[observation daily geography answers pdf pdf](#)-Galactic Conflicts that Transformed Past

It had been the year 23, and the earth was on the edge of war. The USA and PRC, the two world powers, were engaged in a ferocious competition, competing for supplies, influence, and control. They had engineered advanced weapons, including laser weapons, unmanned aerial vehicles, and spacecrafts, which could hit any location, anytime. They had covertly established space stations, which could launch nuclear missiles, which could destroy the planet. They were both set to use them, if necessary. But they were not alone. There was a third entity, a hidden force, which had been monitoring them both, waiting patiently for them, preparing for them. They were aliens, and they had come to prevent them. They had come arrived to rescue the globe, or to terminate it all. They had come arrived to start the space wars which changed past.
