The Legend of Guy of Warwick

2020-03-25 Velma Bourgeois Richmond This lavishly illustrated study is a comprehensive literary and social history which offers a record of changing genres, manuscript/book production, and cultural, political, and religious emphases by examining one of the most long lived popular legends in England. Guy of Warwick became part of history when he was named in chronicles and heraldic rolls. The power of the Earls of Warwick, especially Richard de Beauchamp, inspired the spread of the legend, but Guy's highest fame came in the Renaissance as one of the Nine Worthies. Widely praised in texts and allusions, Guy's feats were sung in ballads and celebrated on the stage in England and France. The first Anglo-Norman romance of Gui de Warewic, a Saxon hero of the tenth century was written in the early 13th century; the latest retellings of the legend are contemporary. Examples of Guy's legend can be found in two English translations that survived the Middle Ages, a new French prose romance, a didactic tale in the Gesta Romanorum, and late medieval versions in Celtic, German, and Catalan, as well as English. Guy remained a favorite Edwardian children's story and was featured in the Warwick Pageant, an historical extravaganza of 1906. The patriotism of World War II sparked a resurgence of interest that produced several new versions, mostly folkloric.

The Jewel of an Earl's Heir

2021-08-22 Linda Rae Sande Being color blind isn't the same as being blind... unless you're in love. Alexander, heir to the Everly earldom, has just discovered he's color blind. The malady explains why he didn't do well in his natural science classes at Cambridge. What's worse is it impairs his ability to choose gemstones for the jewelry he creates. If only he had a second pair of eyes that could correctly identify colors. The beguiling gray eyes—or are those green?— belonging to the daughter of a renown jeweler are only a temporary fix. He's too young to marry, and besides, who wants a man who can't see colors correctly? Margaret spends her days assisting her father in the creation of jewelry for the wealthy. Her knowledge of gemstones is gleaned from years of watching him work and dealing with gem merchants. Although she's old enough to be out in Society, embarrassment over her withered arm keeps her in the shop. What's she to do when her latest client insists she attend a ball? He can secure an invitation and has promised her two dances, but is it worth being subjected to the censure and gossip her arm is sure to elicit? Or the wrath of the gem merchant to whom her father owes so much? His proposal might solve the debt issue, but at what price to her? Meanwhile, their impending wedding anniversary has Alexander's parents reacting in much different ways. Middle age has Harold remembering his youth and fearing his mortality while Stella isn't ready to succumb to the preconceived notions of what it is to be a matron with grown children. Their solution may require they meet in the middle—of a bed.
