*We Live for the We*

2019-04-02 Dani McClain A warm, wise, and urgent guide to parenting in uncertain times, from a longtime reporter on race, reproductive health, and politics In *We Live for the We*, first-time mother Dani McClain sets out to understand how to raise her daughter in what she, as a black woman, knows to be an unjust -- even hostile -- society. Black women are more likely to die during pregnancy or birth than any other race; black mothers must stand before television cameras telling the world that their slain children were human beings. What, then, is the best way to keep fear at bay and raise a child so she lives with

dignity and joy? McClain spoke with mothers on the frontlines of movements for social, political, and cultural change who are grappling with the same questions. Following a child's development from infancy to the teenage years, *We Live for the We* touches on everything from the importance of creativity to building a mutually supportive community to navigating one's relationship with power and authority. It is an essential handbook to help us imagine the society we build for the next generation.

in a world of racialized violence, this guidebook combines powerful storytelling with practical exercises, encouraging readers to imagine methods of parenting rooted in liberation rather than fear. In 2016, activist and mother Trina Greene Brown created the virtual multimedia platform Parenting for Liberation to connect, inspire, and uplift Black parents. In this book, she pairs personal anecdotes with open-ended reflective prompts; together, they help readers dismantle harmful narratives about the Black family and imagine anti-oppressive parenting methods. Parenting for Liberation fills a critical gap in currently available, timely parenting resources. Rooted in an Afrofuturistic vision of connectivity and inspiration, the community created within these pages works to image a world that amplifies Black girl magic and Black boy joy, and everything in between. "Trina Greene Brown has created a guide for Black parents who

joyful children. She knows what a challenge this is given the state of the world but argues that liberated parenting is possible if we commit to knowing and trusting ourselves, our children, and our communities. Anyone curious about how to walk with a child through tumultuous times needs to read this book now." —Dani McClain, author of *We Live for the We: The Political Power of Black Motherhood*

didn't know what else to do with it' Stacey Patton today is a vibrant and impressive young woman with a promising career in journalism. Yet her childhood was a battleground of bullying, abuse and mental torture. Abandoned by her birth mother, Stacey was placed in the New Jersey foster care system and was apparently lucky to be adopted by a hardworking, God-fearing African American couple. Yet something else was going on in this immaculately kept home - punishment in terrible ways, physical, emotional and sexual. Her mother was tyrannical and her father, either so in love with or in fear of his wife, turned a blind eye to the abuse she heaped on their love-starved little girl. Stacey survived by channelling her energy into her school work and her education raised her from the shackles of her unhappy home. Drawing parallels between her own childhood and the treatment of black slaves brought to America, Stacey Patton weaves

Now, there's a guide to help you teach your kids how to thrive —even when it feels like the world is against them. ### *Raising Free People*

2020-11-01 Akilah S. Richards

No one is immune to the byproducts of compulsory schooling and standardized testing. And while reform may be a worthy cause for some, it is not enough for countless others still trying to navigate the tyranny of what schooling has always been. *Raising Free People* argues that we need to build and work within systems truly designed for any human to thrive. *The Kids Who Whipped Children Wont Save Black America Pdf* upload Mia f Paterson

thrive, regardless of age, ability, background, or access to money. Families and conscious organizations across the world are healing generations of school wounds by pivoting into self-directed, intentional community-building, and *Raising Free People* shows you exactly how unschooling can help facilitate this process. Individual experiences influence our approach to parenting and education, so we need more than the rules, tools, and “bad adult” guilt trips found in so many parenting and education books. We need to reach behind our behaviors to seek and find our triggers; to examine and interrupt the ways that social issues such as colonization still wreak havoc on our ability to trust ourselves, let alone children. *Raising Free People* explores examples of the transition from school or homeschooling to unschooling, how single parents and people facing financial challenges unschool successfully, and the ways unschooling allows children to thrive. address generational trauma and unlearn the habits we mindlessly pass on to children. In these detailed and unabashed stories and insights, Richards examines the ways that her relationships to blackness, decolonization, and healing work all combine to form relationships and enable community-healing strategies rooted in an unschooling practice. This is how millions of families center human connection, practice clear and honest communication, and raise children who do not grow up to feel that they narrowly survived their childhoods.

### **Spare the Kids**

2017-03-21 Stacey Patton A challenge to the cultural tradition of corporal punishment in Black homes and its connections to racial violence in America Why do so many African Americans have such a special attachment to whupping children? teach respect and to protect black children from the streets, incarceration, encounters with racism, or worse. However, the consequences of this widely accepted approach to child-rearing are far-reaching and seldom discussed. Dr. Stacey Patton's extensive research suggests that corporal punishment is a crucial factor in explaining why black folks are subject to disproportionately higher rates of school suspensions and expulsions, criminal prosecutions, improper mental health diagnoses, child abuse cases, and foster care placements, which too often funnel abused and traumatized children into the prison system. Weaving together race, religion, history, popular culture, science, policing, psychology, and personal testimonies, Dr. Patton connects what happens at home to what happens in the streets in a way that is thought-provoking, unforgettable, and deeply sobering. Spare the Kids is not just a book. It is part of a growing

### *The Legacy of Racism for Children*

2020-06-12 Margaret C. Stevenson When children become entangled with the law, their lives can be disrupted irrevocably. When those children are underrepresented minorities, the potential for disruption is even greater. *The Legacy of Racism for Children: Psychology, Law, and Public Policy* examines issues that arise when minority children's lives are directly or indirectly influenced by law and public policy. Uniquely comprehensive in scope, this trailblazing volume offers cutting-edge chapters on the intersections of race/ethnicity within the context of child maltreatment, child dependency court, custody and adoption, familial incarceration, school discipline and the "school-to-prison

police/youth interactions, and jurors' perceptions of child and adolescent victims and defendants. The book also includes chapters focused on troubling situations that are less commonly researched, but growing in importance, including the role of race and racism in child sex trafficking and US immigration law and policy. Thus, individual chapters explore myriad ways in which law and policy shape the lives of marginalized children and adolescents - racial and ethnic minorities - who historically and presently are at heightened risk for experiencing disadvantageous consequences of law and policy. In so doing, *The Legacy of Racism for Children* can help social scientists to understand and work to prevent the perpetuation of racial discrimination in American laws and public policies.
