Do It Yourself Numerology

2012-01-01 Sonia Ducie The previous edition of this practical guide sold more than 100,000 copies—and it still provides the best hands-on introduction to numerology available. Based on your birth date, this age-old science can reveal essential information about your work, relationships, health, life, even your looks. Discover the essential significance of the Personality Numbers 1 to 31 (rather than the 1 to 9 of most books), and the strengths, challenges, physical traits, and childhood influences associated with each number. Do simple calculations to figure out Master, Collective, and Personal Year numbers, which enhance intuition and self-understanding. And of course, examine the numbers of friends and family to gain extraordinary insight into their personalities and propensities, too! Starting with a simple formula for determining your personality number (based on the date on which you were born), this book reveals the keys to career, relationships, and health. Among the fascinating information you will learn is the significance of the personality numbers; the influence of numerology on health, romance, and childhood issues; and personality profiles of famous people through the ages.

The 48 Laws of Power

2000-09-01 Robert Greene Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of The Laws of Human Nature. In the book that People magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Lifescale

2019-02-28 Brian Solis Somewhere along the way, we got distracted. As much as we multitask, love our devices and feel like we’re in control, deep down we know that something is off. Shortened attention spans, declines in critical thinking, lack of sleep, self-doubt and decreased creativity are just some of the effects coming to light in an age of digital distraction. It’s time to reclaim our lives. It’s time to take control. Lifescale is a journey of self-discovery and growth. It’s about getting back into balance and remastering our destinies. Author Brian Solis knows first-hand. He struggled with distraction and all of its ill-effects. To get his life back, he developed a set of techniques, exercises, and thought experiments designed to tame the chaos, and positively and productively navigate our day-to-day lives. Instead of falling victim to the never-ending cycle of newsfeeds, Likes, addictive apps, and boredom scrolling (aka the endless scroll), we can learn to manage our time and inspire our own lives in a way that will bring meaning back—without sacrificing the benefits that our devices bring us. In Lifescale, Brian has done the legwork to pull together scientific findings and practical tools into one book. Readers—especially those who are distracted—will connect with the humor, pathos, and inspiration inside. Using this book’s simple but powerful lessons, we can: Identify sources of distraction and turn attention toward creativity and productivity Understand and resist the manipulative techniques that turn us into digital addicts Find meaning and purpose to guide our time in more meaningful ways Visualize future success to successfully dive into deep work and stop procrastinating Break bad habits, establish rituals, and establish routines that help you achieve goals Nurture imagination and learn to express ourselves more artistically Maximize productivity with simple but effective strategies Focus for extended periods and make breaks more restorative Foster a strong sense of purpose in life and identify the steps needed to bring it to life every day Smile more and build self-esteem With the renewed perspective Lifescale offers, we can finally learn to prioritize what matters, and live our digital and physical lives with intention and true happiness.

The New World Order of Spiritualism

2021-01-25 Nelson Simone RN BSN As a child, Nelson Simone built a steadfast relationship with Jesus Christ as his savior. He was active in the Christian church as a junior minister. At times, he took on a small speaking role, not unlike other children in the church. He’s been a Christian all his life. But at one point in his adult life, he was abruptly made aware that walking the straight and narrow path would present many spiritual challenges. In The New World Order of Spiritualism, he shares the story of traveling through one of the

darkest valleys he’s ever faced. Simone chronicles how, at that challenging period, God lifted him out of the evil that surrounded him; the Lord delivered him at a time when he was unable to see the correct path in life. Growing up poor, in the mean streets of Los Angeles, Simone’s testimony is about achieving the impossible, even when everything works against you. He offers a set of tools and scriptural passages preparing you to face and defeat the schemes the wicked use to lure both unsaved and Christian people into a life of servitude to sin. The New World Order of Spiritualism details how scripture protects you from the way of evil men and women.

Indistractable

2019-09-10 Nir Eyal "Indistractable provides a framework that will deliver the focus you need to get results." —James Clear, author of Atomic Habits "If you value your time, your focus, or your relationships, this book is essential reading. I'm putting these ideas into practice." —Jonathan Haidt, author of The Righteous Mind National Bestseller Winner of the Outstanding Works of Literature (OWL) Award Included in the Top 5 Best Personal Development Books of the Year by Audible Included in the Top 20 Best Business and Leadership Books of the Year by Amazon Featured in The Amazon Book Review Newsletter, January 2020 Goodreads Best Science & Technology of 2019 Finalist You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best intentions? What could you accomplish if you could stay focused? What if you had the power to become "indistractable?" International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for making technology habit-forming. Five years after publishing Hooked, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In Indistractable, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. Indistractable reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals: • Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it • What really drives human behavior and why "time management is pain management" • Why your relationships (and your sex life) depend on you becoming indistractable • How to raise indistractable children in an increasingly distracting world Empowering and optimistic, Indistractable provides practical, novel techniques to control your time and attention—helping you live the life you really want.

The Art of Distraction in Moderation

2019-03-24 Monique M Doyle Let me entertain you Can good distraction lead to a more creative, fun-filled life? Award-winning mother and distraction expert Monique Doyle will entertain you with laugh-out-loud true stories, reflective poems and inspirational ideas on how a little distraction in your day can unleash creative riches inside you. HAVE FUN and BE INSPIRED!

I Am

2018-01-03 Bruce Kasanoff "Bruce and Amy don't target your rational, logical, orderly side; plenty of books do that. Instead, they trust the power of your brain and heart to come up with amazing possibilities -- to let you wander, explore, imagine, and experience as you discover ways to unlock your full potential." - Jeff Haden, Inc.com The stories you tell yourself have immense power. They can motivate or discourage you. They can cause you to grow or stagnate. But when you're living and working in an over-scheduled world, it's very easy to let these stories veer towards the negative. This book helps you tell yourself far better stories, but it doesn't tell you what to think. Instead, it starts you along a path that unlocks your imagination, creativity, and potential. To take control of the stories in your head, you need to make the process interesting, fun, engaging, rewarding, and effective. Most people skip the interesting, fun, engaging, rewarding, and effective parts... but this book doesn't. It offers short passages designed to help you escape distractions, take control of your future, and rewrite the stories you tell yourself. This book is only available in paperback so that you can scribble, draw, and take notes in the empty spaces next to each passage.

First Love that Never Fades

Anna never forgot her first love, Leo. They met when they were both 16, at a summer camp. They spent every day together, laughing, talking, kissing. They promised to stay in touch, to wait for each other, to love each other forever. But life had other plans. They lost contact, they moved on, they married other people. Years later, they met again, by chance, at a reunion. They felt the same spark, the same connection, the same love. But they also felt the same pain, the same guilt, the same regret. They had to make a choice, between their past and their present, between their hearts and their minds, between their first love and their last.
