## **Liberty or Death**

2016-05-28 Peter McPhee A striking account of the impact of the French Revolution in Paris, across the French countryside, and around the globe The French Revolution has fascinated, perplexed, and inspired for more than two centuries. It was a seismic event that radically transformed France and launched shock waves across the world. In this provocative new history, Peter McPhee draws on a lifetime's study of eighteenth-century France and Europe to create an entirely fresh account of the world's first great modern revolution—its origins, drama, complexity, and significance. Was the Revolution a major turning point in French—even world—history, or was it instead a protracted period of violent upheaval and warfare that wrecked millions of lives? McPhee evaluates the Revolution within a genuinely global context: Europe, the Atlantic region, and even farther. He acknowledges the key revolutionary events that unfolded in Paris, yet also uncovers the varying experiences of French citizens outside the gates of the city: the provincial men and women whose daily lives were altered—or not—by developments in the capital. Enhanced with evocative stories of those who struggled to cope in unpredictable times, McPhee's deeply researched book investigates the changing personal, social, and cultural world of the eighteenth century. His startling conclusions redefine and illuminate both the experience and the legacy of France's transformative age of revolution. "McPhee...skillfully and with consummate clarity recounts one of the most complex events in modern history.... [This] extraordinary work is destined to be the standard account of the French Revolution for years to come."—Publishers Weekly (starred review)

## *The French Revolution*

2017-03-13 Peter McPhee On 14 July 1789 thousands of Parisians seized the Bastille fortress in Paris. This was the most famous episode of the Revolution of 1789, when huge numbers of French people across the kingdom successfully rebelled against absolute monarchy and the privileges of the nobility. But the subsequent struggle

over what social and political system should replace the 'Old Rgime' was to divide French people and finally the whole of Europe. The French Revolution is one of the great turning-points in history. It continues to fascinate us, to inspire us, at times to horrify us. Never before had the people of a large and populous country sought to remake their society on the basis of the principles of liberty and equality. The drama, success and tragedy of their project have attracted students to it for more than two centuries. Its importance and fascination for us are undiminished as we try to understand revolutions in our own times. There are three key questions the book investigates. First, why was there a revolution in 1789? Second, why did the revolution continue after 1789, culminating in civil war, foreign invasion and terror? Third, what was the significance of the revolution? Was the French Revolution a major turning-point in French, even world history, or instead just a protracted period of violent upheaval and warfare which wrecked millions of lives? This new edition of The French Revolution contains revised text and new photographs. This edition includes video footage of Peter McPhee's interviews with Professor Ian Germani, University of Regina, Saskatchewan, Canada, on the role of military discipline in the French Revolutionary Wars; Dr Marisa Linton, Kingston University in London, about her book, Choosing Terror: Virtue, Friendship and Authenticity in the French Revolution, a major study of the politics of Jacobinism; and Professor Timothy Tackett, University of California, Irvine, on the origins of terror in the French Revolution.

## **The Haitian Revolution**

2014-09-03 "A landmark collection of documents by the field's leading scholar. This reader includes beautifully written introductions and a fascinating array of never-before-published primary documents. These treasures from the archives offer a new picture of colonial Saint-Domingue and the Haitian Revolution. The translations are lively and colorful." --Alyssa Sepinwall, California State University San Marcos

## **Teaching Representations of the French Revolution**

2019-08-01 Julia Douthwaite Viglione In many ways the French Revolution--a series of revolutions, in fact, whose end has arguably not yet arrived--is modernity in action. Beginning in reform, it blossomed into wholesale attempts to remake society, uprooting the clergy and aristocracy, valorizing mass movements, and setting secular ideologies, including nationalism, in motion. Unusually manifold and complicated, the revolution affords many teaching opportunities and challenges. This volume helps instructors seeking to connect developments today--terrorism, propaganda, extremism--with the events that began in 1789, contextualizing for students a world that seems always unmoored and in crisis. The volume supports the teaching of the revolution's ongoing project across geographic areas (from Haiti, Latin America, and New Orleans to Spain, Germany, and Greece), governing ideologies (human rights, secularism, liberty), and literatures (from well-known to newly rediscovered texts). Interdisciplinary, intercultural, and insurgent, the volume has an energy that reflects its subject.

## Mastering Modern European History

1997 Stuart Miller Mastering Modern European History traces the development of Europe from the French

Revolution to the present day. Political, diplomatic and socio-economic strands are woven together and supported by a wide range of pictures, maps, graphs and questions. Documentary extracts are included throughout to encourage the reader to question the nature and value of various types of historical evidence. The second edition brings us fully up to the present day. Chapters on European Decolonisation, Communist Europe 1985-9, and European Unity and Discord have been added, and others have been substantially rewritten. An even wider range of illustrations and documentary source questions are included. The book is presented in a readable and well ordered format and is an ideal reference text for students.

### **On the Edge of the Cliff**

1997 Roger Chartier Throughout, Chartier keeps his focus on historians who have stressed the relations between the products of discourse and social practices.

### **The French Revolution**
