**Life and Loss** Linda Goldman 2021-08-04 For decades, Life and Loss has been the book clinicians have relied on for a full and nuanced presentation of the many issues with which grieving children grapple, as well as an honest exploration of the interrelationship between unresolved grief, educational success, and responsible citizenry. This classic edition, which includes a new preface from the author, brings this exploration firmly into the twenty-first century and makes a convincing case that children's grief is no longer restricted only to loss-identified children. Children's grief is now endemic; it is global. Life and Loss is not just the book mental health professionals need to understand grief in the twenty-first century—it's the book they need to work with grief in a practical and constructive way.

**Lawrence County, Alabama Newspaper Clippings from the Moulton Democrat, Union & Advertiser 1855 - 1875** Robin Sterling 2016-01-09 Lawrence County is fortunate to have newspapers which survived the years immediately before the Civil War, and for many years after the War. This book represents clippings from 1855 through 1858 and picks up again from 1867 through 1875.

Unfortunately no papers in this series survive between 1859 and 1866. The White family of Moulton established a newspaper dynasty during this turbulent period spanning antebellum days and then Reconstruction. Interesting articles regarding the disposition of slaves, and the troubles living under Military Rule following the "late unpleasantness" are offered. Particular attention is given to recording births, marriages and obituary notices. This book also includes articles pertaining to the history and progress of Lawrence County. This book will prove useful to any serious student of the history and genealogy of the people inhabiting Lawrence County, Alabama.

*Nightmare in Hostage Hills* Christina Mask 2017-11-20 "Sadly, Christina's journey, and her children's experience of being collateral damage, is not atypical. Kudos for her strength and bravery in putting her story out there as a cautionary tale for others." (Dr. Susan Weitzman, author, Not to People like Us: Hidden Abuse in Upscale Marriages). "Christina Mask's Nightmare is constructed around fragments from a life in agony as one woman attempts to escape abuse, retain her sanity, and regain the custody of three children the family court and her husband have taken from her. It's all here—the daily records over months, then years; the diary entries; the self-blame; the excuses; the shame; the absurdist dialogues with family therapists; marginalia from readings or lectures or religious texts; letters pleadings with judges and lawyers and evaluators; poems; letters to and from the children, real and imagined; the reports that put her claims of abuse in quotations; and so, so much more. These pieces are loosely joined by a narrative and an interior monologue that I sometimes found too much to bear. But then I realized I was scanning something akin to a Picasso painting, whose underlying truth lay not in what was on the page, not the fragments, but in the hope that put them out here, no more evident than in the endlessly reasonable letters Mask writes to intractable foes. Mask has cast her eye on what Yeats termed 'the broken, crumbling battlement' of the self and lived to write it. As one director famously said about the sixty women and children crowded into her six-bedroom shelter, 'If they can manage this, they can manage anything.' Christina's book gives us faith that she is right." (Evan Stark, PhD, MSW. The writer is professor emeritus at Rutgers University, and author of Coercive Control: How Men Entrap Women in Personal Life [Oxford, 2007]).

**Return to Guntown** John Hailman 2015-09-14 A federal prosecutor in Mississippi for over thirty years, John Hailman routinely worked with federal agents, lawyers, judges, and criminals of every type imaginable. Encouraged by the acclaim for his earlier book, From Midnight to Guntown, he has opened even more of the astonishing cases within the over thirty-five boxes full of trial stories he carried into retirement. Hailman gathers colorful exploits of eccentric modern criminals from William Faulkner's Mississippi, where savvy victims often outwit their criminal perpetrators. Characters range from rich but incompetent drug lords and nationwide gun-runners to bumbling Dixie Mafia kidnappers. The book ends with "Fancy Frauds" in which ingenious con men (and women) offer hilarious but surprisingly sophisticated "special deals" on tax-free gold mines in Mexico and bargain (but bogus) Viagra. Chapters include "Guns, Bombs, and Moonshine Whiskey," "Drug Kingpins Have Troubles Too," "Crime Victims Fight Back," "Mere Theft," and "Fancy Frauds." Written to entertain and enlighten, these stories will delight any fan of the true crime genre and anyone who enjoys good writing and the skill of a master storyteller.

**Letters of Louis D. Brandeis: Volume II, 1907-1912** Louis D. Brandeis 1972-06-30 The letters in this volume record an important transition in Brandeis's life. In July 1907, when the letters begin, Louis D. Brandeis was merely an unusually successful local reformer. His earlier victories against the Boston Elevated and the Boston Consolidated Gas Company, even his stunning success in the achievement of the Savings Bank Life Insurance law in Massachusetts, all centered exclusively upon Boston or Massachusetts problems. But by December 1912, when this book ends, Brandeis was one of the best known social activists in the United States. He received regular national attention in popular periodicals and advised the newly elected President of the United States. As these letters show, Brandeis always kept one eye on Massachusetts affairs--supervising the inauguration of the insurance reform, continuing to oppose long-term franchises for the subway, and advising Massachusetts governors on proposed bills and prospective appointments. But he devoted the major part of his energy in this five-and-a-half-year period to a series of crusades of crucial national importance. He attacked the attempt of Mellen and Morgan to gain a monopoly hold over new England transportation as he strenuously and doggedly opposed the merger of the Boston & Maine with the New Haven railroad. He entered, in a leading role, the most celebrated conservation battle of his generation, the Pinchot-Ballinger controversy, and he emerged as a major spokesman for the preservation and orderly development of natural resources. He helped to hammer together an arbitration mechanism to maintain industrial peace within the New York garment trades, a mechanism he believed would have broad implications for the future of industrial democracy in America. He battled the demands of the railroads for increased rates; he joined the crusade for efficiency and scientific management; and he directed repeated blows against the huge concentrations of economic power within the national economy. It should not be surprising that Brandeis and Robert M. LaFollette were drawn together, and these letters will show both the extent of that relationship and the way in which Brandeis's influence spread to other progressives in Congress. Other matters--his earliest Zionist activities, his achievement in defending progressive state legislation before the Supreme Court, his interest in Alaskan development along conservationist lines, his plan for the regularity of employment, his role in the Presidential campaign of 1912--are all part of his work during these turbulent years and are all touched upon in greater or lesser detail in these letters.

**Vampire Husband and the American Justice** Paru Shiva 2014-05-19 This book is about a woman who had come to America from Kashmir India. She had no knowledge about American culture or American Justice System. She was married in India and her husband brought her to America. In America her husband started abusing her. Being culturally abound, she kept taking abuse on daily basis and kept lying about her bruises and cuts to those who were asking her questions about her injuries. Abuse got worst to the extent that one day her husband tried to kill her. She gained her consciousness after couple of hours when her husband decided to dump her body in the park. Somehow in the morning she managed to escape with her two children. She went to a woman's shelter where she lived for six months. In the shelter they insisted that she had to go to the court to get restraining order for her safety. In that process, her children were taken by the court and were given to that abusive man from whom they had a narrow escape. She was forced to pay child support when she had not taken even a one cent from her home or from her husband after she left. Her two children were given to their father because she was going to school. Judge punished her and her two children for trying to establish their life. Her Children suffered the most because of the Justice System. I wrote this book for two reasons One reason is to tell my children especially my son that I am very sorry for taking my case to American Justice System because his father has kept him in fear. Even my son is adult now but his father is still treating my son like he was treating me and my son is kept in a lot of fear, stress and extreme tension. His father didn't let him complete his education. If he had encouraged my son to complete his education, then he wouldn't be able to control my son's life. That is tearing my heart every day. And second reason is that I want to help a Battered Woman and her children by telling them my story. I was a very private person but that didn't help me. Every battered woman of this country should know that when a man hit his wife is not love. It is a danger sign figure out on time about safety zones for self and for children. My story will guide them to be strong enough to help their children.
