

Glimpses Into The Corridors Of Power 1st Published Pdf Pdf

Imagining Pakistan

2017-08-30 Rasool Bakhsh Rais This study examines the conflict between two visions for Pakistan: a modern constitutional framework and an Islamist state. The

author argues that Western liberal ideas were at the root of Pakistan's creation, analyzes the society's drift away from its founding philosophy, and assesses optimistic indications of its revival.

The Book of Zechariah

2016-01-25 Mark J. Boda Over the centuries, the prophetic book of Zechariah has suffered from accusations of obscurity and has frustrated readers seeking to unlock its treasures. This work by Mark Boda provides insightful commentary on Zechariah, with great sensitivity to its historical, literary, and theological dimensions. Including a fresh translation of Zechariah from the original Hebrew, Boda delivers deep and thorough reflection on a too-often-neglected book of the Old Testament.

Pakistan's Inter-Services Intelligence Directorate

2016-07-01 Owen L. Sirrs This book is the first comprehensive study of Pakistan's Inter-Services Intelligence Directorate (ISI). The rise of Pakistan-backed religious extremist groups in Afghanistan, India, and Central Asia has focused international attention on Pakistan's premier intelligence organization and covert action advocate, the Inter-Services Intelligence Directorate or ISI. While ISI is regarded as one of the most powerful government agencies in Pakistan today, surprisingly little has been written about it from an academic perspective. This book addresses critical gaps in our understanding of this agency, including its domestic security mission, covert backing of the Afghan Taliban, and its links to al-Qaeda. Using primary source materials, including declassified intelligence and diplomatic reporting, press reports and memoirs, this book explores how ISI was transformed from a small, negligible counter intelligence outfit of the late-1940s into the national security behemoth of today with extensive responsibilities in domestic security, political interference and covert action. This study concludes that reforming or even eliminating ISI will be fundamental if Pakistan is to successfully transition from an army-run, national security state to a stable, democratic society that enjoys peaceful relations with its neighbours. This book will be of interest to students of intelligence studies, South Asian politics, foreign policy and international security in general.

Glimpses Into the Corridors of Power

2007 Gohar Ayub Khan The author, being the son of Pakistan's first military dictator, Mohammad Ayub Khan, offers an insider's view of people and events that directly and deeply affected the course of Pakistan's unsteady political history. Gohar Ayub was himself politically active, winning a National Assembly seat six times over the years. He was nominated speaker 1990 and Foreign Minister in 1997.During his tenure, Pakistan exploded the nuclear bomb in May 1998. He is presently Senior Vice President of the Pakistan Muslim League.

War and Peace in Contemporary India

2021-11-29 Rudra Chaudhuri War and Peace in Contemporary India examines the importance of institutions and the role played by international actors in crucial episodes of India's strategic history. The contributions trace India's tryst with war and peace from immediately before the foundation of the contemporary Indian state, to the last military conflict between India and Pakistan in 1999. The focus of the chapters included in this edited volume is as much on India as it is on Pakistan and China, its opponents in war. The chapters offer a fresh take on the creation of India as a regional military power, and her approach to War and Peace in the post-independence period. Importantly, it advances the broader work on Indian strategic history during the Cold War and after, an otherwise under-studied intellectual landscape. The book offers fresh insights based on archival work, as well as a closer conceptual reading of Indian, British and American decision making at times of war and peace in contemporary India. This book will be of great interest to scholars, researchers and students interested in strategic studies, diplomatic and military history, international diplomacy, as well as Indian history and politics. The chapters in this book were originally published as a special issue of the Journal of Strategic Studies.

The Afghanistan Wars

2020-11-03 William Maley A whole generation has grown up in Afghanistan knowing little but the ravages of war. The dramatic overthrow of the Taliban regime in 2001 was simply one event in a series of interrelated struggles which have blighted ordinary people's lives over the last three decades, and which continue to interfere with reconciliation and reconstruction. This new edition of The Afghanistan Wars provides a meticulously-documented history of these successive waves of conflict. From the roots of Afghanistan's slide into disorder in the late 1970s to the challenges faced by Afghan leaders following the substantial withdrawal of international forces in 2014, it explores military and diplomatic history while also offering valuable insight on humanitarian action, gender, medical and cultural themes. Thoroughly revised in the light of the latest research, the third edition also features a new final chapter which examines recent developments in Afghanistan, bringing the story up to the present day and mounting a strong case for continuing support for this troubled country. New to this Edition: - A final chapter on the recent developments in Afghanistan up to the present day - Revised to take into account the

considerable amount of new material published on this topic since 2009 - Refreshed and updated throughout

The Pearson General Studies Manual 2009_1/e

2009 Showick Thorpe Edgar Thorpe This latest edition of The Pearson General Studies Manual continues to provide exhaustive study material for the General Studies paper of the UPSC Civil Services Preliminary Examination. This student-friendly book has been completely revised, thoroughly updated and carefully streamlined and is strictly exam-centric. In this new edition, a large number of new boxes and marginaliaâ€”with additional and relevant informationâ€”have been added to provide cutting-edge information to the aspirant. Readers will find that important facts and information have been presented in the form of well-structured tables and lists.

US-Pakistan Relations

2016-07-01 Talat Farooq US foreign policy-making from the end of the Cold War to after 2001 is crucial to understanding the years of strong US engagement with Pakistan that would follow 9/11. This book explains Pakistan's strategic choices in the 1990s by examining the role of the United States in the shaping of Islamabad's security goals. Drawing upon a diverse range of oral history interviews as well as available written sources, the book explains the American contribution to Pakistani security objectives during the presidency of Bill Clinton (1993-2001). The author investigates and explains the dynamics which drove Islamabad's pursuit of nuclear weapons, its support for the Taliban and its approach towards the indigenous uprising in Indian Kashmir. She argues that Clinton's foreign policy contributed to the hardening of Islamabad's security perspectives, creating space for the Pakistani military establishment to pursue its regional security goals. The book also discusses the argument that US-Pakistan relations during this period were driven by a Cold War mindset, causing a fissure between US global and Pakistan's regional security goals. The Pakistani military and civilian leadership utilized these divergent and convergent trends to protect Islamabad's India-centric strategic interests. The book addresses a gap in the relevant literature and moves beyond the available mono-causal explanations often distorted by a mixture of intellectual obfuscation and political rhetoric. It adds a Pakistani perspective and is a valuable contribution to the study of US-Pakistan relations.

Complex Rivalry

2022-10-06 Surinder Mohan While a substantial body of research explains how the conflict between India and Pakistan originated and developed over time, a systematic and multivariate inquiry cutting across different IR paradigms to understand this rivalry is rare or limited. Surinder Mohan contributes to the understanding of India and Pakistan's rivalry by presenting a new type of framework, also known as complex rivalry model. This comprehensive model, by not limiting its theoretical tool-kit to any single paradigm, is unique in its approach and better positioned to debate and answer baffling questions that the single-paradigm-based studies address rather inadequately and in isolation. This book, through an examination of fifty-seven militarized disputes between 1947 and 2021, explains the life cycle of India-Pakistan rivalry in four phases: initiation; development; maintenance; and a possible transformation/termination. Mohan delineates five specific conditions that evolved the subcontinental conflict into a complex rivalry: first, its survival in spite of the Bangladesh War and the end of the Cold War; second, its linkage with other rivalries; third, the inclusion of nuclear factor; fourth, the dyadic stability in the militarized disputes and hostility level despite changes in the regime type; and fifth, the dyad's involvement in a multilayered conflict pattern. To break this deadlock and mitigate their longstanding differences, Mohan proposes that India and Pakistan must reframe their national priorities and political goals so that the new situation or combinations of conditions would assist their peace strategists to downgrade the dyadic hostility and implement risky policies to make headway to a promising transformation.

The China Pakistan Axis

2015-11-25 Andrew Small China and Pakistan, India's two most powerful neighbours, share an 'all-weather' relationship that is as reputed for its depth as it is layered in secrecy. Based on years of research and interviews, Andrew Small has put together the story of China and Pakistan's growing, and in parts troubled, friendship. The China-Pakistan Axis is essential to understanding the economic, political and security map of Asia, especially India's neighbourhood. It explains Beijing's extraordinary support to Pakistan's nuclear programme and defence planning, their strategic cooperation on India, the United States and Afghanistan, and the implications for counter-terrorism efforts. A special chapter for this Indian edition brings the book up to date on China's involvement in the Taliban talks.

glimpses into the corridors of power 1st : Listed below are some of best rated **glimpses into the corridors of power 1st** images on internet. We identified it from reliable source. We think this kind of glimpses into the corridors of power 1st photo can be the most trending niche if we publish it in google plus or twitter.

We attempt to presented in this post because this can be one of excellent resource for any glimpses into the corridors of power 1st ideas. Dont you come here to learn some new unique **glimpses into the corridors of power 1st** idea? We actually hope you can easily accept it as one of the reference and many thanks for your time for visiting our site. Make sure you share this picture to your precious mates, family, group via your social networking such as facebook, google plus, twitter, pinterest, or any other social bookmarking sites. Right here, we have countless books **glimpses into the corridors of power 1st** and collections to check out. We additionally come up with the money for variant types and with type of the books to browse. The good enough book, fiction, history, novel, scientific research, as capably as various extra sorts of books are readily easily reached here.

As this glimpses into the corridors of power 1st, it ends happening innate one of the favored books glimpses into the corridors of power 1st collections that we have. This is why you remain in the best website to look the amazing book to have.
