reputation was destroyed by OxyContin. From the  
prize-winning and bestselling author of Say  
Nothing. "A real-life version of the HBO series  
Succession with a lethal sting in its tail...a  
masterful work of narrative reportage." – Laura  
Miller, Slate The history of the Sackler dynasty is  
rife with drama—baroque personal lives; bitter

maneuvers; and the calculated use of money to burnish reputations and crush the less powerful. The Sackler name has adorned the walls of many storied institutions—Harvard, the Metropolitan Museum of Art, Oxford, the Louvre. They are one of the richest families in the world, but the source of the family fortune was vague—until it emerged that the Sacklers were responsible for making and marketing a blockbuster painkiller that was the catalyst for the opioid crisis. *Empire of Pain* is the saga of three generations of a single family and the mark they would leave on the world, a tale that moves from the bustling streets of early

twentieth-century Brooklyn to the seaside palaces of Greenwich, Connecticut, and Cap d'Antibes to the corridors of power in Washington, D.C. It follows the family's early success with Valium to the much more potent OxyContin, marketed with a ruthless technique of co-opting doctors, influencing the FDA, downplaying the drug's addictiveness. *Empire of Pain* chronicles the multiple investigations of the Sacklers and their company, and the scorched-earth legal tactics that the family has used to evade accountability. A masterpiece of narrative reporting, *Empire of Pain* is a ferociously compelling portrait of

America's second Gilded Age, a study of impunity among the super-elite and a relentless investigation of the naked greed that built one of the world's great fortunes.

### **Beauty, Women's Bodies and the Law**

2020-11-17 Jocelynn A. Scutt What makes a woman's body beautiful? Plastic surgery, cosmetic surgery and non-surgical interventions such as Botox are changing women's bodies physically and affecting cultural notions and expectations of what it means to be a woman. Yet where does the law stand? Is the renovation

of women's bodies legal? This book explores a range of topics, including: whether shape-changing by surgical and non-surgical means is 'really' what women want; the question of legal intervention when operations, injections and other methods go wrong; the impact of consent determinations on whether women can or cannot freely seek changes to their body structure; and the role which culture and social expectations play in women's decision-making. Taking a legal perspective on the vast range of 'beauty' interventions available to women, Scutt discusses women's perceptions of body and beauty,

pressures on women to conform to 'idealised' notions of the perfect woman's body, and outcomes of legal actions including those taken by individual women who are unhappy with results, as well as those launched against companies trading in products advertised as safe and for women's benefit. *Beauty, Women's Bodies and the Law* will appeal to readers with an interest in women's and gender studies, law, and cultural studies.

*Buy Black*

2022-04-26 Aria S. Halliday *Buy Black* examines the role American Black women play in Black consumption in the US and worldwide, with a focus on their pivotal role in packaging Black feminine identity since the 1960s. Through an exploration of the dolls, princesses, and rags-to-riches stories that represent Black girlhood and womanhood in everything from haircare to Nicki Minaj's hip-hop, Aria S. Halliday spotlights how the products created by Black women have furthered Black women's position as the moral compass and arbiter of Black racial progress. Far-ranging and bold, *Buy Black* reveals what attitudes inform a contemporary Black sensibility based in representation and consumerism. It also traces the parameters of Black symbolic power, mapping the sites where intraracial ideals of blackness, womanhood, beauty, play, and sexuality meet and mix in consumer and popular culture.

### *Oilcraft*

2020-07-14 Robert Vitalis “A valuable addition to the new wave of critical studies on the history of oil and energy policy”—and a bracing corrective to longstanding myths (James M. Gustafson, *Magazine Black Booty 10 October 2014*

Diplomatic History). Conventional wisdom tells us that the US military presence in the Persian Gulf is what guarantees American access to oil; that the “special” relationship with Saudi Arabia is necessary to stabilize an otherwise volatile market; and that these assumptions in turn provide Washington enormous leverage over Europe and Asia. But the conventional wisdom is wrong. Robert Vitalis debunks the myths of “oilcraft”, a line of magical thinking closer to witchcraft than statecraft. Oil is a commodity like any other: bought, sold, and subject to market forces. Vitalis exposes the suspect fears of oil scarcity and investigates the geopolitical impact of these false beliefs. In particular, Vitalis shows how we can reconsider the question of the US-Saudi special relationship, which confuses and traps many into unnecessarily accepting what they imagine is a devil’s bargain. Freeing ourselves from the spell of oilcraft won’t be easy, but the benefits make it essential.

## **Chinese-Japanese Competition and the East Asian Security Complex**

2017-07-14 Jeffrey Reeves This volume examines contemporary diplomatic, economic, and security competition between China and Japan in the Asia-Pacific region. The book outlines the role that Sino-Japanese competition plays in East Asian security, an area of study largely overlooked in contemporary writing on Asian security, which tends to focus on US-China relations and/or US hegemony in Asia. The volume focuses on Chinese and Japanese foreign policy under President Xi Jinping and Prime Minister Shinzō Abe, and regional security dynamics within and between Asian states/institutions since 2012. It employs regional security complex theory as a theoretical framework to view Chinese and Japanese competition in the Asian region. In doing so, the volume draws on a "levels of analysis" approach to demonstrate the value in looking at security in the Asia-Pacific from a regional rather than

global perspective. The vast majority of existing research on the region's security tends to focus on great power relations and treats Asia as a sub-region within the larger global security architecture. In contrast, this volume shows how competition between the two largest Asian economies shapes East Asia's security environment and drives security priorities across Asia's sub-regions. As such, this collection provides an important contribution to discussion on security in Asia; one with potential to influence both political and military policy makers, security practitioners, and scholars. This book will be of much interest to students of Asian politics, regional security, diplomacy, and international relations.

Los Angeles Times, Publishers Weekly, Slate, Time Out New York, Vulture, Refinery 29, and many more . . . A provocative meditation on race, Claudia Rankine's long-awaited follow up to her groundbreaking book Don't Let Me Be Lonely: An American Lyric. Claudia Rankine's bold new book recounts mounting racial aggressions in ongoing encounters in twenty-first-century daily life and in the media. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams and the soccer field with Zinedine Zidane, online, on TV-everywhere, all the time. The accumulative stresses come to bear on a person's ability to speak, perform, and

stay alive. Our addressability is tied to the state of our belonging, Rankine argues, as are our assumptions and expectations of citizenship. In essay, image, and poetry, *Citizen* is a powerful testament to the individual and collective effects of racism in our contemporary, often named "post-race" society.

### Authenticating Whiteness

---

2022-11-29 Rachel E. Dubrofsky In *Authenticating Whiteness: Karens, Selfies, and Pop Stars*, Rachel E. Dubrofsky explores the idea that popular media implicitly portrays whiteness as credible, trustworthy, familiar, and honest, and that this portrayal is normalized and ubiquitous. Whether on television, film, social media, or in the news, white people are constructed as believable and unrehearsed, from the way they talk to how they look and act. Dubrofsky argues that this way of making white people appear authentic is a strategy of

whiteness, requiring attentiveness to the context of white supremacy in which the presentations unfold. The volume details how ideas about what is natural, good, and wholesome are reified in media, showing how these values are implicitly racialized. Additionally, the project details how white women are presented as particularly authentic when they seem to lose agency by expressing affect through emotional and bodily displays. The chapters examine a range of popular media—newspaper articles about Donald J. Trump, a selfie taken at Auschwitz, music videos by Miley Cyrus, the television series UnREAL, the infamous video of Amy Cooper calling the police on an innocent Black man, and the documentary Miss Americana—pinpointing patterns that cut across media to explore the implications for the larger culture in which they exist. At its heart, the book asks: Who gets to be authentic? And what are the implications?
