Words, Meaning and Vocabulary

2007-03-15 Howard Jackson *Words, Meaning and Vocabulary: An Introduction to Modern English Lexicography* is a systematic and accessible introduction to the lexicology of modern English. Lexicology is the branch of linguistics that studies all aspects of the vocabulary of a particular language. The book provides an account of the sources of modern English words and studies the development of vocabulary over time. It examines: What are words? Where do English words come from? How are words made up? How do words 'mean'? How are words used? How can words be investigated? This new edition of the best-selling textbook has been revised and updated throughout. This second edition features: - Updated chapters on dictionaries and corpus linguistics - Summaries of content at the beginning of each chapter - A revised list of suggestions for further reading - A new glossary

Words, Meaning and Vocabulary is an essential introduction to lexicology for undergraduate students.

Lexicography

2013-01-11 Howard Jackson This book is an accessible introduction to lexicography – the study of dictionaries. Dictionaries are used at home and at school, cited in law courts, sermons and parliament, and referred to by crossword addicts and Scrabble players alike. Lexicography provides a detailed overview of the history, types and content of these essential references. Howard Jackson analyzes a wide range of dictionaries, from those for native speakers to thematic dictionaries and those on CD-ROM, to reveal the ways in which dictionaries fulfil their dual function of describing the vocabulary of English and providing a useful and accessible reference resource. Beginning with an introduction to the terms used in lexicology to describe words and vocabulary, and offering summaries and suggestions for further reading, *Lexicography: An Introduction* is highly student-friendly. It is ideal for anyone with an interest in the development and use of dictionaries.

The Cay

2011-09-28 Theodore Taylor For fans of *Hatchet* and *Island of the Blue Dolphins* comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, *The Cay*. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand—until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The result is a story with a high ethical purpose but no sermon."—New York Times Book Review "A taut tightly compressed story of endurance and revelation...At once barbed and tender, tense and fragile—as Timothy would say, 'outrageous good.'"—Kirkus Reviews * "Fully realized setting...artful, unobtrusive use of dialect...the representation of a hauntingly deep love, the poignancy of which is rarely achieved

in children's literature."—School Library Journal, Starred "Starkly dramatic, believable and compelling."—Saturday Review "A tense and moving experience in reading."—Publishers Weekly "Eloquently underscores the intrinsic brotherhood of man."—Booklist "This is one of the best survival stories since Robinson Crusoe."—The Washington Star · A New York Times Best Book of the Year · A School Library Journal Best Book of the Year · A Horn Book Honor Book · An American Library Association Notable Book · A Publishers Weekly Children's Book to Remember · A Child Study Association's Pick of Children's Books of the Year · Jane Addams Book Award · Lewis Carroll Shelf Award · Commonwealth Club of California: Literature Award · Southern California Council on Literature for Children and Young People Award · Woodward School Annual Book Award · Friends of the Library Award, University of California at Irvine

Words, Meaning and Vocabulary

2000-01-01 Howard Jackson This work goes back to the sources of modern English words and studies the development of vocabulary over time. It examines what constitutes a word, with a discussion of words that look and sound the same, words that have several meanings, and "words" that are made up of more than one "word". As well as considering the borrowing of words from other languages throughout the history of English as a means of increasing the vocabulary, the book also outlines how English forms new words by exploiting the structure of existing words, through processes of derivation and compounding. The meaning of a word is composite of a number of relations: reference to external context, relations with other words of a similar or opposite meaning, collocational relations, and so on. The book grapples with the meaning problem, but then goes on to look at the contexts in which words are used and the purposes for which they are used, raising the question whether it is more sensible to talk about English "vocabularies" rather than English "vocabulary".

The Other Wes Moore

2011-01-11 Wes Moore NEW YORK TIMES BESTSELLER • From the governor-elect of Maryland, the "compassionate" (People), "startling" (Baltimore Sun), "moving" (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. Selected by Stephen Curry as his "Underrated" Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world.

World Without Fish

2018-06-15 Mark Kurlansky A KID'S GUIDE TO THE OCEAN "Can you imagine a world without fish? It's

not as crazy as it sounds. But if we keep doing things the way we've been doing things, fish could become extinct within fifty years. So let's change the way we do things!" *World Without Fish* is the uniquely illustrated narrative nonfiction account—for kids—of what is happening to the world's oceans and what they can do about it. Written by Mark Kurlansky, author of *Cod*, *Salt*, *The Big Oyster*, and many other books, *World Without Fish* has been praised as "urgent" (Publishers Weekly) and "a wonderfully fast-paced and engaging primer on the key questions surrounding fish and the sea" (Paul Greenberg, author of *Four Fish*). It has also been included in the New York State Expeditionary Learning English Language Arts Curriculum. Written by a master storyteller, *World Without Fish* connects all the dots—biology, economics, evolution, politics, climate, history, culture, food, and nutrition—in a way that kids can really understand. It describes how the fish we most commonly eat, including tuna, salmon, cod, swordfish—even anchovies— could disappear within fifty years, and the domino effect it would have: the oceans teeming with jellyfish and turning pinkish orange from algal blooms, the seabirds disappearing, then reptiles, then mammals. It describes the back-and-forth dynamic of fishermen, who are the original environmentalists, and scientists, who not that long ago considered fish an endless resource. It explains why fish farming is not the answer—and why sustainable fishing is, and how to help return the oceans to their natural ecological balance. Interwoven with the book is a twelve-page graphic novel. Each beautifully illustrated chapter opener links to the next to form a larger fictional story that perfectly complements the text.
