The Girl of Ink & Stars 2018-04-10 Kiran Millwood Hargrave A beautifully written story of friendship, discovery, myths, and magic that the London Times called "reminiscent of fantasy greats such as Philip Pullman and Neil Gaiman." Legends say that the island of Joya was once a place where songbirds sang in every tree and the islanders were free to come and go as they pleased. That was before the harsh-ruling Governor arrived, and ravens drove out the native birds. Now there are no songbirds, and the people are forbidden to travel beyond the forest that separates them from the rest of the island. But for Isabella, the legends of her island home have always seemed like more than just stories. And when a series of mysterious events shakes the community, it's Isabella—daughter to the island's only mapmaker—who will lead a party of explorers into the forest in search of answers. As the group ventures deeper and deeper into the island, dark secrets begin to surface, and the legends Isabella has listened to all these years show signs of coming to life. Debut novelist Kiran Millwood Hargrave draws on the cultural folklore of the Canary Islands in this richly told story of a girl's quest to map her own place in a world that legends alone have shaped. Advance Praise: "[R]eminiscent of fantasy greats such as Philip Pullman and Neil Gaiman." --The London Times

Balm for our bruised times." -David Mitchell, author of Utopia Avenue A rich, magical new novel on belonging and identity, love and trauma, nature and renewal, from the Booker-shortlisted author of 10 Minutes 38 Seconds in This Strange World. Two teenagers, a Greek Cypriot and a Turkish Cypriot, meet at a taverna on the island they both call home. In the taverna, hidden beneath garlands of garlic, chili peppers and creeping honeysuckle, Kostas and Defne grow in their forbidden love for each other. A fig tree stretches through a cavity in the roof, and this tree bears witness to their hushed, happy meetings and eventually, to their silent, surreptitious departures. The tree is there when war breaks out, when the capital is reduced to ashes and rubble, and when the teenagers vanish. Decades later, Kostas returns. He is a botanist looking for native species, but really, he's searching for lost love. Years later a Ficus carica grows in the back garden of a house in London where Ada Kazantzakis lives. This tree is her only connection to an island she has never visited--- her only connection to her family's troubled history and her complex identity as she seeks to untangle years of secrets to find her place in the world. A moving, beautifully written, and delicately constructed story of love, division, transcendence, history, and eco-consciousness, The Island of Missing Trees is Elif Shafak's best work yet.

El Chupacabras 2018-03-27 Adam Rubin From the bestselling author of Dragons Love Tacos comes a whimsical re-telling of the chupacabra folktale, written in a blend of English and Spanish A long time ago, a girl named Carla lived on a goat farm with her father, Hector. One night, a goat disappeared from the farm and turned up flat as a pancake. Only one creature could do that--El Chupacabras, the goatsucker! Legend has it that El Chupacabras is a fearsome beast, but you can't believe everything you hear...and sometimes the truth is even more interesting. Told in equal parts English and Spanish by bestselling author Adam Rubin, and cinematically illustrated by acclaimed Hollywood creature creator Crash McCreery, this lighthearted take on a modern legend is not told in the traditional bilingual style. Each sentence is half-Spanish/half-English followed by a repetition of the same line translated the other way around. This mirroring technique allows the languages to intermingle equally. A fun and unique way to introduce either Spanish or English to new readers. A note from author Adam Rubin: "I decided to tell this story in an unusual way to explore the beauty of harmony. It's easy to dismiss the unfamiliar, but compassion takes a little more effort. With so many people trumpeting divisiveness right now, it's more important than ever to teach kids that there is more than one way to understand the world."

For the women left behind, survival means defying the strict rules of the island. They fish, hunt, and butcher reindeer—which they never did while the men were alive. But the foundation of this new feminine frontier begins to crack with the arrival of Absalom Cornet, a man sent from Scotland to root out alleged witchcraft. Cornet brings with him the threat of danger—and a pretty, young Norwegian wife named Ursa. *Searching for Stars on an Island in Maine* 2019-02-19 Alan Lightman As a physicist, Alan Lightman has always held a scientific view of the world. But one summer evening, while looking at the stars from a small boat at sea, Lightman was overcome by the overwhelming sensation that he was merging with something larger than himself—an eternal unity, something absolute and immaterial. The result is an inspired, lyrical meditation from the acclaimed author of *Einstein's Dreams* that explores these seemingly contradictory impulses. Lightman draws on sources ranging from Saint Augustine's conception of absolute truth to Einstein's theory of relativity, and gives us a profound inquiry into the human desire for truth and meaning, and a journey along the different paths of religion and science that become part of that quest. This small but provocative book explores the tension between our yearning for certainty and permanence versus the modern scientific view that all things in the physical world are uncertain and impermanent.

*Where the Crawdads Sing* 2018-08-14 Delia Owens NOW A MAJOR MOTION PICTURE—The #1 New York Times bestselling worldwide sensation with more than 18 million copies sold, hailed by The New York Times Book Review as "a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature." Then the time comes when she yearns to be touched and loved. Bleaker House 2017-03-14 Nell Stevens When she was twenty-seven, Nell Stevens--a lifelong aspiring novelist--won an all-expenses-paid fellowship to go anywhere in the world to write. Would she choose a glittering metropolis, a romantic village, an exotic paradise? Not exactly. Nell picked Bleaker Island, a snowy, windswept pile of rock in the Falklands. Other than sheep, penguins, paranoia, and the weather, there aren't many distractions, but as Nell soon discovers, total isolation and 1,085 calories a day are far from ideal conditions for literary production. With deft humor, this memoir traces her island days and slowly reveals the life and people she has left behind in pursuit of her writing. It seems that there is nowhere she can run--an island or the pages of her notebook--to escape the big questions of love, art, and, ambition.
