Woody Woodpecker is a cartoon character that first appeared in theatrical short films made by the Walter Lantz Studio and distributed by Universal Pictures from 1940 and 1972. The character was created in 1940 by Lantz and storyboard artist Ben "Bugs" Hardaway, who had prior set the groundwork for two other crazy characters, Bugs Bunny and Daffy Duck¹. Woody Woodpecker's character and design transformed over the years, from a mad bird with an unusually garish design to a more refined-looking and acting character.

The stories center around Woody's naughty and often turbulent pranks, his efforts to solve problems, and his interactions with other characters such as Andy Panda, Chilly Willy, Winnie Woodpecker, Knothead, Splinter, Buzz Buzzard, and numerous others². Woody Woodpecker cartoons were first shown on television in 1957 under the title *The Woody Woodpecker Show*.

In addition to the original series, there have been numerous spin-offs and adaptations. For example, "Wonder Toons: Woody Woodpecker And Many More" is a compilation of Woody Woodpecker cartoons along with other animations.
