It is fast and simple to conduct, conserving precious time so that attention can be placed on applying successful strategies.

The evaluation items extensively feature words that depict 20 subject fields (e.g., actions, vegetables, tools), speech parts (nouns, verbs, attributes), and home and educational vocabulary.

The evaluation gives two equivalent versions which include different vocabulary items, ensuring that the person has not "learned" the evaluation. One form can be used prior to intervention to evaluate test-takers' vocabulary knowledge and the other version can be employed for re-assessment to evaluate and note improvement. The PPVT-4 also includes a special Growth Scale Value (GSV) which is responsive to small changes in time.
