The study addresses the many aspects of human trafficking, including sexual exploitation, domestic servitude, labor exploitation, benefit fraud, and organ harvesting. Despite the huge investment of the international community to eradicate it, this form of modern day slavery continues, and the author urges stakeholders to focus not only on criminals but also on attitudes, cultures, laws and policies that hinder the eradication of modern slavery.

Global Report on Trafficking in Persons 2016 2017-01-11 United Nations Office on Drugs and Crime The UNODC Global Report on Trafficking in Persons 2016 is the third of its kind mandated by the United Nations General Assembly. In July 2010, the UNGA adopted the Global Plan of Action to Combat Trafficking in Persons. The Report covers and provides an overview of patterns and flows of trafficking in persons at the global, regional and national levels, based on trafficking cases detected mainly between 2012 and 2014. It looks at links between trafficking in persons, migration and conflict, and how refugees may be particularly vulnerable to being

trafficked. The worldwide response to trafficking in persons, particularly in terms of criminalization and prosecution of trafficking crimes, is also a focus of this edition of the Global Report. Also included are the Country Profiles.

Child Exploitation and Trafficking 2016-12-21 Virginia M. Kendall Each year, more than two million children around the world fall victim to commercial sexual and labor exploitation. Put simply, the growing epidemic of child exploitation demands a coordinated response. In addition to compliance concerns raised by the Foreign Corrupt Practices Act (FCPA), UK Bribery Act, and other more familiar transnational anti-corruption laws, today's companies must also respond to more novel legal requirements, such as those contained in the California Transparency in Supply Chains Act, Federal Acquisition Regulations on Trafficking in Persons in Federal Contracts, U.K. Modern Slavery Act of 2015, European Union's Directive on Transparency and its amendments, and the proposed federal Business Transparency in Trafficking and Slavery Act and other laws. This Second Edition of Child Exploitation and Trafficking: Examining Global Enforcement and Supply Chain Challenges and U.S. Responses brings fresh, practical thinking to this oft-misunderstood area of the law, helping erase some of its counterproductive mythology. The book not only provides the first comprehensive, practical introduction to the history and present-day reality of child exploitation and supply chain issues, but it also traces the interconnected web of domestic and transnational federal laws and law enforcement efforts launched in response thereto. The Second Edition not only is updated to reflect the latest trends and other development

presented by two of the premier experts concerning this constantly-evolving field, but it also contains new chapters examining areas such as special issues in the fight against human trafficking and the raft of landmark anti-trafficking laws that herald a new compliance reality for the globe's business community. Written from the distinctive perspective of those who have spent their careers in the trenches investigating, prosecuting, and adjudicating these intricate, emotional cases, as well as those who are tasked with ensuring that products are free from the taint of child exploitation and force labor, the book is uniquely proscriptive, as well as descriptive, in the sense that it relies on real-world examples to serve up practical advice and reform proposals for those involved at all levels of this challenging area.

Child Domestic Work in Nigeria 2014-10-30 Gankam Tambo, Ina For the last two decades, child domestic work carried out in Nigeria as well as in other countries in Africa, Latin America and Asia, has been given increasing attention by international policy makers and scientists. Yet, the research mainly focuses on the living and working conditions of these children, which also forms part of this book. However, in addition, political and pedagogical measures of intervention employed on international, national and local levels on child domestic work are also at the centre of analysis. Against the background of post-colonial theory the author studies the effects of social modernisation in Nigeria as a rapidly growing national economy on child domestic work and historically retraces the origins of this form of child work back to indigenous modes of socialisation and social security within the (pre-

colonial) Nigerian extended family network. The research is based on field work in Nigeria, including interviews and documentary analysis.

The State of the World's Children 2005 2005-12-31 United Nations Children's Fund (UNICEF) The 2005 edition of UNICEF's State of the World's Children focuses on how poverty, conflict and HIV/AIDS threaten the idea of childhood as a period of time for children to grow and develop to their full potential. In several regions and countries, some of the gains made since the adoption of the Convention on the rights of the child in 1989 are in danger of reversal. The rights of over 1 billion children are violated by being severely underserved of one or more of the basic services required to survive, grow and develop.

CDC Health Information for International Travel 2014 2013-04-22 Centers for Disease Control and Prevention Health risks are real and ever-changing, especially while traveling abroad. To stay abreast of the most up-to-date health recommendations, experienced travelers and health care professionals have always relied on

CDC's user-friendly Health Information for International Travel (commonly known as the The Yellow Book) as their one indispensable guide. Updated biennially by a team of almost two hundred experts-including both CDC staff and travel medicine experts--this book is the only publication that contains all of the official government recommendations for international travel. Clearly written and featuring full-color illustrations, the book provides easy-to-read disease risk maps, information on where to find health care during travel, advice for those traveling with infants and children, a comprehensive catalog of diseases, and detailed country-specific health warnings. For example, the section on the Caribbean lays out the recommended immunizations and examines specific health risks for travelers to the region, ranging from malaria to dengue, yellow fever, and traveler's diarrhea. But the book goes beyond the risk of disease to discuss dangers such as violent crime-fortunately, not a great danger to tourists in the area-and also to remind travelers that the single greatest cause of injury death among visitors are traffic accidents. The section on the Caribbean also notes hurricane season and outlines the risks involved in snorkeling, diving, and other water activities common to the area. Every facet of the previous edition has been revisited and revised where necessary, including country-by-country immunization suggestions and new drug information. For the primary care clinician, the specialized travel medicine clinician, or the avid or first-time international traveler, this book is an indispensable safety net, providing readers with everything they need to know to prevent or to seek treatment for illness abroad.

Violence Against Children 2017-11-28 Gertrud Lenzer
Violence Against Children adopts in its title the exhortation of Nobel Laureate Amartya Sen, "Making Human Rights Real," which also represents the leitmotif of the book. It examines the prevalence of violence against children in Africa, the Asia Pacific Region, Europe, Latin America and the Caribbean, and in the United States, and explores major ways of its prevention. Making human rights real engenders the challenge of helping all children to be free from violence and to lead a life replete with genuine nurture and the elimination of all violence. Only in this manner will the goal of the United Nations 2030 Agenda for Sustainable Development -target 16.2-be achieved and the child as a rights-bearing individual realized in her/his fullness. The specially commissioned chapters that make up the volume have been written by renowned scholars, researchers and advocates. They coalesce to provide an overview of the challenges facing children exposed to violence worldwide, and they advance discussions of the measures which are available and necessary for the prevention of violence against children. The book is intended for policy-makers, researchers and students of the social sciences and human rights who are interested in ending all the widespread maltreatment of children in our societies and our time.

Sex, Slavery and the Trafficked Woman 2016-03-03 Ramona Vijayarasa Sex, Slavery and the Trafficked Woman is a go-to text for readers who seek a comprehensive overview of the meaning of 'human trafficking' and current debates and perspectives on the issue. It presents a more nuanced understanding of human trafficking and its

victims by examining - and challenging - the conventional assumptions that sit at the heart of mainstream approaches to the topic. A pioneering study, the arguments made in this book are largely drawn from the author's fieldwork in Ukraine, Vietnam and Ghana. The author demonstrates to readers how a law enforcement and criminal justice-oriented approach to trafficking has developed at the expense of a migration and human rights perspective. She highlights the importance of viewing trafficking within a broad spectrum of migratory movement. The author contests the coerced, female victim archetype as stereotypical and challenges the reader to understand trafficking in an alternative manner, introducing the counterintuitive concept of the 'voluntary victim'. Overall, this text provides readers of migration and development, gender studies, women's rights and international law a comprehensive and multidisciplinary analysis of the concept of trafficking.

Susan M. Shaw Providing an in-depth look at the lives of women and girls in approximately 150 countries, this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls. For millennia, women around the world have shouldered the responsibility of caring for their families. But in recent decades, women have emerged as a major part of the global workforce, balancing careers and family life. How did this change happen? And how are societies in developing countries responding and adapting to women's newer roles in society? This four-volume encyclopedia examines the lives of women around the world, with coverage that includes the education of girls and teens; the key roles women play in their families, careers, religions, and cultures; how issues for women intersect with colonialism, transnationalism, feminism, and established norms of power and control. Organized geographically, each volume presents detailed entries about the lives of women in particular countries. Additionally, each volume offers sidebars that spotlight topics related to women and girls in specific regions or

focus on individual women's lives and contributions. Primary source documents include sections of countries' constitutions that are relevant to women and girls, United Nations resolutions and national resolutions regarding women and girls, and religious statements and proclamations about women and girls.
