*Study muori con me stadler e montario vol*___The field of Engineering Economics and Cost Estimation is a vital aspect of any engineering project. It involves present and future economic factors, making it critical to obtain accurate estimates of future costs, benefits, and other economic parameters. Engineers often deal with projects whose scale, complexity, and uncertainty call for complex approaches to planning and budgeting^[2][1]. Various methods are used for cost estimation, including rough estimates, semi-detailed estimates, or detailed estimates, depending on the needs for the estimates^[1][2]. Key concepts in this field include overhead costs, cost driver identification, cost allocation methods, capital budgeting, flexible budgeting, zero-based budgeting, budgets, and estimates. A number of models are available for developing cost (or benefit) estimates, such as the per-unit model, the segmenting model, cost indexes, the power-sizing model, and learning curve cost estimating. The quality of a cost estimate usually increases as the resources allocated to developing the estimate increase.

First Love that Never Fades

Anna could never erase from memory her first love, Leo. Their paths had crossed when they were both 16, at a magical summer camp. They were drawn to each other like magnets, spending every day exchanging lighthearted banter, engaging in deep conversations, and experiencing the thrill of first love. Their bond was unbreakable, and they vowed to maintain their bond, to cherish their connection, and to love each other forever. But life, as it often does, had different plans in store for them. They lost communication, they moved on with their lives, and they eventually married other people. Years passed, and the hustle and bustle of life took them in different directions. But fate, it seems, had not forgotten their undeniable connection. At a chance encounter, at a nostalgic reunion, their paths crossed once again. The moment they laid eyes on each other, the embers of their affection rekindled. The same electric spark that had drawn them together years ago was still potent. They felt the same thrill that had fueled their teenage romance, but they also felt the burden of their past. Their emotions swirled for the unconditional love they had shared, but their minds grappled with the complexity of their current lives. They were caught in an emotional battle, torn between the passion of their past and the comfort and familiarity of their present. They stood at a defining moment, forced to make a heartbreaking choice. Would they choose the intense connection of their first love, risking the unknown that lay ahead, or would they hold onto the stability of their current lives, forever wondering what could have been? Only time would tell if their first love would find a way to prevail.

It had been the year 23, and the world stood at the verge of conflict. The United States and PRC, the pair of world powers, were locked in an intense competition, vying for supplies, power, and supremacy. They had engineered high-tech weapons, like lasers, drones, and orbiters, which can strike any place, anytime. They had also covertly constructed space stations, that can fire atomic weapons, that could obliterate the world. They were set to use them, if at all needed. But they were alone. There was a 3rd force, a hidden force, that had watching them both, waiting for them, preparing for them. They were the extraterrestrials, and they had come arrived

to halt them. They had arrived to save the world, or to finish it. They had arrived to initiate the galactic wars which transformed chronicle.

Revenge muori con me stadler e montario vol,The Mystery of the Missing Diamond

It was a gloomy and turbulent night. The drizzle was pouring down, and the gale was whistling. In the middle of the metropolis, there was a gallery, where a invaluable diamond was on exhibit. The diamond was known as the Star of Africa, and it was the greatest and most beautiful diamond in the earth. It was guarded by a sophisticated security mechanism, and a squad of weaponized guards. No one could rob it, or so they thought. But an individual did. Somebody managed to get around the safeguard, to evade the sentinels, to smash the window, and to steal the diamond. And no one saw them, no one overheard them, no one knew who they were. They left no trace, no clue, no evidence. They faded into the darkness, with the Star of Africa. And the mystery of the lost diamond commenced.
