The A, B, C's of Parenting 2014-12-31 Janet Skinner If you are a first-time parent of a newborn infant, you are just finding out that parenting is not just a "job," it's a full time, 'round the clock "profession" for which there is no pay. I find it hard to believe that we actually get more training for the "job" of birthing the baby than we do for the "profession" of raising the child. Almost all parents attend a course that lasts about eight weeks in order to learn about childbirth, which takes an average of eight to fifteen hours from start to completion! And you have a team of experts there with you throughout the entire process. Then comes the day you take the little bundle home. You are given a "gift pack" from the hospital and sent on your merry way to spend the next eighteen years guessing what to do next! I believe this job is too important to leave up to chance. For a child is a gift from God, much more important than a gift

to be placed on a shelf and forgotten all about. Raising a child is an enormous responsibility, and parents must take this responsibility seriously or face the consequences of not doing so. Therefore, I urge you to take the time to read this book. I hope as you begin to walk down the path of parenting another human being, the most important and incredible journey you will ever experience in life, you will not forget the lessons learned from A to Z!

Before We Were Strangers 2015-08-18 Renée Carlino From the USA TODAY bestselling author of Sweet Thing and Nowhere But Here comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

Who will be next . . . THE SILENT WIFE Investigating the killing of a prisoner during a riot inside a state penitentiary, GBI investigator Will Trent is confronted with disturbing information. One of the inmates claims that he is innocent of a brutal attack for which he has always been the prime suspect. The man insists that he was framed by a corrupt law enforcement team led by Jeffrey Tolliver and that the real culprit is still out there—a serial killer who has systematically been preying on women across the state for years. If Will reopens the investigation and implicates the dead police officer with a hero's reputation of wrongdoing, the opportunistic convict is willing to provide the information GBI needs about the riot murder. Only days ago, another young woman was viciously murdered in a state park in northern Georgia. Is it a fluke, or could there be a serial killer on the loose? As Will Trent digs into both crimes it becomes clear that he must solve the cold case in order to find the answer. Yet nearly a decade has passed—time for memories to fade, witnesses to vanish, evidence to disappear, and lies to become truth. But Will can't crack either mystery without the help of the one person he doesn't want involved: his girlfriend and Jeffrey Tolliver's widow, medical examiner Sara Linton. When the past and present begin to collide, Will realizes that everything he values is at stake . . .
