Spring Story Jill Barklem 1995 On Wilfred Toadflax's birthday Mr Apple organises a picnic outing and everyone in Brambly Hedge is invited. Wilfred is a little disappointed, though, that no one seems to know it is his birthday - he had hoped for a few more presents. Then he is given the picnic hamper to open and a wonderful surprise is in store... The mice of Brambly Hedge have many adventures but they always have time for fun too. All through the year, they mark the seasons with feasts and festivities and, whether it be a little mouse's birthday, an eagerly awaited wedding or the first day of spring, the mice never miss an opportunity to meet and celebrate.

Bend It Like Beckham Narinder Dhami 2011-11-03 If you're 18, love football and can bend a ball like Beckham, the world must be your oyster, right? Wrong. If you're Jess - 18, Indian and a girl - forget it. Jess just wants to play football but her wedding-obsessed parents have other ideas so she hides it from them. But when Jess and her friend Jules join a ladies team and get spotted by a talent scout, it all kicks off ... The Bend it Like Beckham movie was a box-office hit, starring Parminder Nagra, Keira Knightley and Jonathan Rhys Meyers. Bend it Like Beckham was also transformed into a musical in London's West End.

The Mammoth Book of the World's Greatest Chess Games . Wesley So 2021-08-05 Improve your chess by studying the greatest games of all time, from Adolf Anderssen's 'Immortal Game' to Magnus Carlsen's world championship victories, and featuring a foreword by five-times World Champion Vishy Anand. This book is written by an all-star team of authors. Wesley So is the reigning Fischer Random World Champion, the 2017 US Champion and the winner of the 2016 Grand Chess Tour. Michael Adams has been the top British player for the last quarter of a century and was a finalist in the 2004 FIDE World Championship. Graham Burgess is the author of thirty books, a former champion of the Danish region of Funen, and holds the world record for marathon blitz chess playing. John Nunn is a three-time winner of both the World Solving Championship and the British Chess Federation Book of the Year Award. John Emms is an experienced chess coach and writer, who finished equal first in the 1997 British Championship and was chess columnist of the Young Telegraph. The 145 greatest chess games of all time, selected, analysed, re-evaluated and explained by a team of British and American experts and illustrated with over 1,100 chess diagrams. Join the authors in studying these games, the cream of two centuries of international chess, and develop your own chess-playing skills - whatever your current standard. Instructive points at the end of each game highlight the lessons to be learned. First published in 1998, a second edition of The Mammoth Book of the World's Greatest Chess Games in 2004 included an additional twelve games. Another new edition in 2010 included a further thirteen games as well as some significant revisions to the analysis and information regarding other games in earlier editions of the book, facilitated by the use of a variety of chess software. This 2021 edition, further updated and expanded, now includes 145 games. The authors have made full use of the new generation of chess analysis engines that apply neural-network based AI.

Blue Lock 2 Yusuke Nomura 2021-04-20 After a disastrous defeat at the 2018 World Cup, Japan's team struggles to regroup. But what's missing? An absolute Ace Striker, who can guide them to the win. The Football Association is hell-bent on creating a striker who hungers for goals and thirsts for victory, and who can be the decisive instrument in turning around a losing match...and to do so, they've gathered 300 of Japan's best and brightest youth players. Who will emerge to lead the team...and will they be able to out-muscle and out-ego everyone who stands in their way? Despite his harsh criticism of Japan's citizens and media, the genius midfielder Sae Itoshi has set his gaze on Blue Lock, where the training is about to begin. To survive the first round robin tournament in the training center, Isagi's Team Z will need to find a way to use their own unique "weapons" while struggling through a clash of egos. The Rescue Nicholas Sparks 2000-09-19 In this heartfelt Southern love story from the #1 New York Times bestselling author of The Notebook, a daring fireman rescues a single mom—and learns that falling in love is the greatest risk of all. When confronted by raging fires or deadly accidents, volunteer fireman Taylor McAden feels compelled to take terrifying risks to save lives. But there is one leap of faith Taylor can't bring himself to make: he can't fall in love. For all his adult years, Taylor has sought out women who need to be rescued, women he leaves as soon as their crisis is over and the relationship starts to become truly intimate. When a raging storm hits his small Southern town, single mother Denise Holton's car skids off the road. The young mom is with her four-year-old son Kyle, a boy with severe learning disabilities and for whom she has sacrificed everything. Taylor McAden finds her unconscious and bleeding, but does not find Kyle. When Denise wakes, the chilling truth becomes clear to both of them. Kyle is gone. During the search for Kyle, a connection between Taylor and Denise takes root. But Taylor doesn't know that this rescue will be different from all the others. **My Stinky Dog** Christine Rousey 2018-06-12 This playful picture book by the co-creator of "In My Heart" shares a silly and sweet story about a boy who loves his dog despite his stink. Safe Haven Nicholas Sparks 2012-12-18 In a small North Carolina town, a mysterious and beautiful woman running from her past slowly falls for a kind-hearted store owner . . . until dark secrets begin to threaten her new life. When a mysterious young woman named Katie appears in the small North Carolina town of Southport, her sudden arrival raises questions about her past. Beautiful yet self-effacing, Katie seems determined to avoid forming personal ties until a series of events draws her into two reluctant relationships: one with Alex, a widowed store owner with a kind heart and two young children; and another with her plainspoken single neighbor, Jo. Despite her reservations, Katie slowly begins to let down her guard, putting down roots in the close-knit community and becoming increasingly attached to Alex and his family. But even as Katie begins to fall in love, she struggles with the dark secret that still haunts and terrifies her . . . a past that set her on a fearful, shattering journey across the country, to the sheltered oasis of Southport. With Jo's empathetic and stubborn support, Katie eventually realizes that she must choose between a life of transient safety and one of riskier rewards . . .

The Football Boy Wonder Martin Smith 2015-11-03 Charlie Fry is football mad. He sleeps wearing his team's full kit and dreams of scoring the winning goal in the FA Cup final. He plays football around the clock - at the park, on the way to school, at lunchtimes and even in his bedroom until his mum tells him off. But Charlie has a problem: he can't run very far. He has plenty of skill but his poorly lungs stop him from sprinting. And as an 11-year-old boy planning to become the Golden Boot winner at the World Cup, that's an issue. Then one day a freak accident presents Charlie with a unique goal-scoring gift - it means he can't miss. But can Charlie convince his local team Hall Park to give him the chance and use his new skill to deadly effect? Or will the nasty bullies from his school keep him stuck on the sidelines? ** The Football Boy Wonder is the bestselling soccer story for children aged 7-11. It looks at themes such as bullying, friendship, loyalty and the wonderful world of football.

Reviews of the Football Boy Wonder: "Highly recommended. An enjoyable and clever story with a few lovely twists along the way." Amazon review. "My little brother, who is crazy about soccer, would love this book and would never let it go. It is a great gift to get a brother, nephew, son or cousin for any occasion. They will definitely enjoy it." 5* review from Readers' Favourite website. "Fantastic journey of friendship and sporting achievements. Well written and easy to understand Charlie's journey and how CF impacts his life." Amazon review. If your kids like Messi, Ronaldo or Harry Kane, then they'll love Charlie Fry!

Telephone Tales Gianni Rodari 2020-09-08 Reminiscent of Scheherazade and One Thousand and One Nights, Gianni Rodari's Telephone Tales is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-illustrated by Italian artist Valerio Vidali (The Forest), Telephone Tales entertains, while questioning and imagining other worlds.

Math Without Numbers Milo Beckman 2022-01-11 An illustrated tour of the structures and patterns we call "math" The only numbers in this book are the page numbers. Math Without Numbers is a vivid, conversational, and wholly original guide to the three main branches of abstract math—topology, analysis, and algebra—which turn out to be surprisingly easy to grasp. This book upends the conventional approach to math, inviting you to think creatively about shape and dimension, the infinite and infinitesimal, symmetries, proofs, and how these concepts all fit together. What awaits readers is a freewheeling tour of the inimitable joys and unsolved mysteries of this curiously powerful subject. Like the classic math allegory Flatland, first published over a century ago, or Douglas Hofstadter's Godel, Escher, Bach forty years ago, there has never been a math book quite like Math Without Numbers. So many popularizations of math have dwelt on numbers like pi or zero or infinity. This book goes well beyond to questions such as: How many shapes are there? Is anything bigger than infinity? And is math even true? Milo Beckman shows why math is mostly just pattern recognition and how it keeps on surprising us with unexpected, useful connections to the real world. The ambitions of this book take a special kind of author. An inventive, original thinker pursuing his calling with jubilant passion. A prodigy. Milo Beckman completed the graduate-level course sequence in mathematics at age sixteen, when he was a sophomore at Harvard; while writing this book, he was studying the philosophical foundations of physics at Columbia under Brian Greene, among others.

Professor Kant's Incredible Day Jean Paul Mongin 2016 "In Professor Kant's Incredible Day, the philosopher Immanuel Kant wants only to be left in peace to consider life's big questions: What can I know? What can I hope for? But, when a perfumed letter arrives one day, it interrupts his studies and sets off a series of events the dour professor could not possibly have predicted. But just when it seems as though all of Königsberg is plunged into chaos, he realizes that this perfect storm may hold the answers to his most pressing questions."--Amazon.com

Art and Representation John Willats 1997 In Art and Representation, John Willats presents a radically new theory of pictures. To do this, he has developed a precise vocabulary for describing the representational systems in pictures: the ways in which artists, engineers, photographers, mapmakers, and children represent objects. His approach is derived from recent research in visual perception and artificial intelligence, and Willats begins by clarifying the key distinction between the marks in a picture and the features of the scene that these marks represent. The methods he uses are thus closer to those of a modern structural linguist or psycholinguist than to those of an art historian. Using over 150 illustrations, Willats analyzes the representational systems in pictures by artists from a wide variety of periods and cultures. He then relates these systems to the mental processes of picture production, and, displaying an impressive grasp of more than one scholarly discipline, shows how the Greek vase painters, Chinese painters, Giotto, icon painters, Picasso, Paul Klee, and David Hockney have put these systems to work. But this book is not only about what systems artists use but also about why artists from different periods and cultures have used such different systems, and why drawings by young children look so different from those by adults. Willats argues that the representational systems can serve many different functions beyond that of merely providing a convincing illusion. These include the use of anomalous pictorial devices such as inverted perspective, which may be used for expressive reasons or to distance the viewer from the depicted scene by drawing attention to the picture as a painted surface. Willats concludes that art historical changes, and the developmental changes in children's drawings, are not merely arbitrary, nor are they driven by evolutionary forces. Rather, they are determined by the different functions that the representational systems in pictures can serve. Like readers of Ernst Gombrich's famous Art and Illusion (still available from Princeton University Press), on which Art and Representation makes important theoretical advances, or Rudolf Arnheim's Art and Visual Perception, Willats's readers will find that they will never again return to their old ways of looking at pictures.

Marcovaldo Italo Calvino 2012-10-26 A charming portrait of one man's dreams and schemes, by “the greatest Italian writer of the twentieth century” (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece “conveys the sensuous, tangible qualities of life” (The New York Times).
