Servant Leadership, Social Entrepreneurship and the Will to Serve 2019-11-28 Luk Bouckaert  
This book brings together a number of important essays on the intersection of servant leadership and social entrepreneurship, examining them through a shared focus on 'the will to serve'. This combination bears out the insight that inspiring social and economic leaders are able to transform a conflictual human settlement into a collaborative and caring human community. The book seeks to answer the question of whether we can induce from their 'way of doing things' a model of civic entrepreneurship and leadership that can inspire people in profit, non-profit and public organizations. It also examines the extent to which the will to serve is compatible with the will to maximize profit or the will to gain economic, political or religious power. Furthermore, it asks how far different spiritual traditions create different models and examples of servant leadership and social entrepreneurship. This book will be of interest to researchers working in the fields of business ethics, business spirituality and corporate social responsibility.

Leadership in Christian Perspective 2019-06-18 Justin A. Irving This book brings the best of leadership theory and research together with biblical reflection and examples of leadership in action to offer a practical guide to Christian leaders. Irving and Strauss organize their book around "nine empowering practices," making it accessible to students, church leaders, and business leaders. Integrating solid research in leadership studies with biblical and theological reflection on the leadership ideas that are most compatible with Christian faith, this book is an important resource for all Christian students of leadership.

Diversity and Leadership 2014-09-02  
Jean Lau Chin Although leadership theories have evolved to reflect changing social contexts, many remain silent on issues of equity, diversity, and social justice. Diversity and Leadership, by Jean Lau Chin and Joseph E. Trimble, offers a new paradigm for examining leadership by bringing together two domains—research on leadership and research on diversity—to challenge existing notions of leadership and move toward a diverse and global view of society and its institutions. This compelling book delivers an approach to leadership that is inclusive, promotes access for diverse leaders, and addresses barriers that narrowly confine our perceptions and expectations of leaders. Redefining leadership as global and diverse, the authors impart new understanding of who our leaders are, the process of communication, exchange between leaders and their members, criteria for selecting, training, and evaluating leaders in the 21st century, and the organizational and societal contexts in which leadership is exercised.

First published in 1956, this is one of the world's greatest true stories of adventure, survival and escape, has been the inspiration for the film The Way Back, directed by Peter Weir and starring Colin Farrell and Ed Harris.

Servant-Leadership editors Shann Ferch and Larry Spears present an elegant and powerful approach to the nature of the leader-follower dynamic, with a specific focus on many of the most radical, life-affirming, and transformative facets of the servant-leader. In essence, The Spirit of Servant-Leadership speaks to the soul of humanity by gathering a bright symphony of voices, including some of the current thought-leaders of contemporary leadership. Among the many voices in this volume, Peter Block questions the very nature of leadership and draws people to more deeply understand the subtlety, humility, and self-transcendence required to develop one another, individually and collectively. Larry C. Spears delves into the rich earth of holistic servant-leadership, and creates multidimensional growth and healing for the heart, mind, and spirit. Margaret Wheatley calls people to deeply consider the interior formation of leaders that create greater transparency, less command and control, and more willingness to be sincerely changed by others. James Autry unveils important truths about the process of insight involved in true servant-leadership, and Shann Ferch speaks to the nature of intimacy and the profound questions of forgiveness between people, cultures, and nations. Robert Greenleaf, former AT & T executive and the contemporary founder of servant-leadership said, "Behind every great achievement is a dreamer of great dreams." The Spirit of Servant-Leadership affirms people in all the complexity and nuance of the human endeavor, and helps renew in readers the ability to dream great dreams. +

Common Purpose 2010-03-01 Joel Kurtzman From one of the most respected names in business and leadership, a rare look at the specifics of how great leaders achieve "common purpose" and success within their organizations. What is common purpose? It is that rare, almost-palpable experience that happens when a leader coalesces a group, team or community into a creative, dynamic, brave and nearly invincible we. It happens the moment the organization's values, tools, objectives and hopes are internalized in a way that enables people to work tirelessly toward a goal. Common purpose is rarely achieved. But Kurtzman has observed that when a leader is able to bring it about, the results are outsized, measurable and inspiring. Based on Kurtzman's all-new interviews with more than 50 leaders, including Ron Sargent, Ilene Lang, Micky Arison, Simon Cooper, Joel Klein, Janet Field, Steve Wynn, Shivan Subramaniam, Michael Dell, Richard Boyatzis, Tom Kelley, Michael Milken, and Warren Bennis Contains research on leadership Kurtzman has conducted during his years at The New York Times, the Harvard Business Review, Booz & Company, as well as with PricewaterhouseCoopers, Mercer, and Korn/Ferry Based on all new interviews with some of the most dynamic, successful, and enduring **Seven Leadership Across Cultures Harnessing The Strengths Of The World Most Powerful Pdf upload Betty I Williamson**

What does it take to command a team of elite individuals? It requires a commitment to seven key principles: Courage, Trust, Respect, Growth, Excellence, Resiliency, and Alignment. Retired Navy SEAL Commander, entrepreneur and New York Times bestselling author Mark Divine (founder of SEALFIT, NavySeal.com, and Unbeatable Mind) reveals what makes the culture of an elite team, and how to get your own team to commit to serve at an elite level.
