100 Provocative Statements about Modoc Lucas Brenting 2013-03 In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Modoc: True Story of the Greatest Elephant That." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

Modoc Cheewa James 2008 Cheewa James, a direct Modoc descendant, offers an explosive and personal story of her ancestry--a richly documented, non-fiction narrative with high-energy, fictionalized inserts. This book is the most comprehensive ever written about this remarkable tribe, covering Modoc history from ancestral times to the present. It includes rare photographs, both black & white and color, never before published. Were it not for Custer's Little Bighorn Battle, the Modoc War would probably be remembered as America's most significant Indian confrontation. One of the most costly Indian wars ever fought, the six-month Modoc War pitted some 55 warriors against 1,000 soldiers. The jagged, hostile terrain--today's Lava Beds National Monument--was the scene of a war like none other. Newly revealed evidence awaits readers' eyes and judgment as to why the 1873 California/Oregon Modoc War started. For over 130 years, the voices of two soldiers were locked away in letters in relatives' trunks. Now they speak out. As prisoners of war, the exiled Modocs in Oklahoma survived an enemy whose weapons were more lethal than guns. Book jacket.

The World's Greatest Lion Ralph Helfer 2012-07-05 From the creators of The World's Greatest Elephant comes the real-life story of the MGM Studios Lion. Perhaps the most recognizable Hollywood animal--outside of Lassie--is "Leo the Lion," MGM Studios' famous mascot. For decades his image introduced hundreds of motion pictures, and Zamba the lion acted in dozens more. But he wasn't always a Hollywood star, and he certainly proved to be much more. This real-life story of Zamba, told by world-renowned animal behaviorist Ralph Helfer and Caldecott Honor recipient Ted Lewin, follows the famous lion from an orphaned cub in Africa to iconic

Hollywood actor. But Zamba's greatest role wasn't scripted and it certainly wasn't captured on film. In 1969, the canyon that housed Ralph Helfer's animal ranch was ravaged by floods. As death claimed many of the animals, dozens were led to safety by one heroic lion. Zamba's story, beautifully told and illustrated, is one that will entertain and inspire--both cubs and lions.

The Beauty of the Beasts Ralph Helfer 2014-04-29 A trainer shares true stories of famous lion, orangutan, and other animal actors that "will hold readers enthralled" (School Library Journal). They are major stars who do not speak a word onscreen, yet are world famous for their compelling performances. Who are they? The animal stars of the big screen, of course! In *The Beauty of the Beasts*, Ralph Helfer shares with the reader his love of animals and his work with some of Hollywood's biggest stars: Clarence the Cross-Eyed Lion, Gentle Ben, the Schlitz Malt Liquor Bull, Clint Eastwood's orangutan sidekick Clyde, and many more. Helfer shares his philosophy on training these beautiful beasts to do amazing feats and maximize their acting potential without coercion. Join Ralph Helfer in his exploration of animal acting and read of his masterful use of TLC to work with these phenomenal, non-human actors.

The Modoc War Robert Aquinas McNally 2017 On a cold, rainy dawn in late November 1872, Lieutenant Frazier Boutelle and a Modoc Indian nicknamed Scarface Charley leveled firearms at each other. Their duel triggered a war that capped a decades-long genocidal attack that was emblematic of the United States' conquest of Native America's peoples and lands. Robert Aquinas McNally tells the wrenching story of the Modoc War of 1872-73, one of the nation's costliest campaigns against North American Indigenous peoples, in which the army placed nearly one thousand soldiers in the field against some fifty-five Modoc fighters. Although little known today, the Modoc War dominated national headlines for an entire year. Fought in south-central Oregon and northeastern California, the war settled into a siege in the desolate Lava Beds and climaxed the decades-long effort to dispossess and destroy the Modocs. The war did not end with the last shot fired, however. For the first and only time in U.S. history, Native fighters were tried and hanged for war crimes. The surviving Modocs were packed into cattle cars and shipped from Fort Klamath to the corrupt, disease-ridden Quapaw reservation in Oklahoma, where they found peace even more lethal than war. The Modoc War tells the forgotten story of a

violent and bloody Gilded Age campaign at a time when the federal government boasted officially of a "peace policy" toward Indigenous nations. This compelling history illuminates a dark corner in our country's past.

Love, Life, and Elephants Daphne Sheldrick 2012-05-08 Daphne Sheldrick, whose family arrived in Africa from Scotland in the 1820s, is the first person ever to have successfully hand-reared newborn elephants. Her deep empathy and understanding, her years of observing Kenya's rich variety of wildlife, and her pioneering work in perfecting the right husbandry and milk formula have saved countless elephants, rhinos, and other baby animals from certain death. In this heartwarming and poignant memoir, Daphne shares her amazing relationships with a host of orphans, including her first love, Bushy, a liquid-eyed antelope; Rickey-Tickey-Tavey, the little dwarf mongoose; Gregory Peck, the busy buffalo weaver bird; Huppety, the mischievous zebra; and the majestic elephant Eleanor, with whom Daphne has shared more than forty years of great friendship. But this is also a magical and heartbreaking human love story between Daphne and David Sheldrick, the famous Tsavo Park warden. It was their deep and passionate love, David's extraordinary insight into all aspects of nature, and the tragedy of his early death that inspired Daphne's vast array of achievements, most notably the founding of the world-renowned David Sheldrick Wildlife Trust and the Orphans' Nursery in Nairobi National Park, where Daphne continues to live and work to this day. Encompassing not only David and Daphne's tireless campaign for an end to poaching and for conserving Kenya's wildlife, but also their ability to engage with the human side of animals and their rearing of the orphans expressly so they can return to the wild, Love, Life, and Elephants is alive with compassion and humor, providing a rare insight into the life of one of the world's most remarkable women.

An Elephant in My Kitchen Françoise Malby-Anthony 2019-11-05 THE INTERNATIONAL BESTSELLER "Malby-Anthony offers a book of great inspiration and wide appeal to nature-loving readers." —Publishers Weekly A heart-warming sequel to the international bestseller The Elephant Whisperer, by Lawrence Anthony's wife Françoise Malby-Anthony. A chic Parisienne, Françoise never expected to find herself living on a South African game reserve. But then she fell in love with conservationist Lawrence Anthony and everything changed. After Lawrence's death, Françoise faced the daunting responsibility of running Thula Thula without him. Poachers attacked their rhinos, their security team wouldn't take orders from a woman and the authorities were threatening to cull their beloved elephant family. On top of that, the herd's feisty new matriarch Frankie didn't like her. In this heart-warming and moving book, Françoise describes how she fought to protect the herd and to make her dream of building a wildlife rescue center a reality. She found herself caring for a lost baby elephant who turned up at her house, and offering refuge to traumatized orphaned rhinos, and a hippo called Charlie who was scared of water. As she learned to trust herself, she discovered she'd had Frankie wrong all along. Filled with extraordinary animals and the humans who dedicate their lives to saving them, An Elephant in My Kitchen is a captivating and gripping read.

Sami and the Time of the Troubles Florence Parry Heide 1992 A ten-year-old Lebanese boy goes to school, helps his mother with chores, plays with his friends, and lives with his family in a basement shelter when bombings occur and fighting begins on his street.

American Indian Myths and Legends Richard Erdoes 2013-12-04 More than 160 tales from eighty tribal groups gives us a rich and lively panorama of the Native American mythic heritage. From across the continent comes tales of creation and love; heroes and war; animals, tricksters, and the end of the world. In addition to mining the best folkloric sources of the nineteenth century, the editors have also included a broad selection of contemporary Native American voices. With black-and-white illustrations throughout Selected and edited by Richard Erdoes and Alfonso Ortiz Part of the Pantheon Fairy Tale and Folklore Library

Modoc Ralph Helfer 2009-10-13 "Once I started this incomparable story, I couldn't put it down, and I cannot get it out of my mind—nor will I ever. The message of what can be accomplished by training through affection and joy will thrill all animal lovers." —Betty White A captivating true story of loyalty, friendship, and high adventure that spans several decades and three continents, Modoc is one of the most remarkable true stories ever told, perfect for fans of The Zookeeper's Wife or Water for Elephants. Raised together in a small German circus town, a boy and an elephant formed a bond that would last their entire lives, and would be tested time and again: through a near-fatal shipwreck in the Indian Ocean, an apprenticeship with the legendary Mahout elephant trainers in the Indian teak forests, and their eventual rise to circus stardom in 1940s New York City. As the African Sun-Times put it, Modoc is "heartwarming. . . probably the greatest love story ever told."

Down from the Mountain Bryce Andrews 2019 "The story of a bear named Millie: her life, death, and cubs, and what they reveal about the changing wilds of the American West"--

Elephant Company Vicki Croke 2015-04-14 NEW YORK TIMES BESTSELLER • A NEW YORK TIMES NOTABLE BOOK The remarkable story of James Howard “Billy” Williams, whose uncanny rapport with the world’s largest land animals transformed him from a carefree young man into the charismatic war hero known as Elephant Bill In 1920, Billy Williams came to colonial Burma as a “forest man” for a British teak company. Mesmerized by the intelligence and character of the great animals who hauled logs through the jungle, he became a gifted “elephant wallah.” In Elephant Company, Vicki Constantine Croke chronicles Williams’s growing love for elephants as the animals provide him lessons in courage, trust, and gratitude. Elephant Company is also a tale of war and daring. When Japanese forces invaded Burma in 1942, Williams joined the elite British Force 136 and operated behind enemy lines. His war elephants carried supplies, helped build bridges, and transported the sick and elderly over treacherous mountain terrain. As the occupying authorities put a price on his head, Williams and his elephants faced their most perilous test. Elephant Company, cornered by the enemy, attempted a desperate escape: a risky trek over the mountainous border to India, with a bedraggled group of refugees in tow. Part biography, part war epic, Elephant Company is an inspirational narrative that illuminates a little-known chapter in the annals of wartime heroism. Praise for Elephant Company “This book is about far more than just the war, or even elephants. This is the story of friendship, loyalty and breathtaking bravery that transcends species. . . . Elephant Company is nothing less than a sweeping tale, masterfully written.”—Sara Gruen, The New York Times Book Review “Splendid . . . Blending biography, history, and wildlife biology, [Vicki Constantine] Croke’s story is an often moving account of [Billy] Williams, who earned the sobriquet ‘Elephant Bill,’ and his unusual bond with the largest land mammals on earth.”—The Boston Globe “Some of the biggest heroes of World War II were even bigger than you thought. . . . You may never call the lion the king of the jungle again.”—New York Post “Vicki Constantine Croke delivers an exciting tale of this elephant whisperer—cum—war hero, while beautifully reminding us of the enduring bonds between animals and humans.”—Mitchell Zuckoff, author of Lost in Shangri-La and Frozen in Time **The 57 Bus** Dashka Slater 2017-10-17 One teenager in a skirt. One teenager with a lighter. One moment that changes both of their lives forever. If it weren't for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a black teen, lived in the crime-plagued flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate crimes and facing life imprisonment. The 57 Bus is Dashka Slater's true account of the case that garnered international attention and thrust both teenagers into the spotlight.

The World's Greatest Elephant Ralph Helfer 2006 Young Bram and his elephant, Modoc, had a lifelong friendship spanning eight decades. The true story of their adventures together and eventual rise to circus stardom is depicted in this beautiful book. Full color.

Ballet of the Elephants Leda Schubert 2006-04-04 Describes the circus and the ballet of fifty elephants and dancers choreographed by George Ballanchine in 1942.

Jumbo Paul Chambers 2009-02-03 From an eyewitness account of Jumbo s capture in Africa after ivory hunters had killed his parents, to his early years at the Paris zoo where he was mistreated and regarded as a disappointing runt, to his stunning growth spurt in London where he became the largest elephant in captivity, to the Jumbo craze that swept across Britain and the United States, Paul Chambers utilizes new archival material in fully telling Jumbo s story for the first time.

True Bear Stories Joaquin Miller 2020-08-15 Reproduction of the original: True Bear Stories by Joaquin Miller

The Emotional Lives of Animals Marc Bekoff 2010-10-05 Based on award-winning scientist Marc Bekoff's years studying social communication in a wide range of species, this important book shows that animals have rich emotional lives. Bekoff skillfully blends extraordinary stories of animal joy, empathy, grief, embarrassment, anger, and love with the latest scientific research confirming the existence of emotions that common sense and experience have long implied. Filled with Bekoff's light humor and touching stories, The Emotional Lives of Animals is a clarion call for reassessing both how we view animals and how we treat them.

Modoc Ralph Helfer 2009-07-10 Chronicles the life and times of an elephant and her devoted companion and trainer, who journeyed from a small German circus town to international stardom in the Greatest Show on Earth to a tragic twenty-year separation

The Last Rhinos Graham Spence 2012-04-01 Another extraordinary story of life on a South African game reserve from the authors of The Elephant Whisperer. Lawrence Anthony's South African game reserve is home to many animals he has saved, from a remarkable herd of elephants to a badly behaved bushbaby called George. Described as "the Indiana Jones of conservation", when one of his rhinos was brutally slaughtered for her horn, he didn't hesitate to lead an armed response against the poachers. Then he learned that there were only a handful of northern white rhinos left in the wild, living in an area of the Congo controlled by the infamous Lord's Resistance Army and soon to be hunted into extinction. Lawrence knew he had to take action. What followed was an extraordinary adventure, as he headed into the jungle to negotiate with the rebels, while battling to save his own animals from terrible drought and to save the eyesight of his beloved elephant matriarch Nana. The Last Rhinos is peopled with unforgettable characters, both human and animal, and is a sometimes funny, sometimes moving, always exciting read.

The True Story of the Bilderberg Group Daniel Estulin 2007 Since 1954, The Bilderberg Group, some of the most powerful and influential men in the Western world, have met in secret once a year to discuss the economic and political future of humanity.

Lonely Planet Best of Greece & the Greek Islands Lonely Planet 2020-05-01 Lonely Planet's Best of Greece & the Greek Islands is your most up-to-date advice on what to see and skip, and what hidden discoveries await you. Explore the Acropolis, watch the sunset in Santorini and have a feast in Crete- all with your trusted travel companion.

Modoc Ralph Helfer 1997 The greatest elephant story ever told, re-created by Modoc's owner during the last twenty years of her seventy-eight-year life, the story spans eight decades and three continents.

The Elephant Whisperer Lawrence Anthony 2009-11-10 When South African conservationist Lawrence Anthony was asked to accept a herd of "rogue" wild elephants on his Thula Thula game reserve in Zululand, his common sense told him to refuse. But he was the herd's last chance of survival: they would be killed if he wouldn't take them. In order to save their lives, Anthony took them in. In the years that followed he became a part of their family. And as he battled to create a bond with the elephants, he came to realize that they had a great deal to teach him about life, loyalty, and freedom. The Elephant Whisperer is a heartwarming, exciting, funny, and sometimes sad account of Anthony's experiences with these huge yet sympathetic creatures. Set against the background of life on an African game reserve, with unforgettable characters and exotic wildlife, it is a delightful book that will appeal to animal lovers and adventurous souls everywhere.

Decca Jessica Mitford 2010-05-19 “Decca” Mitford lived a larger-than-life life: born into the British aristocracy—one of the famous (and sometimes infamous) Mitford sisters—she ran away to Spain during the Spanish Civil War with her cousin Esmond Romilly, Winston Churchill's nephew, then came to America, became a tireless political activist and a member of the Communist Party, and embarked on a brilliant career as a memoirist and muckraking journalist (her funeral-industry exposé, The American Way of Death, became an instant classic). She was a celebrated wit, a charmer, and throughout her life a prolific and passionate writer of letters—now gathered here. Decca's correspondence crackles with irreverent humor and mischief, and with acute insight into human behavior (and misbehavior) that attests to her generous experience of the worlds of politics, the arts, journalism, publishing, and high and low society. Here is correspondence with everyone from Katharine Graham and George Jackson, Betty Friedan, Miss Manners, Julie Andrews, Maya Angelou, Harry Truman, and Hillary Rodham Clinton to Decca's sisters the Duchess of Devonshire and the novelist Nancy Mitford, her parents, her husbands, her children, and her grandchildren. In a profile of J.K. Rowling, The Daily Telegraph (UK), said, “Her favorite drink is gin and tonic, her least favorite food, trip. Her heroine is Jessica Mitford.”

Sour Milk & Other Saskatchewan Crime Stories Barb Pacholik 2007 Compiled by Regina Leader-Post crime and court reporters Barb Pacholik and Jana Pruden, this volume contains accounts of 40 unique crime stories that have taken place in Saskatchewan over the course of the past century. Some of the stories have all but faded from memory, while others are still vivid in our minds. But, from the macabre to the murderous, from the bloody to the bizarre, from the sordid to the sensational, all are guaranteed to make fascinating reading.

Mosey Ralph Helfer 2002 Tells the true story of a boy's devotion to a beloved circus elephant and the ordeals they endured to stay together.

The Crown of Columbus Louise Erdrich 1999-03-03 In their only fully collaborative literary work, Michael Dorris and Louise Erdrich have written a gripping novel of history, suspense, recovery, and new beginnings. The Crown of Columbus chronicles the adventures of a pair of mismatched lovers--Vivian Twostar, a divorced, pregnant anthropologist, and Roger Williams, a consummate academic, epic poet, and bewildered father of Vivian's baby--on their quest for the truth about Christopher Columbus and themselves. When Vivian uncovers what is presumed to be the most diary of Christopher Columbus, she and Roger are drawn into a journey from icy New Hampshire to the idyllic Caribbean in search of "the greatest treasure of Europe." Lured by the wild promise of redeeming the past, they are plunged into a harrowing race against time and death that threatens--and finally changes--their lives. A rollicking tale of adventure, The Crown of Columbus is also contemporary love story and a tender examination of parenthood and passion.

Listen to the Silence Marcia Muller 2001 After Sharon McCone's father dies of a sudden heart attack, she immediately heads to San Diego to scatter his ashes and clear out his house. In a box of legal papers, she finds a 1959 petition for adoption of a child called Baby Girl Smith - an infant who, from the day of adoption, has been known as Sharon Elizabeth McCone.No one in Sharon's family will discuss the adoption, so she begins her own search for the truth. Her quest takes her deep into Indian country, to the Flathead Reservation in Montana. When her birth mother is critically injured in a hit-and-run accident, Sharon begins to understand that her search has caused a resurgence of old hatreds and fueled present-day violence.

Dewey Vicki Myron 2008-09-24 Experience the uplifting, "unforgettable" New York Times bestseller about an abandoned kitten named Dewey, whose life in a library won over a farming town and the world -- with over 2 million copies sold! (Booklist) Dewey's story starts in the worst possible way. On the coldest night of the year in Spencer, Iowa, at only a few weeks old--a critical age for kittens--he was stuffed into the return book slot of the Spencer Public Library. He was found the next morning by library director Vicki Myron, a single mother who had survived the loss of her family farm, a breast cancer scare, and an alcoholic husband. Dewey won her heart, and the hearts of the staff, by pulling himself up and hobbling on frostbitten feet to nudge each of them in a gesture of thanks and love. For the next nineteen years, he never stopped charming the people of Spencer with his enthusiasm, warmth, humility (for a cat), and, above all, his sixth sense about who needed him most. As his fame grew from town to town, then state to state and finally, amazingly, worldwide, Dewey became more than just a friend; he became a source of pride for an extraordinary Heartland farming community slowly working its way back from the greatest crisis in its long history.

An African Love Story Daphne Sheldrick 2013-03-26 Daphne Sheldrick's best-selling love story of romance, life and elephants, An African Love Story: Love, Life and Elephants is an incredible story from Africa's greatest living conservationist. A typical day for Daphne involves rescuing baby elephants from poachers; finding homes

for orphan elephants, all the while campaigning the ever-present threat of poaching for the ivory trade. An African Love Story is the incredible memoir of her life. It tells two stories - one is the extraordinary love story which blossomed when Daphne fell head over heels with Tsavo Game Park and its famous warden, David Sheldrick. The second is the love story of how Daphne and David, who devoted their lives to saving elephant orphans, at first losing every infant under the age of two until Daphne at last managed to devise the first-ever milk formula which would keep them alive. 'Compulsively readable', Mail on Sunday 'An enchanting memoir', Telegraph Daphne Sheldrick has spent her entire life in Kenya. For over 25 years, she and her husband, David, the famous founder of the the giant Tsavo National Park, raised and rehabilitated back into the wild orphans of misfortune from many different wild species. These included elephants, rhinos, buffaloes, zebra, eland, kudu, impala, warthogs and many other smaller animals. In 2006 she was made Dame Commander of the British Empire by the Queen.

Saving the White Lions Linda Tucker 2013-05-07 In this captivating, suspenseful memoir, white lion conservationist Linda Tucker describes her perilous struggle to protect the sacred white lion from the merciless and mafia-like trophy-hunting industry, armed only with her indomitable spirit and total devotion. Her story begins in 1991 with a heart-stopping misadventure in the Timbavati Reserve of South Africa. Tucker—then a successful advertising executive—and a group of fellow travelers found themselves surrounded by a pride of angry lions. There was no way out, night had fallen, and the battery in their only flashlight was beginning to flicker. Miraculously, a local medicine woman, with two youngsters in tow, passed, trancelike and fearless, through the lions and escorted them all to safety. For Tucker, that life-threatening experience became a life-changing one. She abandoned her career, left Europe, and returned to Timbavati to track down the medicine woman who had saved her: Maria Khosa. Upon seeing Tucker again, Khosa only smiled and said, “What took you so long?” She had been expecting her, and there was so much to do. Under Khosa’s shamanic tutelage, Tucker learned of her sacred destiny: to be the “keeper of the white lions,” believed to be angelic beings sent to Earth to save humanity at a time of crisis. Khosa also prophesized that the queen of the white lions—the embodiment of the mother of Ra, the sun god—would soon be born, on a day and in a place considered holy by Westerners. On December 25, 2000, in the little South Africa town of Bethlehem, a snowy white lion cub, Marah, was born. From the moment of her first meeting with Marah, Tucker’s story immediately takes off into battle, as she dedicates her every waking moment to prying Marah and her siblings from the grips of the trophy-hunting industry. Compellingly written in the intimate style of a journal, Tucker describes with unflinching honesty her fears, doubts, hopes, and dreams, all the while unfolding for us an unforgettable tale of adventure, romance, spirituality, and most of all, justice.

When Elephants Weep Jeffrey Moussaieff Masson 2009-10-21 This national bestseller exploring the complex emotional lives of animals was hailed as "a masterpiece" by Elizabeth Marshall Thomas and as "marvelous" by Jane Goodall. The popularity of When Elephants Weep has swept the nation, as author Jeffrey Masson appeared on Dateline NBC, Good Morning America, and was profiled in People for his ground-breaking and fascinating study. Not since Darwin's The Expression of Emotions in Man and Animals has a book so thoroughly and effectively explored the full range of emotions that exist throughout the animal kingdom. From dancing squirrels to bashful gorillas to spiteful killer whales, Masson and coauthor Susan McCarthy bring forth fascinating anecdotes and illuminating insights that offer powerful proof of the existence of animal emotion. Chapters on love, joy, anger, fear, shame, compassion, and loneliness are framed by a provocative re-evaluation of how we treat animals, from hunting and eating them to scientific experimentation. Forming a complete and compelling picture of the inner lives of animals, When Elephants Weep assures that we will never look at animals in the same way again.

Zamba Ralph Helfer 2009-10-13 When Ralph Helfer, now one of Hollywood’s top animal behaviorists, first began working, he was shocked by the cruelty that was accepted practice in the field. He firmly believed in "affection training" -- that love, not fear, should be the basis of any animal's development, even when dealing with the most dangerous of creatures. Then Zamba came into his life -- an adorable four-month-old lion cub that went on to prove Helfer's theories resoundingly correct. Over the next eighteen years, Zamba would thrive and grow, and go on to star in numerous motion pictures and television shows -- all the while developing a deep and powerful bond of love and affection with the man who raised him. By turns astonishing, hilarious, and poignant, Zamba is not only the unforgettable story of the relationship that Helfer would come to consider one of the most important in his life but also that of the amazing career and adventures of the greatest lion in the world.

The Cowboy and His Elephant Malcolm Macpherson 2007-04-01 In the late 1980s, a female baby elephant was born into a herd that lived on the plains of southern Africa. Her mother has carried her for two years, and normally she would have nursed her for five more. But the close-knit family of wild elephants was to face a predator for which it was no match--humans. In a "cull," her family was slaughtered in a few moments. Only the newborn female's life was spared. Terrified and bewildered the young elephant was transported to America to be sold. There she met the person who was to change her life forever. Bob Norris is a cowboy with an enormous empathy for animals that overwhelms his other emotions. He was raised with a pet bear and as a boy decided to become a real cowboy. He saw his dream come true in Colorado on one of the larger horse-and-cattle ranches in America. Handsome as a movie star, he became the Marlboro Man and appeared on TV and on billboards around the world. But with the passing of years, and with his own family grown up, he felt the need for something that he could not name. When she came into his life by happenstance, the hurt, vulnerable little elephant tapped the fullness of Bob's empathy, and an incredible bond between the most unlikely of

friends was forged. Bob adopted the baby orphan elephant--named Amy--and patiently set about helping her recover from the trauma of her ordeal. He had never seen a real African elephant up close, except in zoos. He was a horseman and breeder of champion quarter horses. But through close observation, gentle training, humor, and endless perseverance, Bob gradually coaxed Amy into overcoming her mistrust of humans, and indeed, her fear of the world. The little elephant became a "hand" on Bob's ranch, tending to simple chores, riding the fences, and shadowing Bob on his horse. She developed a winning personality, and a strong character, and became a beloved member of the Norris family and partner to the ranch hands. But Bob knew from the start that the ultimate goal was for Amy to regain her confidence and her independence - even, if it were possible, to go back to the savannahs of Africa. This is the true story of how Amy and Bob came together. No one who reads The Cowboy and His Elephant can fail to be moved by such a simple tale of unlikely love.

Dee Brown 2012-10-23 The “fascinating” #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (The Wall Street Journal). First published in 1970, Bury My Heart at Wounded Knee generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by American Indians between 1860 and 1890. He tells of the many tribes and their renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, Bury My Heart at Wounded Knee inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author’s personal collection.

Elephants Hannah Mumby 2020-05-12 What Jane Goodall did for chimpanzees, international ecologist and conservation scientist Hannah Mumby now does for elephants in this compelling, eye-opening account that brings into focus this species remarkably similar to humans—and makes a persuasive argument for saving them. From early childhood, Dr. Hannah Mumby has loved wildlife, especially elephants. Her first wild elephant sighting at twenty-four changed the course of her life. Since then, she has devoted herself to studying these incredible animals and educating humanity about them. Hannah's field work has taken her around the world, where she has studied many elephant groups, including both orphaned elephants and the solitary elephant males. These remarkable animals have so much to teach us, Mumby argues, and Elephants takes readers into their world as never before, revealing a society as complex as the chimpanzees, maybe even humans. Mumby's exploration of elephant culture provides an empathetic, humanistic portrait of these majestic animals, illuminating their personalities, memories, and rich emotional lives. Mumby explains how elephants communicate with one another and demonstrates the connection between memory and trauma—how it affects individual elephants and their interactions with others in their herd. Elephants and humans, Mumby makes clear, are not very different. From emotional bonding to communication, human and elephant experience similarly nuanced lives, and the commonalities she uncovers are both surprising and heartwarming. Featuring a 16-page color insert of original photography, Elephants is a captivating, deeply moving exploration that offers a new way to look at these pachyderms and ourselves and a persuasive, passionate argument for rethinking our approach to animals and their conservation.

The Earth Is Weeping Peter Cozzens 2016-10-25 Bringing together Custer, Sherman, Grant, and other fascinating military and political figures, as well as great native leaders such as Crazy Horse, Sitting Bull, and Geronimo, this “sweeping work of narrative history” (San Francisco Chronicle) is the fullest account to date of how the West was won—and lost. After the Civil War the Indian Wars would last more than three decades, permanently altering the physical and political landscape of America. Peter Cozzens gives us both sides in comprehensive and singularly intimate detail. He illuminates the intertribal strife over whether to fight or make peace; explores the dreary, squalid lives of frontier soldiers and the imperatives of the Indian warrior culture; and describes the ethical quandaries faced by generals who often sympathized with their native enemies. In dramatically relating bloody and tragic events as varied as Wounded Knee, the Nez Perce War, the Sierra Madre campaign, and the Battle of the Little Bighorn, we encounter a pageant of fascinating characters, including Custer, Sherman, Grant, and a host of officers, soldiers, and Indian agents, as well as great native leaders such as Crazy Horse, Sitting Bull, Geronimo, and Red Cloud and the warriors they led. The Earth Is Weeping is a sweeping, definitive history of the battles and negotiations that destroyed the Indian way of life even as they paved the way for the emergence of the United States we know today.

The Architect's Apprentice Elif Shafak 2015 In 1540 Istanbul, 12-year-old Jahan, an animal tamer in the sultan's menagerie who cares for an exceptionally smart elephant named Chota, is taken under the wing of the empire's chief architect and bears witness to the creation of some of the most magnificent buildings in history. By the author of The Bastard of Istanbul.

Jaws Peter Benchley 2017-09-07 A special edition of Jaws by Peter Benchley reissued with a bright retro design to celebrate Pan's 70th anniversary. It was just another day in the life of a small Atlantic resort until the terror from the deep came to prey on unwary holiday makers. The first sign of trouble - a warning of what was to come - took the form of a young woman's body, or what was left of it, washed up on the long, white stretch of beach . . . A summer of terror had begun. Peter Benchley's Jaws first appeared in 1974. It has sold over twenty million copies around the world, creating a legend that refuses to die - it's never safe to go back in the water . . .
