From Boy to Sissy Baby 2020-02-25 Ben Pathen The Sissy Baby is an incredibly important and common aspect of ABDL life. These four novels are not books that are a full-on sissy extravaganza from the first word until the last. They are - like in real life - a step-by-step journey that follows the story of a young man who finds femininity erupting in his life, just as infancy is also developing. The twin aspect merge and a sissy baby is formed. And in every case, the sissy baby needs to find a life where they are able to live, develop, grow and be part of a relationship that works and matters. I hope you enjoy these four novels as much as the authors enjoyed writing them and it is worth remembering that while they are fiction, they do represent part of the canvas of real life and some scenes are based in part on actual events. Enjoy your travels through the world of the sissy adult baby.

My Husband is now my Sissy Baby Girl - Sissy's Return Danny's sissy training has come to an end and he's now destined to return home to his wife and new mommy. A Mother's Guide To Diapered Teens 2021-07-31 Shelley Carter "When my six year old son came to me and asked if he could wear diapers again I smiled, said no and life went on. When my ten year old son once again asked if he could wear diapers despite the fact he hadn't wet his bed since he was 4, I again said no and moved on, thinking nothing about it. When I found wet diapers in my thirteen-year-old son's bedroom, I realised there was a problem to deal with. My first decision was to panic. My second was to seek a therapist. When that was useless, I decided to seek real information - and I found it. This book is part our journey and part guidebook for other mothers (and fathers) who may be facing a similar situation. I hope it helps."
