The Escort

2019-06-25 Sandi Lynn From the New York Times bestselling author of the Forever Series comes a new standalone novel.BrielleSometimes life doesn't go as planned. Mine certainly didn't. One moment I was going off to NYU on a fully paid scholarship, and the next, I had become something I never thought I would be. I learned quickly and the money I made allowed me to pay for my mother's chemo treatments. Once all of our debts were paid off, I met a man and got out of the business. Then a string of events forced me back inside the world of escorting. But this time, things were different. I built a business and became a high-end escort to the wealthy of the wealthiest; to men who paid me well and allowed me to live a comfortable life. Then one night at an event, I met a man. A sexy, rich, single man who paid me a ridiculous amount of money to spend one night together. I broke my number one rule: Never fall in love with a client. CadenThe moment I saw her, I had to have her. I knew what she was, and I didn't care. I would pay any amount of money for one night with her. After our night was over, I wanted more. I craved more. She was the perfect woman and I didn't have to worry about her wanting a relationship or falling in love. I made her an offer she couldn't refuse. I owned her. Everyone has a price. Then things became complicated, and the more time I spent with her, the more my past haunted me. Feelings for her started to take over, but the demons inside me kept me in check, reminding me of what I'd done and making sure that I'd never make the same mistake again.18+

Blueprint for an Escort Service 2

2010-02-02 Vicky Gallas This title is intended as an expansion in scope of "Blueprint for an Escort Service" and it is not repetitious. It should accompany the original Blueprint. The book expounds on many of the chapters in the original book. The idea is to send out sexy escorts or dancers by the hour, and not for sex. If opening an escort business or an entertainment company is your plan, this book will save you unimaginable trouble and avert potential disasters at every corner. A central theme in this title is working with a limited budget as I noted that several readers questioned as to specific start up costs. This book instructs in a step-by-step format on how to get started with your own escort service on a budget of \$500 to \$1000. The one thing that I am positive of is that in this economy there are plenty of people that feel the need to resort to unconventional income and ventures that would otherwise be discarded. I have never discontinued my research, and one fact that you can take to the bank is that there is still money in operating an escort business. All research is current and I am in touch with the realities and trends of the business. The entire point of the book is to make opening and operating an escort or entertainment business anywhere a simple project. This book is short because I do not intend to reinvent the wheel or pad it with immaterial information. The word count total is 21,000.

A term paper is a research paper written by students over an academic term, accounting for a significant part of a grade. Its a essential component of your college education, often assigned towards the conclusion of a semester. The paper is a vehicle through which educators gauge your comprehension of the course content. Writing a term paper isnt just about summarizing facts. It requires a mix of organization, deep research, and the art of presenting your findings in a way thats both clear and analytical. This means structuring your arguments logically, citing relevant sources, and critically evaluating the information youve gathered. When grading a term paper, there are three important aspects to consider. First, the paper should be passionately written and captivating to read. Second, it should have good grammar and style (following MLA, APA, or CMS style). Third, it should be well documented with in-text references (in parentheses) linking their assertions to scholarly articles in the list of references at the end of the paper.

Space Battles that Altered History

It was the time 2023, and the earth stood on the edge of war. The U.S. and PRC, the pair of global powers, had been entangled in a ferocious competition, vying for supplies, dominance, and supremacy. They had engineered high-tech armaments, such as lasers, drones, and spacecrafts, which could strike any location, anytime. They had clandestinely constructed space stations, which could deploy atomic weapons, which could annihilate the planet. They were both set to employ them, if at all needed. But they were the only ones. There existed a 3rd

power, a hidden entity, that had been observing them, waiting patiently for them both, preparing for them. They were aliens, and they had come to stop them both. They had come come to save the world, or to finish it. They had come to initiate the space wars that transformed past.
