Mystery of the Missing Diamond

It was a gloomy and turbulent night. The drizzle was falling heavily, and the wind was howling. In the heart of the metropolis, there was a gallery, where a invaluable diamond was on show. The diamond was called the African Star, and it was the greatest and most gorgeous diamond in the globe. It was guarded by a advanced security mechanism, and a squad of weaponized guards. No one could pilfer it, or so they thought. But somebody did. An individual managed to get around the protection, to avoid the guards, to shatter the glass, and to grab the diamond. And no one observed them, no one listened to them, no one knew who they were. They left no trace, no lead, no proof. They disappeared into the darkness, with the African Star. And the riddle of the lost diamond started.
