Helping Students Motivate Themselves

2013-09-27 Larry Ferlazzo Give your students the tools they need to motivate themselves with tips from award-winning educator Larry Ferlazzo. A comprehensive outline of common classroom challenges, this book presents immediately applicable steps and lesson plans for all teachers looking to help students motivate themselves. With coverage of brain-based learning, classroom management, and using technology, these strategies can be easily incorporated into any curriculum. Learn to implement solutions to the following challenges: How do you motivate students? How do you help students see the importance of personal responsibility? How do you deal with a student who is being disruptive in class? How do you regain control of an out-of-control class? And more! Blogger and educator Larry Ferlazzo has worked to combine literacy development with short and rigorous classroom lessons on topics such as self-control, personal responsibility, brain growth, and perseverance. He uses many "on-the-spot" interventions designed to engage students and connect with their personal interests. Use these practical, research-based ideas to ensure all of your students are intrinsically motivated to learn!

Gout & Other Crystal Arthropathies E-Book

2011-08-19 Robert Terkeltaub Gout and Other Crystal Arthropathies, by Dr. Robert Terkeltaub, presents the state-of-the-art, clinically-focused coverage you need to manage these increasingly prevalent diseases. Diagnose the full range of crystal arthropathies—including pseudogout, intercritical gout, hyperuricemia, and gouty arthritis—and treat your patients effectively with discussions of recently-approved drugs like Uloric and those currently under review, such as Kristexxa and Colcryst. With coverage of the latest therapies, preventions, and imaging studies, along with access to the fully searchable text online at www.expertconsult.com, this comprehensive resource is ideal for any physician who diagnoses, treats, and manages gout and crystal-induced arthropathies. Stay current on recent developments such as uricosuric therapy and inhibitor therapy; gout flare prophylaxis and colchicines; ultrasound in the diagnosis of crystal deposition diseases; imaging of gout, CPPD, and hydroxyapatite deposition diseases; and uricase therapy of gout. Manage the full range of crystal arthropathies with 25 clinically-focused chapters on pseudogout, intercritical gout, hyperuricemia, gouty arthritis, and more. Treat your patients effectively using the latest information on drug treatments, from the recently-approved Uloric to Kristexx and Colcryst, which are still under review.

Drug Transporters

2010-11-19 Martin F. Fromm It is increasingly recognized that various transporter proteins are expressed throughout the body and determine absorption, tissue distribution, biliary and renal elimination of endogenous compounds and drugs and drug effects. This book will give an overview on the transporter families which are most important for drug therapy. Most chapters will focus on one transporter family highlighting tissue expression, substrates, inhibitors, knock-out mouse models and clinical studies.

Teaching Elementary Physical Education

2006 Peter A. Hastie Teaching Elementary Physical Education: Strategies for the Classroom Teacher gives elementary education teachers the tools and strategies they need to teach physical education using a skills-based approach. Designed for the non-physical education teacher, the textbook provides a shorter, more focused presentation of how and what to teach in physical education. For many elementary education students, this course is the only exposure they will have to teaching physical education. As such, Teaching Elementary Physical Education: Strategies for the Classroom Teacher builds a strong foundation in the subject, featuring just the right amount of coverage on key topics including safety, child development, developing a PE curriculum, assessment, management, and discipline. The text's skills-theme approach focuses on teaching broadly applicable movements, such as throwing and catching, instead of specific games.
