'Bad' Women of Bombay Films 2019-12-06 Saswati Sengupta This book presents a feminist mapping of the articulation and suppression of female desire in Hindi films, which comprise one of modern India's most popular cultural narratives. It explores the lineament of evil and the corresponding closure of chastisement or domesticity that appear as necessary conditions for the representation of subversive female desire. The term 'bad' is used heuristically, and not as a moral or essential category, to examine some of the iconic disruptive women of Hindi cinema and to uncover the nexus between patriarchy and other hierarchies, such as class, caste and religion in these representations. The twenty-one essays examine the politics of female desire/s from the 1930s to the present day - both through in-depth analyses of single films and by tracing the typologies in multiple films. The essays are divided into five sections indicating the various gendered desires and rebellions that patriarchal society seeks to police, silence and domesticate.

Chanakya's Chant 2010 Ashwin Sanghi Chanakya's Chant is a racy and gripping account on Chanakya, one of the greatest political strategists India has seen. The story changes track as it narrates the tale of Gangasagar Mishra, the reincarnation of Chanakya, in parallel. Will he be the next kingmaker? Gangasagar Mishra, a denizen of a quaint old Indian town, is no ordinary man. Society sees him as a Brahmin teacher who can barely make ends meet, but he's the reincarnation of the man who brought the fragmented subcontinent together under a single empire - Chanakya. Chanakya's Chant by Ashwin Sanghi gives its readers a look into two parallel worlds that are tied together by the intelligence of the main protagonists. The first story is set in 340 BC, when a young Brahmin man, fueled by the death of his father, vows revenge against the king and overthrows his rule by bringing in Chandragupta Maurya, the first emperor of the Maurya Dynasty. The scene then shifts to modern day India, where Gangasagar Mishra leads his life as a nonentity - until he decides to groom an ambitious girl from Kanpur into India's prime minister. Will Chanakya's manipulative mechanisms change the face of the nation again? The book takes readers on a joyride through Chanakya's cold and calculating moves. Chanakya's Chant was very well received by critics and readers. Renowned bureaucrat and writer Shashi Tharoor released the book in Mumbai and termed it a gripping and delightful read. The book is a historical account, but features many colloquial terms too.

Stalin's Agent 2015 Boris Volodarsky This is the history of an unprecedented deception operation - the biggest KGB deception of all time. It has never been told in full until now. There are almost certainly people who would like it never to be told. It is the story of General Alexander Orlov. Stalin's most loyal and trusted henchman during the Spanish Civil War, Orlov was also the Soviet handler controlling Kim Philby, the British spy, defector, and member of the notorious 'Cambridge Five'. Escaping Stalin's purges, Orlov fled to America in the late 1930s and lived underground. He only dared reveal his identity to the world after Stalin's death, in his 1953 best-seller The Secret History of Stalin's Crimes, after which he became perhaps the best known of all Soviet defectors, much written

about, highly praised, and commemorated by the US Congress on his death in 1973. But there is a twist in the Orlov story beyond the dreams of even the most ingenious spy novelist: 'General Alexander Orlov' never actually existed. The man known as 'Orlov' was in fact born Leiba Feldbin. And while he was a loyal servant of Stalin and the controller of Philby, he was never a General in the KGB, never truly defected to the West after his 'flight' from the USSR, and remained a loyal Soviet agent until his death. The 'Orlov' story as it has been accepted until now was largely the invention of the KGB - and one perpetuated long after the end of the Cold War. In this meticulous new biography, Boris Volodarsky, himself a former Soviet intelligence officer, now tells the true story behind 'Orlov' for the first time. An intriguing tale of Russian espionage and deception, stretching from the time of Lenin to the Putin era, it is a story that many people in the world's intelligence agencies would almost definitely prefer you not to know about.

The Spy's Son 2015-05-05 Bryan Denson The true account of the Nicholsons, the father and son who sold national secrets to Russia. "One of the strangest spy stories in American history" (Robert Lindsey, author of The Falcon and the Snowman). Investigative reporter and Pulitzer Prize finalist Bryan Denson tells the riveting story of the father and son co-conspirators who betrayed the United States. Jim Nicholson was one of the CIA's top veteran case officers. By day, he taught spycraft at the CIA's clandestine training center, The Farm. By night, he was a minivan-driving single father racing home to have dinner with his kids. But Nicholson led a double life. For more than two years, he had met covertly with agents of Russia's foreign intelligence service and turned over troves of classified documents. In 1997, Nicholson became the highest-ranking CIA officer ever convicted of espionage. But his duplicity didn't stop there. While behind the bars of a federal prison, the former mole systematically groomed the one person he trusted most to serve as his stand-in: his youngest son, Nathan. When asked to smuggle messages out of prison to Russian contacts, Nathan saw an opportunity to be heroic and to make his father proud. "Filled with fascinating details of the cloak-and-dagger techniques of KGB and CIA operatives, double agents, and spy catchers . . . A poignant and painful tale of family love, loyalty, manipulation and betrayal." -The Oregonian

Unclaimed Terrain 2015-11-26 Ajay Navaria The narrator of the lead story in this collection occupies an 'unclaimed terrain', as do many of Ajay Navaria's characters. Journeying from a Dantewada village in India's east to the town of Nagpur and from there to Mumbai, the Byronic protagonist is raped, works as a masseur and then as a gigolo even while pursuing his education. The city teaches him the many meanings of labour, and he is freed - if ultimately destroyed - by its infinite possibilities for self - invention. As complex as they are political, Navaria's characters - ranging from a brahmin labourer to a dalit male prostitute - are neither black nor white, neither clearly good nor evil. They inhabit a grey zone; they linger in the transitional space between past object and future subject, between caste and democracy. Unclaimed Terrain represents Giramondo's commitment to South Asian literature and to writing which explores social difference and inequality.

Stick a Flag in It 2020-10-01 Arran Lomas From the Norman Invasion in 1066 to the eve of the First World War, Stick a Flag in It is a thousand-year jocular journey through the history of Britain and its global empire. The British people have always been eccentric, occasionally ingenious and, sure, sometimes unhinged - from mad monarchs to mass-murdering lepers. Here, Arran Lomas shows us how they harnessed those traits to forge the British nation, and indeed the world, we know today. Follow history's greatest adventurers from the swashbuckling waters of the Caribbean to the vast white wasteland of the Antarctic wilderness, like the British spy who infiltrated a top-secret Indian brothel and the priest who hid inside a wall but forgot to bring a packed lunch. At the very least you'll discover Henry VIII's favourite arse-wipe, whether the flying alchemist ever made it from Scotland to France, and the connection between Victorian coffee houses and dildos. Forget what you were taught in school - this is history like you've never heard it before, full of captivating historical quirks that will make you laugh out loud and scratch your head in disbelief.

Sarojini's Mother 2020-01-24 Kunal Basu Sarojini-Saz-Campbell comes to India to search for her biological mother. Adopted and taken to England at an early age, she has a degree from Cambridge and a mathematician's brain adept in solving puzzles. Handicapped by a missing shoebox that held her birth papers and the death of her English mother, she has few leads to carry out her mission and scant knowledge of Calcutta, her birthplace. Luckily, she has Chiru Sen, an Elvis lookalike, as her guide. Together, Saz and Chiru chase the mirage of a lost mother, helped by Chiru's band members and his friend Suleiman, master bookie of the racecourse. When luck leads them to a slum, Jamuna, a housemaid with a troubled past, presents herself as the likely candidate. As Saz settles into the routine of slum life, a second candidate, Urvashi, presents herself, emerging from the very opposite end of the spectrum. With Saz split in half, nothing is spared in the battle between the mothers, moving at a fast clip to the final throw of the dice as rivals await the result of DNA matching from their blood samples. But will the verdict of science settle the puzzle of motherhood for Sarojini? Or will it be left to the judgment of Suleiman the Wise, King of the Racecourse, the bearer of ancient wisdom, to arrive at that supreme revelation?

Samsung Rising 2020-03-17 Geoffrey Cain An explosive exposé of Samsung that "reads like a dynastic thriller, rolling through three generations of family intrigue, embezzlement, bribery, corruption, prostitution, and other bad behavior" (The Wall Street Journal). LONGLISTED FOR THE FINANCIAL TIMES AND MCKINSEY BUSINESS BOOK OF THE YEAR AWARD Based on years of reporting on Samsung for The Economist, The Wall Street Journal, and Time, from his base in South Korea, and his countless sources inside and outside the company, Geoffrey Cain offers a penetrating look behind the curtains of the biggest company nobody in America knows. Seen for decades in tech circles as a fast follower rather than an innovation leader, Samsung today has grown to become a market leader in the United

States and around the globe. They have captured one quarter of the smartphone market and have been pushing the envelope on every front. Forty years ago, Samsung was a rickety Korean agricultural conglomerate that produced sugar, paper, and fertilizer, located in a backward country with a third-world economy. With the rise of the PC revolution, though, Chairman Lee Byung-chul began a bold experiment: to make Samsung a major supplier of computer chips. The multimillion-dollar plan was incredibly risky. But Lee, wowed by a young Steve Jobs, who sat down with the chairman to offer his advice, became obsessed with creating a tech empire. And in Samsung Rising, we follow Samsung behind the scenes as the company fights its way to the top of tech. It is one of Apple's chief suppliers of technology critical to the iPhone, and its own Galaxy phone outsells the iPhone. Today, Samsung employs over 300,000 people (compared to Apple's 80,000 and Google's 48,000). The company's revenues have grown more than forty times from that of 1987 and make up more than 20 percent of South Korea's exports. Yet their disastrous recall of the Galaxy Note 7, with numerous reports of phones spontaneously bursting into flames, reveals the dangers of the company's headlong attempt to overtake Apple at any cost. A sweeping insider account, Samsung Rising shows how a determined and fearless Asian competitor has become a force to be reckoned with.

Reframing Prostitution 2014-07-07 N. Persak Prostitution has always fascinated the public and bewildered policy makers. Reframing Prostitution explores several aspects of this multidimensional phenomenon, examining different ways in which prostitution is and was being practised in different places and different times, best practices in the regulation of prostitution as well as wider social and psychological issues, such as the construction of prostitution as incivility or of prostitutes as a socially problematic group or as victimised individuals. The book also addresses normative questions with respect to policy making, unmasking the purposes behind certain societal reactions towards prostitution as well as proposing innovative solutions that could reconcile societal fears of exploitation and abuse while meeting the rights and needs of individuals voluntarily involved in prostitution. With contributions across social science disciplines, this international collection presents a valuable discussion on the importance of empirical studies in various segments of prostitution, highlights social contexts around it and challenges regulatory responses that frame our thinking about prostitution, promoting fresh debate about future policy directions in this area.

The Courtesan and the Gigolo 2017-01-11 Aaron Freundschuh The intrigue began with a triple homicide in a luxury apartment building just steps from the Champs-Élysées, in March 1887. A high-class prostitute and two others, one of them a child, had been stabbed to death—the latest in a string of unsolved murders targeting women of the Parisian demimonde. Newspapers eagerly reported the lurid details, and when the police arrested Enrico Pranzini, a charismatic and handsome Egyptian migrant, the story became an international sensation. As the case descended into scandal and papers fanned the flames of anti-immigrant politics, the investigation became thoroughly enmeshed with the crisis-driven political climate of the French Third Republic and the rise of xenophobic right-wing movements. Aaron Freundschuh's account of the "Pranzini Affair" recreates not just the intricacies of the investigation and the raucous courtroom trial, but also the jockeying for status among rival players—reporters, police detectives, doctors, and magistrates—who all stood to gain professional advantage and prestige. Freundschuh deftly weaves together the sensational details of the case with the social and political undercurrents of the time, arguing that the racially charged portrayal of Pranzini reflects a mounting anxiety about the colonial "Other" within France's own borders. Pranzini's case provides a window into a transformational decade for the history of immigration, nationalism, and empire in France.

The Sunset Club 2010 Khushwant Singh Meet the members of the Sunset Club: Pandit Preetam Sharma, Nawab Barkatullah Baig and Sardar Boota Singh. Friends for over forty years, they are now in their eighties. And every evening, at the sunset hour, they sit together on a bench in Lodhi Gardens to exchange news and views on the events of the day, talking about everything from love, lust, sex and scandal to religion and politics. As he follows a year in the lives of the three men—from January 26 2009 to January 26 2010—Khushwant Singh brings his characters vibrantly to life, with his piquant portrayals of their fantasies and foibles, his unerring ear for dialogue and his genius for capturing the flavour and texture of everyday life in their households. Interwoven with this compelling human story is another chronicle - of a year in the life of India, as the country goes through the cycle of seasons, the tumult of general elections, violence, natural disasters and corruption in high places. In turn ribald and lyrical, poignant and profound, The Sunset Club is a deeply moving exploration of friendship, sexuality, old age and infirmity; a joyous celebration of nature; an insightful portrait of India's paradoxes and complexities. A masterpiece from one of India's most-loved storytellers, The Sunset Club will have you in tears and laughter, and grip you from the first page to the last.

Post Cinematic Affect 2010 Steven Shaviro Post-Cinematic Affect is about what it feels like to live in the affluent West in the early 21st century. Specifically, it explores the structure of feeling that is emerging today in tandem with new digital technologies, together with economic globalization and the financialization of more and more human activities. The 20th century was the age of film and television; these dominant media shaped and reflected our cultural sensibilities. In the 21st century, new digital media help to shape and reflect new forms of sensibility. Movies (moving image and sound works) continue to be made, but they have adopted new formal strategies, they are viewed under massively changed conditions, and they address their spectators in different ways than was the case in the 20th century. The book traces these changes, focusing on four recent moving-image works: Nick Hooker's music video for Grace Jones' song Corporate Cannibal; Olivier Assayas' movie Boarding Gate, starring Asia Argento; Richard Kelly's movie Southland Tales, featuring Justin Timberlake, Dwayne Johnson, and other pop culture celebrities; and Mark Neveldine and Brian Taylor's Gamer.
