Good and Cheap Leanne Brown 2015-07-14 A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it "Terrific!"; and Michael Pollan, who cited it as a "cool kickstarter." In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.

Looking Like a Language, Sounding Like a Race Jonathan Rosa 2019-01-15 Looking like a Language, Sounding like a Race examines the emergence of linguistic and ethnoracial categories in the context of Latinidad. The book draws from more than twenty-four months of ethnographic and sociolinguistic fieldwork in a Chicago public school, whose student body is more than 90% Mexican and Puerto Rican, to analyze the racialization of language and its relationship to issues of power and national identity. It focuses specifically on youth socialization to U.S. Latinidad as a contemporary site of political anxiety, raciolinguistic transformation, and urban inequity. Jonathan Rosa's account studies the fashioning of Latinidad in Chicago's highly segregated Near North West Side; he links public discourse concerning the rising prominence of U.S. Latinidad to the institutional management and experience of raciolinguistic identities there. Anxieties surrounding Latinx identities push administrators to transform "at risk" Mexican and Puerto Rican students into "young Latino professionals." This institutional effort, which requires students to learn to be and, importantly, sound like themselves in highly studied ways, reveals administrators' attempts to navigate a precarious urban terrain in a city grappling with

some of the nation's highest youth homicide, dropout, and teen pregnancy rates. Rosa explores the ingenuity of his research participants' responses to these forms of marginalization through the contestation of political, ethnoracial, and linguistic borders.
