Business and Society

2020-07-24 Cynthia E. Clark Recipient of a 2021 Most Promising New Textbook Award from the Textbook & Academic Authors Association (TAA) Business and Society: Ethical, Legal, and Digital Environments prepares students for the modern workplace by exploring the opportunities and challenges they will face in today's interconnected, global economy. The author team discusses legal and ethical issues throughout and uses real-world cases to provide students with a holistic understanding of stakeholder issues. Chapters on social media and citizen movements, big data and hacking, and privacy in the digital age provide in-depth coverage of how technology is transforming the relationship between organizations and consumers. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides.

Disease Control Priorities, Third Edition (Volume 6)

2017-11-06 King K. Holmes Infectious diseases are the leading cause of death globally, particularly among children and young adults. The spread of new pathogens and the threat of antimicrobial resistance pose particular challenges in combating these diseases. Major Infectious Diseases identifies feasible, cost-effective packages of interventions and strategies across delivery platforms to prevent and treat HIV/AIDS, other sexually transmitted infections, tuberculosis, malaria, adult febrile illness, viral hepatitis, and neglected tropical diseases. The volume emphasizes the need to effectively address emerging antimicrobial resistance, strengthen health systems, and increase access to care. The attainable goals are to reduce incidence, develop innovative approaches, and optimize existing tools in resource-constrained settings.

23 Things They Don't Tell You about Capitalism

2011-01-02 Ha-Joon Chang INTERNATIONAL BESTSELLER "For anyone who wants to understand capitalism not as economists or politicians have pictured it but as it actually operates, this book will be invaluable."-Observer (UK) If you've wondered how we did not see the economic collapse coming, Ha-Joon Chang knows the answer: We didn't ask what they didn't tell us about capitalism. This is a lighthearted book with a serious purpose: to question the assumptions behind the dogma and sheer hype that the dominant school of neoliberal economists-the apostles of the freemarket-have spun since the Age of Reagan. Chang, the author of the international bestseller *Bad Samaritans*, is one of the world's most respected economists, a voice of sanity-and wit-in the tradition of John Kenneth Galbraith and Joseph Stiglitz. *23 Things They Don't Tell You About Capitalism* equips readers with an understanding of how global capitalism works-and doesn't. In his final chapter, "How to Rebuild the World," Chang offers a vision of how we can shape capitalism to humane ends, instead of becoming slaves of the market.

Chemistry 2e

2019-02-14 Paul Flowers Chemistry 2e is designed to meet the scope and sequence requirements of the two-semester general chemistry course. The textbook provides an important opportunity for students to learn the core concepts of chemistry and understand how those concepts apply to their lives

and the world around them. The book also includes a number of innovative features, including interactive exercises and real-world applications, designed to enhance student learning. The second edition has been revised to incorporate clearer, more current, and more dynamic explanations, while maintaining the same organization as the first edition. Substantial improvements have been made in the figures, illustrations, and example exercises that support the text narrative. Changes made in Chemistry 2e are described in the preface to help instructors transition to the second edition.

Sociology

2007 John J. Macionis The title says it all. This tenth edition of the best-selling *Sociology* is a comprehensive book and multimedia package that offers readers a global perspective to help them better understand their own lives, provides a strong focus on social diversity that allows them to see the impact of race, class, and gender, and focuses on critical thinking. With technology integrated throughout, this new edition features new research citations, more social theory applications, additional references to pop culture linking directly to sociological material. Covering all aspects of sociology, this book describes sociological investigation, culture, society, interaction in everyday life, groups and organizations, deviance, sexuality, social stratification, social class in the United States, global inequality, gender stratification, race and ethnicity, aging, the economy, politics and government, family, religion, education, health and medicine, population and urbanization, collective behavior and social movements, and social change. An excellent resource for professionals in the field of sociology, this book is also an excellent read for non-academic hobbyists and life-long learners.

America in the Age of Trump

2018-10-23 Douglas E. Schoen *America in the Age of Trump* is a bracing, essential look at the failure of a great nation to meet the needs of its people and the challenges of the age—and the resulting collapse of public trust in government, as well as a pervasive crisis of national values, from broken families to a loss of faith in the American idea itself. This crisis of values occurs just as the country faces an unprecedented array of fiscal, economic, social, and national-security challenges: out-of-control federal spending, frighteningly large deficits, massive gaps of income and opportunity, cultural division, and a dangerous world in which American power seems increasingly incidental. In *America in the Age of Trump*, Douglas E. Schoen and Jessica Tarlov offer a definitive and unique assessment of a nation in turmoil, looking beneath well-known problems to identify underlying yet poorly understood causes. Readers will confront the crises, one by one: of trust, values, and governance; of education, economic opportunity, and fiscal solvency; of national security, domestic tranquility, and race relations. *America in the Age of Trump* gathers in one place a clear and comprehensive evaluation of the fundamental issues confronting the American future while offering bold, fresh approaches to meeting these challenges. Other books have described the specter of American decline, but none has been so comprehensive in its diagnosis or forward-looking—and non-ideological—in its remedies, explaining how we might yet overcome national self-doubt to reclaim our traditional optimism, reassert our place in the world, and secure a prosperous future for our citizens.

In Mortal Hands

2009-07-01 Stephanie Cooke This landmark history of nuclear power is perfectly timed for today, when Americans are gravely concerned with nuclear terrorism, and a nuclear renaissance is seen as a possible solution to global warming. Few have truly come to terms with the complexities of an issue which may determine the future of the planet. Nuclear weapons, it was once hoped, would bring wars to a close; instead, they spurred a massive arms race that has recently expanded to include North Korea and Iran. Once seen as a source of unlimited electricity, nuclear reactors breed contamination and have been used as covers for secret weapons programs from India and Pakistan to Iraq and Iran. The evolving story of nuclear power, as told by industry insider Stephanie Cooke, reveals the gradual deepening of our understanding of

the pros and cons of this controversial energy source. Drawing on her unprecedented access, Cooke shows us how, time and again, the stewards of the nuclear age-- the more-is-better military commanders and civilian nuclear boosters-- have fallen into the traps of their own hubris and wishful thinking as they tried to manage the unmanageable. Their mistakes are on the verge of being repeated again, which is why this book deserves especially close attention now.

The Journey of a Thousand Miles

He was tired of his life. He was bored, unhappy, and unfulfilled. He had a job he hated, a boss he despised, and a girlfriend he didn't love. He had no passion, no purpose, no meaning. He felt like he was wasting his time, his potential, his existence. He wanted to change, he wanted to escape, he wanted to live. He decided to quit his job, to break up with his girlfriend, to sell his belongings, and to buy a one-way ticket to the other side of the world. He didn't know where he was going, he didn't know what he was doing, he didn't know what he was looking for. He only knew that he had to go, that he had to explore, that he had to discover. He embarked on a journey of a thousand miles, a journey of adventure, of challenge, of learning, of growth, of transformation.
