irish-Speaking Island 2014-11-25 Nicholas M. Wolf This groundbreaking book shatters historical stereotypes, demonstrating that, in the century before 1870, Ireland was not an anglicized kingdom and was capable of articulating modernity in the Irish language. It gives a dynamic account of the complexity of Ireland in the nineteenth century, developments in church and state, and the adaptive bilingualism found across all regions, social levels, and religious persuasions.

The Irish Jurist 1861

Race, Politics, and Irish America 2022-12 Mary M. Burke Figures from the Scots-Irish Andrew Jackson to the Caribbean-Irish Rihanna, as well as literature, film, caricature, and beauty discourse, convey how the Irish racially transformed multiple times: in the slave-holding Caribbean, on America's frontiers and antebellum plantations, and along its eastern seaboard. This cultural history of race and centuries of Irishness in the Americas examines the forcibly transported Irish, the eighteenth-century Presbyterian Ulster-Scots, and post-1845 Famine immigrants. Their racial transformations are indicated by the designations they acquired in the Americas: 'Redlegs,' 'Scots-Irish,' and 'black Irish.' In literature by Fitzgerald, O'Neill, Mitchell, Glasgow, and Yerby (an African-American author of Scots-Irish heritage), the Irish are both colluders and victims within America's racial structure. Depictions range from Irish encounters with Native and African Americans to competition within America's immigrant hierarchy between 'Saxon' Scots-Irish and 'Celtic' Irish Catholic. Irish-connected presidents feature, but attention to queer and multiracial authors, public women, beauty professionals, and performers complicates the 'Irish whitening' narrative. Thus, 'Irish Princess' Grace Kelly's globally-broadcast ascent to royalty paves the way for 'America's royals,' the Kennedys. The presidencies of the Scots-Irish Jackson and Catholic-Irish Kennedy signalled their respective cohorts' assimilation. Since Gothic literature particularly expresses the complicity that attaining power ('whiteness') entails, subgenres named 'Scots-Irish Gothic' and 'Kennedy Gothic' are identified: in Gothic by Brown, Poe, James, Faulkner, and Welty, the violence of the colonial Irish motherland is visited upon marginalized Americans, including, sometimes, other Irish groupings. History is Gothic in Irish-American narrative because the undead Irish past replays within America's contexts of race.

The History of Artificial Intelligence

Artificial intelligence (AI) is the field of computer science that deals with creating machines and systems that can perform tasks that normally require human intelligence, such as reasoning, learning, decision making, perception, and natural language processing. AI has been one of the most fascinating and influential domains of human endeavor, with profound implications for science, technology, society, and humanity. This book aims to tell the story of AI, from its origins and foundations, to its achievements and challenges, to its current state and future prospects. It will cover the main concepts and methods of AI, the major milestones and breakthroughs of AI research and development, the ethical and social issues and debates of AI, and the visions and scenarios of AI's potential and impact.

### Power how to be irish even if you

Celestial Bay, where constellations reflected in the midnight waters, a lighthouse keeper named Luna discovered an ancient mermaids tear—a gem said to hold the power to navigate the cosmic currents of times and space. Lunas destiny became entwined with the ebb and flow of the tides that carried whispers of distant galaxies.

### Fight how to be irish even if you

As the sun sets over the ruins of Persepolis, the ancient Persian city, a timeworn parchment emerges, revealing the narratives of emperors and poets who once walked its hallowed grounds. The Persian Empire, a crucible of innovation and culture, beckons us to unravel the threads that connect its legacy to the mosaic of world history.

### Story of" how to be irish even if you

crossroads of fate and coincidence, a mysterious traveler named Seraphina entered a small town in the heart of the Appalachian Mountains. Unbeknownst to the locals, Seraphina carried a map that led not to physical destinations but to the forgotten chapters of their intertwined destinies.
