True Story of a Serial Killer

This is not a fiction. This is not a movie. This is the true story of a serial killer, who killed 17 people in cold blood, and was never

caught. He was known as the Zodiac, and he taunted the police and the public with cryptic messages and clues. He claimed to have a motive, a plan, a purpose. He said he was killing for a higher cause, for a divine mission. He said he was smarter than anyone, and he would never be stopped. He was wrong. This is the story of how he was finally caught, by the one person who knew him better than anyone. His own brother.

Zara had always dreamed of exploring the world, but she never imagined that she would discover a hidden civilization. She had joined an expedition to the Amazon rainforest, hoping to find clues about her missing father, who had vanished while searching for the legendary city of Z. She had inherited his passion for adventure, and his journal, which contained maps and notes about his quest. But she soon realized that she was not the only one looking for Z. A ruthless treasure hunter, who had a personal vendetta against her father, was also on her trail. He would stop at nothing to find the city and claim its secrets for himself. Zara had to race against time and danger, and rely on her courage and intelligence, to uncover the truth about Z and her father's fate. But she also had to

face the mysteries of her own heart, as she found herself drawn to a mysterious native guide, who seemed to know more than he let on. Zara was about to embark on the most thrilling and dangerous journey of her life, and she would never be the same again.
