*Unfollow Your Passion* Terri Trespicio 2023-01-03 One of the Best Feel-Good Books of 2021 by The Washington Post A hilarious and honest not-quite-self-help book in the vein of Buy Yourself the F\*cking Lilies and I Used to Have a Plan. Every person on the planet wants their life to mean something. The problem is that you've been told there's only one way to find that meaning. In Unfollow Your Passion, Terri Trespicio—whose TEDx talk has more than six million views—questions everything you think you need: passion (fun, but fleeting), plans (flimsy at best), and a bucket list (eye roll), to name a few. Instead, she shows you how (and why) to flip society, culture, and the #patriarchy the bird so you can live life on your terms. Trespicio effortlessly guides you through her method of unhooking yourself from other people's agendas, boning up on the skills to move you forward, and exploring your own creativity, memory, and intuition to unlock your unique path to meaning—while also confronting the challenges that stop you in your tracks, like boredom, loss, and fear. Unfollow Your Passion is a fresh and fearless “must-read for anyone looking for a more meaningful life” (Mel Robbins, author of The 5 Second Rule).

**Success Affirmations** Jack Canfield 2017-11-14 Jack Canfield, with the help of esteemed coauthors Kelly Johnson and Ram Ganglani, explains what positive affirmations are (and what they are not), why they are so effective, and how to effortlessly integrate their practice into your life. Canfield covers all areas of life, from financial prosperity and creative pursuits to your career and positive relationships.

*Follow Your Passion, Find Your Power* Bob Doyle 2011-06-01 Wondering how to make the Law of Attraction work in your life? With the publication of The Secret, the Law of Attraction has become a worldwide phenomenon. Yet, many people are still not getting the results they want and have been left disappointed and confused. Now motivational coach Bob Doyle, one of the teachers featured in the film version of The Secret, dispels the misconceptions and myths about the Law of Attraction and offers a practical, easy-to-use program for creating abundance and happiness. Doyle addresses head-on the objections, questions, and comments that many still have about creating abundance to get the things they want in life. Follow Your Passion, Find Your Power is a down-to-earth, no-hype, motivational approach to take control of your life and get the things you want. Doyle makes it clear that the Law is not a personal development tool you can use the right way or the wrong way; it's a profound statement of how energy works in the universe. It has to do with paying attention, recognizing where you are, and aggressively striving for what you want. It is all about passion, vision, and purpose. Get clear on your vision for your life, and follow a step-by-step plan to live your life by design.

*Do What You Love* Miya Tokumitsu 2015-08-11 The American claim that we should love and be passionate about our job may sound uplifting, or at least, harmless, but Do What You Love exposes the tangible damages such rhetoric has leveled upon contemporary society. Virtue and capital have always been twins in the capitalist, industrialized West. Our ideas of what the “virtues” of pursuing success in capitalism have changed dramatically over time. In the past, we believed that work undertaken with an ethos of industriousness promised financial stability and basic comfort and security for our families. Now, our working life is conflated with the pursuit of pleasure. Fantastically successful—and popular—entrepreneurs such as Steve Jobs and Oprah Winfrey command us. “You’ve got to love what you do,” Jobs tells an audience of college grads about to enter the workforce, while Winfrey exhorts her audience to “live your best life.” The promises made to today’s workers seem so much larger and nobler than those of previous generations. Why settle for a 30-year fixed rate mortgage and a perfectly functional eight-year-old car when you can get rich becoming your “best” self and have a blast along the way? But workers today are doing more and more for less and less. This reality is frighteningly palpable in eroding paychecks and benefits, the rapid concentration of wealth in the hands of a tiny few, and workers’ loss of control over their labor conditions. But where is the protest and anger from workers against a system that tells them to love their work and asks them to do it for less? While winner-take-all capitalism grows ever more ruthless, the rhetoric of passion for labor proliferates. In Do What You Love, Tokumitsu articulates and examines the sacrifices people make for a chance at loveable, self-actualizing, and, of course, wealth-generating work and the conditions facilitated by this pursuit. This book continues the conversation sparked by the author’s earlier Slate article and provides a devastating look at the state of modern America’s labor and workforce.

**Crush It!** Gary Vaynerchuk 2009-10-13 In Crush It!, online marketing trailblazer Gary Vaynerchuk tells business owners what they need to do to boost their sales using the internet—just as he has done to build his family’s wine store from a \$4 million business to a \$60 million one. Crush It! will show readers how to find their passion, then step by step how to turn it into a flourishing, monetized business.

*Start Where You Are* Pema Chödrön 2018-11-06 The perennially helpful guide to transforming our pains and difficulties into opportunities for genuine joy and personal growth, from the beloved Buddhist nun and author of When Things Fall Apart We all want to be fearless, joyful, and fully alive. And we all know that it's not so easy. We're bombarded every day with false promises of ways to make our lives better—buy this, go here, eat this, don't do that; the list goes on and on. But Pema Chödrön shows that, until we get to the heart of who we are and really make friends with ourselves, everything we do will always be superficial. In this perennial self-help bestseller, Pema offers down-to-earth guidance on how we can go beyond the fleeting attempts to “fix” our pain and, instead, to take our lives as they are as the only path to achieve what we all yearn for most deeply—to embrace rather than deny the difficulties of our lives. These teachings, framed around fifty-nine traditional Tibetan Buddhist maxims, point us directly to our own hearts and minds, such as “Always meditate on whatever provokes resentment,” “Be grateful to everyone,” and “Don't expect applause.” By working with these slogans as everyday meditations, Start Where You Are shows how we can all develop the courage to work with our own inner pain and discover true joy, holistic well-being, and unshakeable confidence.

**Refuse to Choose!** Barbara Sher 2006-03-07 Don't know what to do with your life? Drawn to so many things that you can't choose just one? New York Times best-selling author Barbara Sher has the answer--do EVERYTHING! With her popular career counseling sessions, motivational speeches, workshops, and television specials, Barbara Sher has become famous for her extraordinary ability to help people define and achieve their goals. What Sher has discovered is that some individuals simply cannot, and should not, decide on a single path; they are genetically wired to pursue many areas. Sher calls them "Scanners"--people whose unique type of mind does not zero in on a single interest but rather scans the horizon, eager to explore everything they see. In this groundbreaking book, you will learn: What's behind your "hit and run" obsessions When (and how) to finish what you start How to do everything you love What type of Scanner you are (and which tools you need to do your very best work)

*The Rhythm of Life: Living Everyday with Passion & Purpose* Matthew Kelly 2015-06-22 Counsels readers on how to transcend daily stresses to attain a deeper understanding of one's true purpose, discussing such strategies as identifying and attending to actual needs and making self-supporting commitments.

**Unwrapping Your Passion** Karen Putz 2017-06-09 The motivational speaker and barefoot water skier shares stories of people—including herself—who found the courage to follow their passions. For years Karen Putz worked a sales job she neither loved nor hated. She liked the company and her boss, yet something essential was missing: passion. So she set out to learn from people who were madly in love with their work and their lives. Here, Karen tells the inspiring stories of individuals who discovered their true passion, purpose, and desire. And she begins with her own story of going deaf from a barefoot water-skiing accident only to rediscover her passion for the sport at age forty-four. Everyone is given a unique gift in life—but too many of us never unwrap the package. Unwrapping Your Passion is your guide to shaking up the status quo and getting down to the essence of who you are, what you love, and the passion that will drive your life forward.

**Screw Finding Your Passion** Susanna Halonen 2014-09-29 The commonly held belief that you should ‘follow your passion’ is flawed. Many people believe that in order to be truly happy, you need to find and follow your one and only true passion. This is a very limiting approach to passion, and one not backed up by much research. In fact, recent research in the field of positive psychology has shown that you can live a more fulfilling life by choosing to pursue your whole life with passion. This has nothing to do with monetising the one thing that you love, but finding love in what you do. Susanna Halonen, also known as the Happyologist, introduces a new approach to passion that enables you to take control of your happiness. By highlighting the latest research in the field, including her own, Susanna explains how you can choose to unlock the passion inside you so that you can live a more fulfilling life. The secret to living life with passion is pursuing the passionate way of being, and the five keys to that secret are individually explored and discussed in this book. Each discussion is followed by questions of self-reflection that encourage you to create your own, unique action plan to start unlocking your passion. This book is an eye opener for those who want to understand the real science behind passion. It’s also a must-read for anyone who is looking for more fire, spark and positive energy in their lives and careers. Most of all, it’s a tool to help you to take a more proactive approach to unearthing your best self and setting out on the path towards passionate happiness. Praise for Screw Finding Your Passion: "Wanting happiness and knowing how to pursue it are two different things. Scientifically, happiness is a choice, not something you find. Using new research and practical tools, Halonen helps us change the formula for how we pursue passion, allowing us to find more ways of achieving our potential and creating joy." - Shawn Achor, positive psychology researcher and NYTimes bestselling author of The Happiness Advantage "It's very clear that Susanna Halonen is passionate about her work. And it's very clear that her work can help you unlock the passion within you." - Tal Ben-Shahar, author of international bestseller Happier "We all have times that life seems flat and not very fulfilling. Susanna's unique stance on passion will enable us to find that love for whatever we're doing right now." - Nina Grunfeld, founder of Life Clubs "This idea is so important it can't be ignored." - Elliot Newsome, founder and Managing Director of SKT Consulting

**Unleash Your Passion** Jen Vuhuong 2017-07-09 The narrative part of the book will share with you my journey of uncovering each limiting layer to finally live everyday with passion. Being saved from death as many as five times by my family, and experiencing the loss of my younger sister and my aunt, I knew I had to live for more than just myself. I had to live also for the five times I was saved and the two people who passed away as a show of gratitude to them and my life. I witnessed them struggling with life but still loving and giving to each other unconditionally. I had the desire to contribute to make people's lives better. With the need to find better ways of helping people, I went from being a would-be kidnapped kid, to becoming an engineer, living and studying in different countries abroad, and finally to becoming a personal development coach and trainer to help people unleash their potential. Most importantly, I realised my passion for living meaningfully, non-stop loving and giving joyfully every day. I found the map to this realisation it and I would like to pass it on to you. The practical part of the book provides the tools I've developed to help you do the same. I call these tools "The 7 Pillars of Passion". These pillars can be used to create a map to turn your desire into actions then fulfillment. In particular, the practical steps in each pillar can be used to help you take action every day to uncover different layers that have been built upon your passion either by the society or your own thoughts in order to live every day with PASSION. The word "PASSION" itself already exhibits the 7 pillars to unleash your passion:P - Pure desire (to uncover the Past) A - Affirmed choice (to uncover the Ambiguous doubts) S - Self-discipline (to uncover the Suffering thoughts) S - Service (to uncover the Selfishness) I - Imagination (to uncover the Internal fear) O - Organising your days (to uncover the Overwhelming opportunities) N - Now (to uncover the Nervousness) Enjoy the book!
