**Chuck Shepherd** 1993 A rogues' gallery featuring America's most hapless criminals. Crime definitely doesn't seem to pay for such lunheaded lawbreakers as: the burglar caught red-handed by a returning homeowner because he had become entranced playing with the owner's video game in midcrime; the suspect in a series of vending-machine robberies who posted his \$400 bail using a sackful of quarters; the two criminals chased on foot by police from the scene of a burglary who hopped a fence to lose their pursuers. It was the outer perimeter of San Quentin Prison; the man who reported to security guards at a resort that someone had stolen \$1000 worth of cocaine from his room. - Back cover.

**Crime And Punishment** Fyodor Dostoevsky 2021-01-18 A few words about Dostoevsky himself may help the English reader to understand his work. Dostoevsky was the son of a doctor. His parents were very hard-working and deeply religious people, but so poor that they lived with their five children in only two rooms. The father and mother spent their evenings in reading aloud to their children, generally from books of a serious character. Though always sickly and delicate Dostoevsky came out third in the final examination of the Petersburg school of engineering. There he had already begun his first work, "Poor Folk." This story was published by the poet Nekrassov in his review and was received with acclamations. The shy, unknown youth found himself instantly something of a celebrity. A brilliant and successful career seemed to open before him, but those hopes were soon dashed. In 1849 he was arrested.

**The World's Dumbest Criminals** Jack Kirchoff 2019-11-19 Two men in England photographed each other stealing thousands of dollars from gambling machines. An armed man successfully robbed a pharmacy and was captured after he boasted about it on social media. A burglar spent some time cleaning the house he was robbing, and even restocked some groceries, before he was discovered fast asleep in the homeowner's bed. ("He did burn an old saucepan, but that happens!" reported the homeowner.) Two drunken louts stole a penguin from an aquarium and tried to release him into a canal when they were sober (he was returned to the polar enclosure, unharmed). Another man attempted to hold up a bank using a cucumber as a weapon. Two fellows tried to rob a bar where the town's police department was holding a retirement party for one of its members. For every Moriarty, there are a thousand stupid criminals who get caught in the act, or who boast about their success on social media, or whose acts are so outrageous that the police have little difficulty tracking them down. Throughout history, these criminals have been easily captured, and have sometimes even died during an ill-fated escape. New criminals are apprehended every day thanks to their own genius, their exploits captured on YouTube and Instagram. Veteran reporter Jack Kirchoff has recorded more than one hundred of the most ridiculous, absurd and bizarre crimes that have landed on the police blotter in recent years. Hilarious and outrageous, this book will make you shake your head and perhaps second-guess your own plans to commit petty larceny.

**Extinction** Thomas Bernhard 2013-08-21 From the late Thomas Bernhard, arguably Austria's most influential novelist of the postwar period, and one of the greatest artists in all twentieth-century literature in the German language, his magnum opus. Extinction, Bernhard's last work of fiction, takes the form of the autobiographical testimony of Franz-Josef Murau, the intellectual black sheep of a powerful Austrian land-owning family. Murau lives in Rome in self-imposed exile from his family, surrounded by a coterie of artistic and intellectual friends. On returning from his sister's wedding to the "wine-cork manufacturer" on the family estate of Wolfsegg, having resolved never to go home again, Murau receives a telegram informing him of the death of his parents and brother in a car crash. Not only must he now go back, he must do so as the master of Wolfsegg. And he must decide its fate. Divided into two halves, Extinction explores Murau's rush of memories of Wolfsegg as he stands at his Roman window considering the fateful telegram, in counterpoint to his return to Wolfsegg and the preparations for the funeral itself. Written in the seamless style for which Bernhard became famous, Extinction is the ultimate proof of his extraordinary literary genius. It is his summing-up against Austria's treacherous past and -- in unprecedented fashion -- a revelation of his own incredibly complex personality, of his relationship with the world in which he lived, and the one he left behind. A literary event of the first magnitude.
