The Test of Grocery Shopping Skills Catana Brown 2009 Occupational therapy practitioners and other clinicians understand the importance of accurately evaluating a client's ability to accomplish necessary everyday tasks, especially those in the community setting. The Test of Grocery Shopping Skills is a new performance-based assessment that measures how accurately and efficiently clients can locate items in a grocery store. Developed primarily to assess individuals with serious mental illness, this assessment also is ideal for use with other populations in which cognitive impairments could interfere with community living skills, such as persons with brain injury, stroke, dementia, or developmental disabilities. The manual clearly discusses how to administer the test and to score and interpret results. Two different but statistically comparable pre- and post-test forms allow practitioners to measure changes in clients' abilities. This user-friendly assessment also includes instructions for the test administrator and test taker, score sheets, grocery lists, and a sample store map and answer sheet--all of which are available on the enclosed CD-ROM for easy use with clients and also in the classroom.

The Financial Crisis Inquiry Report, Authorized Edition Financial Crisis Inquiry Commission 2011-01-27 The definitive report on what caused America's economic meltdown and who was responsible? The financial and economic crisis has touched the lives of millions of Americans who have lost their jobs and their homes, but many have little understanding of how it happened. Now, in this very accessible report, readers can get the facts. Formed in May 2009, the Financial Crisis Inquiry Commission (FCIC) is a panel of 10 commissioners with experience in business, regulations, economics, and housing, chosen by Congress to explain what happened and why it happened. This panel has had subpoena power that enabled them to interview people and examine documents that no reporter had access to. The FCIC has reviewed millions of pages of documents, and interviewed more than 600 leaders, experts, and participants in the financial markets and government regulatory agencies, as well as individuals and businesses affected by the crisis. In the tradition of The 9/11 Commission Report, "The Financial Crisis Inquiry Report" will be a comprehensive book for the lay reader, complete with a glossary, charts, and easy-to-read diagrams, and a timeline that includes important events. It will be read by policy makers, corporate executives, regulators, government agencies, and the American people.

Depression in Parents, Parenting, and Children Institute of Medicine 2009-10-28 Depression is a widespread condition affecting approximately 7.5 million parents in the U.S. each year and may be putting at least 15 million children at risk for adverse health outcomes. Based on evidentiary studies, major depression in either parent can interfere with parenting quality and increase the risk of children developing mental, behavioral and social problems. Depression in Parents, Parenting, and Children highlights disparities in the prevalence, identification, treatment, and prevention of parental depression among different socio-demographic populations. It also outlines strategies for effective intervention and identifies the need for a more interdisciplinary approach that takes biological, psychological, behavioral, interpersonal, and social contexts into consideration. A major challenge to the effective management of parental depression is developing a treatment and prevention strategy that can be introduced within a two-generation framework, conducive for parents and their children. Thus far, both the federal and state response to the problem has been fragmented, poorly funded, and lacking proper oversight. This study examines options for widespread implementation of best practices as well as strategies that can be effective in diverse service settings for diverse populations of children and their families. The delivery of adequate screening and successful detection and treatment of a depressive illness and prevention of its effects on parenting and the health of children is a formidable challenge to modern health care systems. This study offers seven solid recommendations designed to increase awareness about and remove barriers to care for both the depressed adult and prevention of effects in the child. The report will be of particular interest to federal health officers, mental and behavioral health providers in diverse parts of health care delivery systems, health policy staff, state legislators, and the general public.

Noncognitive Skills in the Classroom Jeffrey A. Rosen 2010-09-27 This book provides an overview of recent research on the relationship between noncognitive attributes (motivation, self-efficacy, resilience) and academic outcomes (such as grades or test scores). We focus primarily on how these sets of attributes are measured and how they relate to important academic outcomes. Noncognitive attributes are those academically and occupationally relevant skills and traits that are not "cognitive"--that is, not specifically intellectual or analytical in nature. We examine seven attributes in depth and critique the measurement approaches used by researchers and talk about how they can be improved.

WEARING THE NIQAB Anna Piela 2021-01-14 Bringing niqab wearers' voices to the fore, discussing their narratives on religious agency, identity, social interaction, community, and urban spaces, Anna Piela situates women's accounts firmly within UK and US socio-political contexts as well as within media discourses on Islam. The niqab has recently emerged as one of the most ubiquitous symbols of everything that is perceived to be wrong with Islam: barbarity, backwardness, exploitation of women, and political radicalization. Yet all these notions are assigned to every woman who wears the niqab without their consultation; "niqab debates" are held without their voices being heard, and, when they do speak, their views are dismissed. However, the picture painted by the stories told here demonstrates that, for these women, religious symbols such as the niqab are deeply personal, freely chosen, multi-layered, and socially situated. Wearing the Niqab gives voice to these women and their stories, and sets the record straight, enhancing understanding of the complex picture around niqab and religious identity and agency.

CHILDREN, RISK AND SAFETY ON THE INTERNET Livingstone, Sonia 2012-07-18 As internet use is extending to younger children, there is an increasing need for research focus on the risks young users are experiencing, as well as the opportunities, and how they should cope. With expert contributions from diverse disciplines and a uniquely cross-national breadth, this timely book examines the prospect of enhanced opportunities for learning, creativity and communication set against the fear of cyberbullying, pornography and invaded privacy by both strangers and peers. Based on an impressive in-depth survey of 25,000 children carried out by the EU Kids Online network, it offers wholly new findings that extend previous research and counter both the optimistic and the pessimistic hype. It argues that, in the main, children are gaining the digital skills, coping strategies and social support they need to navigate this fast-changing terrain. But it also identifies the struggles they encounter, pinpointing those policy for whom harm can follow from risky online encounters. Each chapter presents new findings and analyses to inform both researchers and students in the social sciences and policy makers in government, industry or child welfare who are working to enhance children's digital experiences.

CHILD DEVELOPMENT: AN ACTIVE LEARNING APPROACH Laura E. Levine 2010-09-16 Although the field of child and adolescent development seems to be an easy one in which to provide active learning opportunities to students, few textbooks currently exist that actually do this. Child Development: An Active Learning Approach includes the following key features: - CHALLENGING MISCONCEPTIONS: true/false or multiple choice tests are incorporated at the beginning of each chapter to specifically address topics that are sources of misunderstanding amongst students. - ACTIVITIES WITH CHILDREN AND ADOLESCENTS: 'hands-on' activities that complement the ideas of the text, as an integral part of the text, rather than as "add-ons" at the end of each chapter. - 'THE JOURNEY OF RESEARCH' WILL INTRODUCE STUDENTS TO THE PROCESS OF RESEARCH THAT LEADS FROM EARLY FINDINGS TO MORE REFINED OUTCOMES THROUGH REAL-LIFE EXAMPLES - 'TEST YOURSELF' SECTIONS INCLUDE ACTIVITIES THAT CAUSE STUDENTS TO REFLECT ON AN ISSUE THROUGH THEIR OWN EXPERIENCES TO BRING ABOUT INCREASED MOTIVATION AND UNDERSTANDING OF A SPECIFIC TOPIC. - THE INSTRUCTOR'S RESOURCE CD-ROM INCLUDES A COMPUTERIZED TEST BANK, POWERPOINT SLIDES, SAMPLE SYLLABI, SUGGESTED IN-CLASS LEARNING ACTIVITIES, AND HOMEWORK ASSIGNMENTS. - THE STUDENT STUDY SITE INCLUDES INTERACTIVE VIDEOS, SELF-QUIZZES, KEY TERM FLASHCARDS, SAQ&JOURNAL ARTICLES WITH COMPLYING EXERCISES, AND WEB LINKS WITH ACCOMPANYING EXERCISES.

MAKING EYE HEALTH A POPULATION HEALTH IMPERATIVE NATIONAL ACADEMIES OF SCIENCES, ENGINEERING, AND MEDICINE 2017-01-15 The ability to see deeply affects how human beings perceive and interpret the world around them. For most people, eyesight is part of everyday communication, social activities, educational and professional pursuits, the care

of others, and the maintenance of personal health, independence, and mobility. Functioning eyes and vision system can reduce an adult's risk of chronic health conditions, death, falls and injuries, social isolation, depression, and other psychological problems. In children, properly maintained eye and vision health contributes to a child's social development, academic achievement, and better health across the lifespan. The public generally recognizes its reliance on sight and fears its loss, but emphasis on eye and vision health, in general, has not been integrated into daily life to the same extent as other health promotion activities, such as teeth brushing, hand washing, physical and mental exercise, and various injury prevention behaviors. A larger population health approach is needed to engage a wide range of stakeholders in coordinated efforts that can sustain the scope of behavior change. The shaping of socioeconomic environments can eventually lead to new social norms that promote eye and vision health. Making Eye Health a Population Health Imperative: Vision for Tomorrow proposes a new population-centered framework to guide action and coordination among various, and sometimes competing, stakeholders in pursuit of improved eye and vision health and health equity in the United States. Building on the momentum of previous public health efforts, this report also introduces a model for action that highlights different levels of prevention activities across a range of stakeholders and provides specific examples of how population health strategies can be translated into cohesive areas for action at federal, state, and local levels.

TAKING ACTION AGAINST CLINICIAN BURNOUT NATIONAL ACADEMIES OF SCIENCES, ENGINEERING, AND MEDICINE 2020-01-02 Patient-centered, high-quality health care relies on the well-being, health, and safety of health care clinicians. However, alarmingly high rates of clinician burnout in the United States are detrimental to the quality of care being provided, harmful to individuals in the workforce, and costly. It is important to take a systemic approach to address burnout that focuses on the structure, organization, and culture of health care. Taking Action Against Clinician Burnout: A Systems Approach to Professional Well-Being builds upon two groundbreaking reports from the past twenty years, To Err Is Human: Building a Safer Health System and Crossing the Quality Chasm: A New Health System for the 21st Century, which both called attention to the issues around patient safety and quality of care. This report explores the extent, consequences, and contributing factors of clinician burnout and provides a framework for a systems approach to clinician burnout and professional well-being, a research agenda to advance clinician well-being, and recommendations for the field.

FAMILY, CITIZENSHIP AND ISLAM Nilufar Ahmed 2016-06-17 A longitudinal, intersectional study of migrant women, this book examines the lives of first generation Bangladeshi migrants to the UK, considering the dynamic relationship between people and place. Shedding new light on a migrant population about which little is known, the author explores the experiences of women who left rural homes to live in London, speaking no English, with no experience of local customs and having to adjust to what would now be dramatically shrunken family sizes, within which they would act as bearers of culture and tradition. Based on research spanning a decade family, citizenship and Islam draws on qualitative interviews with over 100 women and examines questions of identity, belonging, citizenship and Britishness, religion, ageing, care, and the family. With attention to the fluidity of the experiences of the first generation of migration women, the book offers an alternative to much ethnographic research, which often offers only a "snapshot" of a particular minority or migrant group as fixed and preserved in time. As such, family, citizenship and Islam will appeal to scholars of sociology, geography and anthropology with interests in migration and diaspora, citizenship, gender, religion, family and the lifecourse, and the ways in which these different aspects of a person's life come together to shape lived experience.

THE BOOKISH LIFE OF NINA HILL Abbi Waxman 2019-07-09 INSTANT USA TODAY BESTSELLER! "Abbi Waxman is both irreverent and thoughtful."--#1 New York Times bestselling author Emily Giffin "MEET OUR BOOKISH MILLENNIAL HEROINE--A MODERN-DAY ELIZABETH BENNETT, IF YOU WILL... WAXMAN'S WIT AND WYR HORUM STAND OUT. SHE IS FUNNY AND IMAGINATIVE, AND 'BOOKISH' LANDS A STEP ABOVE RUN-OF-THE-MILL ROMANTIC COMEDY FARE."--THE WASHINGTON POST "Abbi Waxman offers up a quirky, eccentric romance that will charm any bookworm... For anyone who's ever wondered if their greatest romance might come between the pages of books they read, Waxman offers a heartwarming tribute to that possibility."--ENTERTAINMENT WEEKLY The author of Other People's Houses and The Garden of Small Beginnings delivers a quirky and charming novel chronicling the life of confirmed introvert Nina Hill as she does her best to fly under everyone's radar. Meet Nina Hill: A young woman supremely confident in her own...shell. The only child of a single mother, Nina has her life just as she wants it: a job in a bookstore, a kick-butts trivia team, a world-class planner and a cat named Phil. If she sometimes suspects there might be more to life than reading, she just shrugs and picks up a new book. When the father Nina never knew existed suddenly dies, leaving behind innumerable sisters, brothers, nieces, and nephews, Nina is horrified. They all live close by! They're all--or mostly all--excited to meet her! She'll have to speak. To...strangers. It's a disaster! And as if that wasn't enough, Tom, her trivia nemesis, has turned out to be cute, funny, and deeply interested in getting to know her. Doesn't he realize what a terrible idea that is? Nina considers her options. 1. Completely change her name and appearance. (Too drastic, plus she likes her hair.) 2. Flee to a deserted island. (Hard pass, see: coffee.) 3. Hide in a corner of her apartment and rock back and forth. (Already doing it.) It's time for Nina to come out of her comfortable shell, but she isn't convinced real life could ever live up to fiction. It's going to take a brand-new family, a persistent suitor, and the combined effects of ice cream and trivia to make her turn her own fresh page.

PUBLIC RELATIONS, SOCIETY AND THE GENERATIVE POWER OF HISTORY Ian Somerville 2019-09-04 PUBLIC RELATIONS, SOCIETY AND THE GENERATIVE POWER OF HISTORY EXAMINES HOW HISTORIES ARE USED TO EXPLORE HOW THE PAST IS CONSTRUCTED FROM THE PRESENT, HOW THE PRESENT IS ALWAYS HISTORICAL, AND HOW BOTH PAST AND PRESENT CAN POWER IMAGINED FUTURES. DIVIDED INTO THREE DISTINCT PARTS, THE BOOK USES HISTORICAL INQUIRY AS A SPRINGBOARD FOR ENGAGING WITH INTERDISCIPLINARY, CRITICAL AND COMPLEX ISSUES IN THE PAST AND PRESENT. **When/How/Where/What/Who/How/Corporate PR**, THE CENTRALITY OF THE CORPORATION IN PR SCHOLARSHIP AND THE POSSIBILITY OF RESISTING CORPORATE HEGEMONY THROUGH PR EFFORTS. THE THEME OF PART II IS "HISTORICISING GENDER, ETHNICITY AND DIVERSITY IN PR WORK," FOCUSING ON HOW GENDERED AND RACIALIZED IDENTITIES HAVE BEEN CONSTRUCTED AND RESISTED BOTH WITHIN THE PROFESSION AND THROUGH THE RESULT OF ITS WORK. PART III ENGAGES WITH "HISTORIES OF PUBLIC RELATIONS IN THE POLITICAL SPHERE," BRINGING TOGETHER WORK ON THE DIFFERENT WAYS IN WHICH PUBLIC RELATIONS HAS EVOLVED IN CHANGING POLITICAL CONTEXTS, BOTH FORMALLY AS A FUNCTION WITHIN POLITICAL INSTITUTIONS AND IN THE CONTEXT OF CONTRIBUTIONS TO BROADER NARRATIVES OF NATIONALISM AND IDENTITY. FEATURING CONTRIBUTIONS FROM LEADING ACADEMICS, THIS BOOK CHALLENGES TRADITIONAL PR HISTORIOGRAPHY AND CONTESTS THE 'LESSONS' DERIVED FROM EXISTING LITERATURE TO ADDRESS THE IMPLICATIONS OF KEY AREAS OF CRITICALLY ENGAGED PR THEORY. THIS VOLUME IS A VALUABLE TEACHING RESOURCE FOR UPPER-LEVEL UNDERGRADUATES AND POSTGRADUATES STUDYING PUBLIC RELATIONS, STRATEGIC COMMUNICATIONS, POLITICAL COMMUNICATION AND ORGANISATIONAL COMMUNICATION.
