He was one of the highest paid dancers in show business. Yet he was able to make himself a millionaire several times over by his unique investment approach. Unlike other so-called systems, it worked regardless of whether the market rose or fell. When news of Darvas's fantastic profits and methods leaked, he was featured in Time magazine. If You Can 2014-07-16 William J. Bernstein William J. Bernstein promises to lay out an investment strategy that any seven year old could understand and will take just 15 minutes of work per year. He also promises it will beat 90% of finance professionals in the long run, but still make you a millionaire over time. Bernstein is addressing young Americans just embarking on their working careers. Bernstein advocates saving 15% of one's salary starting no later than age 25 into tax-sheltered savings plans (IRA or 401(k) in the U.S., RRSPs or Registered Pension Plans in Canada), and divvying up the money into just three mutual funds: a U.S. total stock market index fund, an international stock market index fund and a U.S. total bond market index fund. For millennials, saving 15% of salary is the financial equivalent of dying, which is why Bernstein titles his document 'IF you can.'

Financial Freedom 2020-04-07 Grant Sabatier The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover." —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: \* Create profitable side hustles that you can turn into passive income streams or full-time businesses \* Save money without giving up what makes you happy \* Negotiate more out of your employer than you thought possible \* Travel the world for less \* Live for free--or better yet, make money on your living situation \* Create a simple, money-making portfolio that only needs minor adjustments \* Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

The Four Million 2020-04-21 O. Henry A collection of twenty-five tales, including "The Gift of the Magi," from one of America's most successful writers of popular short stories. At the turn of the twentieth century, one man captured America's imagination in his works of short fiction. O. Henry's clever and engaging stories, often with surprise endings, had mass appeal. The title of this book, the author's second collection, references the population of New York City, where many of the stories are set, at the time of publication. It features some of his best-known works, including "The Gift of the Magi," "The Cop and the Anthem," and "The Furnished Room." "The tale, a simply structured, exquisitely told story of self-sacrifice, generosity, and love, closed with the O. Henry signature: an ironic twist . . . It's a reminder of the way we should be living, with love first, giving second, and possession below all." —The Atlantic on "The Gift of the Magi"

The path to becoming a millionaire is paved with tools that you either already have or that you can learn. Take personal responsibility; practice intentionality; be goal-oriented, a hard worker; and be consistent. If you adopt this mindset, you, too, can become a millionaire. -- adapted from foreword and introduction

It bristled with dealers, croupiers and touts--and he explained all of this in a later highly successful book, Wall Street: The Other Las Vegas. How I Made 2,000,000 in the Stock Market is an extraordinary book. It tells one of the most unusual success stories in the history of the stock market. Darvas was not a stock market professional trading on inside information. He was one half of the highest paid dance team in show business. Yet he was able to make himself a millionaire several times over by his unique investment approach. Unlike other so-called systems, it worked regardless of whether the market rose or fell. The Millionaire Fastlane 2011-01-04 MJ DeMarco **10TH ANNIVERSARY EDITION** Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.
