Veronica Mary Gaitskill 2013-03-13 A finalist for the National Book Award and National Book Critics Circle Award, here is an evocative novel about

female friendship in the glittering 1980s. Alison and Veronica meet amid the nocturnal glamour of 1980s New York: One is a young model stumbling away from the wreck of her career, the other an eccentric

middle-aged office temp. Over the next twenty years their friendship will encompass narcissism and tenderness, exploitation and self-sacrifice, love and mortality. Moving seamlessly from present and past, casting a fierce yet compassionate eye on two eras and their fixations, the result is a work of timeless depth and moral power.

Post Cinematic Affect Steven Shaviro 2010 Post-Cinematic Affect is about what it feels like to live in the affluent West in the early 21st century.

Specifically, it explores the structure of feeling that is emerging today in tandem with new digital technologies, together with economic globalization and the financialization of more and more human activities. The 20th century was the age of film and television; these dominant media shaped and reflected our cultural sensibilities. In the 21st century, new digital media help to shape and reflect new forms of sensibility. Movies (moving image and sound works) continue to be made, but they have adopted new formal strategies, they are viewed under massively changed conditions, and they address their spectators in different ways than was the case in the 20th century. The book traces these changes, focusing on four recent moving-image works: Nick Hooker's music video for Grace Jones' song Corporate Cannibal; Olivier Assayas' movie Boarding Gate, starring Asia Argento; Richard Kelly's movie Southland Tales, featuring Justin Timberlake, Dwayne Johnson, and other pop culture celebrities; and Mark Neveldine and Brian Taylor's Gamer.

The Stasi Poetry Circle Philip Oltermann 2022-02-15 The extraordinary true story of the Stasi's poetry club: Stasiland and The Lives of Others crossed with Dead Poets Society.'A magnificent book . . . at once touching, exquisite, devastating and extraordinary.'PHILIPPE SANDS, author of East West Street and The Ratline'A vivid, funny, and imperturbable portrait of Soviet Russia's most loyal satellite.'NELL ZINKBerlin, 1982. Morale is at rock bottom in East Germany as the spectre of an all-out nuclear war looms. The Ministry for State Security is hunting for creative new weapons in the war against the class enemy - and their solution is stranger than fiction. Rather than guns, tanks, or bombs, the Stasi develop a programme to fight capitalism through rhyme and verse, winning the culture war through poetry - and the result is the most bizarre book club in history.Consisting of a small group of spies, soldiers and border guards - some WW2 veterans, others schoolboy recruits - the 'Working Group of Writing Chekists' met monthly until the Wall fell. In a classroom adorned with portraits of Lenin, they wrote their own poetry and were taught verse, metre, and rhetoric by East German poet Uwe Berger. The regime hoped that poetry would sharpen the Stasi's 'party sword' by affirming the spies' belief in the words of Marx and Lenin, as well as strengthening the socialist faith of their comrades. But as the agents became steeped in poetry, revelling in its imaginative ambiguity, the result was the opposite. Rather than entrenching State ideology, they began to question it - and following a radical role reversal, the GDR's secret weapon dramatically backfired.Weaving unseen archival material

and exclusive interviews with surviving members, Philip Oltermann reveals the incredible hidden story of a unique experiment: weaponising poetry for politics. Both a gripping true story and a parable about creativity in a surveillance state, this is history writing at its finest.

Pride Ibi Zoboi 2018-09-18 In a timely update of Jane Austen's *Pride and Prejudice*, National Book Award finalist Ibi Zoboi skillfully balances cultural identity, class, and gentrification against the heady magic of first love in her vibrant reimagining of this beloved classic. A smart, funny, gorgeous retelling starring all characters of color. Zuri Benitez has pride. Brooklyn pride, family pride, and pride in her Afro-Latino roots. But pride might not be enough to save her rapidly gentrifying neighborhood from becoming unrecognizable. When the wealthy Darcy family moves in across the street, Zuri wants nothing to do with their two teenage sons, even as her older sister, Janae, starts to fall for the charming Ainsley. She especially can't stand the judgmental and arrogant Darius. Yet as Zuri and Darius are forced to find common ground, their initial dislike shifts into an unexpected understanding. But with four wild sisters pulling her in different directions, cute boy Warren vying for her attention, and college applications hovering on the horizon, Zuri fights to find her place in Bushwick's changing landscape, or lose it all. "Zoboi skillfully depicts the vicissitudes of teenage relationships, and Zuri's outsize pride and poetic sensibility make her a sympathetic teenager in a contemporary story about race, gentrification, and young love." Altman on Altman David Thompson 2011-04-07 In *Altman on Altman*, one of American cinema's most incorrigible mavericks reflects on a brilliant career. Robert Altman served a long apprenticeship in movie-making

before his great breakthrough, the Korean War comedy *M*A*S*H* (1969). It became a huge hit and won the Palme d'Or at Cannes, but also established Altman's inimitable use of sound and image, and his gift for handling a repertory company of actors. The 1970s then became Altman's decade, with a string of masterpieces: *McCabe and Mrs Miller*, *The Long Goodbye*, *Thieves Like Us*, *Nashville* . . . In the 1980s Altman struggled to fund his work, but he was restored to prominence in 1992 with *The Player*, an acerbic take on Hollywood. *Short Cuts*, an inspired adaptation of Raymond Carver, and the Oscar-winning *Gosford Park*, underscored his comeback. Now he recalls the highs and lows of his career trajectory to David Thompson in this definitive interview book, part of Faber's widely acclaimed *Directors on Directors* series. 'Hearing in his own words in *Altman on Altman* just how much of his films occur spontaneously, as a result of last-minute decisions on set, is fascinating . . . For film lovers, this is just about indispensable.' Ben Sloan, *Metro London*

The Book of Strange New Things Michel Faber 2014-10-28 A monumental, genre-defying novel that David Mitchell calls "Michel Faber's second masterpiece," *The Book of Strange New Things* is a masterwork from a writer in full command of his many talents. It begins with Peter, a devoted man of faith, as he is called to the mission of a lifetime, one that takes him galaxies away from his wife, Bea. Peter becomes immersed in the mysteries of an astonishing new environment, overseen by an enigmatic corporation known only as USIC. His work introduces him to a seemingly friendly native population struggling with a dangerous illness and hungry for Peter's teachings—his Bible is their "book of strange new things." But Peter is rattled when Bea's letters from home become increasingly desperate: typhoons and earthquakes are devastating whole countries, and governments are crumbling. Bea's faith, once the guiding light of their lives, begins to falter. Suddenly, a separation measured by an otherworldly distance, and defined both by one newly discovered world and another in a state of collapse, is threatened by an ever-widening gulf that is much less quantifiable. While Peter is reconciling the needs of his congregation with the desires of his strange employer, Bea is struggling for survival. Their trials lay bare a profound meditation on faith, love tested beyond endurance, and our responsibility to those closest to us. Marked by the same bravura storytelling and precise language that made *The Crimson Petal and the White* such an international success, *The Book of Strange New Things* is extraordinary, mesmerizing, and replete with emotional complexity and genuine pathos.

The Poisonwood Bible Barbara Kingsolver 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review *The Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

Thinking on Screen Thomas E. Wartenberg 2007-10-31 *Thinking on Screen: Film as Philosophy* is an accessible and thought-provoking examination of the way films raise and explore complex philosophical ideas. Written in a clear and engaging style, Thomas Wartenberg examines films' ability to discuss, and even criticize ideas that have intrigued and puzzled philosophers over the centuries such as the nature of personhood, the basis of morality, and epistemological skepticism. Beginning with a demonstration of how specific forms of philosophical discourse are presented cinematically, Wartenberg moves on to offer a systematic account of the ways in which specific films undertake the task of philosophy. Focusing on the films *The Man Who Shot Liberty Valance*, *Modern Times*, *The Matrix*, *Eternal Sunshine of the Spotless Mind*, *The Third Man*, *The Flicker*, and *Empire*, Wartenberg shows how these films express meaningful and pertinent philosophical ideas. This book is essential reading for students of philosophy with an interest in film,

aesthetics, and film theory. It will also be of interest to film enthusiasts intrigued by the philosophical implications of film.

The Comic Book Film Adaptation Liam Burke 2015-03-31 "There is no better, smarter examination of the relationship between comics and film." -- Mark Waid, Eisner Award-winning writer of *Kingdom Come* and *Daredevil*
In the summer of 2000 *X-Men* surpassed all box office expectations and ushered in an era of unprecedented production of comic book film adaptations. This trend, now in its second decade, has blossomed into Hollywood's leading genre. From superheroes to Spartan warriors, *The Comic Book Film Adaptation* offers the first dedicated study to examine how comic books moved from the fringes of popular culture to the center of mainstream film production. Through in-depth analysis, industry interviews, and audience research, this book charts the cause-and-effect of this influential trend. It considers the cultural traumas, business demands, and digital possibilities that Hollywood faced at the dawn of the twenty-first century. The industry managed to meet these challenges by exploiting comics and their existing audiences. However, studios were caught off-guard when these comic book fans, empowered by digital media, began to influence the success of these adaptations. Nonetheless, filmmakers soon developed strategies to take advantage of this intense fanbase, while codifying the trend into a more lucrative genre, the comic book movie, which appealed to an even wider audience. Central to this vibrant trend is a comic aesthetic in which filmmakers utilize digital filmmaking technologies to engage with the language and conventions of comics like never before. *The Comic Book Film Adaptation* explores this unique moment in which cinema is stimulated, challenged, and enriched by the once-dismissed medium of comics.

New British Cinema from 'Submarine' to '12 Years a Slave' Jason Wood 2015-08-18 Over the past year the success of British films at international film festivals - as well as the numerous awards bestowed on *12 Years a Slave* - have demonstrated that British cinema has undergone a genuine renaissance that has caused new voices to emerge. At the same time, directors whose work has enthralled over the past five years have also continued to develop and expand their visions. The boundaries of British film-making are being redefined. Beginning with a preface exploring some of the factors that have led to this fertile environment, *New British Cinema* features in-depth interviews with the film-making voices at the vanguard of this new wave. Figures such as Clio Barnard, Richard Ayoade, Steve McQueen, Jonathan Glazer, Carol Morley, Yann Demange, Peter Strickland and Ben Wheatley provide a valuable insight into their work and working methods.

Composing for the Cinema Ennio Morricone 2013-10-10 With nearly 400 scores to his credit, Ennio Morricone is one of the most prolific and influential film composers working today. In *Composing for the Cinema*, Morricone and musicologist Sergio Miceli present a series of lectures on the composition and analysis of film music. Adapted from several lectures

and seminars, these lessons show how sound design can be analyzed and offer a variety of musical solutions to many different kinds of film. Drawing upon scores by himself and others, the composer also provides insight into his relationships with many of the directors with whom he has collaborated, including Sergio Leone, Giuseppe Tornatore, Franco Zeffirelli, Warren Beatty, Ridley Scott, Roland Joffé, the Taviani Brothers, and others. Delivered in a conversational mode that is both comprehensible and interesting, this groundbreaking work intertwines analysis with practical details of film music composition.

Book of Rhymes Adam Bradley 2017-06-27 If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of poetry today. *Book of Rhymes* explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.

Poetry Goes Intermedia Martina Pfeiler 2010-07-21 Das Buch beschäftigt sich mit intermedialer U.S.-amerikanischer Lyrik des 20. und 21. Jahrhunderts aus kultur- und medienwissenschaftlicher Perspektive. Es stellt methodische und theoretische Konzepte vor, die für die Untersuchung intermedialer Lyrik von Bedeutung sind. Dazu zählen der Medienwechsel, die Medienkonvergenz, Intermedialität, der Visual Turn, Media Literacy sowie die kreative Remediatisierung nach Jay David Bolter und Richard Grusin. Es verdeutlicht, dass das gedruckte Buch im Zusammenhang mit Lyrik nur mehr als ein wichtiger Bestandteil einer zunehmend audiovisuellen US-amerikanischen Medienkultur des 21. Jahrhunderts zu verorten ist, und gibt damit weitere Impulse für die analytische Reflexion von Texten vor dem Hintergrund medientechnischer Veränderungen. Mit Ausblick auf die zunehmend digitale Textproduktion im 21. Jahrhundert stellt der methodische Ansatz dieses Buches wichtige Anknüpfungspunkte für zukünftige intermediale Textanalysen dar, die ganz im Sinne einer kulturwissenschaftlich orientierten Amerikanistik verstärkt die Überwindung medialer und kultureller Grenzen berücksichtigen müssen.

Lord of the Flies Robert Golding 2002-01-01 The classic study of human nature which depicts the degeneration of a group of schoolboys marooned on a desert island.

Human Dimension and Interior Space Julius Panero 2014-01-21 The study of human body measurements on a comparative basis is known as anthropometrics. Its applicability to the design process is seen in the physical fit, or interface, between the human body and the various components of interior space. *Human Dimension and Interior Space* is the first major anthropometrically based reference book of design standards for use by all those involved with the physical planning and detailing of interiors, including interior designers, architects, furniture designers, builders, industrial designers, and students of design. The use of

anthropometric data, although no substitute for good design or sound professional judgment should be viewed as one of the many tools required in the design process. This comprehensive overview of anthropometrics consists of three parts. The first part deals with the theory and application of anthropometrics and includes a special section dealing with physically disabled and elderly people. It provides the designer with the fundamentals of anthropometrics and a basic understanding of how interior design standards are established. The second part contains easy-to-read, illustrated anthropometric tables, which provide the most current data available on human body size, organized by age and percentile groupings. Also included is data relative to the range of joint motion and body sizes of children. The third part contains hundreds of dimensioned drawings, illustrating in plan and section the proper anthropometrically based relationship between user and space. The types of spaces range from residential and commercial to recreational and institutional, and all dimensions include metric conversions. In the Epilogue, the authors challenge the interior design profession, the building industry, and the furniture manufacturer to seriously explore the problem of adjustability in design. They expose the fallacy of designing to accommodate the so-called average man, who, in fact, does not exist. Using government data, including studies prepared by Dr. Howard Stoudt, Dr. Albert Damon, and Dr. Ross McFarland, formerly of the Harvard School of Public Health, and Jean Roberts of the U.S. Public Health Service, Panero and Zelnik have devised a system of interior design reference standards, easily understood through a series of charts and situation drawings. With *Human Dimension and Interior Space*, these standards are now accessible to all designers of interior environments.

The Center Cannot Hold Elyn R. Saks 2007-08-14 A much-praised memoir of living and surviving mental illness as well as "a stereotype-shattering look at a tenacious woman whose brain is her best friend and her worst enemy" (Time). Elyn R. Saks is an esteemed professor, lawyer, and psychiatrist and is the Orrin B. Evans Professor of Law, Psychology, Psychiatry, and the Behavioral Sciences at the University of Southern California Law School, yet she has suffered from schizophrenia for most of her life, and still has ongoing major episodes of the illness. *The Center Cannot Hold* is the eloquent, moving story of Elyn's life, from the first time that she heard voices speaking to her as a young teenager, to attempted suicides in college, through learning to live on her own as an adult in an often terrifying world. Saks discusses frankly the paranoia, the inability to tell imaginary fears from real ones, the voices in her head telling her to kill herself (and to harm others), as well as the incredibly difficult obstacles she overcame to become a highly respected professional. This beautifully written memoir is destined to become a classic in its genre.

Speculative Everything Anthony Dunne 2013-12-06 How to use design as a tool to create not only things but ideas, to speculate about possible futures. Today designers often focus on making technology easy to use, sexy, and consumable. In *Speculative Everything*, Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas. For them, design is a means of speculating about how things could be—to imagine possible futures. This is not the usual sort of predicting or forecasting, spotting trends and extrapolating; these kinds of predictions have been proven wrong, again and again. Instead, Dunne and Raby pose "what if" questions that are intended to open debate and discussion about the kind of future people want (and do not want).

Speculative Everything offers a tour through an emerging cultural landscape of design ideas, ideals, and approaches. Dunne and Raby cite examples from their own design and teaching and from other projects from fine art, design, architecture, cinema, and photography. They also draw on futurology, political theory, the philosophy of technology, and literary fiction. They show us, for example, ideas for a solar kitchen restaurant; a flypaper robotic clock; a menstruation machine; a cloud-seeding truck; a phantom-limb sensation recorder; and devices for food foraging that use the tools of synthetic biology. Dunne and Raby contend that if we speculate more—about everything—reality will become more malleable. The ideas freed by speculative design increase the odds of achieving desirable futures.

D (A Tale of Two Worlds) Michel Faber 2020-09-17 NEIL GAIMAN: 'Glorious. A story that will be found and enjoyed and dreamed about for years to come' A celebration of friendship, courage and imagination inspired by *Alice in Wonderland*, *The Chronicles of Narnia* and *The Wizard of Oz*. _____ It all starts on the morning the letter D disappears from the language. First, it vanishes from her parents' conversation at breakfast, then from the road signs outside. Soon the local dentist and the neighbour's Dalmatian are missing, and even the Donkey Derby has been called off. Though she doesn't know why, Dhikilo is summoned to the home of her old history teacher Professor Dodderfield and his faithful Labrador, Nelly Robinson. And this is where our story really begins. Set between England and the wintry land of Liminus, a world enslaved by the monstrous Gamp and populated by fearsome, enchanting creatures, *D (Tale of Two Worlds)* is a mesmerising tale of friendship and bravery in an uncertain world. Told with simple beauty and warmth, its celebration of moral courage and freethinking is a powerful reminder of our human capacity for strength, hope and justice. 'Dhikilo is a splendid heroine for our time: She stands for kindness, honesty and humanity' DIANE SETTERFIELD 'Young adult readers will love it, but Faber's brio and bubbly ingenuity will delight adult readers too.' Man and His Symbols Carl G. Jung 2012-02-01 The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas "What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society."—The Guardian "Our psyche is part of nature, and its enigma is limitless." Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the

symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

Four Quartets T. S. Eliot 2014-03-10 The last major verse written by Nobel laureate T. S. Eliot, considered by Eliot himself to be his finest work *Four Quartets* is a rich composition that expands the spiritual vision introduced in "The Waste Land." Here, in four linked poems ("Burnt Norton," "East Coker," "The Dry Salvages," and "Little Gidding"), spiritual, philosophical, and personal themes emerge through symbolic allusions and literary and religious references from both Eastern and Western thought. It is the culminating achievement by a man considered the greatest poet of the twentieth century and one of the seminal figures in the evolution of modernism.
