*I diritti umani e la trasformazione delle culture politiche e cristiane nel tardo Novecento*

2022-04-14T17:29:00+02:00 AA. VV. Tra la Conferenza di Helsinki nel 1975 e il crollo dell'Urss nel 1991, due attori transnazionali dotati di missioni universaliste, quali il comunismo e la Chiesa cattolica, si sono confrontati con la questione dei diritti umani. L'avvento di Gorbačëv segna un passaggio fondamentale, liberando il tema dalle logiche della guerra fredda. Il suo rapporto con Sacharov appare emblematico, così come è significativo il suo dialogo con Giovanni Paolo II. Il volume mostra come i diritti umani non abbiano semplicemente sostituito le ideologie universaliste ma siano stati un terreno di conflitto e contaminazione per tutte le culture politiche e religiose in Europa, nel mondo comunista e cattolico, ma anche nella socialdemocrazia e nel cristianesimo riformato.

*La Dottrina Sociale della Chiesa. Sviluppo Storico*

2017-03-11 Beniamino Di Martino Il tono che accompagna il commento ai grandi documenti della Dottrina Sociale della Chiesa è, generalmente, celebrativo. Questo testo si allontana da tale atteggiamento quasi obbligato. Ad imporre questa misura è il dovere per il rigore dello studio e per la serietà della ricerca che impegna lo studioso a non sottrarsi al compito di segnalare i punti deboli e i limiti dei testi oggetto di analisi. Con tono distaccato e con sguardo critico vengono, così, passati in rassegna i più noti titoli – dalla *Rerum novarum* alla *Caritas in veritate* – che hanno rappresentato gli imprescindibili riferimenti dell'insegnamento sociale della Chiesa cattolica.

*Faith and Politics*

2018-06-27 Joseph Ratzinger Pope Francis, in his foreword, states that one of the major themes in the thought of Joseph Ratzinger is the relationship between faith and politics: "His firsthand experience of Nazi totalitarianism led him even as a young student to reflect on the limits of obedience to the state for the sake of the liberty of obeying God."; In support of this, he quotes from one of Ratzinger's texts presented in this volume: "The state is not the whole of human existence and does not encompass all human hope." Ratzinger explored various aspects of this subject in books, speeches, and homilies throughout his career, from his years as a theology professor to his tenure as Prefect of the Congregation for the Doctrine of the Faith and most recently as Pope Benedict XVI. This is the only book that collates all of his most significant works on political themes inside one volume.

*Martin Luther*

2017-12-20 Alberto Melloni The three volumes present the current state of international research on Martin Luther's life and work and the Reformation's manifold influences on history, churches, politics, culture, philosophy, arts and society up to the 21st century. The work is initiated by the Fondazione per le scienze religiose Giovanni XXIII (Bologna) in cooperation with the European network Refo500. This handbook is also available in German.

**Diritti umani e cristianesimo**

2015-05-07T00:00:00+02:00 Marcello Pera Il saggio di Marcello Pera è una potente riflessione su quella che si configura come la questione etica decisiva del nostro tempo, condotta con la «sobria razionalità, l'ampia informazione filosofica e la forza dell'argomentazione» riconosciutegli da Papa Ratzinger. «La logica dei diritti umani - scrive l'autore - richiede di sacrificare il punto centrale del messaggio cristiano, che è quello dell'uomo non autonomo bensì dipendente da Dio. Dio e mondo, fede e ragione, grazia e libertà, sforzi umani e ricompensa: la relazione fra cristianesimo e diritti umani è una questione non risolta».

**Metaphysics of Human Rights 1948-2018**

Embodying many different cultural perspectives, it was driven by a like-minded belief in the importance of finding common principles that would be essential for the very survival of civilization. Although an arduous and extensive process, the result was a much sought-after and collective endeavor that would be referenced for decades to come. Motivated by the seventieth anniversary of the 1948 Universal Declaration of Human Rights and enriched by the contributions of eminent scholars, this volume aims to be a reflection on human rights and their universality. The underlying question is whether or not, after seventy years, this document can be considered universal, or better yet, how to define the concept of "universality." We live in an age in which this notion seems to be guided not so much by the values that the subject intrinsically perceives as good, but rather by the demands of the subject. Universality is thus no longer deduced by something that is objectively given, within the shared praxis. Conversely, what seems to have to be universal is what we want to be valid for everyone. This volume will be of interest to those currently engaged in research or studying in a variety of fields including Philosophy, Politics and Law.

**The Pope**

2021-10-22 Gerhard Cardinal Muller This book offers an introduction to the theological and historical aspects of the papacy, an office and institution that is unique in this world. Throughout its history up to our present time, the Petrine ministry is both fascinating and challenging to people, both inside and outside the Catholic Church. Gerhard Cardinal Müller speaks from a particular and personal viewpoint, including his experience of working closely with the pope every day as Prefect of the Congregation for the Doctrine of the Faith. He addresses, in particular, those dimensions of the papal office which are crucial for understanding more deeply the pope as a visible principle of the church's unity. 500 years after the Protestant reformation, the book offers insights into the ecumenical controversies about the papacy throughout the centuries, in their historical context. The book also exposes prejudices and clichés, and points to the authentic foundation of the Petrine ministry.

ANTONIO GIANGRANDE Antonio Giangrande, orgoglioso di essere diverso. ODIÒ OSTENTAZIONE, IMPOSIZIONE E MENZOGNA. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

*Stato di diritto. Divisione dei poteri. Diritti dell'uomo. Un confronto tra dottrina cattolica e pensiero libertario*

2017-09-25 Beniamino Di Martino Alcuni temi hanno una particolare importanza nel dibattito sociale e politico. In questo scritto se ne prendono in esame tre – lo "Stato di diritto", la divisione dei poteri, i diritti dell'uomo – che, a causa del loro carattere paradigmatico, diventano, in qualche modo, concetti intoccabili. Anche il pensiero cattolico, che nel lontano passato si era posto in atteggiamento critico, da tempo ha dimostrato di recepire sostanzialmente le istanze delle più diffuse teorie sullo Stato. Realmente alternativo a queste ultime risulta, invece, il libertarismo il cui impianto dottrinale merita di essere messo a

confronto con gli altri e più diffusi sistemi di pensiero politico.

*Ebraismo e Cristianesimo nell'età dei diritti umani*

2018-10-30 Myriam Di Marco Fino a non molti anni fa i diritti umani sembravano costituire l'orizzonte condiviso entro cui le differenti tradizioni religiose andavano progressivamente collocandosi. Oggi non è più così. Nelle parole di Christopher McCrudden "human rights have become a central site of normative contestation over the implications of modernity, with both sides claiming to interpret human rights in the "right" way". Questo libro studia le tensioni tra diritti dell'uomo e diritti di Dio, riflettendo sulle strategie e sugli strumenti per superarle. A tal fine esso considera da un lato il contributo che ebraismo e cristianesimo hanno dato allo sviluppo dei diritti umani e dall'altro le sfide che questi ultimi, una volta affermatasi come diritti "secolari", hanno portato alla concezione dei diritti della persona propria di queste due religioni. L'indagine è svolta -oltre che sul piano giuridico- sul terreno storico, filosofico e teologico.

### Nightmare that Never Ends

Sam woke up screaming, covered in sweat. He had the same nightmare again, the one where he was chased by a dark figure with a knife. He looked at the clock, it was 3:15 am. He tried to calm himself down, telling himself it was just a dream. But he knew it was more than that. He knew the figure was real, and it was coming for him. He had seen it before, in the news, in the police sketches, in the faces of the victims. It was the serial killer that had been terrorizing the city for months. And Sam was his next target.
