Teaching Social Studies to English Language Learners

2013 Bárbara Cruz Teaching Social Studies to English Language Learners provides readers with a comprehensive understanding of both the challenges that face English language learners (ELLs) and ways in which educators might address them in the social studies classroom. The authors offer context-specific strategies for the full range of the social studies curriculum, including geography, U.S. history, world history, economics, and government. These practical instructional strategies will effectively engage learners and can be incorporated as a regular part of instruction in any classroom. An annotated list of web and print resources completes the volume, making this a valuable reference to help social studies teachers meet the challenges of including all learners in effective instruction. Features and updates to this new edition include: • An updated and streamlined Part 1 provides an essential overview of ELL theory in a social studies specific-context. • "Teaching Tips" offer helpful suggestions and ideas for creating and modifying lesson plans to be inclusive of ELLs. • Additional practical examples and new pedagogical elements in Part 3 include more visuals, suggestions for harnessing new technologies, discussion questions, and reflection points. • New material that takes into account the demands of the Common Core State Standards, as well as updates to the web and print resources in Part 4.

The Importance of Being Little

2016-02-09 Erika Christakis “Christakis . . . expertly weaves academic research, personal experience and anecdotal evidence into her book . . . a bracing and convincing case that early education has reached a point of crisis . . . her book is a rare thing: a serious work of research that also happens to be well-written and personal . . . engaging and important.” --Washington Post "What kids need from grown-ups (but aren't getting)...an impassioned plea for educators and parents to put down the worksheets and flash cards, ditch the tired craft projects (yes, you, Thanksgiving Handprint Turkey) and exotic vocabulary lessons, and double-down on one, simple word: play." --NPR The New York Times bestseller that provides a bold challenge to the conventional wisdom about early childhood, with a pragmatic program to encourage parents and teachers to rethink how and where young children learn best by taking the child's eye view of the learning environment To a four-year-old watching bulldozers at a construction site or chasing butterflies in flight, the world is awash with promise. Little children come into the world hardwired to learn in virtually any setting and about any matter. Yet in today's preschool and kindergarten classrooms, learning has been reduced to scripted lessons and suspect metrics that too often undervalue a child's intelligence while overtaxing the child's growing brain. These mismatched expectations wreak havoc on the family: parents fear that if they choose the “wrong” program, their child won't get into the “right” college. But Yale early childhood expert Erika Christakis says our fears are wildly misplaced. Our anxiety about preparing and safeguarding our children's future seems to have reached a fever pitch at a time when, ironically, science gives us more certainty than ever before that young children are exceptionally strong thinkers. In her pathbreaking book, Christakis explains what it's like to be a young child in America today, in a world designed by and for adults, where we have confused schooling with learning. She offers real-life solutions to real-life issues, with nuance and direction that takes us far beyond the usual prescriptions for fewer tests, more play. She looks at children's use of language, their artistic expressions, the way their imaginations grow, and how they build deep emotional bonds to stretch the boundaries of their small worlds. Rather than clutter their worlds with more and more stuff, sometimes the wisest course for us is to learn how to get out of their way. Christakis's message is energizing and reassuring: young children are inherently powerful, and they (and their parents) will flourish when we learn new ways of restoring the vital early learning environment to one that is best suited to the littlest learners. This bold and pragmatic challenge to the conventional wisdom peels back the mystery of childhood, revealing a place that's rich with possibility.

Stuff You Should Know

2020-11-24 Josh Clark From the duo behind the massively successful and award-winning podcast Stuff You Should Know comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started the podcast Stuff You Should Know back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making Stuff You Should Know one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with Stuff You Should Know. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

Mind Maps for Kids

2003-02 Tony Buzan Mind Mapping is a breakthrough system of planning and note-taking that cuts homework time in half and makes schoolwork fun. Mind Maps for Kids is Tony Buzan's first book written specially for a younger audience, suitable for ages 7 to 14. Tony Buzan has been teaching children all over the world for the past thirty years and has proved that Mind Maps are the magic formula in the classroom: remembering facts and figures is a piece of cake, planning is a doddle and getting stuck for an answer is a thing of the past. In Mind Maps for Kids, Tony Buzan explains this amazing system using step-by-step examples in every subject across the curriculum. He shows just how easy Mind Mapping is and how it can help kids to - remember things and concentrate better - make clearer and better notes - revise and ace exams - come up with ideas and unlock the imagination - save time Mind Maps for Kids is a full-colour workbook, with the emphasis on having fun. As well as tips for improving memory and concentration, the book is packed with jokes, cartoons and brainteasers. Mind Mapping is the shortcut to success that puts kids one step (and sometimes miles) ahead.

Almost Silent

2018-01-03 Jason Starring the Bride of Frankenstein, zombies, and much more, this is an omnibus of four classic, mostly pantomime graphic novels. This graphic novel omnibus includes You Can't Get There From Here, about a monster love triangle; Tell Me Something, about love, recovered; Meow Baby!, short genre comics; and The

Living and the Dead, a hilariously deadpan (and gory) take on the traditional Romero-style zombie thriller. All of these yarns star Jason's patented cast of tight-lipped (or -beaked) bird-, dog-, cat- and wolf-people, and showcase his compassion and wry wit.

First Love that Never Fades

Anna could never forget her first love, Leo. Their paths had crossed when they were both 16, at a enchanting summer camp. They were drawn to each other like magnets, spending every day exchanging lighthearted banter, engaging in deep conversations, and sharing stolen kisses. Their bond was solid, and they vowed to stay connected, to wait for each other, and to love each other forever. But life, as it often does, had different plans in store for them. They lost contact, they moved on with their lives, and they eventually married other people. Years passed, and the whirlwind of life took them in different directions. But fate, it seems, had not forgotten their undeniable connection. At a chance encounter, at a sentimental reunion, their paths crossed once again. The moment they laid eyes on each other, the flame of their first love rekindled. The same electric spark that had drawn them together years ago was still potent. They felt the same thrill that had fueled their teenage romance, but they also felt the burden of their past. Their hearts yearned for the unconditional love they had shared, but their minds grappled with the tangled web of their current lives. They were caught in a tug-of-war, torn between the passion of their past and the comfort and familiarity of their present. They stood at a crossroads, forced to make a difficult choice. Would they choose the intense connection of their first love, risking the unpredictability that lay ahead, or would they hold onto the stability of their current lives, forever wondering what could have been? Only time would tell if their unwavering connection would find a way to prevail.
