Yo Puedo 2021-07-18 Elizabeth Silvaggio-Adams You have learned two words in a second language just by reading the title of the book. Think about that for a moment and reflect upon your prior foreign language experiences. Often, students enter language classes with previously acquired skills, be they from secondary school or another college. Many say, "I have studied Spanish for years and don't know how to speak or write it," while others are a bit anxious about taking a second language for the first time, but all are overwhelmed by the expensive textbooks and online packages that don't seem to be practical or relevant. We sought to change these common complaints by creating materials that take a new approach to learning a second language based upon the skills that we deem most useful and that will enable our students to confidently express themselves in Spanish. The text is designed for beginning Spanish language students. The pedagogical approach incorporates the flipped classroom methodology. The text is supplemented by various presentations and videos that are freely available at <https://milnepublishing.geneseo.edu/yopuedo1/>

This brand-new title in Barron's foreign language vocabulary building series replaces a previous French vocabulary-building volume that had the same focus and general purpose. However, this new larger book presents approximately 13,000 entries--more than twice the number of words with definitions as the title it replaces. It also includes online audio, which coaches language students in correct pronunciation of French and presents approximately 10 hours of audio, which covers virtually the entire book. All vocabulary in this book is categorized under different themes. Each theme groups together many different words relating to similar topics, which helps students of French and travelers to France conveniently find words that are related by subject. Among each book's 24 separate subject themes are: business terms, medical terms, household terms, scientific words and phrases, units of measurement, clothing, food and dining, transportation, art and culture, and others.

Inductive French Grammar (Classic Reprint) 2019-01-21 William Whitfield Lamb Excerpt from Inductive French

Grammar Exercise (a) consists of a large number of detached sentences, illustrating the idioms and constructions of the current lesson, with much review matter, either separately or in combination with topics presented in the current lesson. Exercise (b) is a drill on current and review idioms and constructions in the form of connected discourse. Exercise (c) consists of questions in French, based on exercise (b). Exercise (d) consists of a wide variety of drill material. It is not expected that all of it will be used, but that selections will be made therefrom, according to the needs of the class and the time that can be afforded. A typical assignment covering exercise (d) might be: Write out 3, 7, and 8. Boys write out also 4 (a) and (b). Girls write out 4 (e) and (g). Study without writing 2 and 6. Omit the remainder. Exercise (e) consists of a large number of detached English sentences for translation into French. Teachers will find that their classes can do more of these sentences for a lesson than would at first seem possible, because of the predominance therein of the element of review. Every fifth lesson is a review lesson, each of these ending with a passage of connected English for translation into French. While no suggestions need be offered as to the thoroughness with which these shall be done, it is assumed that they will be done pretty thoroughly, particularly when a review lesson happens to coincide with the close of a term. First Love that Never Fades

Anna could never banish from her thoughts her first love, Leo. Their paths had crossed when they were both 16, at a enchanting summer camp. They were inseparable, spending every day laughing, exchanging heartfelt thoughts, and experiencing the thrill of first love. Their bond was solid, and they vowed to keep in touch, to wait for each other, and to love each other forever. But life, as it often does, had other arrangements in store for them. They lost track of each other, they moved on with their lives, and they eventually married other people. Years passed, and the whirlwind of life took them in different directions.
