reference text. The student using this text is assumed to have completed typical lower-division courses in physics and mathematics as well as a first course on electrical engineering circuits." "This book provides engineering students with a solid grasp of electromagnetic fundamentals and electromagnetic waves by emphasizing physical understanding and practical applications. The topical organization of the text starts with an initial exposure to transmission lines and transients on high-speed distributed circuits, naturally bridging electrical circuits and electromagnetics. In the harrowing yet soul-stirring true story of *Mums List*, a mother battling terminal cancer leaves a rich repository of life lessons for her husband and two young sons to help them chart their course after she is gone. Kate Greene, a effervescent and loving mother, receives a devastating diagnosis of an incurable illness and knows her time is limited. Determined to leave her husband, St. John, and their two sons, Reef and Finn, with the direction they need to flourish without her, Kate embarks on a quest to create a compendium of wisdom, encapsulating her wisdom and love. As Kates health deteriorates, she diligently assembles her list, filling each page with valuable advice on everything from navigating relationships and pursuing dreams to embracing lifes challenges and discovering happiness in every moment. The list becomes a source of solace for St. John, Reef, and Finn, providing them with support and direction as they face the pain of their impending loss. Through Kates words, they learn to cherish the small moments, to value their relationships, and to honor their mothers legacy. Kates list becomes a living testament to her unconditional love for her family, a belief that in the face of adversity, lifes most valuable treasures can endure. *Mums List* is a moving and inspiring memoir that cherishes the lasting strength of love,

lives on in her words, encouraging others to find joy in every moment.

He was tired of his existence. He was uninterested, unhappy, and discontented. He had a job, but he despised it. He had a manager he despised, and

a significant other he didn't love. He had no passion, no goal, no value. He believed like he was squandering his time, his capability, his life. He wanted to alter, he desired to escape, he desired to survive. He resolved to leave his employment, to split up with his girlfriend, to dispose of his stuff, and to acquire a direct fare to the opposite end of the earth. He didn't realize where he was heading, he didn't understand what he was carrying out, he didn't understand what he was seeking. He only realized that he had to go, that he had to investigate, that he had to uncover. He started on a voyage of a thousand kilometers, a voyage of excitement, of obstacle, of education, of progress, of alteration.
