When Dimple Met Rishi 2021-02-09 Sandhya Menon The inspiration for the Netflix original series Mismatched! Everyone is talking about this New York Times bestselling rom-com that Mindy Kaling called “utterly charming!” Eleanor & Park meets Bollywood in this hilarious and heartfelt novel about two Indian-American teens whose parents conspire to arrange their marriage. Dimple Shah has it all figured out. With graduation behind her, she’s more than ready for a break

from her family, from Mamma’s inexplicable obsession with her finding the “Ideal Indian Husband.” Ugh. Dimple knows they must respect her principles on some level, though. If they truly believed she needed a husband right now, they wouldn’t have paid for her to attend a summer program for aspiring web developers...right? Rishi Patel is a hopeless romantic. So when his parents tell him that his future wife will be attending the same summer program as him—wherein he’ll have to woo her—he’s totally on board. Because as silly as it sounds to most people in his life, Rishi wants to be arranged, believes in,

the power of tradition, stability, and being a part of something much bigger than himself. The Shahs and Patels didn't mean to start turning the wheels on this "suggested arrangement" so early in their children's lives, but when they noticed them both gravitate toward the same summer program, they figured, Why not? Dimple and Rishi may think they have each other figured out. But when opposites clash, love works hard to prove itself in the most unexpected ways.

Street Journal Daniel H. Pink, the #1 bestselling author of Drive and To Sell Is Human, unlocks the scientific secrets to good timing to help you flourish at work, at school, and at home. Everyone knows that timing is everything. But we don't know much about timing itself. Our lives are a never-ending stream of "when" decisions: when to start a business, schedule a class, get serious about a person. Yet we make those decisions based on intuition and guesswork. Timing, it's often assumed, is an art. In When: The Scientific Secrets of Perfect Timing, Pink shows that timing is really a science. Drawing on a rich trove of research from psychology, biology, and economics, Pink reveals how best to live, work, and succeed. How can we use the hidden patterns of the world to our advantage?

What Works in Girls' Education 2015-09-29
Gene B Sperling Hard-headed evidence on why the returns from investing in girls are so high that no nation or family can afford not to educate their girls. Gene Sperling, author of the seminal 2004 report published by the Council on Foreign Relations, and Rebecca Winthrop, director of the Center for Universal Education, have written this definitive book on the importance of girls' education. As Malala Yousafzai expresses in her foreword, the idea that any child could be denied an education due to poverty, custom, the law, or terrorist threats is just wrong and unimaginable. More than 1,000 studies have provided evidence that high-quality girls' education around the world can be downloaded from vla.ramtech.uri.edu on December 5, 2023 by Donald p Williamson

the world has been swept by a succession of Black American dance beats, from Ragtime to Rap - followed in recent years by the popular "world" music of Africa itself. This book examines why all this Black "roots" and ethnic music has become the dominant sound of our global age. The book 's first section, deals with the symbolic knowledge of Sub-Saharan Africa embedded in its music and traditional worldviews. Its second section examines how some areas of recent scientific research have moved away from the mechanistic and deterministic ethos of industrialism towards relativistic, holistic, circular, and participatory ideas that are, surprisingly, in tune with the old African symbols discussed in the first section. He couldn't save her; he couldn't be with her. Having lost everything, Raghu now wants to stay hidden from the world. However, the annoyingly persistent Advaita finds his elusiveness very attractive. And the more he ignores her, the more she's drawn to him till she bulldozes her way into an unlikely friendship. What attracts at first, begins to grate. Advaita can't help but want to know what Raghu has left behind, what he's hiding, and who broke his heart.
