Human.4

2011-01-01 Mike A. Lancaster Kyle Straker volunteered to be hypnotized at the annual community talent show, expecting the same old lame amateur acts. But when he wakes up, his world will never be the same. Televisions and computers no longer work, but a strange language streams across their screens. Everyone's behaving oddly. It's as if Kyle doesn't exist. Is this nightmare a result of the hypnosis? Will Kyle wake up with a snap of fingers to roars of laughter? Or is this something much more sinister? Narrated on a set of found cassette tapes at an unspecified point in the future, Human.4 is an absolutely chilling look at technology gone too far.

Sissy Dreams: From Boyfriend to Girlfriend

Paul Zante Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

The Legacy

2010 Gemma Malley When a Pincent Pharma lorry is ambushed by the Underground, its contents come as a huge surprise - not drugs but corpses in a horrible state. It appears Longevity isn't working and the drugs that are supposed to guarantee eternal youth are failing to live up to their promise. A virus is sweeping the country, killing many in its wake, and Longevity is powerless to fight it. When Richard Pincent of Pincent Pharma suggests that the Underground has released the virus, something has to be done to alert everyone to the truth and put the story straight once and for all.

The Resistance

2010-11-01 Gemma Malley The chilling, powerful sequel to Gemma Malley's acclaimed debut, The Declaration. For fans of The Hunger Games In a world where nobody dies, Peter and Anna are Opt Outs - they choose not to live for ever . . . but is that enough? To try and fight the system further, Peter infiltrates Pincent Pharma, the company behind Longevity - the drug that offers eternal life. But he finds himself involved in things he didn't think possible . . . and begins to struggle with his own family. It appears Richard Pincent will stop at nothing to get what he wants, even if it means ripping Peter and Anna's new life apart.

The Returners

2011-02-07 Gemma Malley Will Hodges' life is a mess! His mother is dead, he has no friends and he thinks he is being followed by a strange group of people who tell him they know him. But Will can't remember them . . . at first. And when he does, he doesn't like what he can remember. While Will is struggling with unsettling memories, he learns that his past is a lot deeper than many people's, and he has to find out if he is strong enough to break links with the powerful hold that history has on him. This compelling novel, set in an alternate future, challenges

readers to consider the role we all have to play in making our society, and asks how much we are prepared to stand up for what's right.

The Summer We Turned Green

2021-07-08 William Sutcliffe A fresh, funny, heartfelt look at this generation's must-win battle: one earth, one chance. It's the summer holidays, and thirteen-year-old Luke's life has been turned upside down. First his older sister Rose moved 'across the road', where a community of climate rebels is protesting the planned airport expansion. Then his dad followed her. Dad only went to get Rose back, but now he's out there building totem poles, wearing sandals and drinking mead (whatever that is) with the best of them... Can Luke save his family when all they want to do is save the planet?

Āryan Word-Building (Classic Reprint)

2017-12-22 George Otis Holbrooke Excerpt from Āryan Word-Building The roots given by Sanskrit grammarians, even when not found in literature, deserve the same attention which is given to the Greek forms preserved by Hesychius. The grammarians were familiar with writings and dialects which have been lost. In some cases they may have invented a link in the development of a chain of roots, as I have employed hypothetical roots in brackets. Thrilling, passionate and beautifully written, this dystopian novel is perfect for fans of The Hunger Games

The Killables

2012-03-29 Gemma Malley Evil has been eradicated. The City has been established. And citizens may only enter after having the 'evil' part of their brain removed.

They are labelled on the System according to how 'good' they are. If they show signs of the evil emerging, they are labelled a K . . . But no one knows quite what that means. Only that they disappear, never to be seen again . . .
