Creepy Archives Various 2013-07-02 Showcasing art from a pantheon of comic industry greats—including Alex Toth, Wally Wood, Neal Adams, Bernie Wrightson, and Richard Corben—our latest volume collects issues #73 to #77 and features an interview between comics historian S. C. Ringgenberg and John Severin, all of the magazines' original letters columns, and lush painted covers by Ken Kelly and Sanjulian!

Cozy Case Files, A Cozy Mystery Sampler, Volume 13 Donna Andrews 2021-08-10 Looking for a new cozy series? In the new edition of Cozy Case Files, Minotaur Books compiles the beginnings of seven charming cozy mysteries publishing in Fall 2021 for free for easy sampling. The thirteenth edition of Cozy Case Files features the latest cozies by the following authors: Ellie Alexander, Donna Andrews, M. C. Beaton with R. W. Green, Jane K.

Cleland, Jess Dylan, Elizabeth Penney, and Diane Kelly. Dip into two series debuts! In Chapter and Curse, follow Molly Kimball as she heads to Cambridge, England to help run the family bookshop. In Getaway with Murder, Misty Murphy celebrates her fiftieth birthday by ending her marriage, emptying both her nest and her bank account, and purchasing a dilapidated mountain lodge at the top of the Blue Ridge Mountains. Spring has arrived in Leavenworth, Washington in The Cure for What Ales You, and despite the festive spirit Slone Krause is brewing over her past. And speaking of things in bloom, Petals and Poison returns readers to a flower shop with a knack for attracting trouble as well as customers. Beloved heroine Agatha Raisin is back in Down the Hatch, where a newfound hobby, power-walking, leads Agatha to a dead body and right into her newest case. In Jane Austen's Lost Letters, Josie Prescott comes across two

undiscovered letters, under mysterious circumstances, written by the beloved novelist. Finish by getting in the holiday spirit in *The Twelve Jays of Christmas*, where a snowstorm brings to light not only a murder, but an elopement within the Langslow family.

Silas Marner Illustrated George Eliot 2021-02-09 *Silas Marner* is the third novel by George Eliot, published in 1861. An outwardly simple tale of a linen weaver, it is notable for its strong realism and its sophisticated treatment of a variety of issues ranging from religion to industrialisation to community.

Computer Projects, Grades 2-4 Steve Butz 2010-04 Twenty teacher-tested lessons are presented with step-by-step instructions for presentation in 45-minute computer lab sessions. The lessons cover word processing, spreadsheets, and presentations. Although the lessons cover specific subject matter, teachers can modify them easily to fit their own curriculum needs.

Eerie Archives Various 2013-10-22 The latest *Eerie Archives* volume reprints issues #65-#69 of Warren Publishing's frightful anthology of horror, fantasy, and science fiction and includes work by Alex Toth, Bernie Wrightson, Paul Neary, and others. Vivid covers by Ken Kelly and Sanjulian are reproduced, and a new introduction by John Cochran caps off this fine collection! * Legendary creators influential, experimental horror! "There's an astonishing assortment of style and craftsmanship contained in each and every volume." -Mania.com

Gnomes of Golarion Paizo Publishing 2010-06-08 Countless centuries ago the gnomes emerged into the world of the *Pathfinder Chronicles* from the First World, a mysterious other-realm of half-finished possibilities and relentless natural dangers. Scions of the immortal fey, the gnomes left their strange homeland behind and rooted themselves to the world of mortals -- even if those roots have never been particularly strong. *Gnomes of Golarion* offers *Pathfinder* players more information than ever before about what many gamers consider the most unique and interesting of the standard player character races. From details on gnomish culture, equipment, and names to rules for the bizarre process known as the Bleaching, when a gnome's color begins to fade as he loses connection to the ephemeral world that spawned his kind, *Gnomes of Golarion* has everything you want to know about gnomes and how to play them effectively.

Angels and Other Strangers Katherine Paterson 2006-09-26 A collection of nine Christmas stories.

The House in the Cerulean Sea TJ Klune 2020-03-17 A NEW YORK TIMES, USA TODAY, and WASHINGTON POST BESTSELLER! A 2021 Alex Award winner! The 2021 RUSA Reading List: Fantasy Winner! An Indie Next Pick! One of Publishers Weekly's "Most Anticipated Books of Spring 2020" One of Book Riot's "20 Must-Read Feel-Good Fantasies" Lambda Literary Award-winning author TJ Klune's bestselling, breakout contemporary fantasy that's "1984 meets *The Umbrella Academy* with a pinch of Douglas Adams thrown in." (Gail Carriger) Linus Baker is a by-the-book case worker in the Department in Charge of Magical Youth. He's tasked with determining whether six dangerous magical children are likely to bring about the end of the world. Arthur Parnassus is the master of the orphanage. He would do anything to keep the children safe, even if it means the world will burn. And his secrets will come to light. *The House in the Cerulean Sea* is an enchanting love story, masterfully told, about the profound experience of discovering an unlikely family in an unexpected place--and realizing that family is yours. "1984 meets *The Umbrella Academy* with a pinch of Douglas Adams thrown in." -Gail Carriger, New York Times bestselling author of *Soulless* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Kinship Angie Wilson 2019-03-23 *Kinship* is a fusion of traditional and contemporary quilt blocks designed for the beginner, but aimed at the confident quilt who's looking for a new challenge with scale and design. Blocks consist of 50 8" x 8" and 50 4" x 8" designs. Pattern includes instructions for cutting and piecing with a rotary cutter or with the range of From Marti Mitchell Perfect Patchwork Templates and Rulers.

The Hasheesh Eater Fitz Hugh Ludlow 2006 Fitz-Hugh Ludlow was a recent graduate of Union College in Schenectady, New York, when he vividly recorded his hasheesh-induced visions, experiences, adventures, and insights. During the mid-nineteenth century, the drug was a legal remedy for lockjaw and Ludlow had a friend

at school from whom he received a ready supply. He consumed such large quantities at each sitting that his hallucinations have been likened to those experienced by opium addicts. Throughout the book, Ludlow colorfully describes his psychedelic journey that led to extended reflections on religion, philosophy, medicine, and culture. First published in 1857, *The Hasheesh Eater* was the first full-length American example of drug literature. Yet despite the scandal that surrounded it, the book quickly became a huge success. Since then, it has become a cult classic, first among Beat writers in the 1950s and 1960s, and later with San Francisco Bay area hippies in the 1970s. In this first scholarly edition, editor Stephen Rachman positions Ludlow's enduring work as not just a chronicle of drug use but also as a window into the budding American bohemian literary scene. A lucid introduction explores the breadth of Ludlow's classical learning as well as his involvement with the nineteenth-century subculture that included fellow revelers such as Walt Whitman and the pianist Louis Gottshalk. With helpful annotations guiding readers through the text's richly allusive qualities and abundance of references, this edition is ideal for classroom use as well as for general readers.

Linux Bible Christopher Negus 2012-09-07 More than 50 percent new and revised content for today's Linux environment gets you up and running in no time! Linux continues to be an excellent, low-cost alternative to expensive operating systems. Whether you're new to Linux or need a reliable update and reference, this is an excellent resource. Veteran bestselling author Christopher Negus provides a complete tutorial packed with major updates, revisions, and hands-on exercises so that you can confidently start using Linux today. Offers a complete restructure, complete with exercises, to make the book a better learning tool Places a strong focus on the Linux command line tools and can be used with all distributions and versions of Linux Features in-depth coverage of the tools that a power user and a Linux administrator need to get started This practical learning tool is ideal for anyone eager to set up a new Linux desktop system at home or curious to learn how to manage Linux server systems at work.

The Publishers Weekly 1987

Orwell's Luck Richard W. Jennings 2006-04-12 While caring for an injured rabbit which becomes her confidant, horoscope writer, and a source of good luck, a thoughtful seventh grade girl learns to see things in more than one way.

Paper Movies Max Morteman 2001-06-19 *Paper Movies* is a book containing two novellas and two long short stories. The title is derived from the fact that the tales contained herein are graphic and of a visual nature. This will hopefully put the reader into a state of mind that makes him/her smell buttered popcorn and want to pull a sweaty cardboard cup of a favorite beverage from the circular drink holder on the arm of a theater chair that isn't there. *The Fishermen* is the longest of these four *Paper Movies* and well worth the price of admission. In this story, eleven-year old Zack Bonding goes on a fishing trip with his father. What happens to them will take you places you may wish you had never gone. Max Morteman, in *The Fishermen*, will make you wonder if you have as firm a grip on reality as you previously thought. *Upon A Star* is based upon a premise that resides within us all. What if you could really have absolutely anything your greedy little heart desires? What if you could have every wish you make come true in an instant? (And, we're talking twenty-four hours a day, folks.) And, you're only sixteen years old? Come on! Adolescence is hard enough without that. The repercussions can be devastating. *Tick Woman* shows us that the most innocent actions and altruistic intentions can have outcomes beyond imagining. (Max Morteman is not a nice guy, I fear.) All Marjorie Hormel wants to do is pick enough blueberries to make a birthday cake for her twins' tenth birthday, and two pies and a cake for a church social cum birthday party for the area's oldest resident. (Good God, Max Morteman, how could you do this?) Finally, if you are brave enough to continue this trip to the *Paper Movies*, the book closes with *Walking Small*. *Walking Small* is the story of a small town principal of a rural school in the north-central region of Pennsylvania in 1967. The summer of that year, 1967, is now commonly referred to by historians as "The Summer Of Love". Suffice it to say that the principal of Ogosh Elementary School, Rollo Jervis, is not a very loving

guy. He is a fanatical believer in the biblical adage, "Spare the rod and spoil the child." So, pop some corn (or can tabs), take the phone off the hook, and sit back and open the book. (Added bonus—you don't need to worry about the batteries in the remote.) Max Morteman truly hopes you'll enjoy your trip to the Paper Movies. (You just better hope he isn't there sitting beside you.)
London Theatre Record 1985

Facts on File 1966

Ella Queen of Jazz Helen Hancocks 2018-09-26 Ella Fitzgerald sang the blues and she sang them good. Ella and her fellas were on the way up! It seemed like nothing could stop her, until the biggest club in town refused to let her play... and all because of her colour. But when all hope seemed lost, little did Ella imagine that a Hollywood star would step in to help. This is the incredible true story of how a remarkable friendship between Ella Fitzgerald and Marilyn Monroe was born - and how they worked together to overcome prejudice and adversity. An inspiring story, strikingly illustrated, about the unlikely friendship between two celebrated female icons of America's golden age.
Linux Journal 1999-07

Last Olympian, The (Percy Jackson and the Olympians, Book 5) Rick Riordan 2009-05-02 All year the half-bloods have been preparing for battle against the Titans, knowing the odds of victory are grim. Kronos's army is stronger than ever, and with every god and half-blood he recruits, the evil Titan's power only grows. While the Olympians struggle to contain the rampaging monster Typhon, Kronos begins his advance on New York City, where Mount Olympus stands virtually unguarded. Now it's up to Percy Jackson and an army of young demigods to stop the Lord of Time.

Sweet Silver Blues Glen Cook 1990-05-01 It should have been a simple job. But for Garrett, a human detective in a world of gnomes, tracking down the woman to whom his dead pal Danny left a fortune in silver is no slight task. Even with the aid of Morley, the toughest half-elf around, Garrett isn't sure he'll make it out alive from a land where magic can be murder, the dead still talk, and vampires are always hungry for human blood.

What the Moon Said Gayle Rosengren 2014-02-20 Fans of the Little House books will fall in love with Esther. Thanks to her superstitious mother, Esther knows some tricks for avoiding bad luck: toss salt over your left shoulder, never button your shirt crooked, and avoid black cats. But even luck can't keep her family safe from the Great Depression. When Pa loses his job, Esther's family leaves their comfy Chicago life behind for a farm in Wisconsin. Living on a farm comes with lots of hard work, but that means there are plenty of opportunities for Esther to show her mother how helpful she can be. She loves all of the farm animals (except the mean geese) and even better makes a fast friend in lively Bethany. But then Ma sees a sign that Esther just knows is wrong. If believing a superstition makes you miserable, how can that be good luck? Debut author Gayle Rosengren brings the past to life in this extraordinary, hopeful story.

I Know Why the Caged Bird Sings Maya Angelou 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Jane Eyre Charlotte Bronte 2021-01-07 Primarily of the

bildungsroman genre, *Jane Eyre* follows the emotions and experiences of its title character, including her growth to adulthood, and her love for Mr. Rochester, the byronic master of fictitious Thornfield Hall. In its internalisation of the action—the focus is on the gradual unfolding of Jane's moral and spiritual sensibility, and all the events are coloured by a heightened intensity that was previously the domain of poetry—Jane Eyre revolutionised the art of fiction. Charlotte Brontë has been called the 'first historian of the private consciousness' and the literary ancestor of writers like Joyce and Proust. The novel contains elements of social criticism, with a strong sense of morality at its core, but is nonetheless a novel many consider ahead of its time given the individualistic character of Jane and the novel's exploration of classism, sexuality, religion, and proto-feminism.
The Seasons Dean Miller 2014-08-01 Learn about the folklore and beliefs associated with natural rites around the world in this richly illustrated text.
Facts on File Yearbook 1966

The Rolling Stones Album File and Complete Discography Alan Clayson 2006 The Rolling Stones are the longest surviving rock 'n' roll band in history, and probably the greatest. Formed in 1961 and originally inspired by the blues, rhythm and blues and rock 'n' roll, Mick Jagger and Keith Richards went on to become one of the greatest song-writing teams in the history of popular music and the band continues to fill stadiums worldwide. This comprehensive book lists every recording made by The Stones and gives full background details and complete musical credits. It also features album sleeves, CD and tape inserts. Packed with information relating to every song officially released on record, "The Rolling Stones: Album File and Complete Discography" includes the titles of both albums and individual tracks, release dates, composer credits, timings and comments on each track with details of who plays and sings what, together with odd bits and pieces of information to interest every fan.

Using R for Introductory Statistics John Verzani 2018-10-03 The second edition of a bestselling textbook, *Using R for Introductory Statistics* guides students through the basics of R, helping them overcome the sometimes steep learning curve. The author does this by breaking the material down into small, task-oriented steps. The second edition maintains the features that made the first edition so popular, while updating data, examples, and changes to R in line with the current version. See What's New in the Second Edition: Increased emphasis on more idiomatic R provides a grounding in the functionality of base R. Discussions of the use of RStudio helps new R users avoid as many pitfalls as possible. Use of knitr package makes code easier to read and therefore easier to reason about. Additional information on computer-intensive approaches motivates the traditional approach. Updated examples and data make the information current and topical. The book has an accompanying package, *UsingR*, available from CRAN, R's repository of user-contributed packages. The package contains the data sets mentioned in the text (`data(package="UsingR")`), answers to selected problems (`answers()`), a few demonstrations (`demo()`), the errata (`errata()`), and sample code from the text. The topics of this text line up closely with traditional teaching progression; however, the book also highlights computer-intensive approaches to motivate the more traditional approach. The authors emphasize realistic data and examples and rely on visualization techniques to gather insight. They introduce statistics and R seamlessly, giving students the tools they need to use R and the information they need to navigate the sometimes complex world of statistical computing.

Rainbow and You Edwin C. Krupp 2000-04-05 Explains how rainbows are formed by the colors in sunlight shining through raindrops.

Super Happy Magic Forest Matty Long 2016 "Originally published in the United Kingdom by Oxford University Press Children's Books in 2015"—Page facing title page.

The Encyclopedia of Fantastic Film R. G. Young 2000 Thirty-five years in the making, and destined to be the last word in fanta-film references! This incredible 1,017-page resource provides vital credits on over 9,000 films (1896-1999) of horror, fantasy, mystery, science fiction, heavy melodrama, and film noir. Comprehensive cast lists include: directors, writers, cinematographers, and composers. Also includes plot

synopses, critiques, re-title/translation information, running times, photographs, and several cross-referenced indexes (by artist, year, song, etc.). Paperback.

Applied Cryptography Bruce Schneier 2017-05-25 From the world's most renowned security technologist, Bruce Schneier, this 20th Anniversary Edition is the most definitive reference on cryptography ever published and is the seminal work on cryptography. Cryptographic techniques have applications far beyond the obvious uses of encoding and decoding information. For developers who need to know about capabilities, such as digital signatures, that depend on cryptographic techniques, there's no better overview than Applied Cryptography, the definitive book on the subject. Bruce Schneier covers general classes of cryptographic protocols and then specific techniques, detailing the inner workings of real-world cryptographic algorithms including the Data Encryption Standard and RSA public-key cryptosystems. The book includes source-code listings and extensive advice on the practical aspects of cryptography implementation, such as the importance of generating truly random numbers and of keeping keys secure. ". . .the best introduction to cryptography I've ever seen. . . .The book the National Security Agency wanted never to be published. . . ." -Wired Magazine ". . .monumental . . . fascinating . . . comprehensive . . . the definitive work on cryptography for computer programmers . . ." -Dr. Dobb's Journal ". . .easily ranks as one of the most authoritative in its field." -PC Magazine The book details how programmers and electronic communications professionals can use cryptography-the technique of enciphering and deciphering messages-to maintain the privacy of computer data. It describes dozens of cryptography algorithms, gives practical advice on how to implement them into cryptographic software, and shows how they can be used to solve security problems. The book shows programmers who design computer applications, networks, and storage systems how they can build security into their software and systems. With a new Introduction by the author, this premium edition will be a keepsake for all those committed to computer and cyber security.

Black Metal Rainbows Daniel Lukes 2022-10-25 Black metal is a paradox. A noisy underground metal genre brimming with violence and virulence, it has captured the world's imagination for its harsh yet flamboyant style and infamous history involving arson, blasphemy, and murder. Today black metal is nothing less than a cultural battleground between those who claim it for nationalist and racist ends, and those who say: Nazi black metal fvck off! Black Metal Rainbows is a radical collection of writers, artists, activists, and visionaries, including Drew Daniel, Kim Kelly, Laina Dawes, Espi Kvlt, Hunter Hunt-Hendrix, Svein Egil Hatlevik, Eugene S. Robinson, Margaret Killjoy, and many more. Across essays and theory-fictions, artworks and comics, we say out loud: Long live black metal's trve rainbow! This unique volume envisions black metal as always already open, inclusive, and unlimited: a musical genre whose vital spirit of total antagonism rebels against the forces of political conservatism. Beyond its clichés of grimness, nihilism, reaction, and signature black/white corpse-paint sneer, black metal today is a vibrant and revolutionary paradigm. This book reveals its ludic, carnival worlds animated by spirits of joy and celebration, community and care, queerness and camp, LGBTQI+ identities and antifascist, antiracist, and left-wing politics, not to mention endless aesthetic experimentation and fabulousness. From the crypt to the cloud, Black Metal Rainbows unearths black metal's sparkling core and illuminates its prismatic spectrum: deep within the black, far beyond grimness, and over a darkly glittering rainbow!

Street Game Christine Feehan 2009-12-29 #1 New York Times bestselling author Christine Feehan goes beyond the boundaries of paranormal romance as two lovers take to the streets to play the most dangerous game of all. For Mack McKinley and his team of GhostWalker killing machines, urban warfare is an art. But despite a hard-won knowledge of the San Francisco streets, Mack knows from experience that too many things can still go wrong. Danger is just another part of the game-and now he's come face-to-face with a woman who can play just as tough. Jaimie is a woman with a sapphire stare so potent it can destroy a man. Years ago she and Mack had a history-volatile, erotic, and electric. Then she vanished. Now she's walked back into Mack's life as a

spy with too many secrets for her own good. Against all odds, she's hooking up with Mack one more time to take on an enemy that could destroy them both, or bring them back together in one hot, no-holds-barred adrenaline rush.

The Enchanted Egg Kallie George 2015-11-03 Book 2 in the marvelous illustrated chapter book series, The Magical Animal Adoption Agency. There's a new resident at the Magical Animal Adoption Agency-but this one hasn't hatched yet! Mr. Jams brought home an enchanted egg from his last journey, and Clover can't wait to find out what kind of creature the polka-dotted shell contains. But one morning when Clover checks on the cozy nest of feathers she's made for the egg, she finds it empty, and the baby animal is nowhere in sight! Clover is anxious to find the creature, but the Agency is full of visitors looking for pets of their own. Will Clover be able to match them with their perfect companions and save the mysterious animal before Mr. Jams returns from his trip? With charming illustrations by Alexandra Boiger, the second book in Kallie George's The Magical Animal Adoption Agency series celebrates the magic of new friends and the power of seeing with your heart. Praise for Clover's Luck "[This] gentle tale of magic and self-reliance will entertain confident new independent readers. Clover's sweet story is a good next step for lovers of the Magic Tree House." -- Kirkus Reviews "The first novel in George's new series is a charming story, delicately written, with a winning heroine. Clover's first adventure with the magical animals at the agency comes to a conclusion that will satisfy young readers." -- Booklist Online

AB Bookman's Weekly 1996

Mirrors Eduardo Galeano 2009-05-26 Throughout his career, Eduardo Galeano has turned our understanding of history and reality on its head. Isabelle Allende said his works "invade the reader's mind, to persuade him or her to surrender to the charm of his writing and power of his idealism." Mirrors, Galeano's most ambitious project since Memory of Fire, is an unofficial history of the world seen through history's unseen, unheard, and forgotten. As Galeano notes: "Official history has it that Vasco Núde Balboa was the first man to see, from a summit in Panama, the two oceans at once. Were the people who lived there blind??" Recalling the lives of artists, writers, gods, and visionaries, from the Garden of Eden to twenty-first-century New York, of the black slaves who built the White House and the women erased by men's fears, and told in hundreds of kaleidoscopic vignettes, Mirrors is a magic mosaic of our humanity.

Mastering Red Hat Linux 9 Michael Jang 2003-06-06 Your Complete Guide to the World's Leading Linux Distribution Whether you depend on Linux as a server or desktop OS, Mastering Red Hat Linux 9 gives you the practical information you need to install, configure, and administer the latest version of Red Hat's operating system to suit your specific computing needs. Coverage includes: Installing Linux from multiple sources Automating Linux installation over a network Navigating the command line interface Administering users and groups Managing RPM packages Troubleshooting the boot process Recompiling a kernel Configuring the XWindow Working with GNOME and KDE Using Red Hat GUI administrative tools Understanding basic TCP/IP networking Securing Linux firewalls Setting up secure remote access Installing and testing DNS, DHCP, CUPS, and sendmail Configuring and troubleshooting FTP, NFS, Samba, and Apache Online Bonus Chapters: Linux Certification requirements (not yet available) Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Paranoia Victor Martinovich 2013-03-31 Immediately banned after it was published, Paranoia is a novel about how dictatorships survive by burrowing into the minds of those they rule, sowing distrust and blurring the boundaries between the state's and the individual's autonomy. Although Minsk and Belarus are never mentioned, they are clearly the author's inspiration for the novel's setting. The plot focuses on a doomed romance between a young man whose former lover has disappeared and a young woman whose other lover is the minister of state security. The novel evokes classic dissident literature while artfully depicting the post-Soviet, globalized world.

CHU CHU & SHAMONE'S Black & White RAINBOW Clive Alando Taylor 2015-06-19 The idea behind Chu Chu & Shamone's is to basically outline the concept of two young School Children and their exploration of exciting adventures, at the stories take place and begins at the end of each day after School, as of when Chu Chu & Shamone are given assignments to do, and where their magical worlds and fun begins, whereby the two main characters meet with someone who assist them in their journey through these imaginative places of exploration. At some point Chu Chu & Shamone forget themselves and are almost lost in these other worlds, and so realise that maybe they have wondered too far and soon begin to feel that they have to somehow get back home to their own reality and have to find a way of how this can be achieved, once Chu Chu & Shamone have explored every possibility they eventually find the answer that will lead to them both getting back home. The format behind Chu Chu & Shamone's adventures is to present four stories that should encourage and contain the events of the story as it unfolds, as well as engaging a young audience with a

basic lesson of discovery within a adult and child learning context and structure, as this can be achieved by simple reading the story to stimulate and satisfy a Childs curiosity and imagination by using the interesting backdrops of the narrative which motivate the story, allowing the adult and child to engage or as the story and the plot unfolds, the characters of both Chu Chu & Shamone are derived from two separate ethnic cultures and so their background and relationship is to be one of special interest and should also be both informative and educational. Chu Chu are characterised, animated, or drawn and as a young modern day Chinese Boy and Shamone should is characterised, or animated and drawn as a young modern African girl, as it is also the idea that they are both still at a Primary School level of education, and so this should place both characters at around the School age of Ten Years or younger, although other characters are written and structured in the series, this should more or less be done with the idea that they empower or put emphasis on the two main characters, which are 'Chu Chu & Shamone'.
